WWW.PONDKING.COM | (940) 305-6002

CELEBRATING 25 YEARS

of helping families create memories that will last a lifetime...Down at the Pond

Brad's first personal best catch | 1977

It all started on a small family farm in Lindsay, Texas. There, Brad Metzler learned the lessons and values he lives and works by today. Working hard was the family tradition, but so was a love of the outdoors. Brad learned early on that the sooner he completed his chores, the sooner he could get down to the pond. There, he would spend his afternoons staring intently at a bouncing cork, anticipating its departure from the surface. The last fish caught was always the biggest, and his mom never doubted his fishing tales because they were told while the fish was still attached to the pole. In his opinion, Sundays were the best; he'd wake early before church to catch the required jar of grasshoppers or can of worms to be used later in the day as he, his dad, and grandpa spent the afternoons angling for whatever was biting that day.

Intent on finding a way to share his passion and help others experience the joy of family time spent in the outdoors, Brad attended Texas A & M University and graduated with a degree in Wildlife & Fisheries Sciences. Immediately following graduation, he began to investigate opportunities that would afford him the opportunity to pass on his love of the outdoors with his family, and his love of family with other people.

In 1995, while starting his own family, he also started Pond King, offering fish stocking and electrofishing service from a boat he had designed and built himself in order to help pond and lake owners improve their fisheries.

Brad with his growing family | 1999

25 The very first Pond King "Deck Boat" | 1998

25 Pond King's original floating fish feeder | 2006

25 Introducing the Honey Hole habitat | 2007

25 First official storefront | 2000

Always remembering what his parents taught him about the value of hard work and doing things right, Brad expanded Pond King by constantly innovating better solutions to the problems he saw in the field or in the manufacturing process. As customer's needs changed, so did Pond King's product offerings. Docks were constructed so customers could get out on the water with their families. Turtle traps were built to help keep growing fisheries safe from predation. Automatic fish feeders were designed to help grow trophy-class fish. Artificial habitat was developed to facilitate baitfish production. Small and mini pontoon boats were added as another alternative to help people enjoy their ponds or lakes even more. He even added a retail tackle store, Lake Pro Tackle, to provide a place where local fishermen could shop and get quality lures they couldn't find anywhere else!

Twenty-five years later, we continue to offer pond management services as well as manufacture a wide variety of products for your pond or lake, but our focus remains the same: enhancing your outdoor experience to help create memories that will last a lifetime.

From our family to yours, here's to the next 25 years!

Brad, his wife, Ronda, and the extended Pond King family | 2019

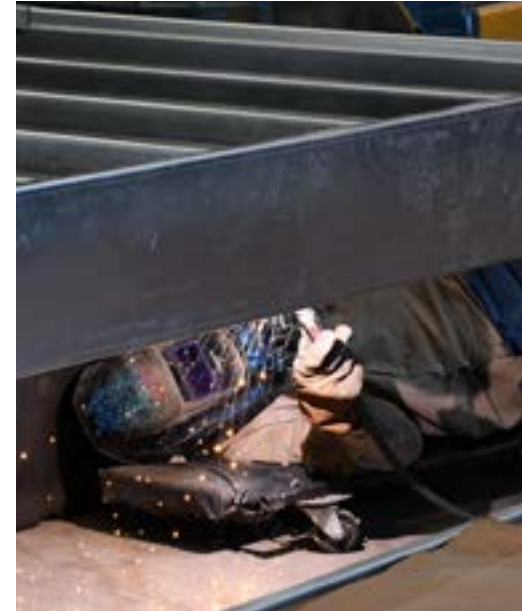

THE POND KING DIFFERENCE

Built from scratch, made to last

DETAILS OF DISTINCTION

We believe it is good business to pay attention to the details in all that we do, and our boats and floating docks are the proof in the pudding. We could purchase pre-manufactured pontoons for our boats, but to ensure the optimal buoyancy, we opt to roll and weld all our pontoons here in our own shop. We could trust an outside machine-shop, but instead, we hand-build all of our individual small-fab components to guarantee the structural integrity of our boats and docks. We could outsource delivery and installation, but instead, you'll deal with a single point of contact to coordinate the delivery and flawless installation of your floating dock, and your small pontoon boat will be delivered by a Pond King employee. We take great pride in our craftsmanship because it means you'll have a better quality outdoor experience.

*Made in
America!*

MATERIALS MATTER

When we build something, we intend for it to last for decades, so many generations can enjoy. Our small pontoon boats are made almost entirely from aluminum, so they can be left out on the pond without you worrying about rust or rot. We build our floating dock frames from the highest-quality metals and use some of the densest composite on the market for the decking to prevent splintering and cracking. We choose the highest quality materials to build our products because we believe you should get the very best value for each hard-earned dollar you spend with us.

COMMITTED TO OUR CUSTOMERS

What company doesn't say this, right? But at Pond King, we really are here for our customers. If you are just starting to research your pontoon boat options, we can help you make an apples to apples comparison. When you buy a boat and have us deliver it, we do so with our "turn-around" guarantee. If you're shopping for a floating dock, we can help you figure out which options are going to work best for your installation site. If we're doing the installation, you'll be as involved as you like. If you're doing the installation, we'll be as involved as you need us to be. We warranty every product we manufacture and go out of our way to make sure you get the very most value as possible from your purchase. And we love talking to our customers. If you don't believe that, give us a call. We'll prove it.

www.pondking.com | (940) 305-6002

TURN-AROUND GUARANTEE

We deliver or ship our pontoon boats all across the lower 48 states, and we are so confident you'll love them, we offer our Turn-Around Satisfaction Guarantee. If you aren't completely satisfied with your boat upon delivery, we'll "turn around" and take it back – no questions asked – but so far we haven't been asked to take a boat back!

“ My wife and I just got our Pond King Pro this past Saturday, we got it on the water that evening. This pontoon is absolutely perfect and built the way all things should be! Everything is solid and the detail is far above what I've seen before, even beyond boats! The experience I had with everyone at Pond King was also the best customer service I had and they worked with all of my requests and had an answer for all of my questions! Just on the way home the reactions and constant thumbs up we got were awesome!

~ Derrick & Ashley | Conroe, TX

POND KING

REBEL

The "Boat-in-a-Box" that Ships Free!

PK Rebel Standard Features

- (4) Aluminum removable pontoons
- Marine-grade plywood deck w/ grey carpet
- Trolling motor mount
- Flush seat mount
- Wired plug w/ battery clips & strap

Pricing shown includes ground shipping.

Base Price: \$1,649

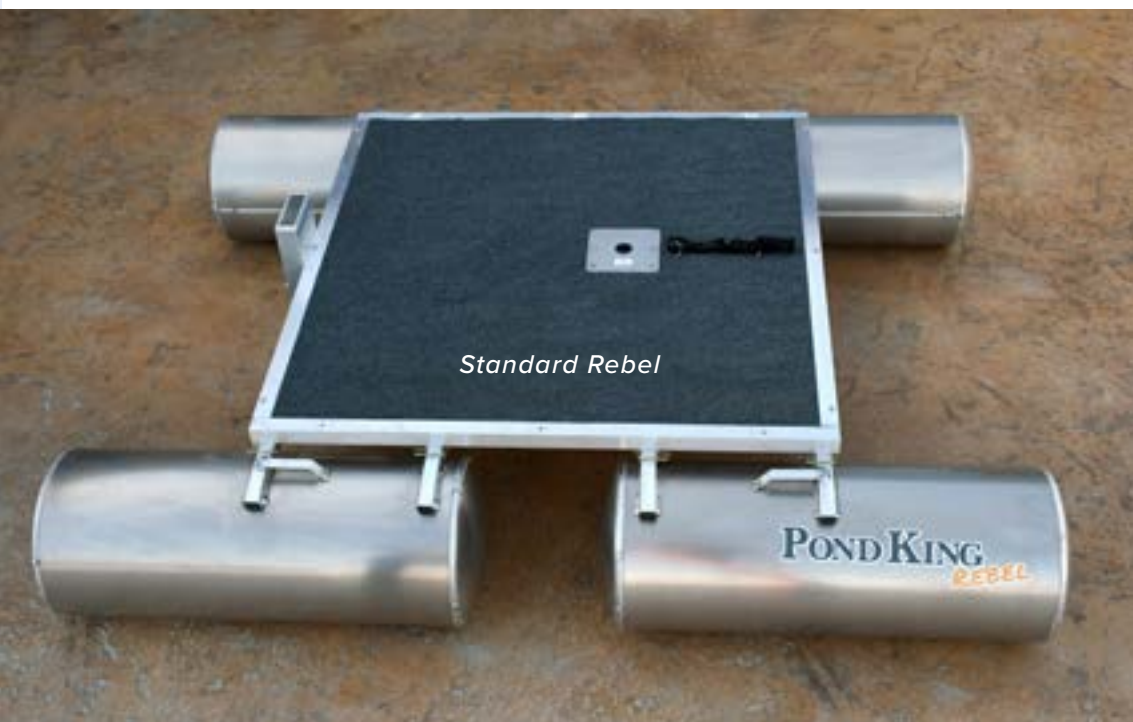

*Upgraded Rebel
with NEW
Tempress
ProBax seat*

New for 2020!

The Rebel is a modular pontoon boat that ships in boxes for FREE, takes minutes to assemble, and is the ideal one-man fishing boat for pond hopping. The fully-assembled, wooden deck quickly attaches to the welded, all-aluminum pontoons using removable pins. This boat is light enough to assemble by yourself, at your own backyard pond, or to transport in the bed of your truck and assemble at one of your other favorite fishing holes. Plus, with lots of upgrades and color options, you can truly make this one-man boat one-of-a-kind.

Standard Rebel

Upgrades & Add-Ons

- Carpet colors: charcoal, navy or sand - **no additional charge**
- Aluminum deck upgrade - **\$99**
- Powder coated pontoons (*mahogany or silver sparkle*) - **\$269**
- All-Weather seat w/post; batt. box & quick disconnect; rail pkg. - **\$408**
- ProBax seat w/post; batt. box & quick disconnect; rail pkg. - **\$478**

PONTOON BOAT KITS

Mini Pontoon Boat Kits for the Do-It-Yourselfer

The Pond King Difference: By designing boat kits that ship for free, we've found a way to make our pontoon boats more accessible to more people. These boat kits include (4) all-aluminum, welded pontoons that have a functional length on the water equal to that of a 10' pontoon. Build your own deck out of 2x4s and a sheet of plywood, and you've got yourself a two-person mini pontoon boat.

Pricing shown includes ground shipping.

The True Do-It-Yourself Boat Kit

\$1,199

This is a two-step solution to a two-man fishing boat

Step 1: Build your own deck using our instructions

Step 2: Attach it to this set of (4) Pond King pontoons

- (4) All-welded, aluminum pontoons
- The hardware for bolting our pontoons to the frame you build
- A list of the materials you'll need to build your own deck
- Complete assembly instructions

Build Your Own Boat Plus Kit

\$1,699

Upgrade to the Plus Kit, and you'll receive pre-cut carpet and the listed accessories to finish out your deck.

- (4) All-welded, aluminum pontoons
- The hardware for bolting our pontoons to the frame you build
- A list of the materials you'll need to build your own deck
- Complete assembly instructions
- Pre-cut, grey, marine grade carpet to cover the deck
- Marine grade glue and trowel for spreading
- Trolling motor mount
- 6-piece 6" kick-rail with edge trim package

POND KING PATRIOT

*Celebrating Over 20 Years of
Pontoon Boat Innovation*

We introduced the Pond King Patriot in 2019 in anticipation of our 25th Anniversary Celebration. With a red, white, and blue color scheme, this boat is all about getting America fishing ... again. Designed to fit into a broad range of budgets, this boat will easily carry you and a friend to your favorite fishing spots – and look great doing it! Just bolt the pontoons to the pre-assembled deck, and you are ready to hit the water.

PK Patriot Standard Features

- (4) All-welded, aluminum pontoons (effectively 10')
- A completely assembled wooden deck with welded-aluminum frame and marine-grade plywood
- Premium, marine-grade red carpet
- Hardware for bolting the pontoons to the deck
- Blue/Grey All-Weather Tempres seats w/ pull-out posts
- Trolling motor mount

Base Price: \$2,799

Pricing shown includes shipping to a commercial address with offloading capabilities. Please visit our website for more information and for shipping details.

Add-On Packages

- Extended powder coated railing (16" high) - **\$299**
- Power setup (Battery box, wired plug, 45 lb. trolling motor, circuit breaker) - **\$436**

Honoring men and women of the U.S. Military

For the past 24 years, Pond King has had the privilege of manufacturing Texas-tough, American-made products designed to help people enjoy the freedoms of our country and of the great outdoors. We believe that the U.S. Military plays a significant role in protecting those freedoms. As we prepared for our 25th Anniversary, we decided we wanted to do something to show our appreciation for the sacrifices our military men and women make for our country.

Our Inspiration

When we launched our 25th Anniversary special boat, the Patriot, we were contacted by Navy Veteran, Dr. David Terhune. David was interested in getting a boat for his dad, WWII Veteran, Navy Combat Crewman Daniel Webster Terhune. The two are incredibly close and enjoy fishing together, so David wanted a boat that would be stable for his dad. He was looking for something that would fit that bill when he found the Pond King Patriot. The idea that a WWII veteran would be fishing from our Patriot really struck a chord with us, and that's how Patriots for Patriots came to be. In 2019, we awarded 5 Patriot Pontoon Boats, one to a winner from each branch of the U.S. Military.

PATRIOTS
PATRIOTS 4

Read more about the Terhune family's story at:
<https://blog.pondking.com/patriots-for-patriots>

★ AIR FORCE

Major Thomas Hersch

Hersch nearly didn't make it home from his final combat deployment. His flight was diverted into Pakistani airspace, where they flew into a lightning storm causing the jet to drop 3,000 ft. in a second. He feels lucky to be alive. Hersch & his dad still fish together, volunteering for Live Well Go Fish - a nonprofit organization helping vets.

★ ARMY

Capt Chad Dieter

Dieter's time in the military is special because he gives up time with his wife and 5 kids to serve our country. He has served for 10 years already and plans on continuing. Dieter loves the outdoors so his family entered him because they thought Chad would truly cherish the opportunity to take his kids out on this fishing boat.

★ COAST GUARD

E7 Elaine Jergons

Jergons served on the USCGC STORIS in Kodiak, AK as an Independent Duty Corpsman and was a part of the Decommissioning crew. She and her sister are both disabled veterans but still enjoy fishing. Her sister had a bigger boat but had to sell it because it was too much to maintain with their disabilities. The Patriot will be perfect for them.

★ MARINES

Sgt Jonathan Metzger

Metzger was deployed twice to Iraq and once to Afghanistan. His other "non-combat" deployments include Thailand, Okinawa, and Korea but his wife and family believe the courage he brings to life after the military is what they find so inspirational. You see, his son was diagnosed with a heart condition which severely limits his life expectancy. Yet Metzger, who is 100% disabled from service-related injuries, never gives up and never gives in.

★ NAVY

2nd Class Petty Officer Leonard Bauman

Bauman served as a Seabee in the Korean War, building landing strips on Yodo Island. Nominated multiple times, it is clear Bauman is an inspiration. After leaving the navy, Bauman became a teacher and is credited with mentoring countless youth throughout his career. He lost both of his lower legs to diabetes, but it doesn't slow him down.

A big THANK YOU to the other sponsors who helped make this possible.

Duck Buster Sliding Dog Ladder

Love the Duck Buster - This thing is awesome! I purchased it for a hunting property in Mississippi and it is working out great.

~ Jeff | Summit, MS

Free Scouting Reports

We've got guides and fishermen who are on the water nearly every day on lakes throughout the south providing weekend fishing forecasts every Thursday. Listen to just one or check them all out – it's a great way to decide which lake you want to fish, especially if you're headed out with your family. You'll find scouting reports at both LakeProTackle.com and LakeProGuides.com.

On-demand, Video Fishing Reports

At LakeProGuides.com, you can access current, detailed, video fishing reports. The reports are published every Thursday at 4:00 p.m. (CST) to help you get the most from your weekend outings. The reports are \$11.99 and include:

- A detailed lure list you can use to purchase the exact same lures the guides are using
- Up to 5 specific map locations showing you where that guide was catching fish
- Short videos for each map location with tips and techniques from the guide to help you get on the bite

“ After my exhaustive research into floating docks, I determined that Pond King was by far and away the premier manufacturer in the industry. As a result, my expectations were lofty. However, once the dock, walkway and accessories were installed, you far exceeded anything I could have imagined. Beyond the obvious quality of the product itself, your installation crew was incredible with respect to their skill, attention and efficiency with which they worked. I can say without reservation that my Pond King dock has transformed our ordinary stock tank into a fantastic recreational attraction that will be enjoyed by family and friends for decades to come. Many thanks to you and everyone on your staff that contributed to this awesome acquisition for our ranch.
