Welcome to Molina Healthcare!

Molina Healthcare Drug Formulary (List of Drugs)

Molina Healthcare has a list of drugs that it will cover. The list is called the Drug Formulary. The formulary changes from plan year to plan year. The drugs on the list are chosen by a group of doctors and pharmacists from Molina Healthcare and the medical community. The group meets every three months to talk about the drugs that are in the formulary. They review new drugs and changes in health care. They try to find the most effective drugs for different conditions. Drugs are added or removed from the Drug Formulary for different reasons. Reasons may include:

- Changes in medical practice
- Medical technology
- When new FDA-approved drugs come on the market
- When drugs are removed from the market by the FDA
- When a drug is identified with a new safety issue

Within the current plan year, we only make certain changes to the formulary. These changes may include:

- Addition of drugs or dosage forms
- Movement of a drug from one drug tier to another that results in less cost sharing
- Changes in preferred status among similar drugs on the list
- Removal of restrictions on a drug or dosage form

When updates happen through our standard process, Molina Healthcare will publish any changes on a monthly basis. Your plan's most current drug list is on our website MolinaMarketplace.com.

Does the drug list include injectable drugs that a Provider gives to me in a clinic or other location?

In general, drugs on the drug list are drugs your provider prescribes for you to get from a pharmacy and give to yourself. Most injectable drugs you need help from a provider to use are covered under the medical benefit instead of the prescription drug ("pharmacy") benefit. Your provider has instructions from Molina on how to get you approved for drugs they buy and help give to you. Some injectable drugs can be approved to get from a pharmacy using your prescription drug benefit.

I have questions about how my plan covers drugs.

This guide contains many details for common questions. You may also call Molina Healthcare and ask specific coverage questions about a drug:

- Can my prescription be filled at a retail pharmacy?
- What is the cost sharing dollar amount for my prescription?
- What is the process for requesting a drug that has a Prior Authorization requirement?
- How can I request an exception for a drug that is not on the formulary or has step therapy requirements?
- Is my drug covered under the prescription drug benefit or the medical benefit?

Call toll-free 1 (888) 560-2025, Monday through Friday, 8:00 a.m. through 6:00 p.m. If you are deaf or hard of hearing, dial 711 for the Telecommunications Service. You can also ask us to mail you a copy of the drug list.

If a drug is listed on the formulary, will I be prescribed that drug?

A drug being listed on the formulary does not guarantee that your doctor will prescribe it for you. This guide lets you and your doctor know which prescription drugs are covered by your plan. Drugs that are not on this list may not be covered by your plan and may cost you more. You may ask for nonformulary drugs to be covered. Requests for nonformulary drugs will be considered for a medically accepted use when formulary options cannot be used and/or other coverage requirements are met. Details are included in this guide.

Using the Drug Formulary as your prescription drug coverage guide

How do I locate a drug that is on the drug list?

The list of drugs is organized alphabetically by therapeutic category and class using the American Hospital Formulary Service (AHFS) classification. Within category and class, drug names are also organized in alphabetical order. If you do not know the category or class for the drug you are looking for, there are two ways to search for the drug by name.

- If you are using an electronic version of the drug list, you can use the PDF Search Function by pressing Ctrl + F on your computer keyboard. Type the name of the drug you are looking for in the search box.
- If you are using a print version of the drug list, you can search for the name of the drug in the Index at the end of this guide.

Drug entries on the list contain the Drug Name, Drug Tier, and other coverage details for all the drugs and items covered under your plan's prescription drug benefit.

Here are examples of how a drug may be displayed on the drug list (actual coverage may differ from this example).

Drug Name	Drug Tier	Requirements/Limits
COUMADIN TAB 1MG (<i>warfarin sodium</i>)	Tier 2	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i>	Tier 1	QL (300 tabs / 30 days); MAIL
<i>warfarin sodium tab 1 mg</i> (Jantoven)	Tier 1	QL (300 ea / 30 days); MAIL

What drug names are used on the list?

The drug list uses trademarked brand names and non-proprietary or "generic" names to show what form of the drug is covered. There are also trademarked names used by certain generic drugs. The way a drug name is shown on the drug list will tell you if the branded form, the generic form, or the trademarked generic form is what is covered. The example above shows the branded, generic, and trademarked generic forms of the drug "warfarin sodium".

When the branded form of a drug is covered, the drug name will be listed in all CAPITAL letters as its BRAND NAME. The non-proprietary or "***generic name***" for the branded drug will follow in parentheses and in all ***bold and italicized lowercase*** letters. When the generic form of the drug is covered, it is listed separately by its ***generic name(s)*** in all ***bold and italicized lowercase*** letters. A generic drug that is covered as the trademarked generic form will be listed separately by its ***generic name*** followed by the trademarked name in parentheses. The trademarked generic name will be shown with the first letter of each word capitalized.

If both the brand form and the generic form for a drug are covered on the formulary, they will each be listed as separate drug entries. For example, COUMADIN and **warfarin sodium** are listed separately to show both the brand form and the generic form are covered on the formulary. In this example, a trademarked generic form (Jantoven) is also displayed. Different Drug Tier and Requirements/Limits may apply for a trademarked form versus a generic form of a drug if multiple drug forms are listed as covered on the actual drug list.

What are Drug Tiers and how do they affect my share of the drug's cost?

We put drugs on different levels called tiers based on how well they improve health and how much they cost compared to similar treatments. Your plan has the following tiers. For Tiers 1 through 4, the lower the Drug Tier, the lower your share of the cost will be.

Here are more details about which drugs are on which tiers.

Drug Tier	Description
Tier 1	Preferred Generic drugs and low-cost Brand Name drugs; Lowest enrollee cost sharing
Tier 2	Preferred Brand Name drugs; Higher cost sharing than Tier 1
Tier 3	Non-Preferred, Brand Name and Generic drugs; Higher cost sharing than lower tier drugs used to treat the same conditions
Tier 4	Specialty Drugs, both Brand Name and Generic; Higher cost sharing than lower tier drugs used to treat the same conditions if available. Most Specialty Drugs covered in your plan will be available through a Specialty Pharmacy. We may require you to use our exclusive In-Network Specialty Pharmacy
Tier 5	Preventative service drugs
DME	Durable Medical Equipment; Cost sharing may apply for non-drug products on the drug list

In accordance with the Affordable Care Act, your plan covers nationally recognized preventative service drugs and dosage forms (Tier 5) with \$0 cost sharing.

How can I find more information about how much my drug will cost?

Information about prescription drug cost sharing amounts can be found on our [Benefits at a Glance](#) brochure or by entering your prescription and pharmacy information into the Check Drug Cost tool. To use the Check Drug Cost tool, click on the “Drug Look-Up” link for your plan on our [View Plans](#) webpage. This tool will provide you with an estimate of your cost. If you create an account with Caremark.com before using the tool, your plan design information will also be used to more closely estimate actual prices you pay at the pharmacy.

Prior authorization and exception request procedure

Prior authorization

Drugs that require advanced approval for coverage are reviewed against standard rules to determine medical necessity. Providers must show you have a medically accepted use for the drug and that other treatments have not worked for you or are not clinically appropriate. Other requirements may apply depending on the drug. We may require certain test

results to show a drug is right for you. An enrollee's response to drug samples from a provider or a drug maker will not be considered as a reason to bypass standard rules for coverage.

Your provider may fax a completed drug Prior Authorization form to Molina at 1 (888) 487-9251. The forms may be obtained on our website MolinaHealthcare.com.

If your prescription requires a Prior Authorization, the request can be considered under Standard or Urgent Circumstances.

- Any request that is not for an Urgent Circumstance is considered a Standard Exception request.
- A request is considered urgent if it is for treating a health condition that may seriously jeopardize your life, health, or ability to regain maximum function.

We will reach a decision no later than:

- 24 hours following receipt of request with Urgent Circumstances.
- 72 hours following receipt of request with Standard Circumstances.

If the request is approved, Molina will send a letter to you and your doctor. We will tell you how long the request is approved for. If the request is denied, we will send a letter with the reasons why and give instructions on your rights for follow up.

Requesting an Exception

Can I have a drug covered if it is not on the formulary or does not follow plan requirements such as step therapy?

Molina has a process to allow you to request clinically appropriate drugs that are not on the formulary or that have requirements or limits under your plan. Your doctor may order a drug that is not in the formulary but that he or she believes is best for you. Or, you may be taking a drug that is no longer on the drug list. Your doctor can ask us to keep covering it for you by sending us a Prior Authorization request.

Exceptions may be considered when formulary options cannot be used and/or other requirements are met. The drug must be safe and effective for your medical condition. Your doctor must write your prescription for the usual amount of the drug for you. Molina may consider an exception under the following conditions:

- There is documentation of a specific need in your medical record.
- Your doctor has certified that you tried drugs on the formulary, and they did not help you in the past; or the options have caused you harm or are reasonably expected by the prescriber to cause you harm or to be ineffective because of the clinical features of your condition.

If the request is approved, Molina will send a letter to you and your doctor. If the request is denied, we will send a letter with the reasons why and give instructions on your rights for follow up. If you disagree with the denial reasons, you can appeal the decision.

Complaints and Appeals

If Molina denies your drug request, a notice of rights to appeal the decision will be included in the notice of action. You may file a grievance or complaint by contacting the Molina Customer Support Center at (888) 560-2025. For more information refer to the section in your Agreement (policy) titled "Complaints and Appeals".

What are the Requirements and Limits on the drug list?

Requirements and limits may be set up for certain drugs. Drugs may have the following requirements and limitations:

Requirements/Limits	Description
AGE	Age limits apply. We only pay for this drug or dosage form for certain age groups based on information about the drug's safety, efficacy, and cost.
MED	Morphine Equivalent Dose limits apply. Quantities of this drug are limited to the equivalent ("EQ") of 90 milligrams of morphine per day of supply filled.
OTC	Over-the-Counter dosage forms are covered on the drug list with a valid prescription from a provider.
PA	Prior Authorization is required. We require advanced approval of coverage on some drugs before they will be paid for. If Prior Authorization is required for a drug or dosage form, providers must show you have a medically accepted use for the drug and other treatments have not worked or are not appropriate. Other requirements may apply depending on the drug.
QL	Quantity Limits apply. We will pay for a maximum daily amount based on information about the drug's medically accepted use and cost.
ST	Step Therapy is required. If we have paid for you to have the required Step Therapy drug(s) in the past, this drug will be paid for at the pharmacy without need for a Prior Authorization or Step Therapy exception request. The drug list will show you which drugs are required first and for how long.

Some drugs are designated "Preferred Brand" in the drug class they are listed. If there is a drug in the same class as the drug you are requesting and it is the Preferred Brand drug in the class, we require that the Preferred Brand be used first or instead. Specific drugs that require use of a Preferred Brand drug first may also be indicated "Medical Necessity PA". Medical Necessity Prior Authorization requirements apply to some Tier 4 Specialty Drugs.

The drug list will also indicate if a drug is eligible for Mail Order (**MAIL**) programs in the Requirements/Limits column. It is your choice if you want to use Mail Order programs. You may have lower cost sharing using Mail Order on some drugs.

¡Bienvenido a Molina Healthcare!

Formulario de Medicamentos de Molina Healthcare (Lista de Medicamentos)

Molina Healthcare tiene una lista de medicamentos que serán cubiertos. Esta lista se denomina Formulario de Medicamentos. El formulario cambia de acuerdo al año del plan. Los medicamentos que aparecen en la lista son elegidos por un grupo de médicos y farmacéuticos de Molina Healthcare y la comunidad médica. El grupo se reúne cada tres meses para conversar sobre los medicamentos que están en el formulario. Revisan los nuevos medicamentos y cambios en la atención médica. Tratan de encontrar los medicamentos más efectivos para las diferentes afecciones. Los medicamentos se agregan o retiran del Formulario de Medicamentos por diferentes motivos. Estos motivos pueden incluir:

- Cambios en la práctica médica.
- Tecnología médica
- Cuando nuevos medicamentos aprobados por la Administración de Alimentos y Medicamentos (FDA, por sus siglas en inglés) salen al mercado
- Cuando la FDA retira medicamentos del mercado
- Cuando un medicamento es identificado con un nuevo problema de seguridad

Dentro del plan del año en curso, solo se realizan ciertos cambios en el formulario. Estos cambios pueden incluir:

- Adición de medicamentos o formas farmacéuticas
- Movimiento de un medicamento de una categoría de medicamento a otra que conlleva una distribución de costos menor
- Cambios en el estado de preferencia entre medicamentos similares en la lista
- Retiro de restricciones de un medicamento o forma farmacéutica

Cuando se realizan actualizaciones durante nuestro proceso estándar, Molina Healthcare publica y notifica dichos cambios mensualmente. La lista de medicamentos actualizada de su plan se encuentra en nuestro sitio Web MolinaMarketplace.com.

¿La lista de medicamentos incluye los medicamentos inyectables que un Proveedor me puede administrar en una clínica u otro establecimiento?

En general, los medicamentos de la lista de medicamentos son aquellos que su proveedor le receta para que los obtenga en una farmacia y usted mismo los pueda utilizar. La mayoría de los medicamentos inyectables que requieren la ayuda de un proveedor para utilizarlos están cubiertos bajo el beneficio médico en lugar del beneficio de medicamentos recetados ("farmacia"). Su proveedor tiene instrucciones de Molina sobre cómo obtener la aprobación para los medicamentos que compran y le ayudan a utilizar. Algunos medicamentos inyectables pueden ser aprobados para obtenerlos de una farmacia utilizando su beneficio de medicamentos recetados.

Tengo algunas preguntas sobre cómo mi plan cubre los medicamentos.

Esta guía contiene varios detalles para preguntas comunes. Además, puede llamar a Molina Healthcare y preguntar por la cobertura específica de un medicamento:

- ¿Mi receta se puede adquirir en una farmacia minorista?
- ¿Cuál es el monto en dólares de distribución de costos para mi receta?
- ¿Cuál es el proceso para solicitar un medicamento que tiene un requisito de Autorización previa?
- ¿Cómo puedo solicitar una Excepción para un medicamento que no está en el formulario o tiene requisitos de

- terapia escalonada?
- ¿Está mi medicamento cubierto bajo el beneficio de medicamentos recetados o el de beneficio médico?

Comuníquese gratuitamente llamando al 1 (888) 560-2025, de lunes a viernes, de 8:00 a.m. a 6:00 p.m. Si es sordo o tiene problemas de audición, marque el 711 del Servicio de Telecomunicaciones. También puede solicitar el envío por correo de una copia de la lista de medicamentos.

Si un medicamento figura en el formulario, ¿se me recetará ese medicamento?

El que un medicamento figure en el formulario no garantiza que su médico se lo recetará. Esta guía le informa a usted y a su médico qué medicamentos recetados están cubiertos por su plan. Es posible que los medicamentos que no están en esta lista no estén cubiertos por su plan y pueden costarle más. Puede solicitar que se cubran medicamentos que no están en el formulario. Las solicitudes para medicamentos que no están en el formulario se considerarán para un uso aceptado por razones médicas cuando las opciones del formulario no se pueden utilizar y/o se cumplen otros requisitos de cobertura. Los detalles se incluyen en esta guía.

Cómo utilizar el Formulario de Medicamentos como su guía de cobertura de medicamentos recetados

¿Cómo ubico un medicamento que está en la lista de medicamentos?

La lista de medicamentos está organizada alfabéticamente por categoría terapéutica y clase utilizando la clasificación del Servicio de Formularios de Hospitales Norteamericanos (American Hospital Formulary Service, AHFS). Dentro de la categoría y clase, los nombres de los medicamentos también están organizados en orden alfabético. Si no conoce la categoría o clase del medicamento que está buscando, existen dos maneras de buscar el medicamento por nombre.

- Si está utilizando una versión electrónica de la lista de medicamentos, puede utilizar la función de búsqueda de PDF al presionar Ctrl + F en el teclado de la computadora. Escriba el nombre del medicamento que está buscando en la casilla de búsqueda.
- Si está utilizando una versión impresa de la lista de medicamentos, puede buscar el nombre del medicamento en el índice al final de esta guía.

Las entradas de los medicamentos en la lista contienen el nombre del medicamento, la categoría del medicamento y otros detalles de cobertura para todos los medicamentos y artículos cubiertos bajo el beneficio de medicamentos recetados de su plan.

Aquí mostramos algunos ejemplos de cómo se puede indicar un medicamento en la lista de medicamentos (la cobertura real puede diferir del ejemplo).

Nombre del medicamento	Categoría del medicamento	Requisitos/Límites
COUMADIN TAB 1MG (warfarin sodium)	Tier 2	QL (300 tab. / 30 días); MAIL
warfarina sodium tab. 1 mg	Tier 1	QL (300 tab. / 30 días); MAIL
warfarin sodium tab. 1 mg (Jantoven)	Tier 1	QL (300 c/u / 30 días); MAIL

¿Qué nombres de medicamentos se usan en la lista?

La lista de medicamentos utiliza nombres de marcas registradas y nombres no patentados o "genéricos" para mostrar qué forma del medicamento está cubierta. También hay nombres de marcas comerciales utilizadas por ciertos medicamentos genéricos. De acuerdo a como se muestra el nombre de un medicamento en la lista de medicamentos, le indicará si la forma de marca, la forma genérica o la forma genérica comercial es la que está cubierta. El ejemplo anterior muestra las formas de marca, genérica y genérica comercial del medicamento "warfarina sódica".

Cuando se cubre la forma de marca de un medicamento, el nombre del medicamento aparecerá en MAYÚSCULAS como su NOMBRE DE MARCA. El nombre no patentado o "*genérico*" del medicamento de marca aparece luego entre paréntesis, en letras *minúsculas negritas y cursivas*. Cuando se cubre la forma genérica del medicamento, se indica(n) por separado su(s) *nombre(s) genérico(s)* en letras *minúsculas negritas y cursivas*. Un medicamento genérico que está cubierto como la forma genérica comercial, se indica por separado por su *nombre genérico* seguido del nombre comercial entre paréntesis. El nombre genérico comercial se mostrará con la primera letra de cada palabra en mayúscula.

Si la forma de marca y la forma genérica de un medicamento están cubiertas en el formulario, cada una se enumera como entradas de medicamentos separados. Por ejemplo, el COUMADIN y la **warfarina sódica** se enumeran por separado para mostrar que tanto la forma de marca como la forma genérica están cubiertas en el formulario. En este ejemplo, también se muestra una forma genérica comercial (Jantoven). Se pueden aplicar diferentes Categorías de medicamento, así como Requisitos/Límites para una forma de marca, en comparación con la forma genérica de un medicamento, si ambas están enumeradas en la lista de medicamentos.

¿Qué son las Categorías de medicamentos y cómo afectan mi parte del costo del medicamento?

Clasificamos los medicamentos en diferentes niveles, denominados categorías, en función de cuán bien mejoran la salud y cuánto cuestan en comparación con tratamientos similares. Su plan cuenta con las siguientes categorías. Para las Categorías 1 a 4, cuanto menor sea la Categoría del medicamento, menor será su parte del costo.

Aquí le presentamos más detalles sobre qué medicamentos se encuentran en determinadas categorías.

Categoría del medicamento	Descripción
Tier 1	Medicamentos Genéricos preferidos y de Nombre de marca de bajo costo; la menor distribución de costos para el afiliado
Tier 2	Medicamentos de Nombre de marca preferido; distribución de costos más alta que la Categoría 1
Tier 3	Medicamentos de Nombre de marca y Genéricos, no preferidos; distribución de costos más alta que los medicamentos de categorías inferiores utilizados para tratar las mismas afecciones

Tier 4	Medicamentos de especialidad, tanto de Nombre de marca como Genéricos; distribución de costos más alta que los medicamentos de categorías inferiores utilizados para tratar las mismas afecciones, si están disponibles. La mayoría de los Medicamentos de especialidad cubiertos en su plan estarán disponibles a través de una Farmacia especializada. Es posible que le solicitemos que use nuestra exclusiva Farmacia especializada dentro de la red
Tier 5	Medicamentos del servicio de prevención
DME	Equipo médico duradero (DME, por sus siglas en inglés); se puede aplicar distribución de costos para productos que no son medicamentos en la lista de medicamentos

De acuerdo con la Ley de Atención Médica Asequible, su plan cubre medicamentos del servicio de prevención y formas farmacéuticas (Categoría 5) reconocidos a nivel nacional con una distribución de costos de \$0.

¿Cómo puedo encontrar más información sobre el costo de mi medicamento?

Puede encontrar información sobre los montos de distribución de costos de los medicamentos recetados en nuestro folleto Resumen de los Beneficios (Benefits at a Glance) o ingresando la información de sus medicamentos recetados y la farmacia en la herramienta Verificar Costo de Medicamentos (Check Drug Cost). Si crea una cuenta con Caremark.com antes de usar la herramienta, la información de diseño de su plan también se utilizará para estimar de manera más exacta los precios reales que paga en la farmacia.

Procedimiento de solicitud de excepción y autorización previa

Autorización previa

Los medicamentos que requieren una aprobación anticipada para obtener cobertura son revisados en base a las normas estándar para determinar su necesidad médica. Los proveedores deben demostrar que usted tiene un uso médicamente aceptado para el medicamento y que otros tratamientos no le han funcionado o que no son clínicamente apropiados. Pueden aplicarse otros requisitos dependiendo del medicamento. Es posible que se requieran ciertos resultados de pruebas para mostrar que un medicamento es adecuado para usted. La respuesta de un afiliado a muestras de medicamentos de un proveedor o fabricante de medicamentos no se considerará como un motivo para evitar las normas estándar de cobertura.

Su proveedor puede enviar por fax un formulario completado de Autorización previa de medicamentos a Molina al 1 (888) 487-9251. Estos formularios se pueden obtener en nuestro sitio Web MolinaHealthcare.com.

Si su receta requiere una Autorización previa, la solicitud puede considerarse bajo Circunstancias estándar o urgentes.

- Cualquier solicitud que no sea para una Circunstancia urgente se considera una solicitud de Excepción estándar.
- Una solicitud se considera urgente si es para tratar una afección de salud que puede poner en grave peligro su vida, su salud o su capacidad para recuperar al máximo su funcionalidad.

Tomaremos a una decisión a más tardar:

- 24 horas después de la recepción de una solicitud con Circunstancias urgentes;
- 72 horas después de la recepción de una solicitud con Circunstancias estándar.

Si se aprueba la solicitud, Molina le enviará una carta a usted y a su médico. Se le comunicará por cuánto tiempo se ha aprobado la solicitud. Si la solicitud no se aprueba, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos de revisión.

Cómo solicitar una excepción

¿Puedo recibir un medicamento cubierto si no está en el formulario o no cumple con los requisitos del plan, como la terapia escalonada?

Molina tiene un proceso para permitirle solicitar medicamentos adecuados por razones clínicas que no están en el formulario, o que tienen requisitos o límites bajo su plan. Su médico puede ordenar un medicamento que no está en el formulario, pero que piensa que es el más adecuado para usted. O puede estar tomando un medicamento que ya no se encuentra en la lista de medicamentos. Su médico puede solicitarnos seguir cubriendo dicho medicamento enviándonos una solicitud de Autorización previa.

Se pueden considerar las excepciones cuando no se pueden utilizar las opciones del formulario y/o se cumplen otros requisitos. El medicamento debe ser seguro y efectivo para su afección médica. Su médico debe elaborar su receta para obtener la cantidad usual del medicamento para usted. Molina puede considerar una excepción bajo las siguientes condiciones:

- Existe documentación de una necesidad específica en su registro médico.
- Su médico ha certificado que en el pasado usted tomó los medicamentos del formulario y no le ayudaron; o que las otras opciones le han causado daños o el médico que receta piensa de manera razonable que los medicamentos le causarán daño o serán ineficaces debido a las características clínicas de su afección.

Si se aprueba la solicitud, Molina le enviará una carta a usted y a su médico. Si la solicitud no se aprueba, le enviaremos una carta con los motivos y le daremos instrucciones sobre sus derechos de revisión. Si no está de acuerdo con los motivos del rechazo, puede apelar la decisión.

Quejas y Apelaciones

Si Molina rechaza su solicitud de medicamento, un aviso de derechos para apelar la decisión se incluirá en el aviso de acción. Puede presentar un reclamo o queja comunicándose con el Centro de Asistencia al Cliente de Molina al (888) 560-2025. Para obtener más información, consulte la sección de su Acuerdo (póliza) titulada “Quejas y Apelaciones”.

¿Cuáles son los Requisitos y Límites en la lista de medicamentos?

Se pueden establecer requisitos y límites para ciertos medicamentos. Los medicamentos pueden tener los siguientes requisitos y limitaciones:

Requisitos/Límites	Descripción
AGE	Se aplican límites de edad. Solo pagamos este medicamento o forma farmacéutica para ciertos grupos de edad en base a la información sobre la seguridad, eficacia y costo del medicamento.
MED	Se aplican límites de Dosis equivalentes de morfina (MED, por sus siglas en inglés). Las cantidades de este medicamento están limitadas al equivalente ("EQ") de 90 miligramos de morfina por día de suministro.
OTC	Las formas farmacéuticas de venta sin receta (OTC, por sus siglas en inglés) están cubiertas en la lista de medicamentos con la receta válida de un proveedor.
PA	Se requiere Autorización previa (PA, por sus siglas en inglés). Requerimos aprobación anticipada de la cobertura para algunos medicamentos antes de realizar su pago. Si la Autorización previa es necesaria para un medicamento o forma farmacéutica, los proveedores deben demostrar que usted tiene un uso medicamente aceptado para dicho medicamento y que otros tratamientos no le han funcionado o no son apropiados. Pueden aplicarse otros requisitos dependiendo del medicamento.

La lista de medicamentos le mostrará qué medicamentos se requieren primero y durante cuánto tiempo.

Algunos medicamentos están designados como "Marca preferida" en la clase de medicamento en la que aparecen. Si existe un medicamento en la misma clase que el medicamento que está solicitando y es el medicamento de Marca Preferida en la clase, necesitamos que el medicamento de Marca preferida se utilice primero o en su lugar. Los medicamentos específicos que requieren el uso de un medicamento de Marca preferida también se pueden indicar primero como "PA de necesidad médica". Se aplican requisitos de Autorización previa de necesidad médica a algunos Medicamentos de especialidad de Categoría 4.

La lista de medicamentos también indicará si un medicamento es elegible para los programas de Pedido por correo (**MAIL**) en la columna Requisitos/Límites. Usted elige libremente si desea utilizar los programas de Pedido por correo. Es posible que tenga una distribución de costos más baja con el Pedido por correo de algunos medicamentos.
