

Quick Start

1

Download the Nighthawk app

On your mobile phone, download the Nighthawk app, available on Google Play and the Apple App Store.

2

Install your router with the app

Open the Nighthawk app and follow the step-by-step instructions to set up your router.

3

Get ready to game

Go to your router web interface at **<http://www.routerlogin.net>** and sign in with the same credentials used for your Nighthawk app. By logging in, you can unlock all of your router's gaming features, including bandwidth allocation and latency reduction.

Troubleshooting

If you're having problems with the installation, try one of the following:

- Turn off your modem and router and disconnect them. Reboot your modem. Reconnect your router to your modem, and try installing with the Nighthawk app again.
- If you're still unable to install your router using the Nighthawk app, manually install it using the router web interface. Visit <http://www.routerlogin.net> to access the router web interface.
