### Canon C300 Mark II Cinema EOS Camcorder Body with Dual Pixel CMOS AF

The C300 Mark II Cinema EOS Camcorder Body with Dual Pixel CMOS AF features a Super 35mm CMOS. This provides faster and more accurate autofocus to assist users when operating with small crews.

The Super 35mm sensor is paired with the Canon DIGIC DV 5 image processor, which uses an innovative method of breaking out red, green, and blue data to enable color performance on a level that would otherwise require three separate chips. The camera records up to Full HD resolution video to CFast 1 cards using the XF-AVC codec, and H.264 format in MXF wrapper. For more flexibility to adjust your image during postproduction, the camera also offers Canon's Log gamma mode, which results in excellent tonal reproduction in the highlight and lowlight regions of an image, and an expanded dynamic range.

- » Super 35mm Cmos sensor
- » EF or PL lens mount
- » DCI 4k, UHD, 2K, 1080P onboard recording
- » Canon XF AVC Codec
- » Dual Pixel CMOS auto focus

## Video Cables

Whether you're looking to run cable from your production switcher to your camera, or to simply connect your Blu-ray player to your TV, B&H's cable selection helps to get your video signals from Point A to Point B. With cabling options including BNC, RCA composite, component, and HDMI of various lengths, B&H has both your analog and digital signals covered, while also offering a selection of adapters as well as cable management solutions to keep things neat and organized.

### BNC Cables & Adapter

From SD to 3G-SDI and beyond, B&H's BNC cable selection runs the gamut to meet your professional A/V needs. With offerings available in a variety of lengths, colors, and coaxial connector types—including multi-channel snake cables—there is a cable for virtually every job. Additionally, BNC to RCA cables are available to help bridge the gap between devices.

### HDMI Cables

Whether connecting your Blu-ray player to your TV, or your DSLR to an external monitor, B&H's selection of HDMI cables has you covered. Choose from straight, flat, or coiled cables in a variety of lengths and with any pairing of full size, Mini, and Micro HDMI connectors. With options available that support 4K video, HDMI Ethernet channel, and in-wall installation, you can find the cable that's right for you.

### RCA Composite & Component Cables

Because legacy and analog devices still play a role in the video world and in the home, B&H offers a wide range of RCA component and composite video cables to keep those devices connected, with lengths ranging from 1.5' to 100'.

### Video Adapters

Expand the usability and versatility of your cables with the vast selection of video adapters from B&H. Whether you're looking to add a right-angle connection, adapt male to female, or go from one connector type to another, B&H has an adapter to get the job done.

### Cable Management Accessories

Whether you're traveling between jobs or doing an install, keeping your cables organized and protected is important. B&H helps you keep things neat and tidy with a variety of cable management accessories, including bags, clips and clamps, ties and cinch straps, hooks, cable guards, hubs, and more.
