Mattress Safe® Product Description Sheet

Product Name: Sofcover® Superior Mattress Encasement by Mattress Safe®

Product Short Description:

Mattress Safe® Sofcover® Superior Total Mattress Encasement with the patented "Zipper with the Hook"® is certified to protect against bed bugs. Joined to a unique light weight barrier on the top and half way down the sides, Mattress Safe® Sofcover® Superior Mattress Protector provides waterproof protection against spills and fluids for pillow top and non-flip mattresses.

- Certified to protect against bed bugs
- Waterproof on the top and half way down the sides
- Fire Retardant
- Impermeable to dust mites, mold, and bacteria.

The Mattress Safe® Sofcover® Superior Mattress Protector is excellent for non-flip and pillow top mattresses.

The Twin Plus+ Ultimate Mattress Encasement stretches to fit Twin and Long Twin.

The Full Plus+ Ultimate Mattress Encasement stretches to fit Full and Long Full.

The King Plus+ Mattress Encasement stretches to fit California King and Hotel King.

Product Detailed Description:

Mattress Safe® Sofcover® Superior Total Mattress Encasement features a luxurious fabric that is soft to the touch while conforming to fit any mattress.

Made of a comfortable stretch fabric and joined to a unique light weight barrier on the top and half way down the sides, Mattress Safe® Sofcover® Superior Mattress Protector provides waterproof protection against fluids and stains.

Mattress Safe® laminated encasements are fire retardant. Mattress Safe® is proud to feature fire retardancy as a vital feature of our laminated fabric. Tested by the National Fire Protection Agency and Passing the Cigarette Burn Test - CFR Title 16 Part 1632 (FF4-72) Standard for Flammability.

Bed bug certified, Mattress Safe® Sofcover® Superior Total Mattress Encasement has been tested by board certified entomologists and certified for protection against bed bugs and dust mites. You can sleep safe and sound knowing that bed bugs cannot bite through the laminated fabric of Mattress Safe® Superior mattress encasements.

Unique and built directly into Mattress Safe® products, the patented "Zipper with the Hook"® secures the tight closure of the zipper sealing against the penetration and escape of bed bugs. (U.S. Patent #7,849,543) The zipper and hook combination prevents infestation and quarantines infested items from spreading pests. Loop and zip tie locking system included to ensure tamperproof encasements.

By applying Mattress Safe® mattress encasements before any signs of bed bug infestation, you will minimize the available areas for nesting as well as provide the means for an easy detection of bed bugs. As a pest management application, Mattress Safe® encasements eliminate the use of chemicals to entrap and kill bed bugs in an infested mattress.

Proudly supporting our nation's economy, 90% of Mattress Safe's® product selection is made here in America. Our Sofcover® collection is not only our premier product selection, but our US manufacturing plant allows us to create unique and custom designs. All Mattress Safe® Sofcover® collection products (mattress protectors and encasements, box spring encasements, and all other custom products) are labeled Made in USA.

A minimal investment in mattress encasements can prevent the loss and the heavy cost of replacing a mattress and box spring. Mattress Safe® products are a cost effective and preventative measure in protecting your bedding investment.

- Bed Bug Certified
- Breathable
- Fire Retardant
- Waterproof
- Impermeable to Bed Bugs, Dust Mites, Mold and Bacteria
- Made in USA
- Stretches to fit 9"-15" and 16"-22" mattress depths

Technical Specs:

- **Bed Bug Certified** - Mattress Safe® Products have been tested by board certified entomologists. The fabric "feed through" method was used to evaluate if bed bugs (*Cimex lectularius*) could penetrate and feed through the fabric when a human host was present. The results prove that no bed bugs fed through the laminated fabric, the zipper enclosure, or the zipper seams during the evaluation. The zipper closure also prevented bed bugs from escaping during the study and prevented debris from passing through the zipper.
- **Fire Retardant** – The laminated material was tested to "CFR Title 16 Part 1632 (FF4-72) Standard for the Flammability of Mattress and Mattress Pads - Ticking Substitution Procedure Part 1632.6" and received in conclusion a "B" Classification and tested to meet the American Standard ULV-O Burn Test requirements.

Directions for Application:

Installation should be done with a partner - Installing alone can stress the zipper end stops on each side. Apply the protector on the mattress with the soft side to the outside and the laminated side to the inside. The laminated side should touch the top of the mattress with the stretch non-laminated side under the bottom of the mattress. Starting at the head of the bed, unzip the encasement and gather the fabric to locate the bottom two end corners. Together with a partner, lift each side of the end of the mattress and rest it on the knee. Align and apply the end corners first to the end of the mattress on each side. Carefully slide the encasement, inch by inch, down the length of the mattress, avoiding stress on the zipper end stop. Align the corners of the cover with the corners of the mattress. Zip the cover all around the mattress and secure the encasement by using the patented "Zipper with the Hook"®.

Mattress Safe® Product Description Sheet

Care Instructions:

Wash and dry in moderate temperature. No bleach. Do not iron.

Warranty Information:

CONGRATULATIONS: You have just purchased the newest and finest in mattress protection made with the best materials and workmanship available. **For information about your warranty visit www.mattressafe.com.**

Your protector is warranted against defects in workmanship and material. Structural damage caused by abuse, misuse, improper installation or not properly following the care instructions will void the warranty.

MATTRESS SAFE, INC. is not responsible for any incidental or consequential damages resulting from the use of its products. In no event shall the responsibility of **MATTRESS SAFE, INC.** exceed the purchase price of the warranted product.

This product is designed to keep bed bugs that are already in your bedding from feeding or spreading and to keep new bed bugs from entering and hiding in your bedding while secured with the patented "Zipper with the Hook"®. Loop and Zip Tie Locking System included to ensure tamperproof encasements. It cannot prevent bed bugs from entering your home or place of business. **MATTRESS SAFE, INC.** is solely responsible for the product and its limited warranty.

THIS WARRANTY WILL BE HONORED WITH THE PROOF OF PURCHASE.
