Important Things to Note when using our 14-days returns policy

There's some important things to remember:

- You can turn on and use your Device to inspect it and to make sure you've received what you thought you were buying, but if there's any damage, or it's used beyond what's reasonable, we have the right to charge you for any loss in value to the goods as a result of your use or damage. You're allowed to do what is reasonable to ensure you've received what you thought you were buying and that it works as expected.
- Before you send your Device back, make sure you've taken the SIM out and disposed of it if you don't need it anymore. If your Device uses eSIM, you'll need to delete your eSIM profile. This'll help to keep your personal information safe when returning your Device. Check you've got a replacement SIM or eSIM capable Device available before you delete your eSIM profile so you can move your number over.
- You must not install "Find My iPhone" on your Apple device during the returns or exchanges period. If you do, and you fail to remove it before returning your Device to us, we'll reduce your refund or apply a charge to your Three account by an amount of up to £200.
- You'll also be charged for any Three Services you use before the end of your 14-day cancellation period (e.g., for any calls, texts or data used). It can take up to 3 months for some international and premium rate services to be applied to your bill.
- If you return a Device (or Accessory) to us, you will need to include not only the device, but any packaging, manuals, accessories and any "free" gifts supplied with the device. If anything is damaged or missing, you may be charged for these in line with the appropriate charges set out in our Price Guide.
- We realise mistakes happen, so take care when returning our Device to us. If you send us the wrong Device, or don't return your Device at all, we won't be able to process your request and you'll continue to be charged in accordance with your agreement with us.
- If you change your mind and wish to exchange your Device for a different make or model, a charge will be applied as set out in our Price Guide.
- For hygiene reasons, we can't accept returns or exchanges on some accessories, like headsets, where the packaging has been opened or had the seal broken. If you change your mind after the 14 day returns period, you will need to give us 30 days' notice and pay an early termination fee.
- This policy doesn't apply to digital products.
