LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

INDEPENDENT AUDITOR'S REPORT

Benton County, Arkansas Officials and Quorum Court Members Legislative Joint Auditing Committee

Report on the Financial Statements

We have audited the accompanying regulatory basis financial statements of the general fund, road fund, and other funds in the aggregate of Benton County, Arkansas, as of and for the year ended December 31, 2017, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Ark. Code Ann. § 10-4-412, as described in Note 1, to meet the requirements permitted by the State of Arkansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions of Ark. Code Ann. § 10-4-412, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements permitted by the State of Arkansas.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Benton County, Arkansas, as of December 31, 2017, or the revenues, expenditures, and changes in net position and, where applicable, cash flows thereof for the year then ended.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis financial position of the general fund, road fund, and other funds in the aggregate of Benton County, Arkansas, as of December 31, 2017, the regulatory basis revenues, expenditures, and changes in net position, and the budgetary comparisons for the general fund and road fund for the year then ended in accordance with the financial reporting provisions of Ark. Code Ann. § 10-4-412 described in Note 1.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the accompanying regulatory basis financial statements. The accompanying supplementary information and other information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the regulatory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the regulatory basis financial statements as a whole on the basis of accounting described in Note 1.

The other information has not been subjected to the auditing procedures applied in the audit of the regulatory basis financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 19, 2019, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of the state constitution, laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting and compliance.

LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING, COMPLIANCE AND OTHER MATTERS, AND OTHER ISSUES BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Benton County, Arkansas Officials and Quorum Court Members Legislative Joint Auditing Committee

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying regulatory basis financial statements of the general fund, road fund, and other funds in the aggregate of Benton County, Arkansas, as of and for the year ended December 31, 2017, and the related notes to the financial statements, and have issued our report thereon dated June 19, 2019. We issued an adverse opinion because the financial statements are prepared by the County on the basis of the financial reporting provisions of Ark. Code Ann. § 10-4-412, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material. However, with respect to the regulatory basis of accounting described in Note 1, our opinions on the general fund, road fund, and other funds in the aggregate were unmodified.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of the state constitution, laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Other Issues

The commentary contained in this section relates to the following officials that held office during December 31, 2017:

County Judge: Barry Moehring Treasurer: Deanna Ratcliffe Sheriff: Shawn Holloway Tax Collector: Gloria Peterson County Clerk: Tena O'Brien Circuit Clerk: Brenda DeShields Assessor: Roderick Grieve

Our audit procedures indicated that the above offices were in substantial compliance with Arkansas fiscal and financial laws.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, pursuant to Ark. Code Ann. § 10-4-417, all reports presented to the Legislative Joint Auditing Committee are matters of public record and distribution is not limited.

NOTE 1: Summary of Significant Accounting Policies

A. Financial Reporting Entity

The County is a political subdivision of the state governed by an elected quorum court. The reporting entity includes all the funds of the County.

B. Basis of Presentation - Regulatory Fund Accounting

The financial statements are presented in accordance with the regulatory basis of presentation as prescribed or permitted by Ark. Code Ann. § 10-4-412. The law requires that the financial statements be presented on a fund basis with, as a minimum, the general fund and road fund presented separately with all other funds included in the financial statements presented in the aggregate. This law also stipulates that the financial statements consist of a balance sheet; a statement of revenues, expenditures, and changes in fund balances; a comparison of the final adopted budget to actual expenditures for the general and road funds; notes to financial statements; and a supplemental schedule of capital assets.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with related liabilities and residual balances, and changes therein, which are segregated for purposes of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds are recognized in the accompanying regulatory basis financial statements.

<u>General Fund</u> - The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

<u>Road Fund</u> - The Road Fund (Special Revenue Fund) is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Road Fund accounts for and reports proceeds of state highway turnback, property taxes, and federal aid that are restricted or committed for maintaining and constructing roads.

Other Funds in the Aggregate - Other Funds in the Aggregate consist of all funds included in the financial statements except for the General and Road Funds. The following types of funds are included in this column as follows:

<u>Special Revenue Funds</u> - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. See Schedules 1 and 2 for Special Revenue Funds as reported with other funds in the aggregate.

<u>Capital Projects Funds</u> - Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlay, including the acquisition or construction of capital facilities and other capital assets. See Schedules 1 and 2 for Capital Projects Funds as reported with other funds in the aggregate.

<u>Agency Funds</u> - Agency Funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). See Schedule 1 for Agency Funds as reported with other funds in the aggregate.

NOTE 1: Summary of Significant Accounting Policies (Continued)

C. Basis of Accounting

The financial statements are prepared on the regulatory basis of accounting as prescribed or permitted by Ark. Code Ann. § 10-4-412. This regulatory basis differs from accounting principles generally accepted in the United States of America. Revenues generally are recognized as soon as they are both measurable and available except for Treasurer's and Collector's commission and Taxes apportioned — Assessor's salary and expense which are recognized when earned. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current period. However, most state aid received from the State Treasury is by state law revenue of the year in which it was received by the government. Expenditures generally are recorded when a liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. As a result of the use of this regulatory basis of accounting, capital assets and long-term debt are not recorded in these financial statements.

D. Assets, Liabilities, and Fund Balances

Cash and Cash Equivalents

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts, and certificates of deposit.

investments

Investments are reported at fair value.

Settlements Pending

Settlements pending are considered fines, forfeitures, costs, trust funds, property taxes, excess commissions, and excess Assessor's salary and expense that have not been transferred to the appropriate entities.

Fund Balance Classifications

- Restricted fund balance amounts that are restricted when constraints placed on the use of resources
 are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors,
 or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or
 enabling legislation.
- Committed fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Quorum Court.
- Assigned fund balance amounts that are constrained by the Quorum Court's intent to be used for specific purposes, but are neither restricted nor committed.
- 4. Unassigned fund balance amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund. This classification may also include negative amounts in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

E. Property Taxes

A lien attaches to the real property in January and on personal property in June of each year. Property taxes are collectible beginning the first business day of March of the subsequent year, but are not considered delinquent until after October 15.

NOTE 1: Summary of Significant Accounting Policies (Continued)

F. Budget Law

1. Legal Requirements

State law requires that the Quorum Court, before the end of each fiscal year, make appropriations, by ordinance, for the expenditures of County government for the following year. The Quorum Court may make appropriation amendments at any time during the current fiscal year. Appropriations lapse at the end of each year. Under certain conditions, the budget may be amended subsequent to the year-end.

2. Accounting

The County prepared an annual budget on the regulatory basis for the General Fund, Road Fund, and the other operating funds.

G. Fund Balance Classification Policies and Procedures

The County's highest level of decision-making authority is its Quorum Court. The establishment of amounts classified as committed fund balances and any subsequent modifications to such balances are the result of formal action taken by the Quorum Court through passage of an ordinance. The Quorum Court is authorized to assign amounts to a specific purpose, although a formal policy has not been established.

The County does not have a policy addressing whether it considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available. For classification of fund balance amounts, restricted resources are considered spent before unrestricted. The County does not have a policy addressing which resources to use within the unrestricted fund balance when committed, assigned, or unassigned fund balances are available. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, committed amounts are reduced first, followed by assigned amounts, and then unassigned amounts.

NOTE 2: Cash Deposits with Financial Institutions

Cash deposits are carried at cost (carrying value). A comparison of the bank balance and carrying value is as follows:

	<u>Decembe</u>	r 31, 20	<u>)17</u>
	Carrying		Bank
	 Amount		Balance
Insured (FDIC)	\$ 7,696,138	\$	7,695,558

department or agent in the County's name	33,452,112		34,179,951
Total Deposits	\$ 41,148,250	\$	41,875,509

The above total deposits do not include cash on hand of \$8,892.

NOTE 3: Legal or Contractual Provisions for Deposits and Investments

State law generally requires that county funds be deposited in federally insured banks located in the State of Arkansas. The county deposits may be in the form of checking accounts, savings accounts, and time deposits. Public funds may be invested in eligible investment securities having a maturity of not longer than 5 years from the date of acquisition unless, as documented at the time of acquisition, the investment is to fund or support a specific purpose and there are no expectations that the investment will be sold before maturity; an Arkansas bank certificate of deposit; an account established by a local government joint investment trust; or an Arkansas financial institution repurchase agreement for eligible investment securities in which the seller agrees to repurchase the investment at a price including interest earned during the holding period as determined by the repurchase agreement.

NOTE 4: Public Fund Investments

A summary of investments by fund types is as follows:

	Dece	mber 31, 2017
Fund Type	F	air Value
General Fund	\$	6,146,560

Investments are reported at fair value. Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurement and Application establishes a hierarchy based on the valuation assumptions used to measure the fair value of the asset as follows:

- Level I quoted prices in active markets for identical assets.
- Level II significant other observable assumptions (e.g., quoted prices for similar instruments in active
 or inactive markets, etc.)
- Level III significant unobservable assumptions (i.e., prices or valuations using unobservable techniques supported by little or no market activity)

The County's investments are composed of the following:

<u>December 31, 2017</u>	Othe	r Observable		
		Inputs		
Investment Type	Level II			
Mortgage Backed Government CMO Securities	\$	6,146,560		

U.S. Government, mortgage-backed bonds are valued at fair value using quoted market prices from third parties that use, as their basis readily observable market inputs, such as yields on similar instruments with comparable inputs. As a result, these were classified as Level II inputs.

Interest Rate Risk – Interest rate risk in the risk that changes in interest rates will adversely affect the fair value of investments. Also, investments can be highly sensitive to change in interest rates due to their terms of characteristics. The County does not have a formal investment policy that limits investments as a means of managing its exposure to fair value losses arising from increased interest rates. The investments above matures within five years.

NOTE 4: Public Fund Investments (Continued)

Mortgaged Backed Securities – As of December 31, 2017, the County held mortgage backed securities with a fair value of \$6,146,560. The overall return or yield on mortgage backed securities depends on the amount of interest collected over the life of the security and the change in the market value. Although, the County will receive the full amount of principal if prepaid, the interest income that would have been collected during the remaining period to maturity, net of any market adjustment is lost. Accordingly, the yields and maturities of mortgage backed securities generally depend on when the underlying mortgage loan principal and interest are repaid. If market rates fall below a mortgage loan's contractual rate, it is generally to the borrower's advantage to repay the existing and obtain new lower financing. In addition to changes in interest rates, mortgage loan prepayments depend on other factors such as loan types and geographic location of the related properties. At December 31, 2017, the County held no mortgage backed securities that were considered as highly sensitive to changes in interest rates.

Other Funds in the Aggregate transferred \$2,200,000 to the General Fund in excess County Recorder's Cost Fund.

NOTE 14: Jointly Governed Organization

Benton County Solid Waste District

Benton County and the Cities in Benton County entered into an agreement pursuant to Ark. Code Ann. § 8-6-723, creating the Benton County Solid Waste District (BCSWD). The BCSWD was established in an effort to adequately, reliably, and economically dispose of the Cities' and County's solid waste. The majority of funding for the BCSWD comes from user fees and operating grants. Payments totaling \$96,682 were made to the BCSWD during 2017 and future funding was agreed to be at the rate of \$.50 per capita of the County. Financial statements may be obtained at Benton County Solid Waste District, 5702 Brookside Rd., Bentonville, AR 72712.

Ozark Regional Transit, Inc.

The County participates in the Ozark Regional Transit, Inc. (ORT), a jointly governed organization. The ORT provides transit services among the various locations of its members. The majority of the ORT funding is through the Federal Transportation Administration (FTA), which includes both rural and urbanized area funding and local funding that is provided by members of ORT. FTA rural funding is provided through the Arkansas Highway and Transportation Department. Other participants include Washington and Madison Counties, as well as other entities within each of the counties. Benton County paid \$20,000 in 2017 to ORT for their share of the transportation benefits provided to its members. Financial statements may be obtained at Ozark Regional Transit, 2423 E. Robinson, Springdale, AR 72764.

NOTE 15: Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties and participation in a public entity risk pool. The amount of settlements, if any, has not exceeded the insurance coverage for each of the past three years. There were no significant reductions in insurance coverage in the major categories of risk from coverage in the prior year.

The County participates in the Association of Arkansas Counties Program (public entity risk pools) for coverage in the following areas:

Workers' Compensation - This program provides statutory benefits for losses incurred by County officials, employees, and volunteer fire fighters while performing work for the County. Rates for counties participating in this program are revised annually based on the cost experience of the particular county or group as determined by the Workers' Compensation Commission.

Vehicle Program

- A. Liability This program may pay all sums the County legally must pay as damages because of bodily injury, death, or property damage to which this agreement applies involving a covered county vehicle and for which the County is liable. The limit of payment by the program is \$25,000 for bodily injury per person, \$50,000 for bodily injury per accident, and \$25,000 for property damage per accident. The County shall pay into the program each year a charge established annually by the Risk Management Fund Board for covered county vehicles owned or leased by the County.
- B. Physical Damage This program covers vehicles (excluding mobile equipment) which are the property of the participating county. Property is valued at the full cost to repair or replace the property after deduction for depreciation. Loss amounts payable will be reduced by the deductible amount of \$500 per occurrence. The County agrees to pay into the program each year a service charge established annually by the Risk Management Fund Board for covered property.

NOTE 15: Risk Management (Continued)

General Liability Program - The program shall provide legal defense in civil rights suits against the county government of a participating county and pay judgments imposed on County officials and employees and the county government and county-formed boards and commissions. Coverage is limited to \$350,000 per case with an annual aggregate of \$350,000. The County agrees to pay into the program each year a rate established by the Risk Management Fund Board. Each county also agrees to pay the first \$500 of the aggregate cost for all expenses on each lawsuit.

The County also participates in the Self-Insured Fidelity Bond Program administered by the Governmental Bonding Board. This program covers actual losses sustained by the participating entity through any fraudulent or dishonest act or acts committed by any of the officials or employees, acting alone or in collusion with others, during the bond period to an amount not exceeding the lesser of \$300,000 or the amount of the bond. Premiums for coverage are determined by the State Risk Manager and approved by the Board. These premiums are paid by the State Treasurer from funds withheld from the County Aid Fund. There is a \$2,500 deductible per occurrence.

The County has mutual aid agreements with various cities' fire departments and rural volunteer fire departments in the County. Many of these departments are using County-owned fire trucks and other equipment. The County retains ownership to all of the equipment that is loaned to these departments. These departments are required to carry insurance coverage on all County-owned vehicles. These departments are using Association of Arkansas Counties Program (public entity risk pool), the Arkansas Municipal League Program (public entity risk pool), the Arkansas Public Entities Risk Management Association (public entity risk pool), and various private insurance companies.

NOTE 16: Arkansas Public Employees Retirement System

Plan Description

The County contributes to the Arkansas Public Employees Retirement System (APERS), a cost-sharing multiple-employer defined benefit pension plan. APERS, administered by a Board of Trustees, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for APERS. That report may be obtained by writing to Arkansas Public Employees Retirement System, 124 W. Capitol, Suite 400, Little Rock, Arkansas 72201, by calling 1-800-682-7377, or on their website www.apers.org.

Funding Policy

APERS has contributory and non-contributory plans. Contributory members are required by State law to contribute 5% of their salary. Each participating employer is required by State law to contribute at a rate established by the Board of Trustees of the system based on the annual actuarial valuation. The County's contributions to the plan for the year ended June 30, 2017 (date of APERS Employer Allocation Report) were \$3,728,290.

Net Pension Liability

The County's proportionate share of the collective net pension liability at June 30, 2017 (actuarial valuation date and measurement date) was \$36,866,252.

NOTE 17: Employees Self-Insured Benefits

The County participates in an Employee Self-Insured Benefit Plan. The County is required to maintain a benefit plan account which will be sufficient at all times to fund plan benefits and plan-related expenses. Insurance premiums collected through payroll deduction for employee, spouse, and dependent coverage, and cobra and retiree received totaled \$887,064. Health Insurance claims, administered by Blue Advantage, in the amount of \$4,960,248 were paid from this account and the County contributed \$4,212,185 to this account. As of December 31, 2017, this account had a deficit balance of \$18,627.

To safeguard against catastrophic claims loss, the County maintains an excess loss insurance policy (non-participating) with Sirius America Insurance Company that has the following features:

- 1. Aggregating Specific Deductible of \$75,000.
- 2. Specific Deductible Amount of \$150,000 per covered person.

NOTE 18: Subsequent Events

The County entered into a construction contract with SSI, Inc. on January 8, 2018, for the Benton County Juvenile Detention Center / Shelter Addition for \$289,000.

The County authorized the issuance of a promissory note to provide short-term financing under Amendment No. 78 in December 2017 for \$2,470,680 for the purchase of election equipment. The promissory note was dated January 29, 2018, and the \$2,470,205 principal plus 2.05% interest is to be repaid over 5 years.

The County authorized the issuance of a promissory note to provide short-term financing under Amendment No. 78 in October 2018 for \$2,000,000 for the purchase of radio equipment. The promissory note was dated November 30, 2018, and the \$2,000,000 principal plus 3.17% interest is to be repaid in 5 years.

On September 27, 2018, the Quorum Court approved Benton County Ordinance no. O-2018-40 to appropriate additional expenditures for the settlement of a lawsuit for the 2017 road sweeper accident claim. The County agreed to pay \$1,450,000 in settlement with Risk Management paying an additional \$50,000.

On June 22, 2017, a contract was signed with Hight Jackson Associates PA for architectural services for the Benton County Justice Center for \$122,500 for Phase I services and 7% of the cost of the work (minus a negotiated portion of Phase I) for Phase II services. In 2017, Phase I services of \$61,250 were disbursed to Hight Jackson Associates PA; and, in the subsequent period, \$1,321,250 of contracted services were disbursed.
