#### REPORT RECOMMENDATION

1. That People and Place Committee Report No. AR20/38226 titled 'Proposed Update to the Council / Committee Report Template' as presented on 03 August 2020 be noted.

## BACKGROUND

The current report template is short and succinct and provided a basic framework within which reports can be framed. This format was a basic one selected when the InfoCouncil software package was purchased. Having had the benefit of over a year of use with the City Council and from other councils, the template is proposed to be updated.

## DISCUSSION

The following is the proposed new template. Not all items will be found in each report, but the headings are intended as an *aide memoir* to stimulate thinking for the report author(s).

ITEM	INDICATIVE CONTENT
Type of report	Legislative <input checked="" type="checkbox"/> Corporate <input checked="" type="checkbox"/> Other <input checked="" type="checkbox"/>

Once Council has seen this, there will be a briefing for the Council Leadership Team to bring a level of common understanding and to clarify expectations. In the background InfoCouncil will then work to update the template, which will then find its way into Committee and Council agendas.

## CONCLUSION

That given the changes made to the Council's Strategic Plan and from feedback through the Chief Executive Officer's Performance Review, the template used for committees and Council will be updated in line with the proposal in the 'Discussion' section of this report.

## **BACKGROUND**

On 6 July 2020 an Elected Member Workshop was held to provide an update on activities in relation to the creation of a Trust for the purpose of obtaining Deductible Gift Recipient (DGR) status for the Riddoch Art Gallery.

The Friday Edition dated 10 July 2020, provided Members with a DGR Status Update Paper as well as past reports and resolutions relating to this matter since 2014 prior to when the City of Mount Gambier commenced management of the Riddoch Art Gallery as a business unit of Council.

This update is now incorporated as the Discussion aspect of this report.

## **DISCUSSION**

On 1 July 2016 the City of Mount Gambier assumed the management of the Riddoch Art Gallery (a 'public art gallery') and ownership of the Institute and Riddoch art collections.

It is worth noting that prior to this date the City of Mount Gambier owned a significant and separate art and civic collection of its own. For the purpose of this report a reference to an art collection is intended to include all of the former Institute, Riddoch and City of Mount Gambier Collections (now the combined City of Mount Gambier art collections).

The former gallery operator (the Riddoch Art Gallery Incorporated) enjoyed Deductible Gift Recipient (DGR) Status and Charitable Institution Registration which enabled its financial and art contributors to donate within the tax deductible environment and/or claim tax deductions for the same.

DGR status was identified as a key necessity for the ongoing successful operation of the Riddoch Art Gallery, for both the receipt of artwork and art/cultural grant funds.

In March 2017 Council Members were provided with a 'Deductible Gift Recipient Status (Riddoch Art Gallery) – Options Paper' followed in April 2017 by a formal report to consider pursuing DGR status for the Riddoch Art Gallery. The formal resolution of Council on this matter was as follows:

- “(b) a draft Trust Deed be prepared for the purpose of meeting Australian Charities & Not-for-Profit Commission and Australian Taxation Office requirements for application to be made for Deductible Gift Recipient status for the Riddoch Art Gallery;*
- (c) a further report be presented for Council to consider a draft Trust Deed prepared in accordance with resolution (b) and the subsequent founding of such Trust.”*

Subsequent to the above Council's General Manager Community Wellbeing, Manager Arts & Culture Development (Riddoch Art Gallery Director) and Manager Executive Administration have been in liaison with Council's Solicitors to develop a Trust Deed in accordance with the abovementioned resolution (b).

After extensive consideration, and consultation with Council's solicitors it was decided that it makes more sense – both commercially and legally – to form and incorporate the gallery as an incorporated association under the Associations Incorporation Act 1985 (SA).

By incorporating an association, it provides the gallery with much more flexibility in changing its constitution to adapt to future changes, there is no requirement for members, (although Council has been adopted as the sole member) and the Council can be more aggressive in linking its relationship to the gallery, if required.

Becoming an association will provide the same commercial outcomes that were envisaged in going down the charitable trust deed path. Council will be the sole member of the association which allows it to dictate the governing rules.

Further, there is no prohibition on Council being involved in or being a member of an association (as compared to a company).

The purpose of this report is to inform Council of the background and work undertaken to-date in pursuance of a suitable DGR model and to present the Draft Constitution in accordance with the abovementioned resolution (c).

Background reports and resolutions in relation to this matter were provided to Elected Members on 10 July 2020 following the Elected Member Workshop held on 6 July 2020. These documents have previously been published on the Council website with the Council and Committees agendas and minutes of the relevant meetings at which they were considered.

A Draft Constitution for '*The Riddoch Arts and Cultural Trust Incorporated*' is now attached for Council consideration and endorsement.

The Draft Constitution is the result of a body of work to identify a legally permissible entity that would meet the application requirements for registration with the Australian Charities and Not-For-Profit Commission (ACNC) and Australian Taxation Office (ATO) for DGR status.

These requirements necessarily require a legal entity that is independent of the Council as eligibility for DGR is not available to a (local) government body.

Review of the Draft Constitution of the "*The Riddoch Arts and Cultural Trust Incorporated*" will show that it has been specifically crafted to provide Council with an appropriate level of influence and control over the incorporated body and its operations through the following:

- Objects and purposes – clause 3
- Budget approval – clause 5.2.4
- Annual Plan approval and changes – clause 5.3.2-5.3.3
- Council Officer representation – clause 7
- Council Board (Meeting) Observers, included in quorum requirement – clauses 11, 14.3
- Council appointment/removal of Board Members – clause 11
- Board Observer inclusion in circulation of board meeting minutes – clause 14.9
- Calling/convening of Special General Meetings – clause 17.3/17.4
- Council Representative/CEO/Member attendance at General Meetings – clause 19
- Council passing of a Member Resolution – clause 22
- (Sole) Voting rights at General Meetings – clause 25
- Provision and confirmation of Board minutes – clause 26
- Using Council services for financial activities/reporting obligations – clause 30.4
- Ability (by Special Resolution) to amend, repeal, replace Constitution – clause 33

Further, until such time as The Riddoch Arts and Cultural Trust Incorporated has sufficient resources to enable it to operate independently, it would be solely reliant upon Council for its budget and service provision, including Council staffing and other resources required to fulfil its Council approved Annual Plan. This provides Council with a level of control despite the independence of the proposed Board.

The ultimate long term objective for The Riddoch Arts and Cultural Trust Incorporated is for it to become financially capable to fund its own Executive Officer, staffing and all other resources necessary for it to operate independently in accordance with its Objects and Purposes, whilst retaining Council oversight.

An important aspect for DGR eligibility is that The Riddoch Arts and Cultural Trust Incorporated must operate an art gallery and/or manage an art collection. It is proposed this be achieved through a service agreement and loan/access arrangements whereby the association would 'operate' the Council owned Riddoch Art Gallery with access rights to the City of Mount Gambier art collections.

The purpose in obtaining DGR status is to enable the association to access and accumulate deductible art/monetary gifts, donations and grants that are not accessible to government entities such as Council. This would necessarily mean that future assets so obtained would become assets of the association, rather than the Council.

The terms of The Riddoch Arts and Cultural Trust Incorporated's constitution and DGR/ATO/ACNC rules mean that any such deductible realm assets held by the association must remain within that tax regime and only be transferred to a similarly entity if the association were to be wound-up in the future.

Similarly, DGR status will also provide a valid entity to which the Riddoch Art Gallery Incorporated (former gallery operator) and Riddoch Foundation may transfer its assets within the deductible gift realm, thus enabling it to wind-up its operations as an association.

This report recommends that Council give consideration to the making of resolutions to endorse the Draft Constitution for The Riddoch Arts and Cultural Trust Incorporated and enable the progression of the following next steps:

- identification and endorsement of Initial Board Members and Council Representatives;
- establishment of an incorporated association;
- application to the ATO/ACNC for Deductible Gift Recipient status;
- necessary administrative/housekeeping activities for establishment / initial operation of the association; and
- commencement of association/Board operations.

These next steps are a non-exhaustive list and may be expected to progress over a period of approximately 6-24 months depending upon the timeframes for identifying and endorsing initial Board Members, establishment of the association, ACNC/ATO DGR application, and board establishment and initial operations.

In the initial transition stages over 1-2 years it should be anticipated that administrative/housekeeping activities for establishment of the association, its Board and commencing Board operations would be undertaken by Council Officers until the Board is established and able to enter into suitable service level arrangements for the same.

It should be further anticipated that the Initial Board would be in place within (and for) 6-24 months with the achievement of short-medium term objectives in a 2-5 year timeframe.

It would be expected that any significant outcomes associated with the establishment of the association and its ability to attract art and monetary gifts and grants would be in the 5-10 year horizon as part of a long term strategy for the sustainable operation of the Riddoch Art Gallery and its contribution to the community of Mount Gambier and the South East Region.

A further fundamental aspect of the successful future operation of the Riddoch Art Gallery and associated facilities that is proposed in conjunction with the establishment of the association is the re-naming and co-branding of the Riddoch Art Gallery and Main Corner/City Hall (which have operated in a combined manner for several years) as the 'Riddoch Arts and Cultural Complex'.

This would enable the combined adjoining programmable spaces to be marketed as a whole to a broader audience, noting that the 'Main Corner' has no brand recognition beyond the local Mount Gambier community, whereas the Riddoch name has a historical association with arts and culture in the south east region of South Australia as well as on a national stage. It is anticipated that the costs associated with this exercise would be principally funded from within the annual operating budgets of these facilities.

### **CONCLUSION**

Having considered the background context and Draft Constitution for The Riddoch Arts and Cultural Trust Incorporated this report recommends that Council endorse the progression of the formation of the association and associated activities and the associated re-naming and re-branding of the adjoining facilities.

14.7.3 Others may attend Board Meetings with the approval of the Board, and the resolution is recorded in the minutes of the Board Meeting.

14.7.4 During a Board Meeting, the Board may exclude any Elected Members and other attendees from any part of the Board Meeting (with or without reason) and a resolution of such exclusion is to be recorded in the minutes.

  - 14.10.3 Clauses 14.10.1 and 14.10.2 do not apply in respect of any pecuniary interests that exist only by virtue of the fact that the Board Member is a member of a class of persons for whose benefit the Association is established.
  - 14.10.4 A Board Observer must also disclose any personal pecuniary interest that arises in any matter which is before the Board for discussion. The Board is to determine whether the Board Observer shall vacate the room for discussion on such matters (and such resolution shall be recorded in the minutes).

<b>Committee:</b>	<b>People and Place Committee</b>
<b>Meeting Date:</b>	<b>3 August 2020</b>
<b>Report No.:</b>	<b>AR20/45145</b>
<b>CM9 Reference:</b>	<b>AF19/413</b>
<b>Author:</b>	<b>Michael McCarthy, Manager Executive Administration</b>
<b>Authoriser:</b>	<b>Andrew Meddle, Chief Executive Officer</b>
<b>Summary:</b>	<b>This report presents information that Council is required by Section 270(8) of the Act to consider on an annual basis and include in the Annual Report of Council in relation to applications for internal review of Council actions or decisions</b>
<b>Community Plan Reference:</b>	<b>Goal 1: Our People</b> <b>Goal 2: Our Location</b> <b>Goal 3: Our Diverse Economy</b> <b>Goal 4: Our Climate, Natural Resources, Arts, Culture and Heritage</b>

**REPORT RECOMMENDATION**

1. That People and Place Committee Report No. AR20/45145 titled 'Internal Review of Council Actions 2019/2020' as presented on 03 August 2020 be noted.
2. That the background and discussion material contained in Council Report No. AR20/45145 relating to Section 270 of the Local Government Act 1999 be included in Council's 2019/2020 Annual Report.

## **BACKGROUND**

Section 270 of the Local Government Act 1999 (the Act) relates to the internal review of council actions or decisions.

Council is required by Section 270(8) of the Act to initiate and consider a report on an annual basis that relates to the:

- Number of applications received under the provisions of Section 270; and
- Kinds of matters to which the applications relate; and
- Outcome of applications.

The Local Government (General) Regulations further prescribes that the report required under Section 270(8) is material that is to be included in the annual report of the Council.

## **DISCUSSION**

During the 2019/2020 Financial Year, one formal application was received in relation to Section 270 of the Act or Council's Internal Review of Council's Decisions Policy.

An application for internal review of a Council decision was received from a property owner in relation to Council's actions and the decisions of two named officers in relation to matters associated with an adjoining property.

The matters between the two neighbours and their respective properties were varied and relatively complex, involving officers from the planning, building, health and general inspectorate areas.

Several matters were ongoing at the time the internal review application was made, and the applicant was subject to restricted access to the Council premises and Council Officers arising from earlier inappropriate behaviour directed towards Council Officers.

The outcome of the internal review included detailed findings and commentary relating to each of the matters raised and the Council actions associated with each, including for following further actions:

- That Council continue to work with the adjoining property owner and periodically review relevant complaint matters.
- That communications including corporate record keeping in relation to requests for service and complaints be reviewed and that appropriate systems and training be provided to Council Officers to ensure that policy expectations are consistently met.
- That the Ombudsman's Unreasonable Complainant Conduct Practice Manual and Model Policy are recommended for adoption and implementation and that training be provided to frontline and leadership staff across the organisation.

The review included ten other findings in relation to matters raised by the applicant, summarised as:

- There was no further action Council could take in relation to certain matters.
- Several matters were between property owners and should be dealt with accordingly, including seeking independent advice in relation to their rights and options.
- No findings were made in relation to unsubstantiated claims about the manner in which the applicant had been treated by specified Council Officers.
- Restrictions on the applicants access to Council premises and direct contact to Council Officers be reviewed, and remain in place or be re-imposed if inappropriate behaviour continues.

The above findings provide some insight to the challenges often encountered by Council Officers in the performance of Council's powers, duties and functions, which whilst considerable, are not so extensive that Council is empowered to satisfy everyone's expectations in relation to all neighbourhood activities and situations.

The further actions arising from the internal review findings were continuing as at 30 June 2020, the final internal review report having only been completed on 29 June 2020.

Separate to the internal review, the Chief Executive Officer has undertaken investigations to try and assist the complainant using powers under the Local Nuisance and Litter Control Act. An internal and external investigation have been commissioned and both reported that no further action was possible under this legislation either. The complainant has been advised of this outcome in writing.

The complainant is believed to have a court hearing against his neighbor on 20<sup>th</sup> August 2020.

## **CONCLUSION**

It is proposed that the background and discussion material in this report relating to Section 270 of the Local Government Act 1999 be included in Council's 2019/2020 Annual Report in fulfilment of the legislative/regulatory requirements.

**5.4 LIMESTONE COAST LOCAL GOVERNMENT ASSOCIATION - BUSINESS PLAN 2020-2021 – REPORT NO. AR20/46518**

<b>Committee:</b>	<b>People and Place Committee</b>
<b>Meeting Date:</b>	<b>3 August 2020</b>
<b>Report No.:</b>	<b>AR20/46518</b>
<b>CM9 Reference:</b>	<b>AF19/413</b>
<b>Author:</b>	<b>Andrew Meddle, Chief Executive Officer</b>
<b>Authoriser:</b>	<b>Andrew Meddle, Chief Executive Officer</b>
<b>Summary:</b>	<b>To provide a report enabling commentary and endorsement of the Limestone Coast Local Government Association Business Plan 2020-2021</b>
<b>Community Plan Reference:</b>	<b>Goal 1: Our People</b> <b>Goal 2: Our Location</b> <b>Goal 3: Our Diverse Economy</b> <b>Goal 4: Our Climate, Natural Resources, Arts, Culture and Heritage</b>

**REPORT RECOMMENDATION**

1. That People and Place Committee Report No. AR20/46518 titled 'Limestone Coast Local Government Association - Business Plan 2020-2021' as presented on 03 August 2020 be noted.
2. That Council endorse the Limestone Coast Local Government Association Business Plan 2020-2021.
3. That Council add the following commentary to its response:  
[insert text as appropriate].

## BACKGROUND

Council have received a draft of the Limestone Coast Local Government Association (LCLGA) Business Plan 2020/2021 (**Attachment 1**). The LCLGA Executive Officer also provided a briefing to Elected Members on the LCLGA activities and direction on 28<sup>th</sup> July 2020. The LCLGA are seeking endorsement of their business plan from the constituent councils.

## DISCUSSION

The principal change in direction of the LCLGA has been to move away from its position as a host of last resort projects and activities. Instead of focussing on a wide range of activities, some of which cannot be considered core business, the Business Plan seeks to redirect activities to a smaller group and to do them better with the scarce resources provided.

Tables 1 and 2 identify LCLGA projects and programs respectively, which has been prioritised by the board. The LCLGA Strategic Plan identifies three key result areas, which are:

- Sustainable Communities;
- Stronger Economy; and
- Member Capability.

Tables 3, 4 and 5 identify the activities associated with each of these.

The approach taken by the LCLGA aligns with the Council's Strategic Plan in terms of developing improved and strong relationships in the region for the benefit of each council and the LCLGA. As such, the Business Plan is consistent with the Council's Strategic Plan objectives 1.4.1, 1.4.4, 1.4.6, 2.1.1, 2.1.5, 2.2.2, 2.2.4, 3.1.2, 3.2.2, 3.2.3, 3.4.5 and 3.5.5.

The benefits of strong relationships in our region will be good for the city and good for the region. There remain opportunities to be capitalised upon, which will be best delivered through close working relationships and the sharing of expertise across the LCLGA area. As such, the improved direction of the LCLGA is supported and the Business Plan is recommended for endorsement.

## CONCLUSION

That Council endorse the Limestone Coast Local Government Association Business Plan 2020/2021, given its links to the LCLGA Strategic Plan (which has already been endorsed by Council and the LCLGA) and the future direction of the business.

# BUSINESS PLAN

2020 - 2021

## BUSINESS PLAN CONTEXT

**The 2020/21 Business Plan is the 2020/21 operationalisation of the 2020/25 Strategic Plan.**

The "why" for the LCLGA is "Collectively Building Stronger Communities". This business plan focuses on how we can work with our members to deliver our why within a local government context for our members and the Limestone Coast Community.

Our members (in alphabetical order) are:

- > District Council of Grant
- > Kingston District Council
- > City of Mount Gambier
- > Naracoorte and Lucindale Council
- > District Council of Robe
- > Tatiara District Council
- > Wattle Range Council

The LCLGA is a wholly-owned subsidiary of our members under the Local Government Act (1999). This ownership structure means our equity and liabilities belong not just to the LCLGA but to our members as well.

There is a significant commitment from our members who are actively engaged in monitoring our progress, collaborating with us and each other in the delivery of our value proposition.

The current operating environment is extremely volatile, as detailed in the external and internal operating environment sections of our strategy and due to the current COVID-19 pandemic. The LCLGA recognises we will need to be very flexible as we seek to deliver value to our members during this challenging and rapidly changing time.

One of our strengths is our size and membership base, which should allow us to be flexible and agile to support and pursue opportunities on behalf of our members.

Over the last five years, the LCLGA has come through a growth and planning period. The next five-year planning horizon will be a focus and deliver period in the key result areas of building stronger communities, a stronger economy and member capability.

In a post-COVID-19 world, we believe these area's of focus remain valid, acknowledging our strategy may need to be adjusted to meet changing priorities.

## OUR ROLE

**The LCLGA works with our members and achieves value by delivering projects, facilitating programs, being a conduit for communication, sponsoring projects or programs; and undertaking advocacy.**

Our members provide the directions for our activities to ensure we are aligned with their interest as contained in the approved strategic plan.

## EXTERNAL ENVIRONMENT

**The 2020/25 Strategic Plan was developed, considering the existing and emerging factors that may influence our strategy. These are factors, as identified by thought leaders such as CSIRO and Ernst and Young, are the ones that will most likely impact the delivery of our strategy for collectively building stronger communities.**

Ironically the likelihood of a pandemic was only referenced by the CSIRO as a "thought bubble" in a presentation on megatrends that will shape our world.

Since the Strategic Plan's development, there has been a rapid and significant disruption to our operating environment due to the COVID-19 pandemic.

The Governor of New York State, Governor Cuomo quoted Winston Churchill on 12/4/2020 concerning the progress of the COVID-19 pandemic "Now this is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning".

This statement sums up the current state of Australia and the World in our global fight to survive (literally and economically) this pandemic and to emerge in a thriving society.

The pandemic is a "Black Swan event". A Black Swan event is a rare event with severe consequences that is not predicted, but with the benefit of hindsight appears to be obvious.

Despite learnings from previous pandemics, we are facing challenges from a subtle but critical change in the infection transmission efficiency of the virus within a globally connected world; and the world is seeking to adapt to this threat with varying degrees of success.

The problem, with all strategic responses that rely on adaptation, is understanding and matching the rate of change for effective decision making.

Decision making faster than the actual rate of change risks poor decisions from inadequate knowledge leading to wasted resources or ineffective strategies.

Typically, decision making occurs too late, and resources are not available, or decisions cannot address the scale of the problem.

The government's decisions which aim to slow the rate of infection, reduce peak demand; and to protect the economy appear to have been successful (when compared to many other countries) to date at least in terms of reducing the national spread of the virus.

The economy has taken a significant amount of damage with estimates on the amount and duration of damage varying significantly from month to month.

Many small businesses have closed or are in hibernation, and nearly 25% of the workforce is now unemployed or under-employed. Industries reliant on exports such as timber, seafood, tourism, travel, accommodation and hospitality have been hit very hard due to the closure of borders (internal and external) and social isolation rules.

Some businesses have tried to adapt to new business models such as home delivery, noting it is challenging to adapt during a crisis due to the rate (as mentioned above) of change problem. For many businesses, they are trying to adjust while their financial capacity has been severely and unexpectedly eroded.

The speed of change with the pandemic is dynamic and not fixed. Initially, decision making was very fast to contain the emerging threat, now this has slowed but will vary as required, for instance, if there is a second wave then we can expect decisions to be made very quickly.

## EXTERNAL ENVIRONMENT

**There will however remain a tension of wanting to return to a more "normal" state as fast as possible, driven by economic imperatives, while not wanting to risk a second wave of damage that would occur from a second lockdown.**

The decision making will, therefore, be one of balancing trade-offs between public health, speed of economic recovery and wanting to avoid the costs of second and possibly third waves of lockdowns as occurred in the Spanish Flu pandemic.

Each state will have a different rate of change, and globally, this will vary from country to country.

Expected phases through the pandemic:

### **1. CONTAIN**

Limit the spread, slow down the rate of infection, ensure there is sufficient medical resources to meet anticipated peak demand for services, help businesses and citizens survive as efficiently as possible.

### **2. CONSOLIDATE**

Peak demand is contained within medical capacity; there is a concerted effort to reduce and eliminate social transmission and avoid reoccurrence of exponential growth. This means keep in place restrictions for interregional and interstate travel and begin cautiously with a few areas lifting social restrictions to assess impacts. Noting that with every set of decisions, it will take two weeks for the effects to be observed.

### **3. TRANSITION**

Social restrictions begin to lift, inter and intrastate travel commences including for non-essential purposes, schools and work move back to relative normality (perhaps with new health monitoring requirements and some forms of social distancing and hygiene).

### **4. STIMULATE**

Focused investment from government to kick start the economy, looking for ways to inject money quickly into projects. Local government will be an ideal channel for investing in economy building infrastructure such as roads.

International travel will likely continue to be constrained until the risk of infection from other countries is low or a vaccine is available (at least 18 months based on current information).

### **5. A NEW NORMAL**

Unhindered international travel for non-essential purposes commences once a vaccine is developed or a new regime of testing and risk mitigation for international travellers. The economics of international travel will be altered due to the loss and consolidation of competition, increased cost of insurance, re-emergence of nationalist attitudes and additional costs of border control and security.

There is likely to be a rethinking of global risks and supply chains, new paradigms around managing pandemic risk and the creation of new tools to enable quick pandemic responses (such as digital social tracing).

There are some valuable learnings for the LCLGA in the development of our strategy and business plan. Possibly the most significant learning is the uncertainty we are still facing from COVID-19 and the need to be focused, and very aware of the changing external environment so we can be flexible as required.

All tiers of government are impacted throughout the pandemic both from a service provision, economic stimulus and community leadership perspective.

## SITUATIONAL ANALYSIS

**Over the last five years, the LCLGA has been successful in delivering value to our members (as detailed in the strategic plan).**

Despite financial losses in recent years, the financial position of the LCLGA remains strong. However, with no increases to cover CPI or salary increases and sustained losses, a continuation of this approach will result in a need for a significant increase in members fees in the future or a reduction in LCLGA resources and services.

The LCLGA continues to receive excellent support from our members. The main variation from the strategic plan situational analysis is the impact of COVID-19.

We anticipate there will be pressure/direction on local government to use its resources and balance sheets to assist our communities during the COVID-19 recovery and transition phases.

This assistance will probably include local government being an initial catalyst for investment in economic capacity-building projects, employment and programs such as roads and social programs.

There will also be a continued focus to ensure costs are effective and efficient, that rates are capped, or any increases are limited, that hardship provisions are generous and that the capacity of Councils balance sheets are leveraged (increased borrowings).

It is likely, in this environment, the appetite for funding increases in members subscriptions for the LCLGA will be low and this was confirmed in a workshop with our members to validate the business plan assumptions and priorities.

It is also likely that government funding for projects will go through some significant changes with the first opportunity for increased funding (short-term) followed by a reduction in funding (longer-term).

The immediate impacts of COVID-19 on the LCLGA in recent months has been to shift to a virtual office, transitioning meetings to video conferencing, and projects to online delivery. This change was achieved quickly and efficiently, and many of the learnings from this process will impact the way we think about work, travel and communications in the future.

## DELIVERING VALUE

**Our members agree that our focus should be narrow and deep to deliver value, and this becomes even more important in an increasingly resource-constrained environment.**

This means we will apply our resources to those strategies that provide the greatest value to our members; and not take on additional responsibilities without considering the trade-offs (time, \$, risk or lost value from not doing another project).

The process used to create focus and value in this business plan uses the following approach:

1. Should we be responsible for implementing the strategy?
2. What is the relative value of the proposed work?
3. What is the trade-off, and is this acceptable?

## DELIVERING VALUE

### 1. SHOULD WE DO IT?

- > Benefits more than one member?
- > Is it consistent with our why?
- > Should others do this?
- > Are we the best to do this work?
- > Do we have the resources?
- > Are the risks acceptable?
- > Endorsed by member Councils

### 2. RELATIVE VALUE

- > Fit with why?
  - > Number of members?
  - > Significance of benefit?
  - > Effort required
  - > Start date = Time
- } = Value

- Highest value, shortest time
- ◆ Low value, quick wins
- ▲ Average value, average time
- Least value, longest time

### 3. OPPORTUNITY COST / TRADEOFF

#### Impact of saying YES

- > What is the lost value by saying yes?
- > What additional costs are involved?

**Our members were asked which of our activities are strongly aligned with our why and provide the greatest benefits.**

This approach is still developing and will become more sophisticated, the more it is used.

In terms of the LCLGA Projects (see table 1), they are ranked in order of alignment and value, noting that each of these projects also receive external funding.

For our Programs (see table 2), these are not generally funded via grants and include ongoing work with member committees, their alignment and value is ranked in table 2.

## LCLGA PROJECTS

TABLE 1 LCLGA PROJECTS

NAME	SHOULD WE DO THE WORK?	STRATEGIC ALIGNMENT	IMPORTANCE (VALUE AND EFFORT)	RANK
Destination Development and Economic Recovery	Yes	Very Strong	Essential	1
Star Club	Yes	Strong	Important	2
Sports Academy * (Subject to funding)	Yes	Strong	Important	3
Leadership *	Unsure	Average	Nice to do	4
Substance Misuse Limestone Coast *	Yes, but maybe a better fit elsewhere	Average	Nice to do	5

\*These projects have commitments from LCLGA and external funding for up to three years.

Projects that are classed as essential and important are priorities, noting we are committed to supporting the Leadership and SMLC projects for their current funding cycle.

## LCLGA PROGRAMS

TABLE 2 LCLGA PROGRAMS

NAME	SHOULD WE DO THE WORK?	ALIGNMENT	IMPORTANCE (VALUE AND EFFORT)	RANK
Regional growth (incl. regional recovery strategy)	Yes	Very Strong	Essential	1
Regional roads	Yes	Very Strong	Essential	2
Regional Waste	Yes	Very Strong	Essential	3
Joint Planning Board (new)	Yes	Very Strong	Essential	4
Regional health plan (new)	Yes	Very Strong	Essential	5
Shared capability (new)	Yes	Strong	Important	6
Cross Border Partnership	Yes	Strong	Nice to do	7
Climate change strategy revamp	Mixed	Weak	Nice to do	8

Programs assessed as essential and important will be prioritised, and other areas will be more of an opportunistic approach, as long as, the work does not detract from the higher-rated programs.

## LCLGA PROGRAMS

### **KEY RESULT AREAS**

The strategic plan identifies three key result areas to focus and support our why of collectively building stronger communities.

They are, building:

- > Sustainable Communities
- > Stronger Economy
- > Member Capability

### **BUILDING SUSTAINABLE COMMUNITIES**

A sustainable community has resilience, leadership, a healthy environment, optimistic mindset, community well-being, connected and inclusive with built environments where we want to live and that others want to join.

Over the 2020/21 year, building sustainable communities in a rapidly changing COVID-19 environment within a local government environment will be the focus.

The objectives and proposed strategies in the strategic plan focus on climate adaptation, regional health plans, and completing our committed "incubator projects" which are the Sports Academy, Leadership Program and Substance Misuse.

Due to the uncertainty from COVID-19 and our member's ratings relative to other work, it is proposed to defer the Climate Adaptation Strategy to the 2021/22 financial year.

### **LONG TERM OBJECTIVES (STRATEGIC PLAN BY 2025)**

1. The regional climate adaptation strategy outcomes are achieved
2. Government policy and investment reflect our members priorities
3. Regional health plan outcomes are achieved
4. Incubator projects are successful and self-sustaining

### **SHORT TERM OBJECTIVES (STRATEGIC PLAN BY 2020/21)**

1. Regional health plan is approved
2. Our networks, members and stakeholders are connected and engaged
3. Incubator project outcomes are successful
4. Our members and stakeholders are supported to access stimulus packages
5. The governance, effective management and capabilities of sporting clubs continues to improve (Star Club)

### **PERFORMANCE INDICATORS**

1. The extent that the government listens and incorporates Limestone Coast priorities in decision making
2. Our relative share of grants
3. Member rating of our effectiveness in keeping them and stakeholders connected
4. Incubator project outcomes delivered

## BUILDING SUSTAINABLE COMMUNITIES

## BUILDING SUSTAINABLE COMMUNITIES

### **BUILDING A STRONGER ECONOMY**

A strong economy relies on human capital (skills, knowledge and innovation), financial capital (investment), productivity (more from less), realising local competitive advantages, entrepreneurialism, value clusters, increased supply chain value capture from exports, capturing local value (buy local); and attracting spend from outside our area (investment and visitation).

The significant work we have done over the last three years in Tourism and especially international markets is under threat and maintaining relationships will be essential to sustain the value from this investment in the longer term. Nevertheless, the immediate to medium-term focus shifts to interregional and interstate travel and the emerging travel bubbles such as with NZ.

The economic advantages of our region are unchanged. We continue to be mostly unaffected by drought and have higher levels of water security than many regions in Australia. We have soil with little degradation, and we have not had fire or flooding to the same extent as some other areas in Australia and our ocean resources are in reasonable shape when compared to other areas.

We also have a diverse economy which means we are generally more resilient to shocks than many other regional areas in Australia.

Growth enabling factors such as migration and access to capital are potential constraints to growth in the longer term.

### **LONGER-TERM OBJECTIVES (STRATEGIC PLAN BY 2025)**

1. The outcomes of the regional growth strategy and action plan are achieved
2. Waste is a source of economic growth and competitive advantage
3. Regional land-use planning is effective and agile
4. The required investment in regional road infrastructure are achieved
5. The value of tourism to the region continues to increase
6. Mutually beneficial cross border partnerships are developed

### **SHORT TERM OBJECTIVES (STRATEGIC PLAN BY 2020/21)**

1. The Limestone Coast economy recovery plan is delivered
2. Destination marketing strategy is approved, and implementation commences (with an initial focus on COVID-19 recovery)
3. Regional Roads Strategy is updated and approved
4. A preferred regional waste solution is identified
5. Collaboration opportunities on cross border projects are agreed
6. Joint Planning Board is approved by the Minister and established

### **PERFORMANCE INDICATORS**

1. Joint Planning Board is established (Regional Plan to commence development in 2021/22)
2. Our members are successful in attracting funds and implementing stimulus projects.
3. Federal and State Members support our members advocacy priorities.
4. Regional roads strategy is approved, and funding achieved.
5. Destination marketing strategy is completed,
6. COVID-19 recovery plan objectives are achieved
7. Regional waste options analysis is completed
8. A clear position on cross border collaboration with neighbouring Victorian Councils is developed.

## BUILDING A STRONGER ECONOMY

### **BUILDING MEMBER CAPABILITY**

Building our capability focuses on increasing the availability and access to resources, reducing costs, improving performance, developing new skills and knowledge, leveraging our member's abilities for collective benefits; and developing and growing our employee's capabilities across our region.

Over the next financial year, our members will come under increasing pressure from social, political and economic perspectives.

Our members are very supportive of the LCLGA, assisting them to access scarce resources, reduce costs and secure needed skills.

### **LONGER-TERM OBJECTIVES (STRATEGIC PLAN BY 2025)**

1. Members can access scarce or hard to source skills and expertise
2. Members capabilities are increased through collaboration, knowledge sharing and skills
3. Local employees' skills and expertise are developed and retained in the region
4. Members are well-positioned to respond to the outcomes of the SA Productivity Commission

### **OBJECTIVES (BUSINESS PLAN – 2020/21)**

1. Priority skills and resource sharing and funding arrangements (including grants) commenced
2. Shared procurement delivers improved value
3. Elected members knowledge and engagement with each other is improved
4. Members collaborate effectively through LCLGA forums, committees and working groups
5. Our members are prepared for the impacts (if any) from the SA Productivity Commission review into local government

### **PERFORMANCE INDICATORS (BUSINESS PLAN)**

1. Resource sharing has started with performance improvements evident
2. Benefits achieved in shared procurement exceed individual processes
3. Funds are secured to support services
4. Elected members are supported in improving their knowledge and networks
5. Members rate forums, committees and working groups highly
6. The extent that our members are prepared for any outcomes from the SA Productivity Commission review

## FINANCE OVERVIEW

**The LCLGA derives its funds from three sources. They are members subscriptions, grants and specific project and program funding.**

The LCLGA has been steadily reducing its cash reserves through a real reduction in members subscriptions over the last five years.

The 2020/21 financial year will also have a reduction in funding from LGASA and Rubble Royalty refunds. This is a reduction in annual revenue for the LCLGA of approximately \$80,000 pa.

The loss of in Rubble Royalties reimbursements represents a significant reduction in costs to our members and revenue to the LCLGA via the LGASA.

The LCLGA continues in 2020/21 to received \$42,000 from the LGA SA to support regional activities, and this is very much appreciated.

As detailed in the strategic plan and based on current patterns of income and expenditure, the LCLGA will draw down its cash reserves to minimum cash levels in six to seven years assuming there is a CPI increase in members subscriptions each year.

This minimum cash level is the point where the LCLGA can discharge its liabilities and cover windup costs for the Association, resulting in no liability to our members.

Our members have provided strong feedback that in the current COVID-19 environment, a 0% nominal increase is the desired outcome, and this is what has been delivered in this business plan.

They have also advised that a loss is acceptable and this business plan has a forecast deficit of \$116,953 with a net reduction in cash to \$541,000 by year-end. This forecast assumes starting cash will be in the order of \$700,000.

This is about \$350,000 above the calculated minimum cash holdings, which we will reach in three years if current patterns of income and expenses continue.

## ASSUMPTIONS

### The Business Plan has applied the following assumptions.

- > 0% nominal increase in members subscriptions.
- > Costs where known are included, all other costs are escalated by CPI or other appropriate escalators.
- > Annual CPI, in March for Adelaide, was 2.4% however, with the recent disruptions to the economy, we are assuming it will be around 1.4%.
- > We have recently revised staff PD's in line with the new strategy and benchmarked their salaries relative to the average salaries our members pay staff for similar roles. As this has only recently occurred, we have assumed a CPI adjustment from 1/7/2020.
- > That most social distancing rules will remain in place until at least September with a continued high reliance on video conferencing. We have amended our travel and accommodation costs based on this assumption.
- > Early indications are the Road Safety Program will not proceed as it is unlikely to attract grant funding.
- > That the Sports Academy will receive an additional \$50,000 in state funding and this will provide an opportunity to employ a person at 0.6 loading to support the Academy and Star Club Program. If it doesn't receive this funding, the program will be adjusted accordingly.
- > That Council Staff on Working Groups and Committees can participate in the approved work program.
- > Attending international trade operator events to promote the Limestone Coast will be done through virtual events in 2020/21.
- > The Office requirements will be assessed in 2020/21 with a decision for commencement in 2021/22. If an earlier decision is required, this will be taken to the Board for approval with a revised budget.
- > The any additional costs for new projects or programs, such as procurement will be funded by Councils or will need separate approvals from the Board to utilise members equity.
- > Project oncost are recovered at 15%.

<b>Author:</b>	<b>Judy Nagy, General Manager City Growth</b>
<b>Authoriser:</b>	<b>Andrew Meddle, Chief Executive Officer</b>
<b>Summary:</b>	<b>This report follows from the Council Workshop on Tourism Assets (13 July 2020) and provides additional information for Council to consider for developing a strategic approach to the management of Council tourism assets.</b>
<b>Community Plan Reference:</b>	<b>Goal 1: Our People</b> <b>Goal 2: Our Location</b> <b>Goal 3: Our Diverse Economy</b> <b>Goal 4: Our Climate, Natural Resources, Arts, Culture and Heritage</b>

**REPORT RECOMMENDATION**

1. That People and Place Committee Report No. AR20/45204 titled 'Council Owned Tourism Assets' as presented on 03 August 2020 be noted.
2. That Council endorses commencement of a procurement process for a Tourism Assets Masterplan. That upon completion of the tender element of the process, a report be brought back to Council for endorsement and a budget variation.

## BACKGROUND

The Council's stock of tourism assets has increased over many years with various community groups acting as champions for particular developments over time. The assets include buildings and structures, walking and bike trails, lookouts over natural assets and activities that attract visitors to our city. The approach to the management of such assets has also evolved over time with a mixture of active and passive involvement, with assets often being considered individually rather than from a holistic viewpoint.

There are a number of factors that have converged to suggest it is appropriate to review the Council's approach to tourism assets. These factors include:

- The condition of assets are variable;
- The purpose for developing an asset in the past may no longer be relevant and may require reconsideration and investment to support a new purpose;
- The contemporary expectations of visitors have evolved and the ways in which tourism assets are visible for visitors to consider as part of itinerary planning, are marketed and are engaged with, may require changes and/or enhancements to be competitive;
- Visitors could be encouraged to stay longer through proactive strategies that link locations to be more experience focused;
- The Council has invested in strategic plans that have identified tourism as an industry in which our natural and built assets provide significant opportunities for economic development;
- The Council has have made progress in achieving strategies and a review of tourism assets is a logical next stage of development; and
- Third party operators have personal business agendas that may not be aligned with Council strategies and have demonstrated varying levels of willingness to participate in broader tourism promotion.

## DISCUSSION

### Prior Strategic Reports

The Council has, in recent years, invested significantly in strategic planning using expert assistance whom have identified where the most promising opportunities for economic development exist within our community. Significantly, the reports were all delivered around about the same time in 2017 creating many recommendations that were then the subject of a prioritisation exercise. In early 2018, priorities for the Youth and Engagement Strategies and the Cultural and Heritage plans were added to the list of works to be scoped.

After prioritisation and before any detailed project plans could be prepared, the arrival of the Community and Recreation Hub (CaRH) opportunity in March 2018 meant that priorities were consolidated and realigned. The strategy documents were very valuable in establishing that the Council was prepared with many of the issues and opportunities identified in recommendations potentially being achievable through the proposed CaRH.

While the need for development of CaRH concept redirected many internal resources, progress has been made in many areas covered by the strategies. This report discusses the reports of significance in the Tourism space.

The Signage Strategy Report has been the subject of numerous other reports and will not be revisited in this document.

The ACIL Allen Mount Gambier City Growth Strategy 2017-2027 report identified that Mount Gambier has:

*"...outstanding tourism potential: including natural assets such as the iconic Blue Lake and surrounding regions as well as world class food, wine and adventure tourism offerings."* (p.4)

The report also identified that significant work had been done in the past to place the Council in a favorable position to engage in new initiatives that will again provide a springboard for economic growth. In particular, the report noted that:

*“... Council has made a significant contribution to the development of the City in recent years and laid strong foundations for growth. However, given the rapidly changing economy, it is likely that the Council will need to play an increasingly important role in economic development in the future, which will require a rethink of existing governance, functions and responsibilities...”*

*...The City Council in the future can also play an important role by leveraging its balance sheet to invest in economic development initiatives and infrastructure and by using its purchasing power to support business growth.” (p.26)*

Tourism data over the last three years has consistently identified that most of the visitors to the Limestone Coast region come by road and are predominantly domestic in origin. The ACIL Allen Report in 2017 was pre COVID-19 and suggested concentration on boosting visitor numbers with more Asian and Chinese markets as they tend to be bigger spenders. Whilst COVID-19 travel restrictions are likely to be in place for some time, any changes to destination marketing does not change the need to improve our tourism offerings to make them more competitive.

The Tourism Data Collection Report had a number of limitations that impacted the usefulness of conclusions made. With only 114 visitor responses to the online survey in March 2017 and 17 from industry stakeholders, the conclusions were unlikely to be representative. Physical surveys of 404 visitors were collected from March and April 2017 at a number of strategic locations. March is an off-peak period for the domestic economy and April surveys may have captured one of school holiday periods of visitor traffic. Nonetheless, the key messages were a need for improved accommodation choices, the need for data to be collected to inform marketing, better digital ways of promoting the region and to focus on natural attractions. For the latter, it was recommended that:

*“... that consideration is given to the further development of crater lakes area to create a ‘must see’ experience for the touring markets. At minimum this will include improved signage and interpretation and development of walking trails. If funding is available a new café could be considered overlooking the lake and including interpretation of the volcanic history of the region. Further development of water based activities could also be considered on the Valley Lake and Little Blue Lake...” (p.21)*

Also of significance was the Tourism and Visitor Information Services Review by KPMG Strategy in June 2017. The report identified the need for greater digital information management to entice visitors to plan before they arrive in our community and then for visitors to be able to access physical visitor services from a variety of locations rather than one central point. The recommendations were clearly about enhancing digital content and then using dispersed contact points that could be integrated into our various tourism assets across the city.

The VIS report contained 31 recommendations with 16 initially prioritised and this was subsequently reduced to 6 recommendations. The repurposing of the Visitor Centre in its entirety rated the highest with 6/11 elected member participating in the prioritisation exercise in 2018, all supporting the desire for such works to be undertaken.

There has been considerable progress creating and leveraging from digital content, together with the provision of training and development for tourism operators to better understand the need for a digital presence (rather than relying on brochures). The use of mobile pop up visitor servicing during busy times and the forging of links with other VICs in the touring route from Melbourne and to Adelaide have served to connect different locations to entice visitation. The *Discovermountgambier* website and social media allows for data to be collected from various online posts and visitors with the need for more nuanced data supported by subscription to *Destination Think* that provides a Tourism Sentiment Index from diverse media sources.

The efforts in improving visitor servicing were recognised in the short listing of the Mount Gambier VIS in the SA Tourism Awards 2019. The visiting judging panel were complimentary of efforts to provide a variety of mechanisms to reach the diverse preferences of different demographics. There is more work to do in this area and further development of the dispersed visitor servicing model would require rethinking the usefulness of existing assets in their current form. Consideration of how the purpose(s) of assets could be changed, adapted and expanded is a next stage of development.

Within the strategy reports there have been references the need for a master planning. In particular for the building currently housing the visitor and events teams. The usefulness of a city wide masterplan is also becoming more evident with the need for proactive wayfinding to connect different tourism locations, to map out new pathways and trails and then for signage and community infrastructure such as benches, bins and water access to become part of implementation programs.

Recommendations in the Tourism Data Report and the VIS Review also call for stronger destination branding and marketing that could be significantly enabled through a consolidated approach to managing and promoting our tourism locations in a consistent and purposeful manner.

### **Tourism Assets**

While the Council has a range of assets under the ownership (or under the care and control) of Council, the assets may be leased or licensed to third parties and are not effectively under our control. In addition, there is diversity in how rights and obligations are assigned via leases for maintenance of buildings and surrounding parks and gardens and inconsistencies in operating hours and in the terms and dates when agreements are due for renewal.

Any desire for Council to cross promote tourism assets, collect data or engage in promotional activities must have been considered at the time the leases were originally created. Operators have commercial rights and aspire to make a profit. History has demonstrated that operators can be very individual in their approach to management of Council assets and the approach may not necessarily enhance the Council's reputation.

The Council's assets are visited for many reasons in addition to personal or family holidays. Many sporting, cultural and entertainment events operate on Council owned properties (requiring permits) and events can be used as leverage to encourage visitors to stay longer to explore the region. Attached is a list of assets either owned and controlled, or owned and not controlled. The Council is effectively a tourism operator for many natural and built assets that are managed without an overarching consolidated strategy. Creating such a strategy can guide operating models that will best achieve the outcomes desired.

Considerations that are relevant to or may impact operating models include;

- Resuming control of assets regarded as strategic and key to broader tourism strategies;
- Connecting and linking tourism assets across the city to support experiences generally and to attract particular market segments via themes such as Cenote and Volcanoes, Heritage, Arts, Indigenous Culture, sustainability;
- Determining the investment required to upgrade and enhance visitor appeal;
- Have consistent signage, wayfinding and branding;
- Council to operate some of the locations in house;
- Increase visibility and marketing opportunities by listing on ATDW;
- Proactively engaging operators who have expertise in certain areas as we have done with the Blue lake Caravan Park and the Old Goal;
- Good operators could be attracted by a consolidated approach to managing the flow and connectivity of tourism assets across the city; and
- Changing leasing provisions to ensure alignment of operations with Council strategic agendas.

Strategic masterplanning will assist with creation of a vision for tourism assets across the city and, in the same way that strategic reports commissioned in 2017 significantly enabled applications for funding of the CaRH, can assist with securing external funding for works that can be separately identified.

Towards the end on 2021, Council is expected to have its biggest tourism and sporting asset become available which will bring many visitors (in addition to community members) to the region. Ensuring that masterplans connect this location with other tourism assets will also be important.

## CONCLUSION

The pathway forward in creating a consolidated approach to tourism assets will take time to develop and determining when and how the rights of third party operators is to be reviewed may present some challenges. Lease expiry dates are variable and windows of opportunity may not always arrive at a convenient time.

However, with the work done to date to inform decision making, addressing the complex issues at this time may allow for opportunities to be created and for shovel ready projects to be identified and developed.

Stages of development:

- Masterplan scoping
  - meetings with Elected Members
  - meetings with Council Officers to provide the context
  - Consultation with nominated community groups
- Proactive leasing reviews and contingency plans
- Community Land Management Plan review
- Crater Lakes Management Plan review
- Crown Land and Heritage restrictions
- Assessment of assets and renewal needs with costing estimates.
- Prioritisation in business plans and budgets
- Project plans.

This work will also need to take account of the proposed work currently being scoped and procured relating to the Crater Lakes Masterplan and the Sport, Recreation and Open Space Strategy.

It would also be appropriate to note that any proposed work in these areas may be impacted by the consequences of the pandemic, as expertise from outside of the region is likely to be necessary.

## Council's Tourism Assets

As the owner of a range of tourism locations and operations, Council are able to consider how to position itself in the future to maximise the potential of such assets to support and build tourism infrastructure and visitor experiences.

This document lists the current tourism assets within the City of Mount Gambier, separating those that we own and control, from those that are controlled by a third party, via lease/sublease arrangements.

Many of the assets listed were fit for purpose at the time of development and would now benefit from a fresh look at functionality and alignment with Council's strategic vision and the contemporary visitor expectations of tourism facilities.

This list does not include sporting assets (used for events) that have been leased and sub leased as they represent a separate group of assets with other challenges.
