ENCLAVE

LUXURY SHOULD
TAKE YOU PLACES.
PERHAPS TO A NEW
STATE OF MIND.

We took everything that made Enclave the finest luxury crossover ever—and kept going. For 2013, design, spaciousness, technology and peace of mind arrive at a new place. Your first glance reveals artfully sculpted lines flowing seamlessly from front to rear and back again. How you see the world is highlighted by new signature LED-accented headlamps and taillamps. They help illuminate Enclave's design as well as the road. While inside, a new feeling of openness welcomes you; Buick IntelliLink,[†] an interactive audio system, entertains you and your companions; and several new safety features elevate your sense of well-being. Come discover all this and much more.

WE COULDN'T LEAVE
GREAT ENOUGH ALONE.

[†]Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity.

No matter which colour or wheel you choose, Enclave will reflect your personality and style. So go ahead and select the one that says "drive me home."

A woman with long, wavy red hair is smiling and looking out the window of a car. She is wearing a colorful patterned top and a blue bracelet. A man's hand is resting on her shoulder. The car's interior is visible, including the door panel and window. The scene is brightly lit, suggesting a sunny day.

THE LOST ART OF CONVERSATION IS SUDDENLY FOUND.

Enclave leaves outside noises where they belong. Its QuietTuning technology helps reduce, block and absorb noise and vibration, so you're left with the ideal environment for conversation or whatever sounds good to you. Nothing stands between your ears and the available Bose® 10-speaker Sound System. Engineered specifically for the Enclave cabin, music sounds full and detailed, speech sounds natural and the system even approaches live performance levels without distortion.

Slide in and discover a new “low and away” instrument panel that creates a sense of wide-open space. Its soft-to-the-touch feel makes you want to run your hand across its surface, while your eyes are treated to distinctive wood tones, chrome accents and ice-blue ambient lighting. Enclave is built around comfort for short trips to the store or long journeys across the country. The driver and front-passenger seats offer optional heating and cooling and are power adjustable up to eight directions, including lumbar, so you can tailor Enclave’s comforts to fit yours.

YOU’VE BEEN BUMPED
TO FIRST CLASS.

TURN ENCLAVE INTO YOUR FAVOURITE ENTERTAINMENT VENUE.

Enclave lets you personalize your listening options. Call up music, news, sports and other features—just by saying the word. Your voice is all you need to control the Buick IntelliLink¹ interactive audio system and even make hands-free calls. Using Bluetooth,² it connects your compatible smartphone to a high-resolution touch-screen. With the ease of advanced voice recognition (or steering-wheel-mounted controls), you have access to audio apps on your phone such as StitcherTM SmartRadio and SiriusXM Satellite Radio³ (with 3-month trial). IntelliLink also easily stores your mobile phone contacts. There's even a USB port⁴ to connect your iPhone[®] or digital music player. You're doing all of this while keeping your hands on the wheel and your eyes on the road.

¹Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply. ²Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with the vehicle. ³Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details. ⁴Not compatible with all devices.

IT'S GOT YOUR BACK,
AND YOUR SIDES, TOO.

Enclave's Rear Vision Camera—conveniently located in the centre-mounted information screen—gives you a heads-up of what's behind you. The new available Rear Cross Traffic Alert makes you aware of oncoming traffic when backing up, while the available Side Blind Zone Alert¹ uses radar to warn you when a vehicle is in your side-mirror blind spot. And in an industry first, the driver's seat side-mounted front centre air bag² adds another layer of protection by providing cushioning between you and your front passenger to help reduce injuries in side impacts.

Enclave also includes high-intensity discharge xenon headlamps with an available articulating feature to help you see around curves and beyond corners. And with OnStar³ Directions & Connections plan, standard for 6 months, Automatic Crash Response can get you help fast even if you can't ask for it. Plus, with the OnStar Remotelink⁴ smartphone app, you have access to real-time info (fuel level, remaining oil life, tire pressure,⁵ etc.) about your Enclave. You're also able to perform commands like starting the vehicle and unlocking its doors from almost anywhere.

¹Before making a lane change, always check the Side Blind Zone Alert display, check side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. ²Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. ³Visit onstar.ca for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. Services vary with conditions. ⁴Requires active OnStar subscription, which is standard for 6 months, and select iPhone®, Android™ or BlackBerry® platforms. ⁵Does not apply to spare tire.

FIND YOURSELF THERE.

Find exactly what you're looking for with the available voice- and touch-screen-activated Navigation System,¹ which is a helpful addition to the IntelliLink² audio system. It offers directions to over 11 million kilometres of North American roads. To avoid trouble, optional NavTraffic³ (with 3-month trial of SiriusXM) incorporates real-time traffic and road conditions right into your NAV screen, directing you toward the most efficient route.

¹At time of printing, detailed map coverage is available for most urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is limited outside these areas. ²Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ³Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details.

ATTRACTS QUITE A CROWD.

Thanks to three rows of first-class seating, you and six of your friends and their carry-ons get to share all of this space. Choose available eight-passenger seating, and more definitely becomes merrier. With Smart Slide, getting to the third row is painless—the second-row seats easily slide forward using only one hand. Enclave offers lots of flexible cargo space. With all rows up, you still have 660 litres¹ behind the third row for picnic supplies. Flip the third row down and 1951 litres¹ is enough room for travel gear to outfit a family of four. Gain even more space by lowering the second row and now you've got 3263 litres of level storage¹—plenty of room for skis or bikes, shopping sprees and anything else you can't live without. And to get to all of this space, a power liftgate does the lifting for you.

¹Cargo and load capacity limited by weight and distribution.

DON'T JUST HIT THE ROAD.
OUTSMART IT.

When conditions—weather or otherwise—demand more traction, Enclave's available All-Wheel-Drive (AWD) system doesn't ask you to push buttons. It's automatically activated when you need it most. It constantly monitors traction at all four wheels, so whenever it detects slip, power is delivered to the wheel(s) with the best grip. In low-traction situations—like rain, sleet or snow—it can send up to 50 percent of engine torque to either front wheel and up to 85 percent to either rear wheel. And on dry roads, performance and handling benefits like enhanced acceleration and torque reach all four wheels. Power comes from a 3.6L V-6 with direct fuel injection, variable valve timing, 288 hp and 270 lb-ft of torque. It's paired with an electronically controlled 6-speed automatic transmission, for optimal efficiency¹ and performance.

¹13.0L/100 km city and 8.6L/100 km highway fuel consumption. 2013 Buick Enclave AWD fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

Great design is one thing. Great design that uses quality materials is quite another. Beyond Enclave's warm wood tones and brushed metal, you'll find French seam stitching that highlights available leather seating surfaces—infused with silk and perforated for breathing and sound deadening—in the first and second rows. Everyone can enjoy Enclave's luxury seating, the result of 1400 hours of real-world testing. So now all you need to do is choose the colour palette that feels right.

LUXURY IS IN THE EYE
AND FINGERTIPS OF
THE BEHOLDER.

In Enclave, your sense of style is richly rewarded. Highly crafted premium materials like available leather-appointed seating, chrome accents and warm wood tones surround you in style. Now select from the leather or cloth combinations that suit your taste.

FOR YOUR VIEWING PLEASURE.

Enclave brings the outside in with an available power sunroof and a companion 914 mm x 1219 mm (36-inch by 48-inch) skylight. The sunroof tilts up or slides open while the skylight offers a sunshade to control all those rays. Second- and third-row passengers will enjoy the available DVD Rear-Seat Entertainment System with Bose 5.1 surround sound, a 203 mm (8-inch) LCD flat-screen monitor and two pairs of wireless headphones, plus a handy remote control. We also made sure it's easy and convenient to connect your music player or smartphone by placing an audio jack and USB port* close by. Connect your phone to the USB port and you can store it out of sight in the centre console cubby bin, then control it with your voice or from the radio or steering wheel. All the while, ice-blue ambient lighting adds inviting illumination to the Enclave's spacious cabin.
