Free Replacement Period

During the Free Replacement Period indicated in the table above, if the battery you purchased fails to hold a charge as determined by our testing, we will replace the battery you purchased free of charge.

If we installed the original battery as indicated by your copy of the invoice or other evidence acceptable to us, we will install the replacement battery as part of our DieHard Service free of charge.

If we did not originally install the battery being replaced or if there is no evidence of the original installation by us, installation, if requested, will be subject to our standard DieHard Service charge.

If we replace a battery as provided in this warranty, the Free Replacement Period applicable to your replacement battery shall be the unexpired portion of the Free Replacement Period remaining on the replaced battery.

Limitations

This battery warranty applies only to the original purchaser and only if the battery is still in the vehicle where it was originally installed. If you used the battery for commercial use or in any vehicle other than a private passenger car or light truck, the Free Replacement Period will be one-half as long as the period specified in the table above.

Full replacement at no charge is not available without proof of original purchase date. This warranty is subject to the General Terms listed in the column to the right.

Exclusions

This battery warranty does not apply to batteries used in vehicles without properly operating starting and charging systems.

How to Make a Claim

To make a claim under the battery warranty described on this page, you must present your sales receipt or other record indicating the date of purchase at a Sears Auto Center or other store in the Transformco family of companies in the U.S. that sells vehicle batteries.

General Terms

We make no warranties other than those specified on this page for any of the products listed in the table above. We expressly disclaim any implied warranties of merchantability and fitness for a particular purpose. These limited warranties do not provide compensation for loss of time, loss of use of vehicle, inconvenience or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this exclusion may not apply to you.

The warranties on this page give you specific legal rights, and you may also have other rights that vary from state to state.
