

We believe infrastructure creates opportunity for everyone.

AECOM Imagine it. Delivered.

Whether it's improving your commute, keeping the lights on, providing access to clean water or transforming skylines, infrastructure powers possibilities to help people and communities thrive.

UNITED BY PURPOSE

We are the world's premier infrastructure firm – planners, designers, engineers, consultants and construction managers driven by a common purpose to deliver a better world. On projects spanning transportation, buildings, water, governments, energy and the environment, we partner with our clients to build legacies for generations to come.

At AECOM, we foster a workplace where inclusive and diverse teams can thrive, harnessing the power of technology and the entrepreneurial spirit of our people to deliver market-leading innovations. These solutions are built on our culture of ethics and safety that is defined by our integrity and goal of achieving zero work-related injuries.

Across the globe, we embrace sustainability by striving to make a positive, lasting impact on society and the environment through ambitious commitments, such as our science-based emissions reduction targets. And through our Blueprint for a Better World corporate responsibility platform, our employees make a difference in partnership with nonprofit organizations to help bring enduring, scalable solutions to communities in need.

See how we deliver what others can only imagine at aecom.com and [@AECOM](https://www.instagram.com/aecom).

VALUES THAT DRIVE US

Safeguard

We operate ethically and with integrity, while prioritizing safety and security in all that we do.

Collaborate

We build diverse teams that connect expertise to create innovative solutions.

Inspire

We develop and celebrate our people and elevate the communities we touch.

Anticipate

We understand the complexity of our clients' challenges and help them see further.

Deliver

We grow our business through operational excellence and flawless execution.

Dream

We transcend the industry by reimagining what is possible — and realizing it.

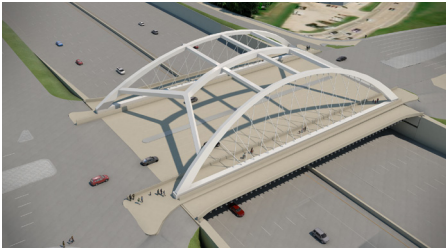

OUR HISTORY

AECOM became an independent company formed by the merger of five entities. While our official founding was in 1990, many of our predecessor firms had distinguished histories dating back more than 120 years.

Since then, more than 50 companies have joined AECOM and, in 2007, we became a publicly traded company on the New York Stock Exchange.

Today, listed at #157 on the Fortune 500 as one of America's largest companies, AECOM is the world's premier infrastructure firm with an unrivaled heritage delivering design, planning, engineering, consulting and construction management solutions.

UNRIVALED IN EXPERTISE

Dallas/Fort Worth I-635 LBJ East Freeway

AECOM is the lead engineering firm on the Pegasus Link Constructors team to widen and reconstruct I-635 LBJ East Freeway in Dallas. The \$1.73 billion project will improve mobility and reduce traffic congestion in a main Dallas-Fort Worth commuter corridor.

Heathrow Terminal 2

Leveraging our global expertise delivering aviation projects at some of the world's biggest and most complex airports, AECOM will provide design and project management services for a new baggage handling system and infrastructure to support the expected growth in passenger numbers.

Hudson Yards

AECOM Tishman's transformative work at Hudson Yards, located on Midtown Manhattan's booming West Side, encompasses the Shops & Restaurants, 30 Hudson Yards, 35 Hudson Yards, the fit-out of L'Oreal's headquarters at 10 Hudson Yards and the Plaza, including Vessel—an interactive public landmark.

Inglewood Basketball & Entertainment Center

AECOM was selected to lead the design of the Inglewood Basketball & Entertainment Center—an iconic new venue in Inglewood, Calif. Designed for optimal engagement of community and fans, the arena will be home to the L.A. Clippers.

Integrated Waste Management Facilities Phase 1

AECOM is the consultant to the Environmental Protection Department of the government of Hong Kong for the Integrated Waste Management Facilities Phase 1 project, which is the first environmental infrastructure to recover energy and resources from municipal solid waste in the territory.

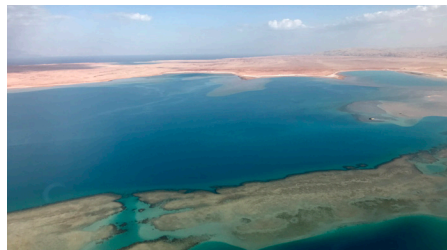

Louis Armstrong New Orleans International Airport North Terminal

AECOM Hunt, in a joint venture, is serving as construction manager for the Louis Armstrong New Orleans International Airport North Terminal, which was designed with an ease-of-use customer experience in mind.

Melbourne Metro Tunnel

The highly complex and challenging design brief will connect the new 9-kilometer Metro tunnels to the existing live rail corridors. AECOM's affiliates will design all elements of Victoria's largest-ever public transport project, which is critical to the mobility of a growing population.

Phase 1 of NEOM Bay

AECOM has been selected to drive the delivery of Saudi Arabia's NEOM Bay mega-project, a special economic zone and diverse society offering world-class education, health care and culture for a new way of living. Once complete, NEOM Bay Phase 1 will span a 45-square kilometer area.

Virgin Islands Housing Finance Authority Emergency Home Repairs Program

In the wake of devastating back-to-back Category 5 hurricanes Irma and Maria that struck the U.S. Virgin Islands, our outreach and work resulted in repairs on more than 6,400 homes and 680 roofs, which allowed residents to return to safe and habitable environments.
