BYRON & BYRON

DECORATIVE DRAPERY HARDWARE CATALOG

Over the years Byron & Byron has developed a unique style and look with our decorative hardware collections. Most of this has been achieved by uniquely balanced designs and shapes, and even more so by the applied finishes.

It is often asked, "Why are Byron & Byron's finishes so unique?" Because of my family tradition of craftsmanship, I was introduced early on in my life to classical and exotic surface finishes applied to wood furniture and accessories. I believe I gilded my first piece of furniture at the tender age of 8 years old! That was a long time ago, and along the way I have continued to build on the skill that was passed on to me by my forebears.

As I grew up I became more involved in the business and grew more knowledgeable about the market, I realized that I could be even more innovative and develop a completely new range of accessories in a field where there had been very little advancement since Louis XV and Queen Victoria. So a unique range of poles, with finishes that belonged to high European and English furniture, began life in earnest. Thirty years later, we are still manufacturing those early finishes and hundreds of new ones for discerning customers. Our range has developed exponentially and our manufacturing method has managed to develop and keep pace with demand for the goods, without losing that very special touch of a handcrafted product.

I hope the enclosed technical information will help you to understand our products and thus sell them more easily.

What you are being given is a unique collection of decorative drapery hardware which is second to none for classic finishes and design. These are not just curtain hanging systems, they are functioning art. Take time to understand them well, both aesthetically and technically and it will bring you excellent results.

Orazio Gualtieri

1 3/8" - 35 mm, 1 3/4" - 45 mm, 2 1/8" - 55 mm

ACRYLIC, STAINED WOOD, PAINTED GLOSS WOOD & METAL ACCENTS

Inspired by the post-modern era, Halo is a collection of contemporary finial styles offered in three different materials: beautiful clear acrylic, warm washed wood and high gloss color. All styles are available with chrome, copper or burnished brass options to complement any interior. Intended to mix and match, Halo offers an unlimited selection of design options.

HALO ACRYLIC

HALO ACRYLIC

Simple and dramatic, this collection offers both solid and hollow acrylic poles. Chrome, copper and burnished brass accent the four sophisticated finial styles. Halo Acrylic can be combined with the Halo Washed Wood and Halo Gloss collections to create even more unique designs. This one of a kind collection will elevate the interior of any room.

HALO WASHED WOOD

HALO WASHED WOOD

The warmth of washed wood juxtaposed with modern metal accents creates a fresh, contemporary effect. Halo Washed Wood offers the same minimalist finial designs as Halo Acrylic, but in five washed wood finishes, offering a modern organic design for interiors. This collection can also be combined with Acrylic for another unique contemporary option.

HALO GLOSS

Saturated in color, the Halo Gloss collection offers the same finial shapes as the other Halo collections, but in a rich array of painted high gloss shades. The palette ranges from bright and bold hues to warm and cool neutrals, all available with chrome, copper or burnished brass accents. Halo Gloss can also be combined with the other Halo collections to create endless versatility.

BARNWOOD

1 3/8" - 35 mm, 1 3/4" - 45 mm, 2 1/8" - 55 mm

STAINED & PAINTED WOOD

Inspired by the organic aging process of wood, this collection combines the clean lines of contemporary design with a warm Arcadian aesthetic. Hand finished by experienced craftsmen in England, each piece is produced using the finest timbers. Showcasing five finial designs in eight unique finishes, Barnwood captures the warmth and simplicity so prominent in today's interiors.

RUSTICA

1 3/8" - 35 mm, 1 3/4" - 45 mm, 2 1/8" - 55 mm

STAINED SOLID WOOD

Harkening from provincial inspiration, Rustica is created from the finest woods in five rich stained finishes. The timbers and finishes were selected together to create the most ideal effect. English Oak is made from solid oak timber and Limed Oak, Burnt Oak, Toasted Oak and Smoked Oak are produced from ash timber. The simplified classic finial shapes lend themselves to an array of interiors, from the French farmhouse kitchen to an English country cottage and beyond.

Handwritten text on a small black tag, likely identifying the items or their origin.

ROMANTIC FLORAL

1 3/8" - 35 mm, 1 3/4" - 45 mm, 2 1/8" - 55 mm

PAINTED WOOD & RESIN

Featuring the same five finial designs as Neon Floral, the Romantic Floral collection showcases eight gorgeous, hand painted finishes. The exquisite details of the floral designs are highlighted by the ornate metallic finish, creating a rich and glamorous feel to the window.

BESPOKE

1 3/8" - 35 mm, 1 3/4" - 45 mm, 2 1/8" - 55 mm

GOLD AND SILVER LEAF, PAINTED & STAINED WOOD

The Bespoke collection reflects a traditional and classic aesthetic featuring 16 finial designs. The distinctive 18 finishes range from elegant stained woods to opulent gilt surfaces. The high level of craftsmanship is further showcased by the ability to add bespoke detailing in Gilt, Silver, and Black to finials, brackets and holdbacks offering endless design options.
