Easy Badges Software

For any ID card, any organization.

ID Card Design Templates

Easy Badges has 82 built-in ID card design templates to choose from, both in landscape and portrait orientations. Or you may design and save your own templates from scratch.

Barcode Printing

Beginner includes 1D barcode (the most common barcode type) creation. Easily input the data you want to encode and Easy Badges will generate the barcode image. **Standard** adds QR code design and **Advanced** adds 2D barcode design.

Connect to Databases

Beginner includes an internal database to store cardholder information and for faster ID card creation. If you are using Excel, **Standard** is the right edition for you. Other editions include the ability to connect to MS Access, SQLite, and even ODBC connections.

Beginner offers the basic features for card design and printing using predefined templates, signature acquisition, edit view for text data input, database view, barcodes 1D, WIA/TWAIN/DirectShow acquisition, magnetic encoding support, internal document database with photo connection, database table create and edit, and browse/find records.

Standard adds QR codes, document password protection, production mode and .XLS, .XLSX, .CSV, and .TXT database connection.

Advanced adds local MS Access and SQLite connection, photo on database, FaceCrop tool for face recognition, and 2D barcodes.

Expert adds ODBC connection, RFID contactless direct encoding, smartcard direct encoding, smartcard plugin, internal and external RFID encoder support, fingerprint acquisition, multi-layout card designs, auto-print and user permissions.

Enterprise adds advanced features like DESFire, web print server and Net license up to 16 PCs in the same sub-net and scope.

Easy Badges ID Card Software minimum system requirements: Windows 10® (32-bit or 64-bit), Windows 8® (32-bit or 64-bit), Windows 7® (32-bit or 64-bit), Windows Vista® (32-bit or 64-bit), Windows Server 2008®, Windows Server 2012®, Windows Server 2016®, Mac OS X Lion 10.7 (Intel 64-bit Processor only) until High Sierra 10.13, Intel® Core™ i3 processor or higher, 1GB of RAM, 500MB hard disk free space, 1024x768 monitor resolution, 1 USB port.
