

The background of the entire page is a composite image. At the top left, the Siemens logo is displayed in a white box. Below it, a horizontal line separates the logo from the main image. The main image is a night-time aerial view of a city with a complex multi-level highway interchange and a train on an elevated track. The city skyline is visible in the background. Overlaid on this scene are various digital elements: a semi-transparent blue grid, glowing blue lines connecting different points, and vertical columns of binary code (0s and 1s) in a light blue color. A semi-transparent blue rectangular box is also visible in the upper middle part of the cityscape.

Chairman's Statement

Dear Shareholders

The macro-economic situation continued to remain challenging in the financial year ended 30th September, 2015. While Government and Public Sector spend has commenced mainly in Roads, Railways and Power Transmission segments, investments in other major segments such as Defence, Power Generation and Distribution, Steel and Cement are yet to improve. With surplus capacities currently in the Private Sector, fresh capacity additions in various verticals of Food & Beverage, Pharmaceuticals etc are also restrained.

The growth of Siemens Limited is closely linked to the growth of the Indian economy. For the economy to grow, it is imperative that there is an increase in public spending which in turn will fuel demand.

Performance highlights

For the financial year ended 30th September, 2015, the Company received New Orders valued at ₹ 101,322 million, a 2 percent decrease over ₹ 103,238 million in the financial year ended 30th September, 2014. Sales (excluding Other Operating Revenues) were down by 2 percent to ₹ 102,831 million, compared with ₹ 104,483 million in the previous year.

The Order Backlog as of 30th September, 2015 stood at ₹ 95,894 million – a decline of 21 per cent compared with ₹ 121,022 million in the previous year. Profits from Operations stood at ₹ 7,605 million, up by 108% compared with ₹ 3,652 million in the previous year.

For the year ended 30th September, 2015, the Company's Profit Before Tax (including Exceptional Income) stood at ₹ 16,964 million, up by 101 per cent compared with ₹ 8,436 million in the previous year. The Profit after Tax for the year was ₹ 11,833 million, up by 96 percent compared with ₹ 6,032 million in the previous year.

The Board of Directors recommended a Dividend of ₹ 6 per equity share and a Special Dividend of ₹ 4 per equity share (in view of the large exceptional income during the FY 2014-15) having face value of ₹ 2 each for the financial year ended 30th September, 2015. The Company had paid a Dividend of ₹ 6 per equity share during the previous financial year.

Performance Analysis

From an operational point of view, the Company continued its focus on the Customer while also driving operational excellence. There were a few key highlights during the financial year.

The Energy Management Division of the Company further strengthened its partnership with Power Grid Corporation of India Limited for upgrading the national grid from 765kV to 1200kV. It also received orders to supply Gas Insulated Switchgear substations. In addition, the Division is supporting various State Power Distribution companies in modernizing their infrastructure by implementing Smart Grid technology (SCADA/DMS). These solutions contribute to improvement of efficiencies in the nation's power transmission and distribution system.

The Power and Gas Division maintained its market share position while operating in an environment where new Capital Expenditure in the Private Sector has been put on hold and Public Sector tenders were not announced.

The Digital Factory, Process Industries and Drives and Healthcare Divisions were able to maintain market share while growing at a reasonable rate. The Building Technologies Division continued to grow appreciably while gaining market share and the Mobility Division won a couple of good orders from Diesel Locomotive Works but was unable to grow substantially.

In the area of Smart Cities, Siemens signed a Memorandum of Understanding with the Confederation of Indian Industry and subsequently formed a Consortium with 9 other companies and 2 banks to address the needs of cities. Siemens also signed a separate MOU with Infrastructure Leasing & Financial Services and Gujarat International Finance Tec-City Company Limited to develop Smart Mobility Solutions for Gujarat International Finance Tec-City. With the thrust being put by the Government on Smart Cities, we are confident that Siemens is well positioned to address this very important market.

Business Responsibility

The Company is committed to acting responsibly to achieve economic, environmental and social progress. During the financial year, the Company further strengthened its focus on customers while also addressing the various needs of its employees. Substantial work has also been done in the area of CSR. In this regard, Siemens Limited follows the guidelines set for Business Responsibility Reporting (BRR) while working towards the goal of responsible and sustainable development.

People Excellence

During the financial year, the Company continued its focus on retention and development of talent. Many initiatives have been taken by the Company's Human Resources team and the Divisions to make the Company the most preferred engineering company in India. The initiatives, which are ongoing, are centered around Learning and Development, Health Management, Environmental Protection, Health and Safety.

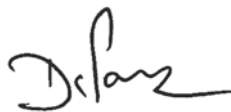

The Road Ahead – the Outlook for Siemens Ltd.

Looking ahead, with private sector capital expenditure getting deferred, the growth drivers for the Company clearly lie in increased public sector investments in Power Generation, Transmission, Distribution and Mobility. Opportunities in the form of large tenders are awaited for High-Voltage Direct Current solutions, Metros, Electric Multiple Unit Locomotives, Ultra-Mega Power Projects, etc.

In such a scenario, the Company's strategy is focused on three aspects: profitable growth in new orders, selective participation in large orders with profitability being the key driver and continued focus on operational excellence and cash. We have the commitment of our parent company's Managing Board, which incidentally visited India to review and express their support for this strategy.

I am confident that with the Company's strengths and competencies in Electrification, Automation and Digitalization, it can deliver on the Government's initiatives of Make in India, 24/7 Power for All and Smart Cities as also serve the needs of the modernization of the Indian Railways.

In conclusion, I would like to sincerely thank our Customers, the Board, Management, Unions and most importantly, the dedicated employees for their consistent support and commitment to Siemens Ltd. during another challenging year.

Chairman

STATEMENT SETTING OUT MATERIAL FACTS UNDER SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 5

The Board of Directors of the Company, on the recommendation of the Audit Committee, has approved the appointment of Messrs R. Nanabhoy & Co., Cost Accountants (having Firm Registration No. 7464), as the Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending 30th September 2016.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the Members of the Company. Accordingly, consent of the Members is sought by way of an Ordinary Resolution as set out at Item No. 5 of the Notice for ratification of the remuneration amounting to ₹ 17,68,000/- plus applicable service tax and out of pocket expenses payable to the Cost Auditors for the financial year ending on 30th September 2016.

The Board accordingly recommends the resolution at Item No. 5 of this Notice for the approval of the Members.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the resolution at Item No. 5 of this Notice.

Item No. 6:

The Company is a flagship listed company of Siemens Aktiengesellschaft, Germany ("Siemens AG" or "SAG") in India. Siemens AG along with its subsidiary holds 75% equity stake in the Company.

Siemens AG is a global technology powerhouse that has stood for engineering excellence, innovation, quality, reliability and internationality for more than 165 years and is active in more than 200 countries, focusing on the areas of electrification, automation and digitalization. It's one of the world's largest producers of energy-efficient, resource-saving technologies, leader in offshore wind turbine construction, a leading supplier of combined cycle turbines for power generation, a major provider of power transmission solutions and a pioneer in infrastructure solutions as well as automation, drive and software solutions for industry as also a leading provider of medical imaging equipment – such as computed tomography and magnetic resonance imaging systems – and a leader in laboratory diagnostics as well as clinical IT.

The Company operates in the core business segments of Industry, Energy, Healthcare and Infrastructure and Cities through its business divisions viz. Power and Gas, Power Generation Services, Energy Management, Building Technologies, Mobility, Digital Factory, Process Industries and Drives and Healthcare. The Company has 22 manufacturing plants and a nation-wide sales and service network.

The Company being part of the Siemens conglomerate, has exclusive / sole rights to carry out the Group's business within territories like India, Bangladesh, Sri Lanka, Bhutan, Maldives, Nepal and Burma and accordingly, has access to Group's synergies, state of art products and technologies, competencies and "Siemens" brand name which are very critical and essential to carry out its business operations more efficiently in an increasingly globalised and competitive scenario.

"Siemens AG", is a Holding company of the Company and is a "Related Party" as per definition under Section 2(76) of the Companies Act, 2013 and Regulation 2(zb) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("Listing Regulations").

The Listing Regulations with respect to Related Party Transactions were notified on 2nd September, 2015, inter-alia requires that all existing material related party contracts or arrangements entered into prior to 3rd September, 2015 and which may continue beyond such date shall be placed for approval (by way of an ordinary resolution) of the shareholders in the first General Meeting subsequent to the notification of the Listing Regulations.

The Members at their 57th Annual General Meeting held on 30th January, 2015 had already granted approval for the Company entering into material contracts / arrangements / transactions in the ordinary course of business with SAG. The said resolution secured 99.16% of the votes in favour and hence approved by the Members with requisite majority (with minimum 3/4th majority of members voting).

The Members, vide Notice dated 25th November, 2014 for the 57th AGM were, inter alia, informed that based on the past trend, the transactions (as proposed) with SAG are likely to cross materiality threshold as prescribed in the Listing Agreement and therefore, the Company had approached the members to consider and approve the transactions with SAG (as proposed), which has since been approved as stated above.

However, the Listing Regulations has necessitated the Company to once again seek Members approval now by way of an ordinary resolution for the entering into transactions (as stated below) with SAG, being material (as defined in Regulation 23) in nature.

In terms of the provisions of Regulation 23, based on past trend, the transactions as described hereunder are likely to constitute material Related Party Transactions thereby requiring approval of the Members.

The particulars of the contracts / arrangements / transactions are as under:

Particulars	Information
Name of Related Party	Siemens AG
Nature of relationship	Holding company of the Company
Period for which the shareholders approval is sought	5 (five) years i.e. from 1 st October, 2015 to 30 th September, 2020
Nature and particulars of transactions with Siemens AG ("RPTs")	Sale of Goods; Services rendered; Commission received; Purchase of goods; Services received; Rent received; Interest Expense / Income; Recoveries; Purchase of equipments; Reimbursement of expenses; Bank Guarantee charges; Sale of equipments or such other transactions which may be considered in the ordinary course of business as per the Related Party Transactions Policy of the Company, hosted on the website of the company http://www.siemens.co.in/pool/investor_relations/siemens-policy-on-related-party-transactions.pdf These transactions are in the ordinary course of business and are conducted on an arm's length basis.

Particulars	Information
Material terms of the contracts / arrangements / Transactions	Terms and Conditions for transaction in ordinary course of business and arm's length <ul style="list-style-type: none"> • Delivery of Materials – Mainly FOB in a small percentage CIF • Payment terms – 30 days (after the end of the month) average 45 days • Indirect Taxes as applicable • Currency – Euro / USD
Duration of these RPTs have been continued from the past	These transactions have been undertaken since inception of the Company from time to time depending on needs of business.
The value of each type of RPTs in last 2 years	This information forms part of the Notes to the Audited Financial Statements for FY 2015.
Estimated Monetary value of such RPTs	Considering the business phenomenon being dynamic and the nature of industry / business in which the Company operates, the Company expects the level of transactions with Siemens AG to be above the Materiality threshold. Therefore, the approval of the Members is sought for an aggregate value of transactions with Siemens AG, for an amount not exceeding twice the aggregate value of RPTs in the ordinary course of business, in each financial year entered into by the Company with Siemens AG as compared to the value of RPTs as compared to the RPTs entered into in the immediately preceding financial year. e.g. If the value of RPTs contracted is ₹ 100/- in FY 2014-15 then the ceiling for the RPTs for FY 2015-16 would be ₹ 200/-.
Whether the transactions have been approved by the Audit Committee	Yes. The Audit Committee grants approval as per the prevailing legal requirements. The proposed RPTs are in accordance with the Related Party Transactions Policy of the Company.
Any other information relevant or important for the members to make a decision on the proposed transaction	None

Considering the current volatile business environment where neither demand nor foreign exchange rates can be predicted in advance, the Company expects the level of transactions to be above the materiality threshold as prescribed under the Listing Regulations, for the period for which the approval of Members is sought as stated above. To enable operational efficiency, this needs to be considered as an enabling resolution.

However, the details of the related party transactions, would inter-alia, shall continue to be disclosed in the Annual Financial Statements.

The proposed RPTs are necessary, normal and incidental to business as also play a significant role in the Company's business operations and accordingly the Board recommends the Ordinary Resolution set forth in Item No. 6 of the Notice for the approval of the Members in terms of Regulation 23 of the Listing Regulations.

None of the Directors or Key Managerial Personnel of the Company except for Mr. Kaeser, Dr. Busch, Mr. Apitzsch and Ms. von Schumann and their relatives are concerned or interested, financially or otherwise, in this Resolution.

25. Policy on Prevention of Sexual Harassment at Workplace

The Company has in place a Policy on Prevention of Sexual Harassment at Workplace in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and Rules framed thereunder and Internal Complaints Committee has also been set up to redress complaints received regarding sexual harassment. During the year, no complaint with allegations of sexual harassment was received by the Company.

26. Statutory Auditors

Pursuant to provisions of Section 139 of the Act read with the Companies (Audit and Auditors) Rules, 2014, Messrs S R B C & CO LLP, Chartered Accountants (Firm Registration No. 324982E), were appointed as Statutory Auditors of the Company for a term of four years, to hold office from the conclusion of 57th Annual General Meeting held on 30th January, 2015, until the conclusion of 61st Annual General Meeting, subject to ratification of their appointment at every subsequent Annual General Meeting.

A certificate from them has been received to the effect that their appointment as Statutory Auditors of the Company, if ratified at ensuing Annual General Meeting, would be according to the terms and conditions prescribed under Section 139 of the Act and Rules framed there under.

A resolution seeking ratification of their appointment, forms part of the Notice convening the 58th Annual General Meeting and the same is recommended for your consideration and approval.

27. Cost Auditors

In terms of the provisions of Section 148 of the Act read with the Companies (Cost Records and Audit) Amendment Rules, 2014, the Board of Directors, on the recommendation of the Audit Committee, have appointed Messrs R. Nanabhoy & Co., Cost Accountants (Firm Registration No. 7464), as Cost Auditors of the Company, for the financial year ending 30th September, 2016, at a remuneration as mentioned in the Notice convening the 58th Annual General Meeting for conducting the audit of the cost records maintained by the Company for the various products as mandated by the Central Government, pursuant to its order dated 30th June, 2014 and any amendments thereof, subject to the approval of the Members on the remuneration to be paid to the Cost Auditor.

A certificate from them has been received to the effect that their appointment as Cost Auditors of the Company, if made, would be in accordance with the limits specified under Section 141 of the Act and Rules framed thereunder.

A resolution seeking Member's ratification for the remuneration payable to Cost Auditors forms part of the Notice of the 58th Annual General Meeting of the Company and same is recommended for your consideration and approval.

The Company had filed the Cost Audit Report for FY 2013-14 on 9th March, 2015, which is within the time limit prescribed under the Companies (Cost Audit Report) Rules, 2011.

28. Secretarial Audit

Pursuant to provisions of Section 204 of the Act read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed Messers Parikh Parekh & Associates, Practicing Company Secretaries (C.P.No.1228), for conducting the Secretarial Audit of the Company for the financial year ended 30th September, 2015. The Secretarial Audit Report is provided as **Annexure XI** to this Report.

29. Material changes and commitment, if any, affecting financial position of the Company from the end of financial year and till the date of this Report

There have been no material changes and commitments, if any, affecting the financial position of the Company which have occurred between the end of the Financial Year of the Company to which the Financial Statements relate and the date of this Report.

30. Significant and Material Orders passed by the Regulators or Courts

There are no significant and material orders passed by the Regulators or Courts or Tribunals impacting the going concern status and operations of the Company in future.

31. Acknowledgements

The Board of Directors take this opportunity to thank Siemens AG - the Parent Company, customers, members, suppliers, bankers, business partners / associates and Central and State Governments for their consistent support and co-operation to the Company.

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo

(Pursuant to provisions of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014)

A. Conservation of Energy

I. Steps taken or impact on conservation of energy:

- i. Replacement of old curing oven in winding shop and old fan heating oven in assembly shop with energy efficient oven to prevent heat loss and process cycle time, Kalwa Factory.
- ii. Installation of Solar water heater in Nashik Works to reduce electrical water heater load in canteen for cleaning of utensils – energy savings 2,700 kWh.
- iii. Optimization of Air conditioning setting of cardex machine in traction motor shop at Kalwa Factory. Total electricity saved per annum is 10,184 kWh.
- iv. Modification of hot press of MV coils to accommodate longer LRO coils at Kalwa Factory.
- v. Replacement of 7.5 kW air compressor with a 1.5 kW air compressor for Araldite (Potting) Machine resulting in saving of 6,912 kWh per annum.
- vi. Installation of Building Management System for better monitoring & control and 21 numbers of Variable Frequency Drives (VFD) for the chiller pumps and Air Handling Units to optimize energy consumption in R&D building, Kalwa.
- vii. Installation of VFD for air compressor at Digital Grid factories and offices at Kalwa and Goa: Through use of VFD drive, the compressor motor is able to run at variable speeds in order to maintain the required set pressure levels. The speed is drastically reduced once it attains the required pressure levels thereby consuming minimal power when pressure is achieved.
- viii. Installation of new test field with regenerative loading for engineered systems and MV Drives. In regenerative loading, actual power consumption is approximately 20% of loading.
- ix. Use of Automatic Power Factor Correction Unit to maintain power factor upto 0.998 (Unity): Maintaining power factor yields rebate in power bill from the electricity provider (Rebate of ₹ 372,872 for FY 2015).
- x. Retrofitting Light Emitting Diodes (LED) lamps, installation of lamps with individual pull cord switches (energy savings 2,215 kWh) and motion sensors in changing rooms / wash rooms for lighting and exhaust fan control at Nashik Works.
- xi. Optimization of lighting layout of canteen at Nashik Works- energy savings 647 kWh and replacing tube lights with LED in LV Air circuit breaker plant and offices at Kalwa – energy savings 34,500 kWh.
- xii. Installation of LED light fittings in Chennai Office and Goa Factory.
- xiii. Replacement of CFL with LED in Process Planning office at Kalwa – energy savings 6,541 kWh and replacement of various fluorescent tubular lamp fittings with 15 Watt, 10 Watt & 7 Watt with LED Fittings at metal shop in Switchgear Factory at Kalwa.
- xiv. Replacement of metal halide luminaries by LED track lighting system at Aurangabad Factory.
- xv. Energy conservation project – Programmable Logic Controller (PLC) based LOGO timer and use of solar tubes for using daylight- energy saving (96,000 units) at Aurangabad Factory.
- xvi. Use of LED and CFL in place of conventional tube light and high bay high pressure sodium vapor at Goa Factory.
- xvii. Replacement of old Air Handling Unit (AHU) motors of main hall air conditioning system with energy efficient motors at Nashik Works – energy savings 14,380 kWh.
- xviii. Elimination of chiller (Equipment) by use of HVAC (heating, ventilation and air conditioning) chilled water line at Digital Grid factories and offices at Kalwa and Goa: The chiller unit and the chilled water have been removed from the centralized HVAC which is used for the same cooling purpose with some modification in reflow unit.
- xix. Installation of Variable Refrigerant Volume (VRV) system to lower energy consumption at Goa Factory.
- xx. Installation of sensor to prevent running of paint booth blower motors (25 kW) in idle condition resulting in electricity saving of 40,800 kWh per annum.
- xxi. Reduction in shifting time during handling of oil in oil storage tank.

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo

- xxii. Installation of dual flush valves, low flow fixtures and aerators to save water at factories.
- xxiii. Usage of treated Sewage Treatment Plant water for gardening purpose.
- xxiv. Rain Water Harvesting filtered water in washbasin taps in Switchgear Factory at Kalwa.
- xxv. Duplex printing in photocopiers to save paper.

II. Steps taken by the Company for utilizing alternate sources of energy:

- i. Use of Solartube (Day light Pipe) for HV Circuit Breaker Storage lighting.
- ii. Induction of Solar pipes for using day light and saving energy spent on ambient lighting.
- iii. Utilization of existing windmill and solar power in the Transformer factory.

III. Capital investment on energy conservation equipments:

The Company made capital investments amounting to estimated ₹ 238 million during the financial year 2014-15 on the energy conservations equipments.

B. Technology Absorption

I. Efforts made towards technology absorption:

- i. Localization of MV drives in Nashik Works.
- ii. Conversion of copper rotors into die-cast rotors at Kalwa Factory.
- iii. Process improvement in MV coils at Kalwa Factory.
- iv. Productisation of LV drives cabinets in Nashik Works.
- v. Automation of mold gate cutting and removal of parts during manufacturing of certain thermoset plastic parts at Kalwa Factory.
- vi. Addition of 170 kV rating circuit breaker to product line for serving export markets from India.
- vii. Localization of technology of Gas Insulated Switchgear (GIS) for 420 kV and 145 kV rating in Aurangabad.
- viii. Transfer of technology project for GIS Voltage Transformers (VT) from Trench Bamberg completed.

II. Benefits derived as a result of the above efforts:

- i. Improvement of product reliability and quality.
- ii. Reliability of operation, increase in speed and consistent quality enabling localization with global standard.
- iii. Reduced dependence on imported technology.
- iv. Import substitution and cost reduction for equipment based on localized components.
- v. Environment friendly process, reduction in hazardous waste.
- vi. Reduction of cost in product thus improving product competitiveness.
- vii. Cost optimization and improved delivery lead times.
- viii. Potential for increased exposure in export markets.

III. Imported Technology:

Details of Technology Imported	Year of Import	Whether the technology been fully absorbed	If not fully absorbed, areas where this has not taken place, reasons therefor.
1. High voltage products (Aurangabad): i. 145 kV Improved design CB. ii. 170 kV rating CB. iii. Technology of Gas insulated switchgear for 420 kV and 145 kV rating. iv. GIS VT Manufacturing Technology: SF6 Insulation, PP flim based single HV coils upto 420 kV.	2015	Yes (i to iii) 90% of technology absorbed for HV products.	Not Applicable (i to iii) HV / LV Coil production for GIS Voltage Transformer
2. Transformers (Kalwa) i. Fixed Shunt reactor technology (outer clamping) from PN ii. Inner clamping design of Fixed Shunt reactors adopted in design. iii. Design and manufacturer of Static VAR Compensator transformers to Indian Markets	2010 2014 2014	Yes (i to iii)	Not Applicable (i to iii)

IV. Expenditure on Research and Development: ₹ 311 million

C. Foreign exchange earnings and outgo

Foreign Exchange Earnings and Outgo during the financial year 2014-15:

(₹ in million)

Foreign Exchange earned in terms of actual inflows	17,974
Foreign Exchange outgo in terms of actual outflows	(7,197)

Annexure III to the Directors' Report

Management's Discussion & Analysis

General Performance Review

Since assuming power in 2014, the Government has announced various measures aimed at providing an impetus to domestic manufacturing, generation of power, urban infrastructure development and mobility such as increasing budgetary allocation in infrastructure, enhancing FDI limits across sectors and enhancing transparency in procurement and 'ease of doing business'.

During the financial year 2014-15, India's macro-economic scenario remained stagnant with demand for capital goods waiting to recover.

India's GDP growth improved to 7.3 percent in 2014-15 compared to 6.9 percent in 2013-14. With inflation on a downward trend, the Reserve Bank of India finally initiated a cycle of interest rate cuts. Investments in industry however continue to be impacted by interest rates, which continue to remain relatively high, and slow pace of project implementation. While the IIP has shown improvements with a year on year growth of 6.4 percent, manufacturing growth remained low with capacity utilization in the industry at around 60-70 percent. The Government's pro-reform agenda was reflected in a range of investor friendly measures on land acquisition, job creation and workforce reforms, coal block allocations, and amendments to the Electricity Act. Rationalization in diesel prices, reforms in tax administration and structure, redefining investment limits across defence, railways, realty and insurance, have all paved the way for renewed investor confidence. However, the industrial economy continues to witness sub-par growth with the capex cycle clearly awaiting more policy actions from the Government before taking forward its investment decisions.

Siemens Ltd.'s results during financial year 2014-15 were also affected by these factors. New Orders were down by 2 percent at ₹ 101,322 million in financial year 2014-15, compared with ₹ 103,238 million in financial year 2013-14. Sales (excluding Other Operating Revenues) were down by 2 percent to ₹ 102,831 million, compared with ₹ 104,483 million in financial year 2013-14, while Profit after Tax (PAT) was up by 96 percent at ₹ 11,833 million compared with ₹ 6,032 million in financial year 2013-14. During financial year 2014-15 the exceptional items stood at ₹ 7,828, compared with ₹ 3,827 in financial year 2013-14.

Operational Performance

As of 1st October, 2014, the Company aligned its businesses into seven Divisions: Power and Gas, Energy Management, Mobility, Building Technologies, Digital Factory, Process Industries & Drives and Healthcare.

POWER AND GAS

Power and Gas Division offers a broad spectrum of products and solutions for reliable, efficient and clean power for generation of electricity from fossil fuels and for the reliable generation of power for oil and gas applications. Customers

are Utilities, Independent Power producers and Engineering, Procurement and Construction (EPC) companies as well as businesses in industries such as oil and gas, sugar, cement, etc.

The Division operated in difficult market conditions amid postponement of new projects, stiff competitive pricing environment and commoditization of products. No gas-based projects were awarded through open market bidding during the financial year due to reduced gas availability for existing plants.

Among the key highlights in the financial year 2014-15, the Division won an order from NTPC-Dadri for modernization of Controls and Instrumentation while the Company's Vadodara factory also delivered its first locally-manufactured 120 MW SST 600 Steam Turbine.

For financial year 2014-15, the New Orders were down by 25% percent to ₹ 11,466 million, Sales down by 1 percent to ₹ 15,317 million, while Profit from Operations was ₹ 1,915 million compared to a loss of ₹ 250 million in the previous year.

Outlook

Customers are increasing their focus on energy-efficient operations, which is an opportunity for new energy-efficient Steam Turbines and modernizing of existing Steam Turbines. Overall, the market for Power and Gas is expected to improve driven by the Government's initiatives to kick-start the economy, including facilitating coal/gas allocation and environment clearances for various projects.

ENERGY MANAGEMENT

Energy Management Division is a supplier of products, systems, solutions and services for transmission and distribution of electrical energy. Its portfolio ranges from systems for low-voltage grids and distribution grids to solutions for smart grids and energy automation systems to power supply systems for industrial plants and high-voltage transmission systems. Its customers are Central Utilities, State Utilities, Private Transmission and Distribution System Operators and Industries.

During the financial year 2014-15, the market for Energy Management solutions remained competitive. Industrial and Independent Power Production Capital Expenditure is yet to pick up. Among the key highlights in financial year 2014-15, the Division received large orders for supply of GIS substations from Bihar Grid Company Ltd. and Power Grid Company of Bangladesh. The Division also received orders for modernizing the electricity distribution networks of Amritsar, Jalandhar, Ludhiana, Dehradun and Faridabad through SCADA/DMS functionality. The Energy Management Division also delivered the 1200kV Capacitor Voltage Transformer for the ultra-high voltage National test station at Power Grid Corporation of India Ltd., Bina (Madhya Pradesh).

For financial year 2014-15, the New Orders were down by

13 percent to ₹ 31,248 million, Sales grew by 7 percent to ₹ 29,664 million, while Profit from Operations was ₹ 2,218 million compared to ₹ 1,746 million in the previous year.

Outlook

The Company has a strong network of local factories and is engaged in localization and product upgrades for the local market. Thus, the Government's initiatives to encourage local manufacturers as part of its Make in India program would provide opportunities for the Company. Other factors that are expected to aid growth are the Government planning to invest in technology for Transmission & Distribution such as Smart Grids in order to achieve its objective of 24x7 Power for all by 2019.

BUILDING TECHNOLOGIES

Building Technologies Division provides solutions for safe, secure, energy-efficient and eco-friendly buildings and infrastructures. It has solutions for applications such as fire safety, security, building automation, heating, ventilation, air conditioning and energy management.

The growth in demand for Building Technologies during financial year 2014-15 was effected by the low number of development projects, and insignificant capacity expansion by industry. Another important factor was the lack of mandatory regulations on energy efficiency and safety for buildings in India. Among the highlights of the financial year 2014-15, the Division won a project to implement security automation for a Coal-bed Methane Plant in Madhya Pradesh and another order for Integrated Building Management System for an airport in Kerala.

For financial year 2014-15, the New Orders were up by 15 percent to ₹ 3,068 million, Sales grew by 9 percent to ₹ 2,742 million, while Profit from Operations was ₹ 229 million compared to ₹190 million in the previous year.

Outlook

The demand for Building Technologies solutions is expected to pick up driven by infrastructure development projects in major cities in India, particularly construction in the IT, ITES, hotels, hospitals and BFSI verticals. The Government's mission to develop 100 Smart Cities presents yet another opportunity for Building Technologies.

MOBILITY

The Mobility Division supplies solutions for passenger and freight transportation, including rail vehicles, rail automation and rail electrification systems. The financial year 2014-15 witnessed government initiatives such as transparent, decentralized procurement and a five-year Action Plan announced as part of the Railway Budget 2015, which were positives for the Mobility Division.

During the year, the Division won separate orders worth ₹ 4,500 million from Diesel Locomotive Works for three-phase Propulsion Systems and another order worth ₹ 810 million

for Alternating Current traction systems (better technology compared to the earlier Direct Current systems ensuring improved reliability and lower maintenance) for Diesel Electric Locomotives.

For financial year 2014-15, New Orders were up by 118 percent to ₹ 9,468 million, Sales grew by 12 percent to ₹ 9,656 million, while Profit from Operations was ₹ 475 million compared to ₹ 328 million in the previous year.

Outlook

The Indian Railways has announced plans for major enhancements in conventional rail infrastructure of gauge conversion, electrification and doubling, tripling or quadrupling of railway lines, high-speed corridors and dedicated freight corridors. To facilitate commute for increasing urban population, the Government has plans to expand Metro rail network to all cities with more than one million population. The Indian Railways also plans to partner with the private sector to improve last mile connectivity, expand rolling stock fleet and modernize station infrastructure. To facilitate such partnership, the government has allowed 100 percent FDI in railway infrastructure. These are opportunities for Siemens Ltd.'s Mobility Division, which has the required competencies and technologies.

DIGITAL FACTORY

Digital Factory Division offers a comprehensive portfolio of software products and automation technologies for industrial applications covering the entire life cycle, from product design and production execution to after-sales services. Siemens helps its customers in the manufacturing sector enhance the flexibility and efficiency of their production processes, thereby boosting their competitiveness. These solutions are supplied to customers in Automotive, Food & Beverage, Pharmaceuticals, Textile, Tyre, General Engineering segments and Original Equipment Manufacturers (OEMs) engaged in machine tools, printing, packaging and electrical panel manufacturing.

During the financial year 2014-15, lower capital expenditure and (insufficient) investments by customers impacted the Division's performance. Demand improved from OEMs and smaller infrastructure-related projects, while the short-cycle business was on track driven by consumption segments such as Automotive and Food and Beverage. Customers in general are becoming more receptive to new products conforming to superior quality, safety, efficiency standards and offerings which enhance equipment lifecycle.

The business of the Digital Factory Division is characterized by numerous relatively small orders. Key highlights of the financial year were customers choosing the Company's International Electrotechnical Commission (IEC) 61439-compliant switchboards and multi-packaging Original Equipment Manufacturers (OEM) opting for Automation solutions (IEC 61439 is the new international standard that

Annexure III to the Directors' Report

Management's Discussion & Analysis

governs the production of Power Switchgear and Control Gear assemblies). The Division launched various state-of-the-art products such as Protection Devices, Controllers and Integrated Register Controls for OEMs in the printing industry.

For financial year 2014-15, the New Orders were up by 10 percent to ₹ 15,701 million, Sales grew by 6 percent to ₹ 15,480 million, while Profit from Operations was ₹ 1,267 million compared to ₹ 853 million in the previous year.

Outlook

The Digital Factory Division foresees demand to pick up driven by increasing customer preferences for the latest IEC standard for low-voltage Switchboards, Intelligent Motor Management, Energy Management Systems and Data Services. Demand from defence manufacturers, providers of Skill Enhancement services and Packaging OEMs is also expected to grow. The Division will continue to focus on delivering the 'right features' and competitive solutions for greater flexibility and efficiency in the customers' manufacturing processes.

PROCESS INDUSTRIES AND DRIVES

Process Industries and Drives Division offers a comprehensive portfolio for Industrial application and solutions in the field of Automation and Drives for process industries such as Chemical, Pharmaceuticals, Food and Beverages, Water and Waste Water, Cement, Mining, Oil & Gas, Paper and Marines.

The business environment in which Process Industries and Drives Division operates is primarily driven by core sector industries. During financial year 2014-15, the improvement in these sectors was insignificant compared to financial year 2013-14. Among the highlights of the financial year, the Division won an order from Suzlon Energy Ltd for supply of Winergy brand Gear Boxes of 2.1MW capacity for wind turbines.

During the financial year, the energy-efficient industrial motors produced at the Division's factory in Kalwa surpassed the 100,000 milestone. The Advanced Motor Test Centre (AMTC), Kalwa, is the first among Industrial Motor Manufacturers in India to receive NABL (National Accreditation Board for Testing and Calibration Laboratories) accreditation for testing Industrial Motors. AMTC is equipped with 8 fully-automated test benches capable of testing Motors in the wide range of 120 W to 3000 kW. Among key new products, the Division launched the Simatic PCS 7 Smart DCS for industries including process, production and hybrid sectors and a Wireless Router for Wireless Broadband Communication, Smart Cities, Oil and Gas facilities, substations of Power Distribution systems, Switch Cabinets for Traffic and Rail Transport Control as well as applications in any harsh industrial environment.

For financial year 2014-15, the New Orders were up by 11 percent to ₹ 14,234 million, Sales grew by 5 percent to ₹ 14,483 million, while Profit from Operations was ₹ 729 million compared to ₹ 643 million in the previous year.

Outlook

The Company expects an increase in expenditure by the Government in Infrastructure and Defense to drive demand for focused verticals such as Cement, Mining and Marine. New investment from private industries is expected to remain slow till the capacity utilization of industries increase. Demand is expected from customers who are increasingly seeking higher efficiency products and looking for improving plant productivity. The Process Industries and Drives Division will continue its focus on increasing market share by introducing new products, extending reach, exploring new applications and enhancing focus on customer Intimacy.

HEALTHCARE

The Healthcare Division supplies technology for the healthcare industry and is a leader in medical imaging, laboratory diagnostics and solutions for the healthcare IT. Its customers are providers of Imaging Diagnostics, Laboratory diagnostics and Point of Care.

The Healthcare sector witnessed moderate growth largely by corporate hospitals / laboratory chains and customers in Tier II/III cities and a one-time large procurement order from the government for the 6 new AIIMS hospitals. Shifting of the Budget allocation for Healthcare from the Centre to the States, is a matter of concern and will put more pressure on the already limited public health infrastructure in the country, as States will prioritise their Central allocations. This could impact the Government spending on Healthcare. Policy decisions like 100% FDI in healthcare sector has attracted private equity investors leading to a consolidation of existing facilities and could lead to a change in the business models from product sale to PPP, leasing, pay-per-use, pay-as-you-save, etc. High volatility in foreign exchange rates will adversely impact the cost of imports. The Company will need to evaluate the impact of these developments on its business.

During the financial year, Healthcare Division introduced new products in Ultrasound, X-Ray equipment, Mammography, CT, MR, Angiography and laboratory diagnostics to cater to entry-level as well as high-end technology requirements. Among the new products is MULTIMOBIL10, a locally-manufactured mobile X-ray system to cater to the potential demand in the entry level mobile X-ray systems. Its 'plug and perform' feature allows easy X-ray imaging near the patient's bedside, in the intensive care units, neo-natal care units and operating rooms without moving the patient. In addition, it also introduced three scalable hematology systems that offer state-of-the-art hematology testing capabilities for small to mid-sized laboratories and can also be used as back-up systems for larger diagnostic setups.

For financial year 2014-15, the New Orders were up by 7 percent to ₹ 15,551 million, Sales was down by 2 percent to ₹ 14,005 million, while Profit from Operations was ₹ 673 million compared to ₹ 389 million in the previous year.

Outlook

The Healthcare sector in India is expected to continue to grow, driven by various government initiatives under the "Health for all" program. Regulations on imports on refurbished systems can be a hurdle to provide affordable low-cost diagnostic services. While the Private Sector will continue to see consolidation by the corporate chains, resulting in increased opportunities as well as increased price pressures, the shift of allocations for Healthcare from the Centre to the States could create a challenge with regard to the rate of growth of this business, as States will take decisions based on their own priorities.

COMPLIANCE

During the financial year 2014-15, Siemens Ltd. operated with a compliance system that is exemplary in the industry, focusing on compliance in areas of its business by rationalizing and strengthening controls to ensure adherence to compliance procedures.

As part of the Integrity Dialogue 2015 rolled out across the Company, over 3,500 employees were trained on various aspects of compliance.

To ensure that Compliance played a role of 'business enabler' without relinquishing and safeguarding controls, various processes were streamlined to facilitate governance as well as supporting business to early identify risks and implement remedial actions for a stronger and compliant company.

The Company has a 24/7 whistleblower hotline 'Tell Us' through which any compliance violations including potential cases can be notified. This is available for employees, directors as well as third parties. It is operated by a provider that is independent of Siemens to enable receipt of anonymous as well as protected information to be passed on without any bias. The Company continues to exhibit zero tolerance towards any non-compliant behavior.

The Company sustained its Collective Action programme in financial year 2014-15, focusing on creating awareness of the importance of a 'corruption-free' business environment through partnerships with like-minded Indian corporates. The Company also regularly participated in major anti-corruption forums where representatives of the Company's Compliance team made presentations on topics such as compliance processes, transparency and accountability in corporate reporting, trends in enforcement and working in a conducive business environment at various conferences. As part of Siemens Integrity Initiative, Siemens Ltd. sponsored the anti-corruption awareness campaigns by partnering CII and Global Compact Network India.

(Details on compliance activities are included in the Business Responsibility Report available on www.siemens.co.in).

RISK & INTERNAL CONTROL

The Management of Siemens Ltd. is responsible for establishing and maintaining adequate internal control over financial reporting. The internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with applicable accounting principles and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail, reflect accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Siemens Ltd's Management assessed the effectiveness of the Company's internal control over financial reporting as of September 30, 2015. As a result of the evaluation, the Management has concluded that the Company's internal control over financial reporting was effective as of September 30, 2015 with no significant deficiency.

SAFETY AND ENVIRONMENT

Siemens Ltd. is committed to a Zero Harm Culture (ZHC). During financial year 2014-15, the Company took various measures aimed at constantly improving Environmental Protection, Health Management and Safety (EHS) performance, including workshops for vendors & franchisee, Knowledge Exchange sessions for factory and project teams and several communications activities across locations and project sites.

In its effort to ensure ZHC is practiced within the Company, the Board of Directors reviews the progress of the safety measures being undertaken at Siemens Ltd. In addition, the Company's Senior Management continuously monitored the EHS status to check whether the project sites, factories and offices are operating under safe conditions. Representatives of the Management made a number of project site visits. During these visits, observations for improvement, application of best practices along with corrective actions were communicated to the respective project teams. The Company strengthened its risk mitigation measures.

Annexure III to the Directors' Report

Management's Discussion & Analysis

The Company organizes regular training on environment, health and safety to permanent employees, temporary staff and contractual labour. During the year, the Company conducted 17,422 hours of safety training for permanent employees and 26,214 hours of training for contract workforce.

Recognizing the need to provide high-quality training on safety, Siemens Ltd. has set up the Siemens TÜV Rheinland Global Skill Centre for Occupational Safety at Mumbai in collaboration with TÜV Rheinland – a leader in Testing, Certification, Inspection, Consulting and Training. The hands-on training modules, under the Sitrust brand, are targeted mainly at Occupational Safety Practitioners, Project Managers, Construction Managers, Construction Site Supervisors, Safety Marshals and Site Engineers.

During the financial year 2014-15, 370 participants were imparted training on various aspects of Hazard Identification and implementation of Safety Controls.

(Details on EHS activities are included in the Business Responsibility Report available on www.siemens.co.in).

HUMAN RESOURCES

Through its sustained focus on professional development, employee-friendly policies and continuous engagement, Siemens Ltd. aims to be the Employer of Choice for engineering and management professionals.

The Company's Human Resources Department initiated various measures during financial year 2014-15. XVII. Recommendations to the Investors / Shareholders

- Open a demat account and dematerialize your shares since it helps in immediate transfer of shares without payment of stamp duty.
- Provide a National Electronic Clearance System (NECS) mandate to the Company in case of shares in physical form and ensure that correct and updated particulars of bank account are available with Depository Participant (DP) in case of shares held in dematerialized form.
- It has been observed by the Company that many of its members have not opted for nomination to the shares held by them and in case of demise of a shareholder without nomination; the lengthy and costly process of Transmission of shares has to be followed. Thus, members who have not yet provided their nomination are requested to do so at an early date by filling and submitting the nomination forms (to the Company / TSRDL – for physical shares; to DP – for dematerialized shares).
- Obtain valid Share Transfer Deed / Documents relating to purchase / sale of shares.
- Transfer of shares prior to book closure / record date will be eligible for corporate benefits.

Annexure VI to the Directors' Report

Corporate Social Responsibility Report

1. Brief outline of Company's Corporate Social Responsibility Policy, overview of proposed projects or programs and a reference to the web-link to the CSR policy, projects and programs

One of the primary goals of the Company is sustainable growth and improving in living conditions of society as a whole. The Company works towards this goal by addressing challenges like demographic changes, urbanization and climate change. The Company derives its sustainability initiatives from these challenges. These initiatives, generally known as Corporate Social Responsibility (CSR), are referred to as Corporate Citizenship in Siemens. The Corporate Citizenship strategy is in line with the Company's goal to address the three dimensions of Sustainability i.e. Economic, Environment and Social. Hence, the strategy focuses on: Education & Science, Social and Environment. The strategy aims to address the challenges and needs that communities face by leveraging the Company's competencies and solutions. It is oriented towards the Country's development agenda, UN Millennium Goals and UN Global Compact principles.

The focus topics for Corporate Citizenship are:

- a. Promotion of technical and science education;
- b. Support to Universities;
- c. Enhancing living conditions through provision of water, healthcare, energy, livelihood, etc;
- d. Primary Healthcare and Health Education;
- e. Combating climate change through:
 - (i) Reduction of emission of green house gases;
 - (ii) Reuse and recycle.
- f. Disaster Relief.

Some of the key CSR initiatives undertaken during the year include:

a. Support to Universities

- **Siemens Scholarship Program**

The Siemens Scholarship Program endeavours to support and promote technical education. Launched in 2013, it supports tuition fees and holistic development of meritorious engineering students from economically backward families. From 2013-2015, the program covered 80 students across 24 colleges and 16 States.

b. Promoting Technical and Science Education

- **Upgrading Government Industrial Training Institutes (ITI)**

Over the last year, 21 ITIs in Maharashtra, Karnataka, Haryana, Gujarat, Delhi and Goa were assessed by Siemens employee volunteers to ensure industry relevance and consistency with the syllabus. Based on the need assessment, proposals were submitted to the Directorate of Employment and Training, Gujarat, Delhi and Maharashtra. The project covers provision of training equipments required by the syllabus and training of the instructors. 2 ITIs in Delhi and 3 ITIs in Gujarat have already been upgraded, where several 'Train the Trainers' programs have been conducted. The equipments used for upgradation covered technologies such as Electrical, Automation, Drives, Instrumentation, Machine tool and CAD / CAM.

- **Educational support to Destitute Children**

The project consists of holistic development program covering educational sponsorship and career counseling of destitute children of Welfare Society for Destitute Children, Bandra in Mumbai.

c. Enhancing living conditions

- **Project Asha**

Project Asha is an integrated rural development project focused on improving lives in 16 villages of Mokhada, Palghar in Maharashtra. This year the project was scaled up focusing on making drinking water available in hi-stress areas. Additionally, Siemens installed off grid solar power stations in 5 villages for providing electricity required for pumps that will provide water for drinking and irrigation. Community water filters were installed in 5 villages that will make potable water for the communities. Siemens also installed ACUSON X300 PE – ultrasound machine in Rural Hospital, Jawhar to aid the Reproductive and Child Health Program. This installation will cater to people residing in four blocks of Palghar district namely Mokhada, Jawhar, Vikramgad and Wada, thereby helping expecting mother to avoid travelling to Nashik for periodic checkups. Social interventions on community governance, education and healthcare started in 16 villages.

Annual Report on Corporate Social Responsibility

d. Primary Healthcare Support and Health Education

• Sanjeevan Mobile Clinics

Access to affordable, quality healthcare continues to be a challenge in the country. The reasons are multiple: lack of awareness, accessibility, affordability, etc. In an attempt to make quality healthcare both accessible and affordable, the fully equipped Sanjeevan Mobile Clinic is providing quality primary health care services in Madhepura, Bihar. The project initiated in 2012 has successfully achieved 100% institutional deliveries and have been able to cover 55% of the total 80,000 population of 10 villages till date. The project also formed the statutory village health committee for community governance of health and sanitation. Through the Sanjeevan Mobile Clinics regular health camps, special camps and diagnostics services were carried out during the year. Besides this, there are awareness programs on health and hygiene at schools and community on preventing diseases and improving health seeking behaviour. There is an increase in accessing of Maternal and Child Health (MCH) services and immunization.

Siemens also constructed a new Sanjeevan Mobile Clinic on the lines suggested by the National Health Mission. This Sanjeevan has been powered by 3KVA UPS generator running on solar power. All the medical equipments except the X-ray machine are powered by the UPS running on solar. This Sanjeevan is to roll out at underserved areas of Kalyan and Dombivali region next year.

• Sanitation Support under Swachh Bharat

In line with the provision of sanitation of the Swachh Bharat mission, Siemens constructed 102 toilets in 34 schools in Gaya and 51 toilets in 17 schools of Purnea District of Bihar in partnership with Power Grid Corporation of India Limited.

e. Disaster Relief

• Drought Mitigation project

Siemens has established a long term commitment with Action Aid Association to support severely drought - affected areas since 2013 in 5 villages of Badnapur taluka in Aurangabad Division. The project covers strengthening of the existing water harvesting structures and trenches, and increasing the ground water level in these 5 villages. Additionally, it involves training the panchayats to increase the knowledge and awareness on governance, public distribution system and watershed program and facilitating of accessibility to entitlement.

• Disaster Relief – Kashmir flood relief

Siemens took a proactive approach of reaching out to the communities affected during the Kashmir floods. In association with the Government Medical College, Srinagar, and Action Aid Association, Siemens upgraded the general healthcare equipment lost or damaged, reinstalled Cardiac Cath Lab Artic ZEE, donated three Siemens Multi Mobil 2.5 Mobile X-Ray Machines and one Ambulance for its Cancer Centre. This project was funded jointly through the employee contribution amounting to INR 2.3 Million and Company contribution of INR 3.3 Million.

f. Greenhouse Gases

• Social Forestry

Social Forestry program was initiated to improve the economic condition of rural masses and combat climate change. Social Forestry conducted under the existing Project Asha involves afforestation as per the community needs at 4 villages in Suryamal-Kevnale, Gram Panchayat (Palghar, Maharashtra) namely Amle, Suryamal, Kevnale and Bhavaniwadi. A total of 13115 saplings were planted of eight different types of fruit saplings viz Mango, Cashewnuts, Guava, Jackfruit, Chikoo, Lemon, Drumsticks, Bamboo and Berry. It covered about 91 farmers spread across villages of Suryamal - Kernale Gram-Panchayat.

[#] with effect from 1st January, 2015

Notes:

- (a) The Independent Directors of the Company are entitled for sitting fees and commission as per the statutory provisions and within the limits approved by the shareholders. Other Non-executive Directors of the Company opted not to accept any sitting fees and commission. The details of remuneration of Non-executive Directors are provided in the Corporate Governance Report. The ratio of remuneration and percentage increase for Non-executive Directors Remuneration is therefore not considered for the above purpose.
- (b) Percentage increase in remuneration indicates annual target total compensation increases, as approved by the Nomination and Remuneration Committee of the Company during the financial year 2014-15.
- ii. The percentage increase in the median remuneration of employees for the financial year was 10%.
- iii. The Company had 9,313 permanent employees on the rolls of the Company as on 30th September, 2015.
- iv. **Relationship between average increase in remuneration and Company's performance:**

The reward philosophy of the Company is to provide market competitive total reward opportunity that has a strong linkage to and drives performance culture. The salary increases for the Company are decided on the basis of a benchmarking exercise that is undertaken with similar profile organizations. The final salary increases given are a function of the Company's market competitiveness in this comparator group as well as overall business affordability. During the year, similar approach was followed to establish the remuneration increases to the employees. Variable compensation is an integral part of our total reward package and is directly linked to an individual performance rating and business performance. Salary increases during the year were in line with the Company's performance as well as that of the Company's market competitiveness.

- v. **Comparison of the remuneration of the Key Managerial Personnel against the performance of the Company:**

In line with Company's reward philosophy, merit increases and annual bonus pay-outs of its employees including Key Managerial Personnel are directly linked to individual performance as well as that of the business. Given the superior business performance and the performance rating of the Key Managerial Personnel, appropriate reward by way of merit increase or variable pay have been awarded to the Key Managerial Personnel for the current year.

Annexure VII to the Directors' Report

Statement of Disclosure of Remuneration

Pursuant to Section 197 of the Act and Rule 5(1) of Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

- vi. **Variations in the market capitalization of the Company, price earnings ratio as at the closing date of the current financial year and previous financial year and percentage increase over decrease in the market quotations of the shares of the Company in comparison to the rate at which the Company came out with the last public offer:**

Sr. No.	Particulars	As at 30 th September, 2015	As at 30 th September, 2014
1.	Market Capitalization	At BSE ₹ 47,125 crores At NSE ₹ 47,219 crores	At BSE ₹ 29,451 crores At NSE ₹ 29,456 crores

Business Responsibility Report - Abstract

Business Responsibility Reporting (BRR) is the practice of measuring, disclosing, and being accountable for organizational performance while working towards the goal of responsible and sustainable development. Siemens India has been releasing its BRR since the last three years.

The company is committed to acting responsibly to achieve economic, environmental and social progress and has policies against each principle which help achieve progress in business responsibility.

Three focus areas for sustainable value creation and capital-efficient growth for Siemens are:

- **Innovative Products**

Siemens drives business responsibility for Siemens by focusing on designing new products for environmental and climate protection.

- **Customer Centricity**

Siemens measures customer satisfaction across all sectors and gathers customer feedback at the end of key customer interactions.

- **Employee Focus**

Siemens has a Learning and Development (L&D) framework for employees to achieve business and personal goals. Siemens Health Management provides occupational health services at its centres at all offices & sites across India. There are committees in place where employees can raise concerns.

The BRR performance on each principle is provided below:

Ethics, Transparency and Accountability

Siemens acts with integrity. Besides adherence with all applicable laws and regulation, the company has internal guidelines for employee called Business Conduct Guidelines (BCG). Ethics and transparency is extended to the suppliers through the Supplier Code of Conduct (SCC). The BCG and SCC lay down requirements for ethical conduct, bribery and corruption and human rights.

Sustainable Products and Services

Siemens has a range of products that are designed with consideration to environment, health and safety.

The 100,000 IE3 series motors are estimated to have saved 300 GWh of power till date.

Siemens won the Super-Efficient Equipment Appliance Deployment (SEAD) Global Efficiency Medal for its 1LA2 series of Low Voltage IE3 induction motors. Siemens IE3 motors are one of the most energy efficient motors presently available in India and were introduced to help energy intensive industries such as cement, metal, mining and textiles achieve significant reduction in energy consumption.

Besides the environmental products portfolio, the Company also tries to source products from small and medium enterprises (SMEs) and MSMEs (Micro, Small and Medium Suppliers). 87% of material procured from third party suppliers were sourced locally from within the boundary of India. 20% of these were sourced from SMEs. Siemens engaged with 2200 MSMEs.

Wellbeing of Employees

Siemens supports collective bargaining. Through continual dialogue with associations the company strives to maintain cordial relationships with employees and work towards their welfare. Siemens has a governance structure in place to address complaints related to child labour, forced labour, involuntary labour and discrimination or harassment of any kind. There is a separate committee to handle sexual harassment cases with sensitivity and confidentiality.

Siemens has a Learning and Development (L&D) framework for employees to achieve business and personal goals. L&D needs of employees are identified through a goal setting process and supported by Performance Improvement Plans (PIP).

The company demonstrated its commitment to a 'Zero Harm Culture' through various measures aimed at constantly improving EHS performance, including workshops for vendors & franchisee, knowledge exchange sessions for factory and

project teams and several communications activities across locations and project sites.

Responsiveness to all Stakeholders

Siemens has mapped investors, employees, customers, suppliers, business partners and civil society organisations as stakeholders. The company engages with permanent employees through engagement surveys and periodic worker settlement reviews. The external shareholders are engaged through defined activities such as customer events, supplier and channel partner meet and SME training.

The marginalized and disadvantaged communities whose welfare Siemens works towards include, tribal communities, less privileged youth who could not complete education and join Government ITIs, engineering students from low-socio economic background, women, communities who are underserved from healthcare facilities and vulnerable children who need care and protection like children in conflict with law.

Protection of Human Rights

Siemens respects human rights. The Business Conduct Guidelines are in line with the U.N. Human Rights Declaration, European Human Rights Convention as well as ILO Principles. All suppliers, vendors, channel partners and other business partners associated with the company have to commit to the Siemens Code of Conduct which incorporates principles of Human Rights.

Protection of Environment

Siemens commitment towards clean technology and energy efficiency is not limited to the design of new products but extends to the manufacturing plants as well. Various initiatives were taken during the year to reduce energy and

water consumption and reduce generation of waste at the factories.

Public Policy Engagement

Siemens influences affirmative sustainability actions and enables technology through sharing of best practices. The company is a member of various Technical Committees of BIS and is on the Executive/Subject Councils and is represented in trade and industry associations.

Inclusive Growth and Equitable Development

Siemens CSR policy is governed by the Corporate Citizenship Strategy which focuses on integrating community development issues with business strategies to leverage the company's core competencies while addressing community needs. The policy has seven focus areas under three main pillars – Education, Environment and Social under which various initiatives are undertaken.

Customer Satisfaction

Customer satisfaction across all sectors is measured based on uniform and harmonized Net Promoter Score (NPS) methodology. NPS is an internationally recognized tool based on the commonly applied managerial performance indicator. In addition to the Annual Corporate Survey, customer feedback is gathered at the end of key customer interactions, during project management as well as service delivery. The input is critically required for continual improvements.

A Business Responsibility Report is published in accordance with Clause 55 of Listing Agreement with Stock Exchanges in India. The abstract is included in the Annual Report while the BRR Report for 2014-15 can be accessed from the Siemens website at http://www.siemens.co.in/en/index/investor/annual_report.htm

INDEPENDENT AUDITOR'S REPORT

To the Members of Siemens Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Siemens Limited ("the Company"), which comprise the Balance Sheet as at September 30, 2015, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements

give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at September 30, 2015, its profit, and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of accounts;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of written representations received from the directors as on September 30, 2015, and taken on record by the Board of Directors, none of the directors are disqualified as on September 30, 2015, from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 24 (b) to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 32 and 38 (a) to the financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Re: Siemens Limited (‘the Company’)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory. Discrepancies noted on physical verification of inventories were not material, and have been properly dealt with in the books of account.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a) and (b) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us and having regard to the explanation that certain items purchased are of special nature for which suitable alternative sources do not exist for obtaining comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Company in respect of these areas.
- (v) The Company has not accepted any deposits from the public.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, for the period upto September 30, 2015 and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including investor education and protection fund, income tax, sales-tax, wealth-tax, customs duty, excise duty, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases with regard to employee state insurance, provident fund and service tax.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees’ state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, service tax, customs duty, excise duty and cess on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in millions)	Period to which amount relates	Forum where dispute is pending

Notes to the financial statements for the year ended 30 September 2015 (Currency: Indian rupees millions)

Basis of preparation of financial statements

The financial statements are prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain derivative instruments which are measured at fair value in accordance with generally accepted accounting principles in India ("Indian GAAP"). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year other than note 43.

1. Significant accounting policies

1.1 Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

1.2 Tangible fixed assets and depreciation

Fixed assets are stated at cost of acquisition or revalued amounts less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets.

Diagnostics equipments are being treated as traded items of inventory when they are received. However, if these instruments are issued from inventory to customers under placement agreement, these are treated as capital asset in the period of such issue and are stated at cost less accumulated depreciation.

Depreciation on tangible assets is provided on a straight-line basis over the useful lives of assets estimated by the management. The useful life has been assessed based on internal technical advice, taking into account the nature of the asset, the estimated usage of the assets on the basis of managements' best estimation of getting economic benefits from those classes of assets and the management believes that these useful lives do not vary with the number of shifts the asset operates. The Company uses its technical expertise along with historical and industry trends for arriving the economic life of an asset, which may not necessarily be in alignment with the indicative useful lives prescribed by Schedule II to the Companies Act, 2013. Such class of assets and their estimated useful lives are as under:

Assets	Estimated useful lives
Land	
- Freehold	-
- Leasehold	Over the lease period
Buildings	
- Factory buildings	30 years
- Other buildings	50 years
- Roads	10 years
- Leasehold improvements	Over the lease period
Plant and equipments	3 – 20 years
Furniture and fixtures	5 years
Office equipments	
- Computers	3 years
- Hardware, mainframes and servers	5 years
- Other office equipments	3 - 5 years
Vehicles	4 years

Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and estimated net realizable value and are disclosed separately in the financial statements.

Capital work-in-progress includes the cost of fixed assets that are not ready to use at the balance sheet date.

1.3 Intangible assets

Intangible assets comprise goodwill, software and technical know-how. Intangible assets are stated at cost of acquisition less accumulated amortisation and impairment losses, if any. These intangible assets are amortised on straight-line basis based on the following useful lives, which in management's estimate represents the period during which economic benefits will be derived from their use:

Assets	Estimated useful lives
Goodwill	3 - 5 years
Software	3 - 5 years
Technical know-how	5 - 10 years

1.4 Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset or a group of assets (cash generating unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or cash generating unit.

The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost, had no impairment been recognised.

1.5 Investments

Investments that are readily realizable and intended to be held for not more than a year from the date on which such investments are classified as current investments. All other investments are classified as long term investments.

Long-term investments are carried at cost. Provision for diminution is made to recognize a decline, other than temporary in value of long-term investments and is determined separately for each individual investment.

Investment property

An investment in land or buildings, which is not intended to be occupied substantially for use by or in the operations of the Company, is classified as an investment property. Investment properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprise purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the investment property to its working condition for the intended use.

Depreciation on investment property is provided on a straight-line basis over the useful lives of assets estimated by the management. The useful life has been assessed based on internal technical advice, taking into account the nature of the asset, the estimated usage of the assets on the basis of managements' best estimation of getting economic benefits from those classes of assets and the management believes that these useful lives do not vary with the number of shifts the asset operates. The Company uses its technical expertise along with historical and industry trends for arriving the economic life of an asset, which may not necessarily be in alignment with the indicative useful lives prescribed by Schedule II to the Companies Act, 2013. Such class of investment property and their estimated useful lives are as under:

Assets	Estimated useful lives
Land	
- Freehold land	-
- Leasehold land	Over the lease period
Buildings	30 years

On disposal of an investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

Notes to the financial statements (*Continued*) for the year ended 30 September 2015 (Currency: Indian rupees millions)

1.6 Revenue recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of products is recognised on transfer of significant risk and rewards of ownership of the products to the customers, which is generally on dispatch of goods other than revenue from sale of healthcare equipments which is recognized upon installation at customer premises. Sales are stated exclusive of sales tax and net of trade and quantity discount.

Revenue from services is recognised as per the terms of the contract with the customer using the proportionate completion method.

Revenue from services represents service income other than from services which are incidental to sale of products and projects.

Income from fixed price construction contracts is recognised by reference to the estimated overall profitability of the contract under the percentage of completion method. Percentage of completion is determined as a proportion of the costs incurred upto the reporting date to the total estimated contract costs. Contract revenue earned in excess of billing has been reflected as "Project excess cost" under "Other current assets" and "Billing in excess" of contract revenue has been reflected under "Other current liabilities" in the balance sheet. Provision for expected loss is recognized immediately when it is probable that the total estimated contract costs will exceed total contract revenue.

Commission income is recognised when proof of shipment is received from the supplier.

Interest income is recognised on the time proportion basis.

Export incentives receivable are accrued for when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection of export proceeds.

1.7 Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials are valued at the lower of cost and net realisable value. Cost is determined on the basis of the weighted average method.

Work-in-progress, finished goods and traded goods are valued at the lower of cost and net realisable value. Excise duty is included in the value of finished goods inventory. Cost is determined on a weighted average basis.

The net realisable value of work-in-progress is determined with reference to the estimated selling price less estimated cost of completion and estimated costs necessary to make the sale of related finished goods. Raw materials held for the production of finished goods are not written down below cost except in case where material prices have declined and it is estimated that the cost of the finished product will exceed its net realisable value.

1.8 Leases

Where the Company is the lessee:

Leases where the lessor effectively retains substantially all the risk and benefits of ownership of the leased items are classified as operating leases. Lease payments under an operating lease, are recognised as an expense in the statement of profit and loss on a straight line basis over the lease term.

Where the Company is the lessor:

Assets subject to operating leases are included in fixed assets and investment property. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

1.9 Employee benefits

(a) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and short term compensated absences, etc. and the expected cost of ex-gratia is recognised in the period in which the employee renders the related service.

(b) Post-employment benefits

(i) **Defined Contribution Plans:** The Company's approved superannuation scheme and employee state insurance scheme are defined contribution plans. The Company's contribution paid/payable under the schemes is recognised as expense in the statement of profit and loss during the period in which the employee renders the related service.

(ii) **Defined Benefit Plans and other Long Term Benefits:** The Company's provident fund, gratuity, pension and medical benefit schemes are defined benefit plans. Leave wages, retention bonus, silver jubilee and star awards are other long term benefits. The present value of the obligation under such defined benefit plans and other long term benefits are determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Provision for leave wages, pension, medical benefit, retention bonus, silver jubilee and star awards which is expected to be utilized within the next 12 months is treated as short term employee benefits and beyond 12 months as long term employee benefits. For the purpose of presentation, the allocation between short and long term provisions has been made as determined by an actuary.

Actuarial gains and losses are recognised immediately in the statement of profit and loss.

1.10 Foreign currency transactions

The Company is exposed to currency fluctuations on foreign currency transactions. Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions.

Exchange differences arising on foreign exchange transactions settled during the year are recognized in the statement of profit and loss of the year.

Translation

Monetary assets and liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognized in the statement of profit and loss. Non monetary items are stated in the balance sheet using the exchange rate at the date of the transaction.

Derivative instruments

The Company's exposure to foreign currency fluctuations relates to foreign currency assets, liabilities and forecasted cash flows. The Company limits the effects of foreign exchange rate fluctuations by following established risk management policies including the use of derivatives. The Company enters into forward exchange contracts, where the counterparty is a bank.

As per Accounting Standard ('AS') 11 – 'The Effects of Changes in Foreign Exchange Rates', the premium or the discount on forward exchange contracts not relating to firm commitments or highly probable forecast transactions and not intended for trading or speculation purpose is amortized as expense or income over the life of the contract. All other derivatives except cash flow hedges, which are not covered by AS 11, are measured using the mark-to-market principle with the resulting gains / losses thereon being recorded in the statement of profit and loss.

Hedge Accounting

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to highly probable forecast transactions. The Company designates some of the forward contracts in a cash flow hedging relationship by applying the hedge accounting principles.

These forward contracts are stated at fair value at each reporting date. Changes in the fair value of these forward contracts that are designated and effective as hedges of future cash flows are recognised directly in Cash Flow Hedge Reserve under Reserves and Surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in the statement of profit and loss.

Notes to the financial statements (*Continued*) for the year ended 30 September 2015 (Currency: Indian rupees millions)

1.10 Foreign currency transactions (*Continued*)

Amounts accumulated in Cash Flow Hedge Reserve are reclassified to profit and loss in the same periods during which the forecasted transaction materialises.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in Cash Flow Hedge Reserve is retained there until the forecasted transaction occurs.

If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss recognised in Cash Flow Hedge Reserve is immediately transferred to the statement of profit and loss for the period.

1.11 Taxation

Income-tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the income-tax law), deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year) computed in accordance with the relevant provisions of the Income Tax Act, 1961. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the asset can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognised only if there is a virtual certainty supported by convincing evidence of realisation of the assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonable/virtually certain (as the case may be) to be realised.

1.12 Earnings per share

Basic earnings per share are computed by dividing the net profit attributable to equity shareholders for the year, by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.13 Provisions and Contingencies

Provisions are recognized when the Company recognises it has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

Disclosures for contingent liability are made when there is a possible or present obligation which arises from past events which is not recognised since it is not probable that there will be an outflow of resources. When there is a possible or present obligation in respect of which the likelihood of outflow of resources is remote, no disclosure is made.

Loss contingencies arising from claims, litigation, assessment, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

Contingent assets are neither recognized nor disclosed in the financial statements.

1.14 Cash and Cash equivalents

Cash and cash equivalents include cash, cheques in hand, cash at bank and short term deposits with banks having maturity of three months or less.

1.15 Operating cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

32 Disclosure relating to Provisions

Provision for warranty

Warranty costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacement, material cost, servicing and past experience in respect of warranty costs. It is expected that this expenditure will be incurred over the contractual warranty period.

Provision for liquidated damages

Liquidated damages are provided based on contractual terms when the delivery/ commissioning dates of an individual project have exceeded or are likely to exceed the delivery/ commissioning dates as per the respective contracts. This expenditure is expected to be incurred over the respective contractual terms upto closure of the contract (including warranty period).

Provision for loss orders

A provision for expected loss on construction contracts is recognised when it is probable that the contract costs will exceed total contract revenue. For all other contracts loss order provisions are made when the unavoidable costs of meeting the obligation under the contract exceed the currently estimated economic benefits.

Provision for other matters

The Company has made provisions for known contractual risks, litigation cases and pending assessments in respect of taxes, duties and other levies, the outflow of which would depend on the cessation of the respective events.

- b) The fund formed by the Company manages the investments of the Gratuity Fund. Expected rate of return on investments is determined based on the assessment made by the Company at the beginning of the year on the return expected on its existing portfolio, along with the estimated incremental investments to be made during the year. Yield on portfolio is calculated based on a suitable mark-up over the benchmark Government securities of similar maturities. The Company expects to contribute ₹ 153 (2014: ₹ 150) to gratuity fund in 2015-16.

INDEPENDENT AUDITOR'S REPORT

To the Members of Siemens Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Siemens Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), comprising the consolidated Balance Sheet as at September 30, 2015, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements

are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at September 30, 2015, their consolidated profit, and their consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditor's report of the Holding company and its subsidiary incorporated in India, to whom the Order applies, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;

- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of the written representations received from the directors of the Holding Company as on September 30, 2015 taken on record by the Board of Directors of the Holding Company and the reports of the auditors who are appointed under Section 139 of the Act, of its subsidiary company incorporated in India, none of the directors of the Group's companies, its associates and jointly controlled companies incorporated in India is disqualified as on September 30, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our

information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group – Refer Note 25(b) to the consolidated financial statements;

Annexure referred to in paragraph 1 under the heading “Report on other legal and regulatory requirements” of our report of even date

The Group, comprising Siemens Limited (‘Holding Company’) and its subsidiary in India and to whom the provisions of the Order apply (‘the Covered entity’), (together referred to as the ‘Group’) in this report

Re: Siemens Limited (“the Company”)

- (i) (a) The Holding Company and the Covered entity have maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management of the Holding Company and the Covered entity during the year but there is a regular programme of verification, which, in our opinion and as reported by the other auditors who audited the financial statements of the aforesaid subsidiary, is reasonable having regard to the size of the of the Group and the nature of its assets. No material discrepancies were noticed on such verification.
- (ii) (a) The management of the Group have conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Group and the nature of their business.
- (c) The Holding Company and the Covered entity are maintaining proper records of inventory. Discrepancies noted on physical verification of inventories were not material, and have been properly dealt with in the books of account.
- (iii) (a) According to the information and explanations given to us, the Holding Company and the Covered entity have not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a) and (b) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us and having regard to the explanation that certain items purchased are of special nature for which suitable alternative sources do not exist for obtaining comparable quotations, there is an adequate internal control system commensurate with the size of the Group and the nature of its businesses,
- for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Company in respect of these areas.
- (v) The Company has not accepted any deposits from the public.
- (vi) We have broadly reviewed the books of account maintained by the Holding Company and the Covered entity to the extent applicable and relevant, pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, for the period upto September 30, 2015, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. The detailed examination of the same has not been made by us.
- (vii) (a) Undisputed statutory dues including investor education and protection fund, income tax, sales-tax, wealth-tax, customs duty, excise duty, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases in respect of the employees’ state insurance, provident fund and service tax in respect of Holding Company.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees’ state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable for the covered entities of the Group.
- (c) According to the records of the Group, there are no dues outstanding in respect of the subsidiary company which require disclosure under this clause. The dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute in relation to the Holding Company are as stated below:

- (d) Accordingly to the information and explanations given to us the amount required to be transferred to investor education and protection fund in accordance with the relevant provisions of the Companies Act, 1956 (1 of 1956) and rules made thereunder has been transferred to such fund within time to the extent applicable to the Group.
- (viii) The Holding Company and the Covered entity have no accumulated losses at the end of the financial year and it has not incurred cash losses in the current and immediately preceding financial year.
- (ix) Based on our audit procedures and as per the information and explanations given by the management and as reported by the other auditor who audited the financial statements of the covered entities, of the Group, we are of the opinion that the Group have not defaulted in their repayment of dues to a financial institution, bank or debenture holders.
- (x) According to the information and explanations given to us, the Holding Company and the Covered entity have not given any guarantee for loans taken by others from bank or financial institutions.
- (xi) The Holding Company and the Covered entity did not have any term loans outstanding during the year.
- (xii) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management and reports of the other auditors who audited the financial statements of other covered entities of the group, which we have relied upon, we report that no material frauds on or by the Holding Company and the Covered entity of the Group have been noticed or reported during the year.

Notes to the consolidated financial statements for the year ended 30 September 2015 (Currency: Indian rupees millions)

Basis of preparation of consolidated financial statements

The consolidated financial statements are prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain derivative instruments which are measured at fair value in accordance with generally accepted accounting principles in India ("Indian GAAP"). The Group has prepared these consolidated financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year other than note 37.

Principles of consolidation

The consolidated financial statements include the financial statements of Siemens Limited ('the Company') or ('the parent company') and its wholly owned subsidiary, Siemens Rail Automation Pvt. Ltd ('the subsidiary'). The Company and the subsidiary constitute the Siemens Group ('the Group').

The list of subsidiary is set out below:

Entity	Country of incorporation	% Holding 2015	% Holding 2014
Siemens Rail Automation Pvt. Ltd.	India	100%	-

The consolidated financial statements have been prepared on the following basis:

The excess/deficit of cost to the parent company of its investment in the subsidiary over its portion of equity in the subsidiary at the respective dates on which investment in such subsidiary was made is recognised in the consolidated financial statements as goodwill/capital reserve. The parent company's portion of equity in such subsidiary is determined on the basis of book values of assets and liabilities as per the financial statements of the subsidiary as on the date of investment and if not available, the financial statements for the immediately preceding period adjusted for the effects of significant transactions. Goodwill is amortised over a period of 5years from date of acquisition/ investment.

The financial statements of the parent company and the subsidiary have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances/ transactions and resulting unrealized profits in full. Unrealized losses resulting from intra-group transactions are also eliminated except to the extent that recoverable value of related assets is lower than their cost to the Company. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the balance sheet of the parent company and its share in the post-acquisition increase in the relevant reserves of the subsidiary.

Subsidiary is consolidated from the date on which effective control is transferred to the Company and are no longer consolidated from the date of disposal.

Minority interest's share of net profit is adjusted against the income to arrive at the net income attributable to owners of the parent. Minority interest's share of net assets is presented separately in the balance sheet.

Consolidated financial statements are prepared using uniform accounting policies for transactions and other events in similar circumstance.

1. Significant accounting policies

1.1 Use of estimates

The preparation of consolidated financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the consolidated financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

1.2 Tangible fixed assets and depreciation

Fixed assets are stated at cost of acquisition or revalued amounts less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets.

1.2 *Tangible fixed assets and depreciation (Continued)*

Diagnostics equipments are being treated as traded items of inventory when they are received. However, if these instruments are issued from inventory to customers under placement agreement, these are treated as capital asset in the period of such issue and are stated at cost less accumulated depreciation.

Depreciation on tangible assets is provided on a straight-line basis over the useful lives of assets estimated by the management. The useful life has been assessed based on internal technical advice, taking into account the nature of the asset, the estimated usage of the assets on the basis of managements' best estimation of getting economic benefits from those classes of assets and the management believes that these useful lives do not vary with the number of shifts the asset operates. The Group uses its technical expertise along with historical and industry trends for arriving the economic life of an asset, which may not necessarily be in alignment with the indicative useful lives prescribed by Schedule II to the Companies Act, 2013. Such class of assets and their estimated useful lives are as under:

Assets	Estimated useful lives
Land	
- Freehold	-
- Leasehold	Over the lease period
Buildings	
- Factory buildings	30 years
- Other buildings	50 years
- Roads	10 years
- Leasehold improvements	Over the lease period
Plant and equipments	3 – 20 years
Furniture and fixtures	5 years
Office equipments	
- Computers	3 years
- Hardware, mainframes and servers	5 years
- Other office equipments	3 - 5 years
Vehicles	4 years

Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and estimated net realizable value and are disclosed separately in the consolidated financial statements.

Capital work-in-progress includes the cost of fixed assets that are not ready to use at the balance sheet date.

1.3 *Intangible assets*

Intangible assets comprise goodwill, software and technical know-how. Intangible assets are stated at cost of acquisition less accumulated amortisation and impairment losses, if any. These intangible assets are amortised on straight-line basis based on the following useful lives, which in management's estimate represents the period during which economic benefits will be derived from their use:

Assets	Estimated useful lives
Goodwill	3 - 5 years
Software	3 - 5 years
Technical know-how	5 - 10 years

1.4 *Impairment of assets*

The Group assesses at each balance sheet date whether there is any indication that an asset or a group of assets (cash generating unit) may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset or cash generating unit.

The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market

Notes to the consolidated financial statements (*Continued*) for the year ended 30 September 2015 (Currency: Indian rupees millions)

1.4 *Impairment of assets (Continued)*

assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost, had no impairment been recognised.

1.5 *Investments*

Investments that are readily realizable and intended to be held for not more than a year from the date on which such investments are classified as current investments. All other investments are classified as long term investments.

Long-term investments are carried at cost. Provision for diminution is made to recognize a decline, other than temporary in value of long-term investments and is determined separately for each individual investment.

Investment property

An investment in land or buildings, which is not intended to be occupied substantially for use by or in the operations of the Group, is classified as an investment property. Investment properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprise purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the investment property to its working condition for the intended use.

Depreciation on investment property is provided on a straight-line basis over the useful lives of assets estimated by the management. The useful life has been assessed based on internal technical advice, taking into account the nature of the asset, the estimated usage of the assets on the basis of managements' best estimation of getting economic benefits from those classes of assets and the management believes that these useful lives do not vary with the number of shifts the asset operates. The Group uses its technical expertise along with historical and industry trends for arriving the economic life of an asset, which may not necessarily be in alignment with the indicative useful lives prescribed by Schedule II to the Companies Act, 2013. Such class of investment property and their estimated useful lives are as under:

Assets	Estimated useful lives
Land	
- Freehold land	-
- Leasehold land	Over the lease period
Buildings	30 years

On disposal of an investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

1.6 *Revenue recognition*

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

Revenue from sale of products is recognised on transfer of significant risk and rewards of ownership of the products to the customers, which is generally on dispatch of goods other than revenue from sale of healthcare equipments which is recognized upon installation at customer premises. Sales are stated exclusive of sales tax and net of trade and quantity discount.

Revenue from services is recognised as per the terms of the contract with the customer using the proportionate completion method.

Revenue from services represents service income other than from services which are incidental to sale of products and projects.

1.6 Revenue recognition (*Continued*)

Income from fixed price construction contracts is recognised by reference to the estimated overall profitability of the contract under the percentage of completion method. Percentage of completion is determined as a proportion of the costs incurred up to the reporting date to the total estimated contract costs. Contract revenue earned in excess of billing has been reflected as "Project excess cost" under "Other current assets" and "Billing in excess" of contract revenue has been reflected under "Other current liabilities" in the balance sheet. Provision for expected loss is recognized immediately when it is probable that the total estimated contract costs will exceed total contract revenue.

Commission income is recognised when proof of shipment is received from the supplier.

Interest income is recognised on the time proportion basis.

Export incentives receivable are accrued for when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection of export proceeds.

1.7 Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials are valued at the lower of cost and net realisable value. Cost is determined on the basis of the weighted average method.

Work-in-progress, finished goods and traded goods are valued at the lower of cost and net realisable value. Excise duty is included in the value of finished goods inventory. Cost is determined on a weighted average basis.

The net realisable value of work-in-progress is determined with reference to the estimated selling price less estimated cost of completion and estimated costs necessary to make the sale of related finished goods. Raw materials held for the production of finished goods are not written down below cost except in case where material prices have declined and it is estimated that the cost of the finished product will exceed its net realisable value.

1.8 Leases

Where the Group is the lessee:

Leases where the lessor effectively retains substantially all the risk and benefits of ownership of the leased items are classified as operating leases. Lease payments under an operating lease, are recognised as an expense in the statement of profit and loss on a straight line basis over the lease term.

Where the Group is the lessor:

Assets subject to operating leases are included in fixed assets and investment property. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

1.9 Employee benefits

(a) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and short term compensated absences, etc. and the expected cost of ex-gratia is recognised in the period in which the employee renders the related service.

(b) Post-employment benefits

- (i) **Defined Contribution Plans:** The Group's approved superannuation scheme and employee state insurance scheme are defined contribution plans. The provident fund scheme of the subsidiary is a defined contribution plan. The Group's contribution paid/payable under the schemes is recognised as expense in the statement of profit and loss during the period in which the employee renders the related service.

Notes to the consolidated financial statements (*Continued*) for the year ended 30 September 2015 (Currency: Indian rupees millions)

1.9 Employee benefits (*Continued*)

- (ii) **Defined Benefit Plans and other Long Term Benefits:** The Group's provident fund, gratuity, pension and medical benefit schemes are defined benefit plans. Leave wages, retention bonus, silver jubilee and star awards are other long term benefits. The present value of the obligation under such defined benefit plans and other long term benefits are determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Provision for leave wages, pension, medical benefit, retention bonus, silver jubilee and star awards which is expected to be utilized within the next 12 months is treated as short term employee benefits and beyond 12 months as long term employee benefits. For the purpose of presentation, the allocation between short and long term provisions has been made as determined by an actuary.

Actuarial gains and losses are recognised immediately in the statement of profit and loss.

1.10 Foreign currency transactions

The Group is exposed to currency fluctuations on foreign currency transactions. Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions.

Exchange differences arising on foreign exchange transactions settled during the year are recognized in the statement of profit and loss of the year.

Translation

Monetary assets and liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognized in the statement of profit and loss. Non monetary items are stated in the balance sheet using the exchange rate at the date of the transaction.

Derivative instruments

The Group's exposure to foreign currency fluctuations relates to foreign currency assets, liabilities and forecasted cash flows. The Group limits the effects of foreign exchange rate fluctuations by following established risk management policies including the use of derivatives. The Group enters into forward exchange contracts, where the counterparty is a bank.

As per Accounting Standard ('AS') 11 – 'The Effects of Changes in Foreign Exchange Rates', the premium or the discount on forward exchange contracts not relating to firm commitments or highly probable forecast transactions and not intended for trading or speculation purpose is amortized as expense or income over the life of the contract. All other derivatives except cash flow hedges, which are not covered by AS 11, are measured using the mark-to-market principle with the resulting gains / losses thereon being recorded in the statement of profit and loss.

Hedge Accounting

The Group uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to highly probable forecast transactions. The Group designates some of the forward contracts in a cash flow hedging relationship by applying the hedge accounting principles.

These forward contracts are stated at fair value at each reporting date. Changes in the fair value of these forward contracts that are designated and effective as hedges of future cash flows are recognised directly in Cash Flow Hedge Reserve under Reserves and Surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in the statement of profit and loss.

Amounts accumulated in Cash Flow Hedge Reserve are reclassified to profit and loss in the same periods during which the forecasted transaction materialises.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in Cash Flow Hedge Reserve is retained there until the forecasted transaction occurs.

If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss recognised in Cash Flow Hedge Reserve is immediately transferred to the statement of profit and loss for the period.

1.11 Taxation

Income-tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the income-tax law), deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year) computed in accordance with the relevant provisions of the Income Tax Act, 1961. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the asset can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognised only if there is a virtual certainty supported by convincing evidence of realisation of the assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonable/virtually certain (as the case may be) to be realised.

1.12 Earnings per share

Basic earnings per share are computed by dividing the net profit attributable to equity shareholders for the year, by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.13 Provision and Contingencies

Provisions are recognized when the Group recognises it has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

Disclosures for contingent liability are made when there is a possible or present obligation which arises from past events which is not recognised since it is not probable that there will be an outflow of resources. When there is a possible or present obligation in respect of which the likelihood of outflow of resources is remote, no disclosure is made.

Loss contingencies arising from claims, litigation, assessment, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

Contingent assets are neither recognized nor disclosed in the consolidated financial statements.

1.14 Cash and Cash equivalents

Cash and cash equivalents include cash, cheques in hand, cash at bank and short term deposits with banks having maturity of three months or less.

1.15 Operating cycle

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Group has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

31 Disclosure pursuant to Accounting Standard - 15 'Employee Benefits' (Continued):

- b) The fund formed by the Parent Company manages the investments of the Gratuity Fund while that of the subsidiary is administered by Life Insurance Corporation of India (LIC). Expected rate of return on investments is determined based on the assessment made by the Company at the beginning of the year on the return expected on its existing portfolio, along with the estimated incremental investments to be made during the year. Yield on portfolio is calculated based on a suitable mark-up over the benchmark Government securities of similar maturities. The Group expects to contribute ₹ 155 (2014: ₹ 150) to gratuity fund in 2015-16.
- c) The estimates of future salary increases, considered in actuarial valuation, take in to account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- d) The Parent Company has contributed ₹ 493 (2014: ₹ 457) towards provident fund during the year ended 30 September 2015. The Guidance on Implementing AS 15, Employee Benefits (Revised 2005) issued by Accounting Standard Board (ASB) states that benefits involving employer established provident funds, which require interest shortfalls to be recompensed are to be considered as defined benefit plans. The Actuary has accordingly provided a valuation and based on the assumptions provided below there is no shortfall as at 30 September 2015.

The details of the fund and plan asset position as at 30 September are as follows:

	As at 30 September	
	2015	2014
Present value of benefit obligation at year end	8,893	7,647
Fair value of plan assets at year end	8,920	7,589
Shortfall / (Surplus)	(27)	58

Assumptions used in determining the present value obligation of the interest rate guarantee under the Deterministic Approach:

	As at 30 September	
	2015	2014
Government of India securities (GOI) bond yield	7.98%	8.65%
Remaining term of maturity (in years)	14.21	10.90
Expected guaranteed interest rate	8.75%	8.75%

(iii) General descriptions of significant defined plans

37 Change in accounting policy

During the year, the Parent Company has changed its accounting policy for revenue recognition of its Healthcare business whereby the equipment sale are now recognised on installation and extended warranty is recognised over the warranty period as opposed to the earlier practice whereby the revenue for both equipment and extended warranty was recognised on dispatch.

Consequently, the revenue from sale of products, sale of services and profits is lower by ₹ 1,013, ₹ 1,120 and ₹ 74 respectively. The impact on the balances as at 30 September 2015 is as follows:

Particulars	Amount
Balance sheet	
Deferred revenue, higher by	1,082
Warranty provision, lower by	1,082
Inventory - traded goods, higher by	981
Advances from customers, higher by	638
Trade receivables, lower by	412

Dear Member(s),

Sub.: Green Initiative - Electronic mode of service of documents

The Ministry of Corporate Affairs (MCA) has allowed paperless compliances by companies through electronic mode by providing the same under the Companies Act, 2013 and rules framed there under. The Members can receive various notices and correspondences including Annual Reports i.e., Audited Financial Statements, Directors' Report, Auditors' Report, etc., through electronic mode (e-mail). The initiative taken by the MCA is a welcome move for the society at large, as this will reduce paper consumption to a great extent, ensure prompt receipt of communication and avoid loss of document in postal transit.

We are sure that you will whole-heartedly support this initiative for a greener environment and co-operate with the Company to make it a success. We therefore request you to fill up the E-communication Registration Form below, for registering your e-mail ID and send it:

- i) In respect of shares held in physical form, to the Registrar and Share Transfer Agent (RTA), TSR Darashaw Limited at csq-green@tsrdarashaw.com or to the Company at Corporate-Secretariat.in@siemens.com; and
- ii) In respect of shares held in demat mode, to your respective Depository Participants.

Please note that the E-communication Registration Form should be signed by the sole / first named Member as per the specimen signature recorded with the RTA. Even after registering for E-communication, the Members are entitled to receive such communication in physical form, upon request. These documents will also be available on the Company's website www.siemens.co.in for your ready reference under the Investor Relations section.

Let's be part of this 'Green Initiative'.

Thanking You,
Yours faithfully,

For **Siemens Limited**
