Section I – Purpose Statement

The purpose of this document is to assist the provider community in understanding and complying with the New York State Medicaid (NYS Medicaid) requirements and expectations for:

- Billing and submitting [claims](#).
- Interpreting and using the information returned in the Medicaid Remittance Advice.

This document is customized for Child Care providers and should be used by the provider's billing staff as an instructional as well as a reference tool.

Section II – Claims Submission

Child Care providers can submit their claims to NYS Medicaid in electronic or paper formats.

Electronic Claims

Pursuant to the Health Insurance Portability and Accountability Act (HIPAA), Public Law 104-191, which was signed into law August 12, 1996, the NYS Medicaid Program adopted the HIPAA-compliant transactions as the sole acceptable format for electronic claim submission, effective November 2003.

Child Care providers who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Institutional (837I) transaction. In addition to this document, direct billers may also refer to the sources listed below to comply with the NYS Medicaid requirements.

- HIPAA 837I Implementation Guide (IG) – A document that explains the proper use of the 837I standards and program specifications. This document is available at www.wpc-edi.com/hipaa.
- NYS Medicaid 837I Companion Guide (CG) – A subset of the IG, which provides instructions for the specific requirements of NYS Medicaid for the 837I. This document is available at www.emedny.org.
 - ✓ Select **NYHIPAADESK** from the menu

Click on **eMedNY Companion Guides and Sample Files**

- ✓ Look for the box labeled “837 Institutional Health Care Claim Transaction” and click on the link for the **837 Institutional Companion Guide**
- NYS Medicaid Technical Supplementary Companion Guide – This document provides technical information needed to successfully transmit and receive electronic data. Some of the topics put forth in this CG are testing requirements, error report information, and communication specifications. The Technical Supplementary CG is available at www.emedny.org.

 - ✓ Click on **eMedNY Companion Guides and Sample Files**
 - ✓ Look for the box labeled “Technical Guides” and click on the link for the **Technical Supplementary CG**

Pre-requirements for the Submission of Electronic Claims

Before being able to start submitting electronic claims to NYS Medicaid, providers need the following:

- An Electronic Transmitter Identification Number (ETIN)
- A Certification Statement
- A User ID and password
- A Trading Partner Agreement
- Testing

ETIN

This is a four-character submitter identifier, issued by the NYS Medicaid Fiscal Agent, Computer Sciences Corporation (CSC), upon application and that must be used in every electronic transaction submitted to NYS Medicaid. ETINs may be issued to an individual provider or provider group (if they are direct billers) and to service bureaus or clearinghouses.

ETIN applications are available at www.emedny.org.

- ✓ Click on **Provider Enrollment Forms** under “Information”
- ✓ Click on **Electronic Transmitter Identification Number**

Certification Statement

All providers, either direct billers or those who billed through a service bureau or clearinghouse, must file a notarized Certification Statement with NYS Medicaid for each ETIN used for the electronic billing.

The Certification Statement is good for one year, after which it needs to be renewed for electronic billing continuity under a specific ETIN. Failure to renew the Certification Statement for a specific ETIN will result in claim rejection.

The Certification Statement is available at www.emedny.org together with the ETIN application.

User ID and Password

Electronic submitters need a user ID and password to access the NYS Medicaid eMedNY system through one of the communication methods available. The user ID and password are issued to the submitter at the time of enrollment in one of the

communication methods.

Trading Partner Agreement

This document addresses certain requirements applicable to the electronic exchange of information and data associated with health care transactions. The NYS Medicaid Trading Partner Agreement is available at www.emedny.org.

- ✓ Select **NYHIPAADESK** from the menu
- ✓ Click on **Registration Information Trading Partner Resources**
- ✓ Click on **Trading Partner Agreement**

Testing

Direct billers (either individual providers or service bureaus/clearinghouses that bill for multiple providers) are encouraged to submit production tests to CSC before they start submitting Medicaid claims for the first time after enrollment or any time they update their systems or start using a new system. This testing will assist providers in identifying errors in their system and allow for corrections before they submit actual claims. Information and instructions regarding testing are available at www.emedny.org.

Under **Information**:

- ✓ Click on **NYHIPAADESK**
- ✓ Click on **eMedNY Companion Guides and Sample Files**
- ✓ Under **Technical Guides**, click on **eMedNY Provider Testing User Guide**

Communication Methods

The following communication methods are available for submission of electronic claims to NYS Medicaid:

- eMedNY eXchange
- FTP
- CPU to CPU
- eMedNY Gateway

eMedNY eXchange

The eMedNY eXchange works like email; users are assigned an inbox and they are able to send and receive transaction files in an email-like fashion. Transaction files are attached and sent to eMedNY for processing and the responses are delivered to the user's inbox so they can be detached and saved on the user's computer. **For security reasons, the eMedNY eXchange is accessible only through the eMedNY website www.emedny.org.**

Access to the eMedNY eXchange is obtained through an enrollment process. Procedures and instructions regarding how to enroll in the eMedNY eXchange are available at www.emedny.org.

Under **Information**:

- ✓ Click on **NYHIPAADESK**
- ✓ Click on **eMedNY Companion Guides and Sample Files**
- ✓ Under **Technical Guides**, click on **eMedNY Provider Testing User Guide**
- ✓ On the Table of Contents, click on **Overview**
- ✓ Scroll down to **Access Methods**

FTP

FTP allows for direct or dial-up connection.

CPU to CPU

This method consists of an established direct connection between the submitter and the processor and it is most suitable for high volume submitters.

eMedNY Gateway

This is a dial-up access method. It requires the use of the User ID assigned at the time of enrollment and a password.

Note: For questions regarding FTP, CPU to CPU or eMedNY Gateway connections, call CSC-Provider Enrollment Support at 800-343-9000.

ePACES

Additionally, NYS Medicaid provides, free of charge, a HIPAA-compliant web-based application that is customized for specific transactions, including the 837I. ePACES, which is provided free of charge, is ideal for providers with small-to-medium claim volume.

To take advantage of ePACES, providers need to follow an enrollment process, which is

available at www.emedny.org. Providers who enroll in ePACES will be automatically enrolled in eMedNY eXchange.

The requirements for using ePACES include:

- An ETIN and Certification Statement should be obtained prior to enrollment
- Internet Explorer 4.01 and above or Netscape 4.7 and above
- Internet browser that supports 128-bit encryption and cookies
- Minimum connection speed of 56K
- An accessible email address

The following transactions can be submitted via ePACES:

- 270/271 - Eligibility Benefit Inquiry and Response
- 276/277 - Claim Status Request and Response
- 278 - Prior Approval/Prior Authorization/Service Authorization Request and Response
- 837 - Dental, Professional and Institutional Claims

Paper Claims

Child Care providers who choose to submit their claims on paper forms must use the CMS standard **UB-92** claim form. A link to this form appears at the end of this subsection.

General Instructions for Completing Paper Claims

Since the information entered on the claim form is captured via an automated data collection process (imaging), it is imperative that it be legible and placed appropriately in the required fields. The following guidelines will help ensure the accuracy of the imaging output.

- All information should be typed or printed.
- Alpha characters (letters) should be capitalized.
- Numbers should be written as close to the example below as possible:

Child Care Billing Guidelines

1 2 3 4 5 6 7 8 9 0

- Circles (the letter O, the number 0) must be closed.
- Avoid unfinished characters. For example:

Written As	Intended As	Interpreted As										
<table border="1" style="display: inline-table; border-collapse: collapse;"> <tr> <td style="width: 20px; height: 20px;"></td> <td style="width: 20px; height: 20px;"></td> <td style="width: 20px; height: 20px; text-align: center;">6.</td> <td style="width: 20px; height: 20px; text-align: center;">0</td> <td style="width: 20px; height: 20px;"></td> </tr> </table>			6.	0		6.00	<table border="1" style="display: inline-table; border-collapse: collapse;"> <tr> <td style="width: 20px; height: 20px;"></td> <td style="width: 20px; height: 20px;"></td> <td style="width: 20px; height: 20px; text-align: center;">6.</td> <td style="width: 20px; height: 20px; text-align: center;">6</td> <td style="width: 20px; height: 20px; text-align: center;">0</td> </tr> </table> → Zero interpreted as six			6.	6	0
		6.	0									
		6.	6	0								

- When typing or printing, stay within the box and within the hash marks where provided; ensure that no characters (letters or numbers) touch the claim form lines. For example:

Written As	Intended As	Interpreted As		
<table border="1" style="display: inline-table; border-collapse: collapse;"> <tr> <td style="width: 20px; height: 20px; text-align: center;">2</td> </tr> </table>	2	2	<table border="1" style="display: inline-table; border-collapse: collapse;"> <tr> <td style="width: 20px; height: 20px; text-align: center;">7</td> </tr> </table> → Two interpreted as seven	7

- Characters should not touch each other. Example:

Written As	Intended As	Interpreted As		
<table border="1" style="display: inline-table; border-collapse: collapse;"> <tr> <td style="width: 20px; height: 20px; text-align: center;">23</td> </tr> </table>	23	23	<table border="1" style="display: inline-table; border-collapse: collapse;"> <tr> <td style="width: 40px; height: 20px; text-align: center;">illegible</td> </tr> </table> → Entry cannot be interpreted properly	illegible
23				
illegible				

- Do not write between lines.
- Do not use arrows or quotation marks to duplicate information.
- Do not use the dollar sign (\$) to indicate dollar amounts; do not use commas to separate thousands. For example, three thousand should be entered as 3000, not as 3,000.
- For writing, it is best to use a felt-tip pen with a fine point. Avoid ballpoint pens that skip; do not use pencils, highlighters, or markers. Only blue or black ink is acceptable.
- If entering information through a computer, ensure that all information is aligned properly, and that the printer ink is dark enough to provide clear legibility.
- Do not submit claim forms with corrections, such as information written over correction fluid or crossed-out information. If mistakes are made, a new form should be used.

- Separate forms using perforations; do not cut the edges.
- Do not fold the claim forms.
- Do not use adhesive labels (for example, address labels); do not place stickers on the form.
- Do not write or use staples on the bar-code area.

If submitting multiple claim forms, they may include up to 100 forms per batch. Use paper clips or rubber bands to hold the claim forms in each batch together. Do not use staples.

For mailing completed claim forms, use the self-addressed envelopes provided by CSC for this purpose. For information on how to order envelopes please refer to the **Inquiry** section of the manuals, under “Information for All Providers” on this web page. The address for submitting claim forms is:

**COMPUTER SCIENCES CORPORATION
P.O. Box 4601
Rensselaer, NY 12144-4601**

UB-92 Claim Form

[Claim Sample-UB92R-Child Care](#)

General Information About the UB-92 Form

The UB-92 HCFA-1450 is a CMS standard form; therefore CSC does not supply it. These forms can be obtained from any of the national suppliers.

The UB-92 Manual (National Uniform Billing Data Element Specifications as developed by the National Uniform Billing Committee – Current Revision) should be used in conjunction with this Provider Manual as a reference guide for the preparation of claims to be submitted to NYS Medicaid.

The UB-92 Form Locators listed below have no NYS Medicaid application; therefore instructions for these fields are not provided in this document.

Form Locators

2, 5, 10, 11, 13, 16-18, 20, 21, 23, 31, 36, 38, 44, 45, 48, 49, 52-59, 61, 62, 64-66, 76-81, and 84.

Billing Instructions for Child Care Services

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for Child Care providers. Although the instructions that follow are based on the UB-92 paper claim form, they are also intended as a guideline for electronic billers who should refer to these instructions for finding out what information they need to provide in their claims, what codes they need to use, etc.

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pending, or denied.

Field-by-Field (UB-92) Instructions

PROVIDER NAME, ADDRESS, AND TELEPHONE NUMBER (Form Locator 1)

Enter the billing provider's name and address.

Note: It is the responsibility of the provider to notify Medicaid of any change of address or other pertinent information within 15 days of the change. For information on where to direct address change requests please refer to Information for All Providers, Inquiry section.

PATIENT CONTROL NO. (Form Locator 3)

For record-keeping purposes, the provider may choose to identify a recipient by using an office account/patient control number. This field can accommodate up to 20 alphanumeric characters. If an office account/patient control number is indicated on the claim form, it will be returned on the Remittance Advice. Using an office account/patient control number can be helpful for locating accounts when there is a question on recipient identification.

TYPE OF BILL (Form Locator 4)

Completion of this field is required for all provider types. All entries in this field must contain three digits. Each digit identifies a different category as follows:

- 1st digit – Type of Facility
- 2nd digit – Bill Classification
- 3rd digit – Frequency

Type of Facility

Child Care providers should use code **8** in the first position of this field to indicate the type of facility.

Bill Classification

Using the UB-92 Manual, Form Locator 4, Bill Classification category, select the code that best describes the type of service being claimed.

Frequency - Adjustment/Void Code

New York State Medicaid uses the third position of this field **only** to identify whether the claim is an original, a replacement (adjustment), or a void.

- If submitting an original claim, enter **0** (zero) in the third position of this field.

Example:

4 TYPE OF BILL
8X0

- If submitting an adjustment (replacement) to a previously paid claim, enter **7** in the third position of this field.

Example:

4 TYPE OF BILL
8X7

- If submitting a void to a previously paid claim, enter **8** in the third position of this field.

Example:

4 TYPE OF BILL
8X8

STATEMENT COVERS PERIOD FROM/THROUGH (Form Locator 6)

- If billing for **one date of service**, enter the date in the FROM box. The THROUGH box may contain the same date or may be left blank.
- If billing for **a period of service**, enter the first service date of the period in the FROM box and the last service date in the THROUGH box. The first and last service dates must be within the same calendar month.

Dates must be entered in the format MMDDYYYY.

Notes:

- **Claim must be submitted within 90 days of the THROUGH date (last date) entered in this field.**
- **Do not include full days covered by other third-party insurers as part of the period of service.**
- **The UB-92 form can accommodate only one billing period (From – Through). Therefore, when there is a need to report different information, such as additional rate codes or patient status codes, a separate UB-92 form must be completed.**

COV D. [COVERED DAYS] (Form Locator 7)

Enter the total number of full days claimed as reimbursable at the per diem Medicaid rate.

N-CD. [NON-COVERED DAYS] (Form Locator 8)

Enter the number of full days not reimbursable by Medicaid or other third parties. This does not include full days covered by other third-party insurers. If not applicable, leave blank.

Note: Non-covered days are those days occurring within the service period on which the medical per diem cannot be claimed, such as days in the Inpatient Hospital setting.

C-ID. [COINSURANCE DAYS] (Form Locator 9)

Leave this field blank.

PATIENT NAME (Form Locator 12)

Enter the patient's last name followed by the first name as they appear on the Child Care Roster.

BIRTHDATE (Form Locator 14)

Enter the patient's birth date as indicated on the Child Care Roster. The birth date must be in the format MMDDYYYY.

Example: Mary Brandon was born on March 5, 1999. Enter the birth date as 03051999.

SEX (Form Locator 15)

Enter **M** for male or **F** for female to indicate the patient's sex.

ADMISSION TYPE (Form Locator 19)

Leave this field blank.

STAT [PATIENT STATUS] (Form Locator 22)

This field is used to indicate the specific condition or status of the recipient as of the last date of service indicated in Form Locator 6. Select the appropriate code (except for 43 and 65) from the UB-92 manual.

Note: Use code 30 to indicate that the child is still a patient.

CONDITION CODES (Form Locators 24–30)

Leave this field blank.

OCCURRENCE CODE/DATE (Form Locators 32–35)

Leave this field blank.

OCCURRENCE SPAN/DATE (Form Locator 36)

Leave this field blank.

UNLABELED [Transaction Control Number (TCN)] (Form Locator 37 A, B, C)

If submitting an **Adjustment** (Replacement) or a **Void** to a previously paid claim, this field must be used to enter the **TCN** assigned to the claim to be adjusted or voided. The TCN is the claim identifier and is listed in the Remittance Advice. If a TCN is entered in this field, the third position of Form Locator 4, Type of Bill, must be 7 or 8.

The TCN must be entered in the line (A, B, or C) that matches the line assigned to Medicaid in Form Locators 50 and 51. If the TCN is entered in lines B or C, the word **NONE** must be written on the line(s) **above** the TCN line.

When submitting an original claim, leave this field blank.

Adjustments

An adjustment is submitted to correct one or more fields of a previously paid claim. Any field, except the **Provider ID number** or the **Patient's Medicaid ID number**, can be adjusted. The adjustment must be submitted in a new claim form (copy of the original form is unacceptable) and all applicable fields must be completed. An adjustment is identified by the value **7** in the **third position of Form Locator 4**, Type of Bill, and the claim to be adjusted is identified by the TCN entered in this field (Form Locator 37).

Adjustments cause the correction of the adjusted information in the claim history records as well as the cancellation of the original claim payment and the re-pricing of the claim based on the adjusted information.

Voids

A void is submitted to nullify a paid claim. The void must be submitted in a new claim form (copy of the original form is unacceptable) and all applicable fields must be completed. A void is identified by the value **8** in the **third position of Form Locator 4**, Type of Bill, and the claim to be voided is identified by the TCN entered in this field (Form Locator 37).

A void causes the cancellation of the original claim history records and payment.

VALUE CODES (Form Locators 39–41)

NYS Medicaid uses Value Codes to report the following information:

- Locator Code (required)
- Rate Code (required)
- Other Insurance Payment (only if applicable)

Value Codes have two components: Code and Amount. The Code component is used to indicate the type of information reported. The Amount component is used to enter the information itself. Both components are required for each entry.

Locator Code – Value Code 61

Locator codes are assigned to the provider for each service address registered at the time of enrollment in the Medicaid program or at anytime, afterwards, that a new location is added.

Value Code

Code **61** should be used to indicate that a Locator Code is entered under Amount.

Value Amount

Entry must contain three digits and must be placed to the left of the dollars/cents delimiter.

Currently Locator codes are issued as two-digit codes. However, any entry in this field must have three digits. Therefore, providers need to enter an additional zero to the left of these two-digit codes to comply with eMedNY billing requirements. For example, locator code 03 must be entered as 003, etc.

Locator codes 001 and 002 are for administrative use only and are not to be entered in this field. If the provider renders services at one location only, enter locator code 003. If the provider renders service to Medicaid recipients at more than one location, the entry may be 003 or a higher locator code. Enter the locator code that corresponds to the address where the service was performed.

The example below illustrates a correct Locator Code entry.

Example:

	39. CODE	VALUE CODES AMOUNT
a	61	003 .
b		.
c		.
d		.

Note: The provider is reminded of the obligation to notify Medicaid of all service locations as well as changes to any of them. For information on where to direct Locator Code updates, please refer to Information for All Providers, Inquiry section on this web page.

Rate Code - Value Code 24

Rates are established by the Department of Health. At the time of enrollment in Medicaid, providers receive notification of the Rate Codes/amounts assigned to their Category of Service. Any time that Rate Codes or amounts change, providers also receive notification from the Department of Health.

Value Code

Code **24** should be used to indicate that a Rate Code is entered under Amount.

Value Amount

Enter the Rate Code that applies to the service rendered. The four-digit Rate Code must be entered to the left of the dollars/cents delimiter.

The example below illustrates a correct Rate Code entry.

Example:

	39. CODE	VALUE CODES AMOUNT
a	24	1210 .
b		.
c		.
d		.

Note: Only one rate code can be reported per claim form.

Other Insurance Payment – Value Codes A3 or B3

If the recipient has insurance other than Medicare, it is the responsibility of the provider to determine whether the service being billed for is covered by the recipient's Other Insurance carrier. If the service is covered or if the provider does not know if the service is covered, the provider must first submit a claim to the Other Insurance carrier, as Medicaid is always the payer of last resort.

Value Code

Code **A3** or **B3** should be used to indicate that the amount paid by an insurance carrier, other than Medicare, is entered under Amount. The line (A or B) assigned to the Insurance Carrier in Form Locator 50 determines the choice of codes **A3** or **B3**.

Value Amount

Enter the actual amount paid by the Other Insurance carrier. If the Other Insurance carrier denied payment enter 0.00. Proof of denial of payment must be maintained in the patient's billing record. Zeroes must also be entered in this field if any of the following situations apply:

- Prior to billing the insurance company, the provider knows that the service will not be covered because:
 - ▶ The provider has had a previous denial for payment for the service from the particular insurance policy. However, the provider should be aware that the service should be billed if the insurance policy changes. Proof of denials must be maintained in the patient's billing record. Prior claims denied due to deductibles not being met are not to be counted as denials for subsequent billings.
 - ▶ In very limited situations the Local Department of Social Services (LDSS) has advised the provider to zero-fill the Other Insurance payment for same type of service. This communication should be documented in the client's billing record.
- The provider bills the insurance company and receives a rejection because:
 - ▶ The service is not covered; or
 - ▶ The deductible has not been met.
- The provider cannot directly bill the insurance carrier and the policyholder is either unavailable or uncooperative in submitting claims to the insurance company. In these cases the LDSS must be notified prior to zero-filling. Since June 1, 1992, the LDSS has subrogation rights enabling it to complete claim forms on behalf of uncooperative policyholders who do not pay the provider for the services. The LDSS can direct the insurance company to pay the provider directly for the service whether or not the provider participates with the insurance plan. The provider should contact the third-party worker in the LDSS whenever he/she encounters policyholders who are uncooperative in paying for covered services received by their dependents who are on Medicaid. In other cases providers will be instructed to zero-fill the Other Insurance payment in the Medicaid claim and the LDSS will retroactively pursue the third-party resource.
- The recipient or an absent parent collects the insurance benefits and fails to submit payment to the provider. The LDSS must be notified so that sanctions and/or legal action can be brought against the recipient or absent parent.
- The provider is instructed to zero-fill by the LDSS for circumstances not listed above.

The following example illustrates a correct Other Insurance Payment entry.

Example:

	39.	VALUE CODES	
	CODE	AMOUNT	
a	A3	100	.00
b		.	
c		.	
d		.	

REV. CD. [REVENUE CODE] (Form Locator 42)

Revenue Codes identify specific accommodations, ancillary services or billing calculations. NYS Medicaid uses Revenue Codes to identify the following information:

Total Charges

Use Revenue Code **0001** to indicate that total charges are entered in Form Locator 47.

SERV. UNITS [SERVICE UNITS] (Form Locator 46)

Leave this field blank.

TOTAL CHARGES (Form Locator 47)

Enter the total amount charged for the service(s) rendered. This is computed by multiplying the total number of full days times the per diem rate. The charged amount must be entered on the line corresponding to Revenue Code **0001** and both sections of the field (dollars and cents) must be completed; if the charges contain no cents, enter 00 in the cents box.

Example:

42 REV. CD.	43 DESCRIPTION	44 HCPCS/RATES	45 SERV. DATE	46 SERV. UNITS	47 TOTAL CHARGES	48 NON-COVERED CHARGES	49
0001					3000. 00	.	
					.	.	
					.	.	

PAYER (Form Locator 50 A, B, C)

This field identifies the payer(s) responsible for the claim payment. For NYS Medicaid billing, payers are classified into three main categories: Medicare, Commercial (any insurance other than Medicare), and Medicaid. **Medicaid is always the payer of last resort.** Complete this field in accordance to the following instructions.

Direct Medicaid Claim—No Third Party Involved

Enter the word Medicaid on line A of this field. Leave lines B and C blank.

Medicaid/Third Party (Other Than Medicare) Claim

- Enter the name of the Other Insurance carrier on line A of this field.
- Enter the word Medicaid on line B of this field.
- Leave line C blank.

PROVIDER NO. (Form Locator 51)

The Medicaid Provider ID number is the eight-digit identification number assigned to providers at the time of enrollment in the Medicaid program.

Enter the Medicaid Provider ID number on the line (A, B, or C) that corresponds to the line assigned to Medicaid in Form Locator 50. If the provider's Medicaid ID number is entered in lines B or C, the lines above the Medicaid ID number must contain either the provider's ID for the other payor(s) or the word **NONE**.

CERT.-SSN-HIC-ID NO. (Form Locator 60)

Enter the recipient's Medicaid ID number (Client ID number) as it appears in the Child Care Roster. Medicaid Client ID numbers are assigned by the State of New York and are composed of eight characters in the format AANNNNNA, where A=alpha character and N= numeric character.

Example: AB12345C

The Medicaid ID should be entered on the line (A, B, or C) that corresponds to the line assigned to Medicaid in Form Locators 50 and 51. If the patient's Medicaid ID number is entered on lines B or C, the lines above the Medicaid ID number must contain either the patient's ID for the other payor(s) or the word **NONE**.

TREATMENT AUTHORIZATION CODES (Form Locator 63)

Leave this field blank.

PRIN. DIAG. CD. [PRINCIPAL DIAGNOSIS CODE] (Form Locator 67)

Enter code **799.9** from the *International Classification of Diseases, Ninth Edition, Clinical Modification* (ICD-9-CM) coding system. The ICD-9-CM code must be entered exactly as it is listed in the manual.

For example:

67. PRIN. DIAG. CD
799.9

PRINCIPAL PROCEDURE/DATE (Form Locator 80)

Leave this field blank.

ATTENDING PHYS. ID (Form Locator 82)

Leave this field blank.

OTHER PHYS. ID (Form Locator 83)

Leave this field blank.

PROVIDER REPRESENTATIVE (Form Locator 85)

An authorized provider's representative must sign the claim form. Rubber-stamp signatures are not acceptable.

DATE BILL SUBMITTED (Form Locator 86)

Enter the date on which the provider's authorized representative signed the claim form. The date should be in the format MM/DD/YY.

Example: June 14, 2005 = 06/14/05

Note: In accordance with New York State regulations, claims must be submitted within 90 days of the Date of Service unless acceptable circumstances for the delay can be documented. For more information about billing claims over 90 days or two years from the Date of Service, refer to Information for All Providers, General Billing section.

Section III – Remittance Advice

The purpose of this section is to familiarize the provider with the design and contents of the Remittance Advice.

eMedNY produces remittance advices on a weekly (processing cycle) basis. Weekly remittance advices contain the following information:

- A listing of all **claims** (identified by several pieces of information as submitted on the claim) that have entered the computerized processing system during the corresponding cycle.
- The **status** of each claim (deny/paid/pend) after processing.
- The eMedNY **edits** (errors) failed by pending or denied claims.
- **Subtotals** (by category, status, locator code and member ID) and **grand totals** of claims and dollar amounts.
- Other **financial information** such as recoupments, negative balances, etc.

The remittance advice, in addition to showing a record of claim transactions, can assist providers in identifying and correcting billing errors and plays an important role in the communication between the provider and the Fiscal Agent for resolving billing or processing issues.

Remittance advices are available in electronic and paper formats.

Electronic Remittance Advice

The electronic HIPAA 835 transaction (Remittance Advice) is available via the eMedNY eXchange or FTP. To request the electronic remittance advice (835) providers must complete the HIPAA 835 Transaction Request form, which is available at www.emedny.org.

Under **Information**:

- ✓ Click on **Provider Enrollment Forms**
- ✓ Click on **HIPAA 835 Transaction Request Form**

For additional information, providers may also call CSC-Provider Enrollment Support at 800-343-9000.

The NYS Medicaid Companion Guides for the 835 transaction are available at www.emedny.org.

- ✓ Select **NYHIPAADESK** from the menu
- ✓ Click on **eMedNY Phase II HIPAA Transactions**
- ✓ Look for the box labeled “835 Health Care Claim Payment Advice Transaction”

Providers who submit claims under multiple ETINs receive a separate 835 for each ETIN and a separate check for each 835. Also, any 835 transaction can contain a maximum of ten thousand (10,000) claim lines; any overflow will generate a separate 835 and a separate check.

Providers who choose to receive the 835 electronic remittance advice may elect to receive the status of paper claim submissions in the 835 format. The request must be submitted using the Electronic Remittance Request Form located at www.eMedNY.org. If this option is chosen, no paper remittance will be produced and the status of claims will appear on the electronic 835 remittance advice for the ETIN indicated on the request form. Retro-adjustment information is also sent in the 835 transaction format. Pending claims do not appear in the 835 transaction; they are listed in the Supplemental file, which will be sent along with the 835 transaction for any processing cycle that produce pends.

Paper Remittance Advice

Remittance advices are also available on paper. Providers who bill electronically but do not specifically request to receive the 835 transaction are sent paper remittance advices. Providers who bill all of their claims on paper forms can only receive paper remittance advices.

Remittance Sorts

The default sort for the paper remittance advice is:
Claim Status (denied, paid, pending) – Patient ID – TCN

Providers can request other sort patterns that may better suit their accounting systems. The additional sorts available are as follows:

- TCN – Claim Status – Patient ID – Date of Service
- Patient ID – Claim Status – TCN
- Date of Service – Claim Status – Patient ID

To request a sort pattern other than the default, providers must complete the Remittance Sort Request form, available at www.emedny.org

Under **Information**:

- ✓ Click on **Provider Enrollment Forms**
- ✓ Click on **Paper Remittance Sort Request**

For additional information, providers may also call CSC-Provider Enrollment Support at 800-343-9000.

Remittance Advice Format

The remittance advice is composed of five sections as described below.

- Section One may be one of the following:
 - ▶ Medicaid Check
 - ▶ Notice of Electronic Funds Transfer
 - ▶ Summout (no claims paid)
- Section Two: Provider Notification (special messages)
- Section Three: Claim Detail
- Section Four
 - ▶ Financial Transactions (recoupments)
 - ▶ Accounts Receivable (cumulative financial information)
- Section Five: Edit (Error) Description

Explanation of Remittance Advice Sections

The next pages present a sample of each section of the remittance advice for Child Care Services followed by an explanation of the elements contained in the section.

The information displayed in the remittance advice samples is for illustration purposes only.

The following information applies to a remittance advice with the default sort pattern.

Section One – Medicaid Check

For providers who have selected to be paid by check, a Medicaid check is issued when the provider has claims approved for the cycle and the approved amount is greater than the recoupments, if any, scheduled for the cycle. This section contains the check stub and the actual Medicaid check (payment).

Provider Service Classification: **CHILD CARE**

Provider ID number

Remittance number

Locator Code (providers who have more than one locator code will receive separate Claim Detail sections for each locator code)

Explanation of the Claim Detail Columns

CLIENT NAME/ID NUMBER

This column indicates the last name of the patient (first line) and the Medicaid Client ID (second line). If an invalid Medicaid Client ID was entered in the claim form, the ID will be listed as it was submitted but no name will appear in this column.

TCN/PATIENT ACCOUNT NUMBER

The TCN (first line) is a unique identifier assigned to each document (claim form) that is processed. If a Patient Account Number was entered in the claim form, that number (up to 20 characters) will appear under this column (second line).

SERVICE DATES – FROM/THROUGH

The first date of service covered by the claim (From date) appears on the first line; the last date of service (Through date) appears on the second line.

RATE CODE

The four-digit rate code that was entered in the claim form appears under this column.

REPORTED/CALCULATED DAYS

This column has two sub-columns: one is labeled **F (full days)** and the other is labeled **C (co-insurance days)**.

The number of days within the reported first (FROM) service date and the last (THROUGH) service date appear in the first line under the F sub-column. The number of full days calculated by the system appears in the second line under the F sub-column.

The number of co-insurance days reported on the claim form appears under the C sub-column. There are no calculated co-insurance days.

PATIENT PARTICIPATION – REPORTED/DEDUCTED

This column shows the patient participation amount (NAMI) as it was reported (first line) and as it was deducted (second line). If no patient participation is applicable, this column will show 0.00 amount.

OTHER INSURANCE

If applicable, the amount paid by the patient's Other Insurance carrier, as reported on the claim form, is shown under this column. If no Other Insurance payment is applicable, this column will show 0.00 amount.

AMOUNT CHARGED/AMOUNT PAID

The total charges entered in the claim form appear first under this column. If the claim was approved, the amount paid appears underneath the charges. If the claim has a pend or deny status, the amount paid will be zero (0.00).

STATUS

This column indicates the status (DENY, PAID/ADJT/VOID, PEND) of each claim line.

Denied Claims

Claims for which payment is denied will be identified by the **DENY** status. A claim may be denied for the following general reasons:

- The service rendered is not covered by the New York State Medicaid Program.
- The claim is a duplicate of a prior paid claim.
- The required Prior Approval has not been obtained.
- Information entered in the claim form is invalid or logically inconsistent.

Approved Claims

Approved claims will be identified by the statuses **PAID**, **ADJT** (adjustment), or **VOID**.

Paid Claims

The status PAID refers to **original** claims that have been approved.

Adjustments

The status ADJT refers to a claim submitted in replacement of a paid claim with the purpose of changing one or more fields. An adjustment has two components: the credit transaction (previously paid claim) and the debit transaction (adjusted claim).

Voids

The status VOID refers to a claim submitted with the purpose of canceling a previously paid claim. A void lists the credit transaction (previously paid claim) only.

Pending Claims

Claims that require further review or recycling will be identified by the **PEND** status. The following are examples of circumstances that commonly cause claims to be pended:

- New York State Medical Review required.
- Procedure requires manual pricing.
- No match found in the Medicaid files for certain information submitted on the claim, for example: Recipient ID, Prior Approval, or Service Authorization. These claims are recycled for a period of time during which the Medicaid files may be updated to match the information on the claim.

After manual review is completed, a match is found in the Medicaid files, or the recycling time expires, pended claims may be approved for payment or denied.

A new pend is signified by two asterisks (**). A previously pended claim is signified by one asterisk (*).

ERRORS

For claims with a DENY or PEND status, this column indicates the NYS Medicaid edit (error) numeric code(s) that caused the claim to deny or pend. Some edit codes may also be indicated for a PAID claim. These are approved edits, which identify certain errors found in the claim and that do not prevent the claim from being approved. Up to twenty-five (25) edit codes, including approved edits, may be listed for each claim. Edit code definitions will be listed on a separate page of the remittance advice, at the end of the claim detail section.

Subtotals/Totals

Subtotals of dollar amounts and number of claims are provided as follows:

Subtotals by claim **status** appear at the end of the claim listing for each status. The subtotals are broken down by:

- Original claims
- Adjustments
- Voids
- Adjustments/voids combined

Subtotals by **service classification/locator code** combination are provided at the end of the claim detail listing for each service classification/locator code combination. These subtotals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Denied
- Net total paid (for the specific combination)

Totals by **service classification** and by **member ID** are provided next to the subtotals for service classification/locator code. These totals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (for the specific service classification)

Grand Totals for the entire provider remittance advice, which include all the provider's service classifications, appear on a separate page following the page containing the **totals by service classification**. The grand total is broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (entire remittance)

Section Four

This section has two subsections:

- Financial Transactions
- Accounts Receivable

Financial Transactions

The Financial Transactions subsection lists all the recoupments that were applied to the provider during the specific cycle. If there is no recoupment activity, this subsection is not produced.

Explanation of the Financial Transactions Columns

FCN (Financial Control Number)

This is a unique identifier assigned to each financial transaction.

FINANCIAL REASON CODE

This code is for DOH/CSC use only; it has no relevance to providers. It identifies the reason for the recoupment.

FISCAL TRANSACTION TYPE

This is the description of the Financial Reason Code. For example: Third Party Recovery.

DATE

The date on which the recoupment was applied. Since all the recoupments listed on this page pertain to the current cycle, all the recoupments will have the same date.

AMOUNT

The dollar amount corresponding to the particular fiscal transaction. This amount is deducted from the provider's total payment for the cycle.

Totals

The total dollar amount of the financial transactions (**Net Financial Transaction Amount**) and the total number of transactions (**Number of Financial Transactions**) appear below the last line of the transaction detail list.

The Net Financial Transaction Amount added to the Claim Detail-Grand Total must equal the Medicaid Check or EFT amounts.

Accounts Receivable

This subsection displays the original amount of each of the outstanding Financial Transactions and their current balance after the cycle recoupments were applied. If there are no outstanding negative balances, this section is not produced.
