Section I - Purpose Statement

The purpose of this document is to assist the provider community to understand and comply with the New York State Medicaid (NYS-Medicaid) requirements and expectations for:

- Obtaining Prior Approval
- Field by Field Instructions for Prior Approval Form (eMedNY 361502)

This document is customized for Nursing Services providers and it should be used by the provider's billing staff as an instructional as well as a reference tool.

Section II - Instructions for Obtaining Prior Approval

Electronic prior approval requests and responses can be submitted on the HIPAA 278 transaction. The Companion Guide for the HIPAA 278 is available on the [eMedNY HIPAA Support](#) website. Click on eMedNY Companion Guides and Sample Files. Access to the final determinations will be available thru eMedNY eXchange messages or by mail. To sign up for eXchange, visit www.emedny.org.

Prior approval requests can also be requested via ePACES. ePACES is an internet-based program available to enrolled Medicaid providers. For information about enrolling in ePACES, contact eMedNY at (800) 343-9000. A reference number will be returned to your ePACES screen, which can be later used to check the approval status on ePACES. Visit www.emedny.org for more information.

Paper prior approval request forms, with appropriate attachments, should be sent to:
eMedNY, PO Box 4600, Rensselaer, NY 12144-4600.

A supply of the new Prior Approval forms is available by contacting eMedNY at the number above.

Expedited / Priority Shipping:

eMedNY, 327 Columbia Turnpike, ATTN: Box 4600, Rensselaer, NY 12144

This section of the manual describes the preparation and submission of the New York State Medical Assistance (Title XIX) Program Order/Prior Approval Request Form (eMedNY 361502). It is imperative that these procedures are used when completing the forms. Request forms that do not conform to these requirements will not be processed by eMedNY.

Services that require prior approval are underlined in the Procedure Code Section of this Manual.

Receipt of prior approval does NOT guarantee payment. Payment is subject to client's eligibility and other guidelines.

Requests for prior approval should be submitted before the date of service or dispensing date.

Prior approvals must be obtained before services commence; except in cases of emergency. In that instance, no more than two (2) days [forty-eight (48) consecutive hours] will be approved retrospectively. In cases where services are provided on an emergency basis, the Medicaid Director or his/her designee must be notified on the next business day. The request must give a detailed explanation for the delay. Requests submitted without an explanation will be returned, without action, to the provider.

To reduce processing errors (and subsequent processing delays), please do not run-over writing or typing from one field (box) into another. The displayed Prior Approval Request Form is numbered in each field to correspond with the instructions for completing the request.

Paperwork Requirements for 'New Cases'

A "New Case" refers to a client who has never received a Prior Approval number from Medicaid for Private Duty Nursing Services OR there has been a lapse in service. If you are unsure what constitutes a new case, please contact Prior Approval office listed in the 'Prior Approval Business Location' section of this website page.

1. Letter of Medical Necessity from ordering physician to include all skilled needs, level of care (LPN or RN) and number of hours being recommended. All skilled tasks (e.g. tube feeds, medications, vent settings) must be documented in the letter with actual frequency and time of day that skilled needs are performed.
2. Nursing Assessment – This is a head-to-toe, system-by-system physical assessment done by an RN. If the client is hospitalized, in a rehabilitation center or skilled nursing facility, an in-house RN can do the assessment. If the client is currently residing at home in the community, then a Certified Home Health Agency (CHHA) or Public Health Nurse (PHN) must do the assessment.
3. Back-up/training statement signed and dated by the primary caregiver, i.e., "In the event a nursing shift is not covered, I will be responsible for taking care of _____, and have been fully trained in all skilled tasks." Caregiver's relationship to member needs to be indicated on the backup training statement.
4. Documentation of training by facility staff (for hospitalized clients or those in a rehabilitation or Skilled Nursing Facility).
5. Psychosocial Assessment to include:
 - a. Who resides in the household with the client (include ages of any children);
 - b. Primary caregiver(s) work schedules on employer's letterhead, that are signed and dated by the employer.;
 - c. If applicable, member's school schedule and calendar;
 - d. If primary caregiver is attending college, send course schedule on college stationary.
6. Home assessment done by a Licensed Nursing Agency, PHN or CHHA. If the client is vent dependent a respiratory company must complete the assessment. This home assessment is to verify the safety of the client's home environment.
7. If there is Primary Insurance, send an Explanation of Benefits (EOB) from the insurance company
 - a. If the client has primary insurance and this is **NOT** disclosed on the Medicaid system, this may significantly delay the Prior Approval process.

8. For cases to be staffed by independently enrolled LPN's: a "letter of oversight" signed by the ordering physician must be submitted. This letter should state, "I am aware that there are independently enrolled LPN's staffing this case and I am willing to provide oversight to them." This must accompany the initial prior approval request form (eMedNY361502) along with a list of all Independent providers servicing the case and their Servicing Provider numbers.
9. If PDN is being requested for school hours, submit a letter from the school district stating that the school district cannot provide nursing care at the level required for the member to attend school. It is the school district's responsibility to provide all nursing services necessary for the member to attend school. Also submit the current school year IEP demonstrating that 1:1 nursing is required for the child during school hours as well as the physician orders that include the number of hours, including transportation if applicable, the nurse must accompany the child to school.
10. If the client will be receiving PCA, HHA or CDPAP services in conjunction with the PDN hours being requested, you must document the specific service authorized and include the number of hours/day.

Upon receipt of a complete package, a medical determination will be given in writing. The provider who has accepted the case can then begin providing services and must submit a Prior Approval Form (eMedNY361502) to Computer Sciences Corporation, in order to receive the initial 13 week Prior Approval Number.

Please fax the above information to the appropriate Business Review Location reviewing the request.
