Get ready to unfold your world

Galaxy Z Fold3 5G

Unfold a better workstation

Easy as 1, 2, 3 things at once.

Split the large screen into three apps at once, then open five more via pop-up. Your phone delivers PC-like productivity but folds in your palm for portability. It even works seamlessly with your Microsoft® apps, allowing you to unfold a better workstation and conquer that to-do list in no time.

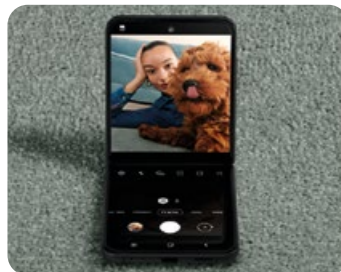

The first S Pen on a foldable.

Optimized for Galaxy Z Fold3 5G, the new S Pen² Fold Edition makes it easy to stay productive. Jot down your ideas and share them in real time while on a video call, or markup a presentation before dragging it into an email. The S Pen elevates working on the folding screen to whole new levels.

Designed to flex with any lifestyle.

Folds into your pocket. Tucks into your purse. Slips into your skinniest jeans. Then you can take it out and it flips open into a full-screened 5G smartphone.

Change how you capture.

Why settle for same old selfies? Z Flip3's folding form factor turns almost anything into a tripod. It's a steady hand build-in. Just put it in Flex Mode, set it on a surface and record hands-free.

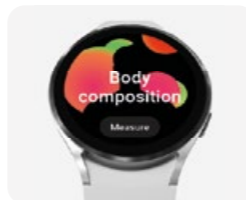

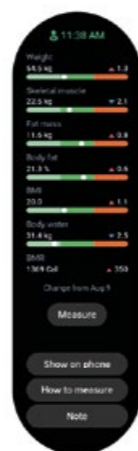

Galaxy Z Flip3 5G
