

Panasonic NS700 Convert WAV Files to Ulaw Telquest Tech Support

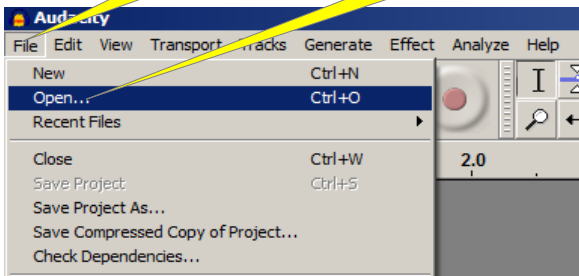

If you want to Import WAV Files into the KSU to be used for Greetings, they must be converted.

Download Audacity Audio Editor from www.audacityteam.org/download, install and run it.

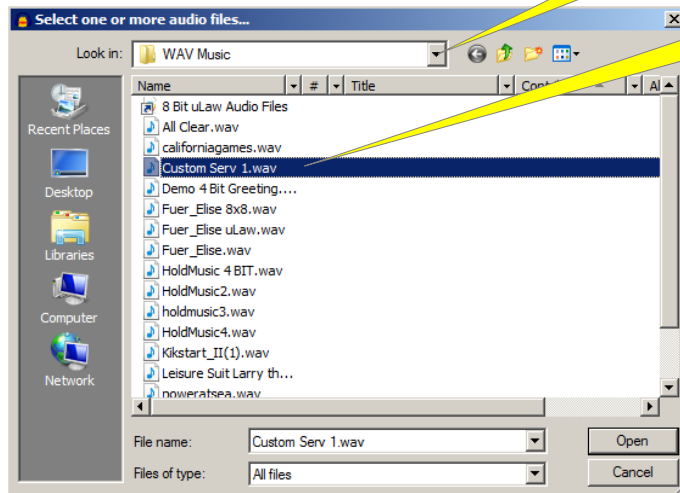

Note: We do not provide any Tech Support on Audacity.

1. Click Here...

2. Click Here...

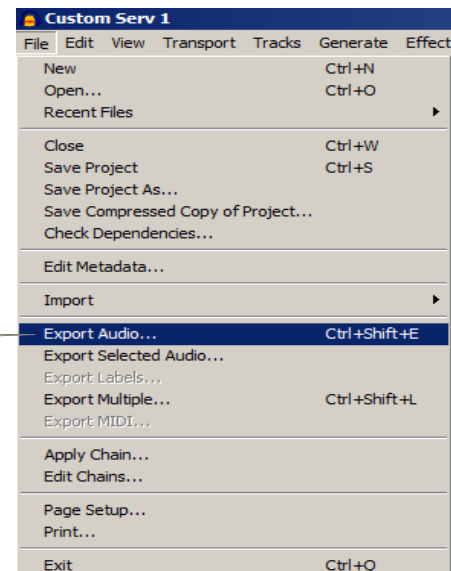

3. Select the area where
your WAV File is located...

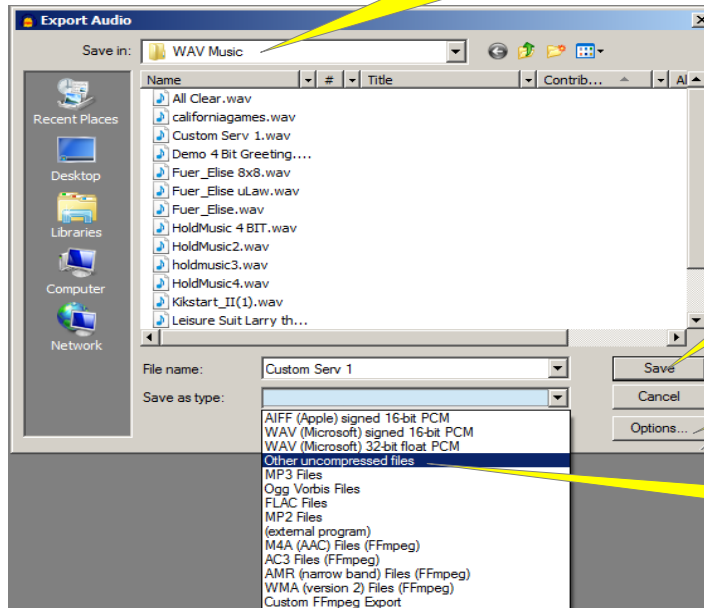

4. Click on the file that
you want to convert...

5. Click Here...

Note: This is where the converted WAV File will be saved...

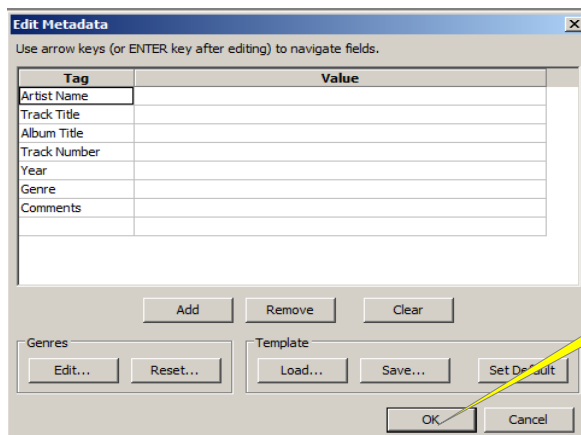

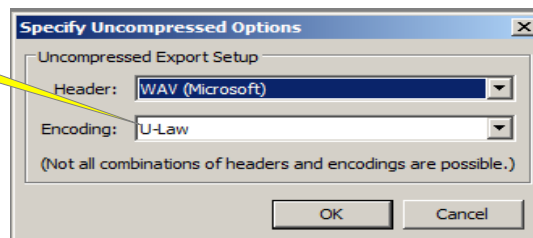

9. Click Here...

6. Click Here...

**7. Select
Other uncompressed files**

8. Select U-Law

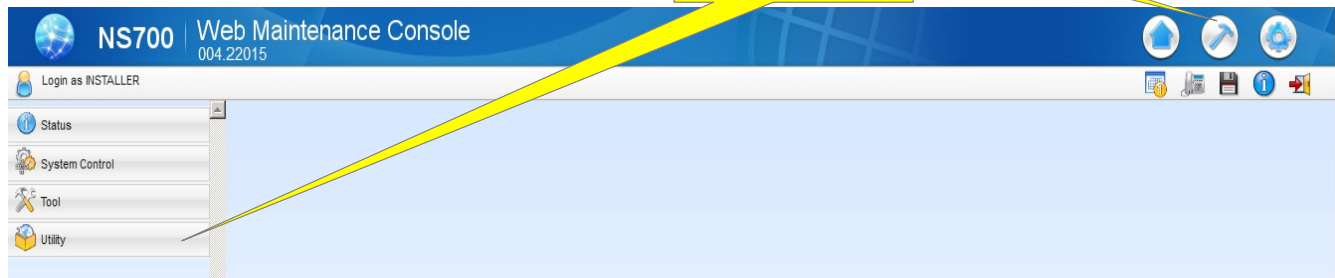

10. Click Here...

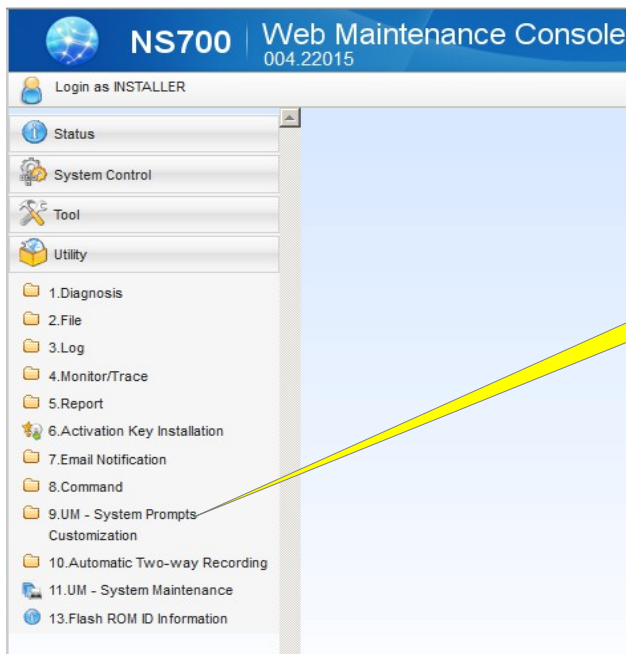

Send the converted WAV File to the KSU

1. Click Here...

2. Click Here...

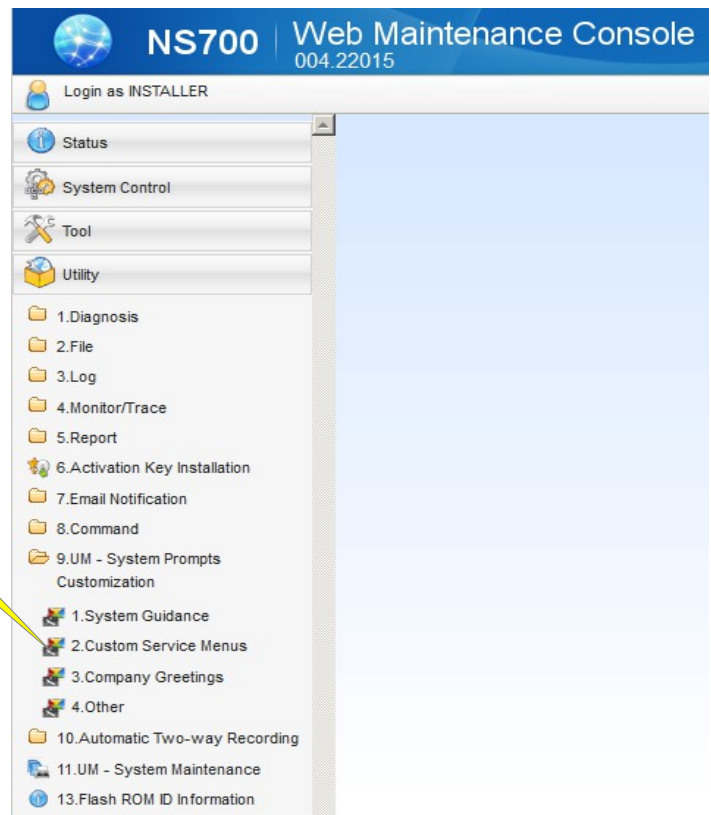

3. Click Here...

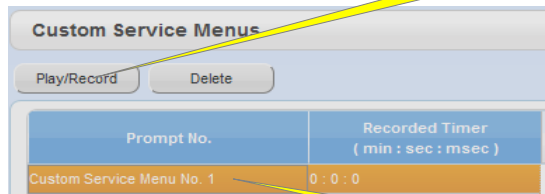

4. Click Here...

You can select a different area.

This is just an example.

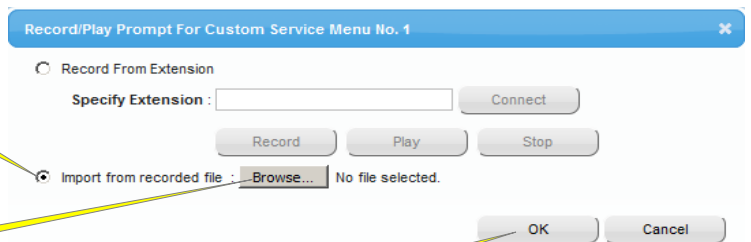

5. Click Here...

Custom Service Menu 1
was selected...

6. Click Here...

7. Click Here...

Locate the WAV File to be used, then...

8. Click Here...

When the WAV File has been loaded, you will see something like this:
