**IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.**

### **⚠ WARNING - Seizures**

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch their children play video games. Stop playing and consult a doctor if you or your child has any of the following symptoms:

**Convulsions  
Altered vision**

**Eye or muscle twitching  
Involuntary movements**

**Loss of awareness  
Disorientation**

- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

### **⚠ WARNING - Radio Frequency Interference**

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

### **⚠ WARNING - Repetitive Motion Injuries and Eyestrain**

Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

### **⚠ WARNING - Battery Leakage**

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.

After you open your shop, you'll be able to connect with other Style Savvy players using DS Wireless Play! Touch DS Wireless Play on the main menu, and choose a wireless option. To return to the main menu, touch  in the left corner of the Touch Screen.

Read page 29 carefully before beginning DS Wireless Play.

### Flyer Mode

### Creating Flyers

Eventually, you unlock the Ads & Flyers option so you can send flyers to other Style Savvy players. Choose Ads & Flyers on your shop's menu to design flyers for your shop.

Once you open a shop in the Shopping Cities, you can list your Shop Address on your flyers.

To learn how to open a branch, see pages 37-38.

### Wireless Contests

With DS Wireless Play, you can enjoy fashion contests with friends who own Style Savvy!

All players choose DS Wireless Play from the main menu, then select Wireless Contest. One person will host, and up to three others can participate.

Everyone competes using their own inventory. See what looks your friends come up with!

### Flyer Mode

If two players are in Flyer Mode, their Style Savvy games can communicate automatically when their paths cross.

When you select Flyer Mode, your DS goes into Tag Mode automatically. Save the game before starting wireless communications. It's OK to close your DS while it is in Flyer Mode. The information exchanged includes your player name and shop name, so don't use your real name or names that will offend people.

Your DS consumes more battery power in Flyer Mode, so be careful! If the power runs out, the flyers you receive won't be saved.

### Wireless Shop

With DS Wireless Play, Style Savvy players can visit each others' shops!

Both players choose DS Wireless Play on the main menu, then select Wireless Shop. Decide who will open shop and who will go shopping. Items you buy at your friend's shop will be sent to your personal wardrobe, not your shop inventory.

## Establishing DS Wireless Link (DS Wireless Play)

**Nintendo Wi-Fi Connection allows multiple Style Savvy owners to play together over the Internet—even when separated by long distances.**

- To play Nintendo DS games over the Internet, you must first set up the Nintendo Wi-Fi Connection (Nintendo WFC) on your Nintendo DS system. Please see the separate Nintendo Wi-Fi Connection instruction booklet included with this game for directions on setting up your Nintendo DS.
- To complete the Nintendo WFC setup, you will also need access to a PC that has a wireless network device installed (such as a wireless router) and an active broadband or DSL Internet account.
- If you do not have a wireless network device installed on your PC, see the separate Nintendo WFC instruction booklet for more information.

- You can also play Nintendo WFC compatible games at selected Internet hotspots without additional setup.
- The Terms of Use Agreement which governs Nintendo Wi-Fi Connection game play is available in the Nintendo Wi-Fi Connection instruction booklet or online at [www.nintendo.com/games/wifi/ds](http://www.nintendo.com/games/wifi/ds).

For additional information on the Nintendo WFC, setting up your Nintendo DS, or a list of available Internet hotspots, visit [www.nintendo.com/games/wifi](http://www.nintendo.com/games/wifi) (USA, Canada, and Latin America) or call 1-800-895-1672 (USA/Canada only).

### Useful Tip

### What's a Shop Address?

There are tons of shops in the Shopping Cities, and each one has an address listing a town, building, and floor number.

You can include your Shop Address on Flyers to make it easy for people to find your branch.

right

### 3. Open Your Branch

Touch Start a Branch to get your Shop Address, and your shop is open!

## Managing Your Branch

### Edit Display

To design an outfit for a mannequin, touch Edit, create an outfit, then touch Display. Shoppers can't buy your outfit unless you put it on display. Display outfits use only items from your store. Those items are not removed from your stockroom, and you can sell your outfits multiple times.

Customers will buy complete outfits, so make sure everything matches.

### Useful Tip

### Everyone Knows Your Name

The nickname you use will be seen by others when playing multiplayer games using Nintendo WFC. To protect your privacy, please do not use personal information such as nickname or your last name, phone number, birth date, age, school, e-mail or home address in your communications with others.

### Collect Sales

You earn shop funds and personal money from the outfits you sell in your branch, just like in your main shop.

Check your sales often! You must touch Collect Sales in order to receive your earnings.

## Q&A:

Grace talks all about branches!

**Q: Where are the outfits I bought in the Shopping Cities?**

**A: At your apartment.**

From your wardrobe, select Menu, then select Load to change into outfits you bought in the Shopping Cities. You can store only nine outfits, so delete looks you don't want anymore.

**Q: Where can I change my player and shop names?**

**A: At your apartment and at your shop.**

Change your player name in the Profile section of your apartment and your shop name in the Shop Info section of your shop.

Your branch name is the same as your shop name.

**Q: Why isn't my branch making money?**

**A: Remember to collect your sales!**

You won't earn money unless you touch Collect Sales. If you edit an outfit before collecting funds, you won't earn money from the previous outfit. You will only earn money the first time a shopper buys an outfit, even if they buy the same outfit multiple times.

**Q: Can I change my branch location?**

**A: No. You usually can't move your branch.**

Once you open a branch, you can't move it. If you really want a new location, you can delete your save data and start the game over.

**Q: How can I close my branch?**

**A: There's a special trick for that.**

Go to the branch's menu, press the L Button + R Button + X Button + Y Button, and hold them all down for over a second, then select Close Shop. Your branch will be removed from the Shopping Cities, and you will lose any money you forgot to collect.

**Q: I closed my branch. When can I open a new one?**

**A: Wait at least a day.**

One day after you close your branch, you can open a new one. Your new branch will have the same Shop Address as your old one.

**Q: What's the difference between ads and flyers?**

**A: The target audience.**

Ads go directly to the customers who visit your shop in the regular game. Flyers go out to other Style Savvy players via Flyer Mode (see page 27 for details).
