## COMBS

Each Mason Pearson comb is handcrafted using traditional techniques that produce smoothly tapered teeth and rounded tips for more comfort and care. Unlike ordinary combs, each one is made from a single piece of material to provide completely seamless construction.

### DRESSING COMB C1

The Dressing Comb is a large sized comb with fine and medium teeth.

### POCKET COMB C5

The Pocket Comb is a small comb with fine and medium teeth.

### DETANGLING COMB C2

The Detangling Comb is a wide tooth comb with a handle for ease of use.

### CUTTING COMB C6

The Cutting Comb, a straight-edged comb made with extra fine teeth.

### TAIL COMB C3

A fine tooth comb with a tapering handle used to tease, lift, divide, or curl the hair.

### RAKE COMB C7

The Rake Comb is an extra-wide toothed comb generally used for very thick, curly or tightly permed hair for combing through and encouraging "lift".

### STYLING COMB C4

The Styling Comb is a medium sized comb with fine and medium teeth.
