NEW TILES IN TOWN

Did you know we added thousands of new products just in the last year? If you haven't caught up with all of them, we don't blame you. That's why we're devoting the second volume of our design book to our new and signature collections. And with the biggest tile selection in the United States, there's a lot to love.

From exclusive designs to advanced multifiring technology to more color choices than ever before, our new batch of tiles are some of the most exciting ever, allowing everyone to personalize their space with individual style.

There's no better way to experience the tile than seeing and touching it in-person. Visit your local showroom to get inspired.

DEGRADE AND MAIOLICA

The ombré trend, in which one color gradates into another lighter shade, has made its way onto tiles and into homes. The Degrade series consists of 8" x 24" ceramic tiles that gradate and vary in tone from light to dark, creating a very unique look. The grooved and textured surfaces add even more originality to walls as they reflect light and enhance the tile's color. Solid-colored Maiolica is the perfect complement to coordinate with all the shades of Degrade.

SPRING TIME

The Spring Time series is a refreshing way to warm up the walls and floors of a spa-like kitchen, bathroom or entryway. The soft, washed-out vibe derives from the tiles' calming mid-tone hues and matte finish. Faded yet engaging, this series provides the long-lasting durability and easy upkeep that you expect from a porcelain.

LAURA ASHLEY

Known for its feminine prints and quintessentially British style, Laura Ashley has grown into an iconic fashion, home furnishings and accessories brand in the 65 years since its founding. The Tile Shop has partnered with Laura Ashley to exclusively bring a splashback and ceramic tile collection to the USA. The large-format, tempered glass splashbacks are one-of-a-kind designer tiles that function as protective pieces behind stoves and sinks as well as stunning works of art. The 24" x 30" splashbacks feature intricate and bold prints in muted and metallic tones and patterns from the Laura Ashley archive, retaining the wink of whimsy that made the designer famous.

SWASHBUCKLER

If this tile reminds you of a statement-making belt buckle, you're not imagining things. The design of Swashbuckler was inspired by the shape of a belt, loop and buckle. This idea was then transformed into an abstract design consisting of concentric ovals in tonal greys and a central diamond design. Make a statement on your walls or floors with this unique encaustic tile.

HELMSLEY

This arabesque encaustic tile was inspired by a chain link design. With the addition of the black-and-white X pattern behind it, this tile presents an interesting juxtaposition of hard and soft lines in a neutral-yet-bold color palette. Use the Helmsley tile on its own for all-over pattern or with other arabesque encaustics to mix and match, and create a design all your own.

NARA

Inspired by the look of a knight's shield, create a medieval crest pattern that enlivens your floors and walls with the Nara encaustic tile. The bold geometric design in black, grey and white is complemented by the soft, feminine arabesque shape. Use Nara to create a boldly patterned design, or pair it with other encaustic arabesques to develop your own individual design.

MADemoisELLE AND MONSIEUR

Mademoiselle and Monsieur encaustic tiles bring the chic French style of bold patterns and soft lines to your home's walls and floors. Color schemes consisting of off-white, black and white accentuate the unique arabesque shapes, ensuring that these tiles stand out wherever they're used. The perfect complements to one another, pair Mademoiselle and Monsieur together for a bold checkerboard effect.

GOLD WIDOW

In the same spiderweb design as Blu Widow, the 8" Gold Widow Hex tile incorporates complementary colors to add a bold geometric pop to surfaces. Cobalt blue and golden yellow pair beautifully, perfect for adding the rich appeal of jewel tones to any room. The geometric design of this encaustic tile comes alive as a diamond motif lending modern appeal to your home.

BLU WIDOW

Inspired by the intricate natural beauty of a spiderweb, the 8" Blu Widow Hex tile transforms into a work of abstract art when it's installed on your walls or floors. Cobalt and sky blues naturally create a calming effect, perfect for spa-inspired bathrooms. The geometric design of this encaustic tile comes alive as a diamond motif, lending modern appeal to entryways, kitchens, bathrooms and more.

ROGUE HEX

The apparent simplicity of the Rogue Hex encaustic tile is deceptive. Inspired by tessellations, or repeated, close-fitting polygons, the diamonds and triangles on this hexagon tile can be flipped in different directions to create cubes and other geometric designs. Design a chic black-and-white accent wall or entryway floor with timeless style using 8" Rogue encaustics.

SOLID

This series of solid-colored encaustic tiles was created so that there's always something to perfectly coordinate with any patterned encaustic. Use these solid cement tiles on their own to make a monochromatic statement or mix and match with other solids and patterns to design a unique room. Even the solid colors of these wall and floor tiles will have natural variation and interest because they are hand mixed before being poured.

LONDON

England was the historic center of production for encaustic tiles and still has the greatest number of encaustic tile floors in existence today. The London series of porcelain tiles was inspired by these tile floors and evokes the feeling of London from years past. Available in a selection of dappled neutral colors as well as colorful, intricate patterns, the London series has the handmade look of traditional pigment-dyed cement tiles.

8x8 IN. | MATTE

AVENUE AND DECOR

Avenue and Decor is a unique series of eight decorative tiles in modern, neutral grey tones. Including both classically inspired, patterned tiles that can be placed together to create larger geometric and scroll designs as well as two neutral tiles that bring out the lighter and darker tones, this series adds interest and excitement in a timeless, neutral color. Mix and match Avenue and Decor to create any number of patterns, from checkerboard to tiled frames and borders. Imported from Spain, the collection is inspired by centuries-old, encaustic-look tiles, proving that some styles never fade.

Gravity Silver 12x47 in., 680782

GRAVITY SILVER

Modern, minimalistic and industrial, Gravity Silver adds a striking element to a contemporary design. The surface of these wall and floor tiles replicates the look of a patina, or oxidized metal, over a steel-colored base, beautifying spaces with its subtle sheen. Large-format or mosaic porcelain tiles with rectified edges finish any installation crisply.

SIBERIAN PEARL

Siberian Pearl is a classically beautiful white marble. The brushed finish of this stone brings out the icy-white background and pearl-grey and white movements on its surface, emphasizing the natural patterns the Siberian Pearl collection is known for. This brushed marble wall and floor tile collection, complete with trims and finishing pieces, is perfect for using together for a cohesively crisp and comfortable look.

ARCTIC WHITE

Sourced from only one quarry in the world, this Turkish marble is an extremely rare stone that is only available at The Tile Shop. For anyone who wants a unique stone look, it doesn't get much more exclusive than Arctic White. This marble is actually ivory in tone, providing a warmer, softer look for those that want to stay away from stark white marble. A brushed finish lends this collection an even softer, more modern and welcoming appearance. Bring out the warm tones of Arctic White by pairing it with other warm-toned tiles, such as wood look, natural pebbles and textured mosaics.

FIRENZE CARRARA

Marble tile is timeless for a reason, and the Firenze Carrara collection is a perfect example of why it's so beloved. Sourced directly from Italian quarries, these tiles are made of either polished or honed white stone with different shades of grey veining throughout. The variation in the coloring is part of what makes this stone so unique. Add elegance and style to kitchens and bathrooms with the truest expression of this high-quality stone that is a great value, too.

HAMPTON CARRARA

For an all-white look that's surprisingly cozy, Hampton Carrara marble is a gorgeous choice. Hints of grey and tan warm up this beautifully subtle stone and differentiate it from other white tiles. Create a soothing, monochromatic look using different sizes and shapes, or pair it with other collections so it functions as an anything-but-boring neutral. The marble shower, backsplash, wall or floor you've been dreaming about is within reach with the Hampton Carrara collection.

MILAS LILAC

Milas Lilac is truly a one-of-a-kind stone collection. Quarried from one of the most beautiful parts of Turkey and fabricated in the Turkish mountains, this unique white marble with purple veining has made the journey from across the world to be at The Tile Shop. A beautiful, crystallized white marble in its own right, the real showstopper of this stone is the purple veining running throughout. The polished finish of this collection of tiles only serves to accentuate its striking lilac color further.

ROSSO MARQUINA

The exotic Rosso Marquina collection is quarried in the far eastern region of Turkey and fabricated in a beautiful, fertile river valley. This journey is just part of what makes this stone so rare. In a stunning, burgundy-red color with white veining and mineral deposits that deepen the color, this polished marble tile adds unique color and style to walls and floors.

BUCAK

The Bucak collection is a versatile favorite with its sandy-brown color, smoky-white highlights and subtle, warm-brown veining. Due to its low color variation, this travertine tile is a reliable choice for tiling large areas and high-traffic spaces like a living room, kitchen, entry or bathroom. The option of honed or polished finishes lend unique lusters to this natural stone tile.

DOT AC

Large format and texture come together in the Dot AC ceramic wall tile series. A unique three-fire technique that isn't found anywhere else in the world is used to create the surface texture and sparkly appearance of these 18" x 35" tiles from Brazil. Dot Dark, Inox, Light and Rose Gold go through three separate firings that establish the body, the base color and the textured dots of the tiles, respectively. The hint of shine comes from a reactive glaze applied to the surface.

MOS METALICA

24x24 IN. | MIXED

Mos Metalica is inspired by natural cloth material to bring a handcrafted and traditional vibe into a floor or wall space. The porcelain large-format 24" x 24" tiles create an artisanal look, drawing from a color palette of metallic blues and brown accents.

Mos Metalica 24x24 in., 667890

METALICA

Metalica has to be touched and seen to be believed. A 3-D textured illusion is created with geometric and organic patterns made from high-gloss metallic materials. This technique replicates an artisan embroidering of metal wires. The large-format 18" x 35" ceramic wall tiles are available in either silver, gold or light gold and in four original designs.

PATCHWORK

The trend in patchwork, mix-and-match tiles, originating in Europe, has made its way to America, and the bold, patterned looks are a refreshing new option for walls. In an assortment of ten different faces, these Brazilian ceramic tiles offer a uniquely masculine look as well as geometric shapes, a metallic quality and the illusion of dimension. Patchwork Black AC favors the bold, creating exciting rock-and-roll vibes with its unique patterns.

EFFECT

The latest advances in tile technology are to thank for the stand-out designs that take the ceramic Effect series to another dimension. A third firing and digitally printed glaze create the delicate lace-inspired and contemporary linear designs on the faces of the tiles that can be installed in a random pattern to create a patchwork look. Play with contrasting colors for bold effect or create the element of surprise with a monochromatic, textured installation.

PATCH ART

When you're seeking a stand-out design, opt for a tile that plays with texture and finish to add another dimension. Patch Art 7" x 7" ceramic wall tiles have matte backdrops topped with glazed patterns on the surface created by an unusual additional firing in the tiles' creation process. The random glossy patterns are set off by the contrasting finish of the background, adding up to one-of-a-kind works of art.

PIXEL AC

Based on the designs of tufted upholstery and woven fabric, Pixel brings a detailed intricacy to tile. Metallic designs pop in relief against matte backgrounds, juxtaposing finish and texture. Play with the different faces of this series to bring an authentic artistic quality to your space.

11x11 IN. | MATTE

TEAR

If the Tear series brings to mind the woven patterns of fabric, you have guessed the motivation behind the designs on these tiles. Tear (pronounced tay-ar) is the Portuguese word for "loom." Channel artisan, handmade yarn crafts using a ceramic tile with a metallic twist that elevates the entire look on the walls and floors of your home. These 7" x 7" tiles present a handmade-look surface of metallic gold or silver lines in relief on a black or white background.

NATURAL STONE TRIM & ACCESSORIES

Layering trim and profile pieces can make every tile design better by adding dimension and interest; it shows that the design has been thoughtfully curated and has the finishing touches that elevate the space from basic to beautiful.

CHAIR RAILS/FRAMING

Chair rails and frames finish a tile installation with added interest and detail, making it feel complete and designer. Uses include accent chair rails, a wainscoting effect, countertop edges, crown molding, framing a feature wall and being used instead of a bullnose tile.

TILE PURCHASING AGREEMENT

The product you are purchasing is either a natural stone product quarried and cut from stone quarries, clay tile or other product processed and manufactured to achieve certain effects of color and texture.

You understand and agree that stone is a natural product subject to variations in size, color, shade, veining, texture and polish. These variations are what make natural stone unique.

All stone samples are provided by the manufacturer and are intended to convey the characteristics of a certain type of stone, but variations will occur.

You understand that the product's conformity to a sample is not assured and is not the basis of the Sales Agreement.

Although manufactured and processed tiles may be more uniform, they can also have variations in color and texture. In addition, the color of any sample may display differently when large amounts of the color are visible.

Where sales taxes are applicable, all orders are subject to the taxes in the location where the customer picks up/receives the order.

TILE SPECIFICATION SHEETS

Technical data for porcelain and ceramic tiles is available to view and download on our website. If the product you wish to obtain a tile specification sheet for is not listed, we do not currently have it available.

An informational glossary is available as a reference for the technical data listed on our tile specifications sheets that further explains the different tests and standards that are provided for our porcelain and ceramic tiles.

Natural stone is not manufactured; it is a product of nature. For this reason, it is not tested the same as porcelain and ceramic tiles. Test results will not be available for natural stone products such as travertine, limestone, marble, onyx or slate. For specific questions about natural stone, please reference our Information and resources web pages, or contact a Tile Shop customer service representative for additional information.

RETURN POLICY

If you are dissatisfied with the product for any reason, you must promptly notify the product sales representative of The Tile Shop in order to receive a full credit of the purchase price and the return of the product.

A refund with no restocking fees will be issued for full boxes of current tile returned in good box condition within 90 days of the date product was received.

Sealed liquid products and setting materials may be returned within 90 days of the date the product was received.

No returns allowed on discontinued or special order items.

Once the product is installed it may not be returned under any circumstances. It is important that you understand that once the product is installed you are accepting the product without recourse.

You may return online purchases to your local Tile Shop showroom or contact a customer service representative for return shipping instructions.

Delivery/freight is nonrefundable.
