

DIY Maintenance Checklist

We have created an easy-to-follow checklist to help you keep your equipment in top-shape. Here are some key steps you can do daily to keep your mixer and undercounter dishwasher running efficiently.

Mixers

- ✓ Verify proper lubricant level.
- ✓ Lubricate slideways.
- ✓ Lubricate planetary seal.
- ✓ Verify agitator clearance.
- ✓ Inspect machine and accessories for damage.

Undercounter Dishwashers

- ✓ Pre-scrape food dishes thoroughly.
- ✓ Turn on Delime setting.
- ✓ Clean inside of unit regularly.
- ✓ Remove debris from bottom of tank.
- ✓ Air out unit at night, by leaving door open.
