

Retaining Walls that Last

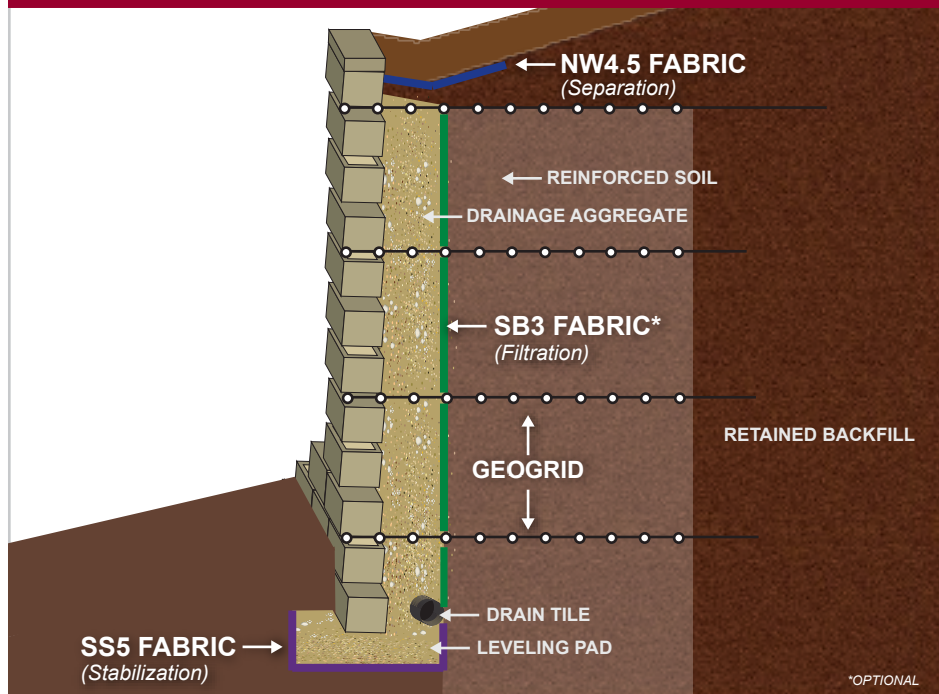

SRW
PRODUCTS

solid solutions to better hardscapes

SRW Products has the tools you need to build strong, long-lasting retaining walls

One cause of wall failure is poor drainage resulting in saturated soil and frost heaving. SRW offers landscape fabric, geogrid, adhesive and many other professional products and tools to create strong retaining walls.

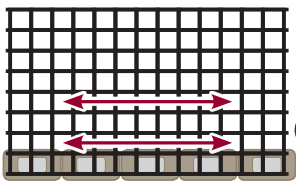

SAMPLE HOW-TO BUILD A RETAINING WALL**

**For illustration purposes only. Consult an engineer before building.

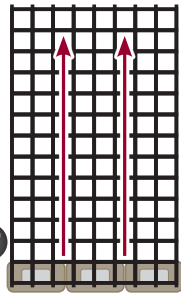

HOW-TO INSTALL GEOGRID

SRW Universal and 3 Series Grid are bi-directional

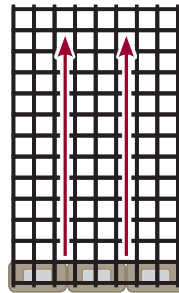

Bi-Directional - Parallel

OR

Bi-Directional - Perpendicular

SRW 5-10 Series Grid are uni-directional

Uni-Directional - Perpendicular

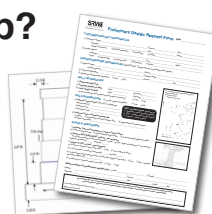

HOW-TO APPLY ADHESIVE

Optimal drainage pattern

Need Help?

SRW Products offers free preliminary wall designs. See reverse for more details.

Retaining Wall Products

SRW ADHESIVE

Secure retaining wall caps permanently with SRW Adhesive.

GEOGRID

Build strong, long-lasting retaining walls with Geogrid.

LANDSCAPE FABRIC

Add stability, separation and prevent soil migration with SRW SS5, NW4.5 & SB3.

RWX SEALER

Protect walls from freeze/thaw, chemicals and road spray damage.

STAMPED ENGINEERING

Obtain stamped engineering for less than \$500 with HTS! See reverse side for more details.

Wall Engineering for under \$500

Save big! Stamped Engineering* in as little as 7 days!

Building codes often require a building permit and structural wall design prepared by a qualified engineer for retaining walls as short as 2' in exposed height. Requirements will vary but Hardscape Technical Solutions makes this process quick and easy!

What You Do

- ▶ Obtain soil sample or soil report, site photos and wall sketches
- ▶ Send Request Form with samples, photos and sketches to us

Download request form today!

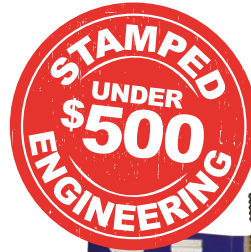

Scan code for:
Stamped Engineering Form
<http://bit.ly/stampedform>

What We Do

- ▶ Review your request
- ▶ Send your wall project to an HTS certified engineer

What You Get

- ▶ The Pros Guide: step-by-step instructions for the specific retaining wall unit
- ▶ Stamped table page and letter from engineer
- ▶ Geogrid and fabric samples

Complete Engineering Packet

*May apply to walls that are 8' and under.

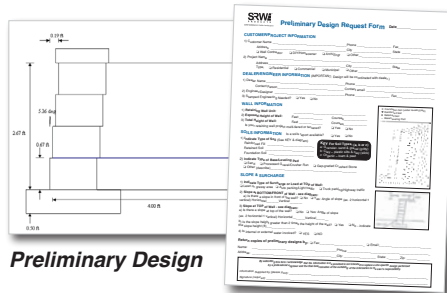

FREE PRELIMINARY DESIGNS

Take the guesswork out of retaining wall estimates.

Free designs will help your contractors prepare accurate estimates using SRW products. Contact your Territory Manager for more details.

Free Preliminary Designs Include:

- ▶ Exposed/total height designs
- ▶ Installation guidelines
- ▶ Material estimates
