Education Solutions

Apple iPod Learning Lab

The Apple iPod Learning Lab provides schools with the ideal solution for managing multiple iPod devices in the classroom. The solution includes (20) iPod touch 8GB devices housed in a durable and easy-to-use Apple-exclusive mobile cart capable of storing and charging up to 40 iPod devices. The cart's ability to sync up to 20 iPod devices at a time from one computer makes it quick and easy to set up the devices for student use. The mobile cart's secure, roll-top door can be locked for safe iPod storage. The cart also includes room for storage of up to four notebook computers and a variety of iPod accessories. And, because the cart is mobile, it can be easily shared among multiple classrooms. Choose one of the pre-configured solutions below, or build your own custom iPod lab by visiting http://edu1.apple.com/custom_ipod_lab/.

Recommended add-ons: The MacBook is an ideal companion for the Apple iPod Learning Lab. Create compelling education content with iLife and organize and share that content via iTunes. Apple Professional Development prepares teachers to effectively integrate iPod devices and podcasting into their curriculum.

Optional accessories: Apple Component AV Cable, Apple Composite AV Cable

For more information, please visit www.apple.com/education/it-professionals/mac-labs.html.

The "Getting Started: A guide for using iPod and iTunes for teaching and learning" PDF document is available as a free download at www.apple.com/education/teachers-professors/resources/.

Apple iPod Learning Lab

The Apple iPod Learning Lab includes:

(20) iPod touch 8GB; (1) Bretford PowerSync Cart for iPod capable of storing and charging up to 40 iPod devices.

BG351LL/B	Apple iPod Learning Lab	5999.00
BG352LL/B	Apple iPod Learning Lab w/ AppleCare Protection Plan - Auto Enroll for each iPod	6899.00

The AppleCare Protection Plan for iPod extends your iPod's 90 days of complimentary single-incident telephone technical support and one-year repair coverage up to two years of world-class support from the original purchase date of your iPod. The Plan includes telephone technical support for both iPod and iTunes, global repair or replacement coverage for iPod, battery coverage, and its included accessories (excluding the carrying case) and comprehensive web-based support resources. The AppleCare Protection Plan for iPod Terms and Conditions are available on Apple's website. United States:

Apple MacBook Learning Labs

Apple MacBook Learning Labs provide schools with flexible and convenient access to technology, easily transforming any classroom into a digital learning environment. Each lab includes a classroom set of MacBook computers, AirPort wireless networking, and Apple Remote Desktop for classroom management—all housed in a durable, secure and easy-to-use Apple-exclusive mobile cart, ready to roll into any classroom. The new Bretford Mobility Cart includes compartments that can hold any size Apple notebook computer, features a new power management system, is 20 percent smaller, and includes new directional locking swivel casters which make it easier to move from classroom to classroom. Choose one of the pre-configured solutions below, or build your own custom solution by visiting <http://education.apple.com/customlab/>.

Recommended add-ons: Apple Professional Development to prepare teachers to effectively integrate the MacBook lab technology into their curriculum. The K-12 Curriculum Collections provide an array of educator-evaluated products that are ideal companions to Apple MacBook Learning Labs. The standards-based products are designed to raise student achievement in language arts, math, science, and more. Learn more by visiting www.apple.com/education/teachers-professors/digital-content-creation.html.

Recommended peripherals: A laser printer to enable students to print wirelessly from anywhere in the classroom. A multimedia projector to allow students to easily share their work.

For more information, please visit www.apple.com/education/it-professionals/mac-labs.html. The "Getting Started: A guide for your Apple MacBook Learning Lab" PDF document is available as a free download at www.apple.com/education/teachers-professors/resources/.

Setup Services for Apple MacBook Learning Labs

Setup services are available for Apple MacBook Learning Labs.

Additional Setup Services are available. Please call (1-800-800-2775) to discuss your requirements with an Apple representative.

Setup Services for Apple MacBook Learning Labs

Have your Apple MacBook Learning Lab set up and configured properly by an expert Apple technical representative. We can ensure that your Macintosh systems, software and networks are well integrated into your environment and configured for optimal use. Learn how to use the equipment included in the solution.

Setup includes the following services:

- Unpack and test each MacBook
- Unpack, test and configure the AirPort Base Station
- Install Apple Remote Desktop on each system
- Test the AirPort Base Station signal in three different locations within the facility
- Connect the entire lab to your local area network, if available
- Move packing materials to a designated location on the school site

Set up does not include:

- Installation of any software not included with the Apple MacBook Learning Lab
- Connection of any additional peripherals or equipment to any system not shipped with the Apple MacBook Learning Lab.
- Installation of AirPort Cards in any additional systems (AirPort Extreme is built-in to the MacBook computers purchased within the Apple MacBook Learning Lab)
- Set up or configuration of any additional systems (beyond the quantity shipped with the Apple MacBook Learning Lab)
- Wireless assessment or installation of a wireless or wired network
- Testing of any equipment where a network connection is not readily available and operational
- Installation of additional network connections
- Removal of packing materials from the school site (hauling)

D2384LL/B	Setup Services for 1 Apple MacBook Learning Lab (for up to 10 MacBook computers)	749.00
D2385LL/B	Setup Services for 1 Apple MacBook Learning Lab (for up to 32 MacBook computers)	999.00

Apple iMac

iMac features a high resolution 21.5 or 27-inch 16:9 widescreen LED-backlit flat panel display in a sleek all-in-one design. Mac Pro

With up to 12-core processing power, the new Mac Pro is up to 50% faster than the previous generation. Mac Pro is based on next-generation Intel Xeon “Westmere” or “Nehalem” processors with four or six cores on a single die. “Westmere” processors feature 12MB of fully-shared L3 cache and “Nehalem” processors are equipped with 8MB of fully-shared L3 cache. Faster memory is now available, up to 1333MHz DDR3 ECC SDRAM, and both “Westmere” and “Nehalem” processors feature a three-channel integrated memory controller for greater memory bandwidth and lower memory latency. The Mac Pro is available in both quad-core and 8-core standard configurations, and can be configured (via Configure-to-Order online ordering, CTO) as a 6-core or 12-core system, with processors up to 3.33GHz. Quad-core Mac Pro systems start with 3GB of memory and support up to 16GB, while 8-core systems begin with 6GB and support up to 32GB of memory. All new high-performance graphics cards are available from ATI, starting with the high-performance ATI Radeon HD 5770 with 1GB of GDDR5 memory and two Mini DisplayPort outputs and one dual-link DVI port. For faster graphics performance, the ATI Radeon HD 5870 is available with 1GB of GDDR5 memory. The Mac Pro now features optional 512GB solid-state drives for ultra-fast storage performance. Configure up to four SSDs for 2TB of fast storage. The Mac Pro interior is designed to make it easy to add memory, expansion cards, and hard drives. All Mac Pro systems feature four 3.5" hard drive bays with cable-free direct-attach drive carriers. Included is a 1TB Serial ATA 3Gb/s 7200-rpm hard drive and the system is configurable with up to 8TB of internal storage. The optional Mac Pro RAID card adds added data protection and performance when configured with multiple hard drives. A 18x SuperDrive with double-layer support (DVD±R DL/DVD±RW/CD-RW) is standard in all systems, and Mac Pro can be configured with up to two 18x SuperDrive optical drives. All systems include a double-wide PCI Express 2.0 graphics slot and three full-length PCI Express 2.0 expansion slots. AirPort Extreme 802.11n Wi-Fi wireless networking is now built-in, along with Bluetooth 2.1+EDR for connection to a wireless keyboard, mouse or other Bluetooth enabled device. All Mac Pro systems also include: four FireWire 800 ports and five USB 2.0 ports. Networking includes two Gigabit Ethernet ports, and Audio support includes optical digital input/output, analog line-level input/output, front headphone minijack, and speaker.

Standard Mac Pro desktop configurations includes an Apple Keyboard with Numeric Keypad, wireless Magic Mouse, USB keyboard extension cable, and power cord. Software includes Mac OS X and iLife. Mac Pro with Snow Leopard Server includes a power cord and Mac OS X Server unlimited-client license software and does not include a keyboard and mouse. Service and support is 90 days of toll-free telephone support and one-year limited warranty.

AppleCare Protection Plan extends your 90-day complimentary telephone technical support and one-year repair coverage to up to three years from the purchase date of your new Mac. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will register each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Getting Started Guide for each computer. If you are purchasing Mac with Apple-branded display at the same time, the display is registered for coverage as well. The AppleCare Protection Plan terms and conditions are available on Apple's website. United States: www.apple.com/applecare

Apple iPad

The iPad is a high-performance system for everyone - in terms of style, portability, and performance - that provides a full set of advanced features in a stunning aluminum enclosure that is less than .5 inches thin and weighs just 1.5 pounds. All models feature a built in 25 watt hour rechargeable lithium polymer battery that provides up to 10 hours of battery life while surfing the web on Wi-Fi, watching video or listening to music. The iPad features a brilliant 9.7 inch LED-backlit glossy widescreen Multi-Touch display with IPS technology that makes it perfect for web browsing, watching movies, or viewing photos. The A4 chip inside the iPad was custom-designed by Apple engineers to be extremely powerful yet extremely power efficient. The performance is unlike anything you've ever seen on a touch-based device which makes the iPad fantastic for everything from productivity apps to games. At the same time, the A4 chip is so power efficient that it helps iPad get up to 10 hours of battery life on a single charge. iPad is available with a choice of 16GB, 32GB, or 64GB of flash storage, giving you lots of room for your photos, movies, music, apps, and more.

iPad with Wi-Fi + 3G offers superfast data speeds up to 7.2 Mbps over 3G cellular networks around the world. It's perfect when you're out and about with no access to a Wi-Fi network, because you can still get a fast connection for surfing the web, sending and receiving email, or getting directions. Since iPad seamlessly switches between 3G and even faster Wi-Fi, you always get the best connection available. And with AT&T data plans, you'll have access to over 20,000 Wi-Fi hotspots, including Starbucks, Barnes and Noble, and more.

MC496LL/A iPad Wi-Fi + 3G 32GB	729.00
MC497LL/A iPad Wi-Fi + 3G 64GB	829.00

The AppleCare Protection Plan for iPad extends the 90 days of complimentary telephone technical support and one-year repair coverage to up to two years of world-class support from the original purchase date of your iPad. The Plan gives you one stop for technical support. You get direct access to Apple experts for questions from connecting to wireless networks, sending email, using iWork for iPad to syncing with iTunes from your Mac or PC to iPad. And shall you need repair service, we also cover iPad, battery, and included accessories with convenient service options. The AppleCare Protection Plan terms and conditions are available on Apple's website. United States: www.apple.com/applecare

Choose AppleCare Protection Plan - Auto Enrollment if you're buying iPad to be covered. Upon receipt of your purchase order, Apple will register each iPad in the AppleCare Protection Plan for you, and then mail you a proof-of-coverage certificate and Getting Started Guide for each iPad.

Apple Xserve

Xserve features the Intel Xeon "Nehalem" architecture and is design to deliver up to 2x performance over the previous generation Xserve in an power-efficient 1U rack-optimized enclosure. The new Xserve offers one or two Quad-Core Intel Xeon 5500 processors with 8MB of fully shared L3 cache, a three-channel integrated memory controller with six 1066MHz DDR3 ECC DIMM slots per processor, Turbo Boost and Hyper-Threading. Xserve can be configured (via configure-to-order "CTO" online ordering) with two 2.26, 2.66 or 2.93GHz quad-core Intel Xeon 5500-series processors, an optional 128GB Solid-State Drive (SSD) boot drive option, and an internal RAID Card featuring 512MB of RAID cache and a 72-hour cache battery backup. Xserve systems feature three Apple Drive Module expansion bays which can support Serial ATA (SATA) as well as high-performance 15,000-rpm Serial Attached SCSI (SAS) drives and two PCI Express 2.0 x16 expansion slots. The base configuration comes with 3GB (3x1GB) of memory, one quad-core 2.26GHz Intel Xeon 5500 processor, a single 160GB SATA Apple Drive Module, a 8x SuperDrive (DVD+RW/CD-RW) optical drive, and a single 750W power supply which can be upgraded to dual-redundant power supplies via CTO. All Xserve system include: two on-board 10/100/1000 Base-T Gigabit Ethernet ports, internal NVIDIA GeForce GT 120 graphics with 256MB of GDDR3 SDRAM and a mini-DisplayPort output (mini-DisplayPort to VGA adapter sold separately), three USB 2.0 ports (two back, one front), two FireWire 800 ports (on back), a DB-9 serial console port, and lights-out management capabilities through the included Server Monitor software. Mac OS X Server "Leopard", unlimited client license version, and rack-mounting hardware is included.

For more detailed information, please refer to product data sheets or the Xserve web site (<http://www.apple.com/xserve>).

Apple offers build-to-order capability for the Xserve products listed below. To take advantage of this capability, visit the Apple Store for Education at <http://www.apple.com/education/store>

MB449LL/A	Xserve (One 2.26GHz Quad-Core Intel Xeon/3GB (3x1GB) 1066MHz DDR3 ECC SDRAM/160GB SATA/2xGigE/SuperDrive/ Mac OS X Server Unlimited License)	2699.00

BE839LL/A	Xserve (One 2.26GHz Quad-Core Intel Xeon) (MB449LL/A) - w/AppleCare Premium Service and Support Plan - Auto Enroll & AppleCare Service Parts Kit	4258.00

AppleCare Protection Plan extends your 90-day complimentary telephone technical support and one-year repair coverage to up to three years from the purchase date of your new Mac. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will register each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Getting Started Guide for each computer. If you are purchasing Mac with Apple-branded display at the same time, the display is registered for coverage as well.

For details about the AppleCare Premium Service and Support Plan, including availability of onsite service in your area, visit: www.apple.com/support/products/premium

To minimize downtime, purchase a bundle that includes both an AppleCare Service Parts Kit for Xserve and an AppleCare Premium Service and Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple experts can often help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve is designed for quick serviceability of crucial parts; no special training or certification is required. AppleCare Service Parts Kits let you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan provides the support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, and a fan array.

Apple TV

Rent movies and TV shows directly from the iTunes store and stream a wide variety of other content from the Internet on your big-screen TV. Apple Professional Services

Professional Services offers a wide array of solutions - from simple to complex - and a skilled team that is ready to deliver. Tap into our talent pool of Apple Professional Development trainers, Project Management Deployment Consultants, Architecture and Integration Consultants, Custom software Developers and support professionals who offer Apple's legendary expertise in making technology work for everyone and a track record for delivering results fast.

- Notes:*
- The number of days required should be determined after a review of the customer's requirements.
 - Additional charges may apply if services are provided to multiple locations.
 - Some services may not be available in certain geographic locations.
 - Services are performed Monday - Friday, between 8:00 a.m. to 5:00 p.m. local time.
 - Authorized on-site contact with name and phone number must be provided in advance of on-site visit.
 - Authorized on-site contact must be able to provide access to the work site and an authorized signature when work is completed.
 - Travel may be required and additional expenses incurred, resulting in additional charges depending on the distance from the Apple consultant to the site.
 - All part numbers are prepaid unless otherwise indicated.
Please use non prepaid part numbers for services which must be paid after delivery.
 - All services must be used within 12 months of ordering.

For more information or to obtain a detailed quote on these and other Apple Professional Services offerings, please call 1-800-800-APPL (800-800-2775) or visit <http://www.apple.com/services>. Please call before you place your order.

Apple Professional Services Offerings

The annual consultant position provides augmentation for customer's staff. As a senior position, the Apple Professional Services Consultant is first a diplomat ready to work with a diverse, cross-functional team while also providing either education curriculum and administrative expertise, deployment services expertise, or technical systems infrastructure expertise. The unique and specific needs of the customer will be first and foremost addressed by this full-time, focused consultant.

D3844LL/B	APS Annual Staff Professional Development	255000.00
D4691LL/A	APS Annual Staff Project Management Deployment Services	255000.00
D3845LL/B	APS Annual Staff Architecture and Integration Solutions	255000.00

Technician services, provided on-site or via remote access, are available for installation and configuration of desktop and notebook computers and file and print servers in Open Directory environments only. Cross-platform client and server integration is not included.

The Remote Educator Technology Profile is a remote service that produces data for school sites to assess their future training needs.

Software Engineers provide development services for a variety of Apple core technologies such as AppleScript, UNIX Shell scripting, Java, WebObjects, web design, database integration, LDAP schema modifications, etc.

To obtain a quote or for more information, please call 1-800-800-2775 to discuss your requirements with an Apple representative.

Desktop and Laptop Setup and Installation Services (by unit volume)

Desktop and Laptop Computer Setup and Installation Services provide a variety of choices to accommodate deployments, including unboxing/boxing, connecting and setup, memory installation, AirPort Card installation, image replication, asset tagging and removal of packaging to on-site or off-site location.

To obtain a quote or for more information, please call 1-800-800-2775 to discuss your requirements with an Apple representative.

AppleCare Products

The AppleCare Protection Plan extends your computer's 90 days of complimentary telephone technical support and one-year repair coverage to up to three years of world-class support from your computer's purchase date. The Plan includes expert telephone assistance, onsite repairs for desktop computers, global repair coverage for all computers, web-based support resources and powerful diagnostic tools (TechTool Deluxe from Micromat).

The AppleCare Protection Plan Terms and Conditions are available on Apple's website. United States: www.apple.com/applecare

AppleCare Protection Plan/Auto Enrollment for Higher Education

AppleCare Protection Plan/Auto Enrollment is available for Higher Education Institutions Only:

- AppleCare Protection Plan/Auto Enrollment is for institutional use only and is NOT FOR RESALE to education individuals. It may be purchased by an institution either directly from Apple or through a campus reseller.

Apple suggests for tracking purposes the Campus Resellers should identify on the purchase order the specific Institutional department for which the APP is being purchased. A separate purchase order should be submitted for each department.

- The AppleCare Protection Plan Auto Enrollment Part Numbers must be on the same purchase order as the hardware and in equal quantities, i.e.

X CPU's and X APP. The APP should be on the line above or below the hardware selected for Protection Plan coverage.

- Auto Enrollment automatically matches the Hardware Serial Number to the extended coverage in the Apple Warranty System.

- A Proof of Coverage Statement (POC) will be sent to the ship-to address reflecting the coverage period, serial number(s), product description with Terms and Conditions, and Web Site information. Additionally, one TechTool Deluxe CD will be included for each CPU. If the ship-to address is the campus reseller, the campus reseller will be responsible for delivery of the POC statement and the CD to the institutional end-user. The POC statement will include Apple's sales order number as a reference. (NOTE: A single POC with CDs is mailed for each sales order.)

- IMPORTANT: The outside of the hardware finished goods box does NOT indicate the product has been auto-enrolled (ie. automatically registered) for AppleCare Protection Plan. Therefore it is recommended that auto-enrolled products and products without auto enrollment be purchased on separate purchase orders.

S3128LL/A	AppleCare Protection Plan for iMac - Auto Enroll	119.00

MC252LL/B AppleCare Protection Plan for Apple TV - Enrollment Kit

29.00

AppleCare Premium Service and Support Plan - Enrollment Kits

The AppleCare Premium Service and Support Plan delivers up to three years of coverage for Xserve systems. You get telephone and email support 24 hours a day, seven days a week. Apple experts can help diagnose hardware failures and software issues related to RAID Admin or the graphical user interface in Mac OS X Server. Apple-authorized technicians provide onsite hardware repairs with 4-hour response during business hours and next day response when you contact AppleCare after business hours. Onsite response time and availability of onsite service depend on your location.

For details about the AppleCare Premium Service and Support Plan, including availability of onsite service in your area, visit www.apple.com/support/products/premium

Buy a separate AppleCare Premium Service and Support Plan for each Xserve purchased. Please note that to be eligible, the system must be under its original one-year warranty. Coverage is not activated until after you enroll by following the instructions in your enrollment kit. Choose hardware bundles that include the AppleCare Premium Service and Support Plan and your plan will be automatically enrolled. Coverage ends three years after your Xserve purchase date.

For details about the AppleCare Premium Service and Support Plan, including availability of onsite service in your area, visit www.apple.com/support/products/premium

AppleCare Service Parts Kits for Xserve

To minimize downtime, purchase both the AppleCare Service Parts Kit for Xserve and an AppleCare Premium Service and Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple experts can often help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve is designed for quick and easy swapping of crucial parts; no special training or certification is required. AppleCare Service Parts Kits let you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan provides the support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, a fan array and a PCI Fan. It is recommended that customers buy one kit for up to ten systems purchased.

MB846G/A AppleCare Service Parts Kit for Xserve 799.00

AppleCare OS Support Products

AppleCare OS Support delivers consultative phone and email support for integration, migration, and advanced server operation issues. All three plans provide support for technical issues that require the use of command-line tools for resolution. Whether you have occasional questions or you need assistance on a regular basis, Apple has a plan to fit your requirements. Each plan provides up to one year of coverage. Each plan also includes AppleCare Help Desk Support and a single copy of AppleCare Help Desk Tools. AppleCare Help Desk Support provides each designated contact an unlimited number of support incidents for software installation, launch, and use; hardware and software diagnosis and troubleshooting; and issue isolation for Apple-based solutions. In addition, each of your designated contacts will have access to Apple's professional online support resources, including online updates of the latest tools and diagnostics. AppleCare Help Desk Tools provides a library of Mac OS installation and hardware diagnostic discs that is updated quarterly.

For details about AppleCare OS Support, visit <http://www.apple.com/support/products/enterprise/server.html#software>

MC667ZM/A AppleCare OS Support - Select 4796.00

Covers up to 10 enterprise-level support incidents and provides four-hour response for priority 1 issues (server down), 12 hours a day, 7 days a week. Unused incidents expire after one year.

D5690ZM/A AppleCare OS Support - Preferred 15996.00

Covers an unlimited number of enterprise-level support incidents for two technical contacts from your organization, provides two-hour response for priority 1 (server down) issues 12 x 7, and assigns a technical account manager to your organization.

D5691ZM/A AppleCare OS Support - Alliance 39996.00

Covers an unlimited number of enterprise-level support incidents across multiple locations for four technical contacts in your organization and provides one-hour response for priority 1 (server down) issues, 24 x 7. This plan also includes an onsite review by an Apple technical support engineer and assigns a technical account manager to your organization.

AppleCare Xsan Support

AppleCare Xsan Support delivers a year of priority phone and email support for your storage deployment. You'll have direct access—24 hours a day, 7 days a week—to Apple's dedicated Xsan Support team. These experts provide in-depth problem-solving assistance with Xsan and RAID Admin software. They also troubleshoot Apple hardware running Xsan, as well as interconnectivity between Mac Pro, Xserve, and Xserve RAID systems, including Apple-qualified Fibre Channel switches. A separate AppleCare Xsan Support agreement must be purchased for each copy of Xsan software in your network. For complete terms and conditions, visit <http://www.apple.com/support/products/enterprise/server.html#xsan>

M9754ZM/C AppleCare Xsan Support 639.00

AppleCare Help Desk Products

MB039ZM/D AppleCare Help Desk Support 2239.00

Provides two designated contacts one year of unlimited support incidents for software installation, launch, and use; hardware and software diagnosis and trouble shooting; and issue isolation for Apple-based solutions. Products covered include Apple hardware such as iPad, iPhone, iPod, and Mac computers (hardware repairs not covered under warranty require an extended service contract, such as the AppleCare Protection Plan); the iOS and Mac operating systems; and most Apple tools and applications including iPhone Configuration Utility, Apple Remote Desktop, Aperture, Final Cut Express, Final Cut Studio, Final Cut Server, iLife, iWork, Logic Express, Logic Studio, and graphical user interface-level support for Mac OS X Server. Also included is one set of AppleCare Help Desk Tools, described below. See <http://www.apple.com/support/products/enterprise/help.html> for full details.

MB038ZM/D AppleCare Help Desk Tools 799.00

Provides a single user with a library of Mac OS installation and hardware diagnostic discs that is updated quarterly for a full year. Also provides access to Apple's professional online support resources, including online updates of the latest diagnostic tools.

AppleCare Technician Training

AppleCare Technician Training is an in-depth self-paced training program that covers the spectrum of knowledge needed to become an Apple-certified technician. You get a year of online access to AppleCare Service Source, which covers such topics as general computer terminology, Apple-specific computer architectures, Mac troubleshooting and preventive maintenance, and Apple technologies. In addition to the Service Source training and reference materials, you also receive a selection of diagnostic tools and extensive information from Apple's own technical library.

MA714Z/B AppleCare Technician Training

239.00

A self-paced training curriculum gives you the information you need to pass the Apple Service Certification exams and become a qualified Mac technician.

NOTE: Not for Classroom Training.
