Apache License

Version 2.0, January 2004

<http://www.apache.org/licenses/>

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions. "License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document. "Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License. "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity. "You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License. "Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files. "Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types. "Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below). "Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof. "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution." "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions: (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and (b) You must cause any modified files to carry prominent notices stating that You changed the files; and (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and (d) If the Work includes a "NOTICE" text file as

part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

**5. Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

**6. Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

**7. Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

**8. Limitation of Liability.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

**9. Accepting Warranty or Additional Liability.** While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

**END OF TERMS AND CONDITIONS**

**APPENDIX: How to apply the Apache License to your work.** To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "{}" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

PLEASE READ THIS AGREEMENT CAREFULLY. BY CLICKING THE UPGRADE OR SIGN UP BUTTON OR BY ACCESSING OR USING THE FABRIC TECHNOLOGY, YOU AGREE TO BE BOUND BY THE TERMS OF THIS AGREEMENT. IF YOU DO NOT AGREE TO ALL THE TERMS OF THIS AGREEMENT, YOU MAY NOT ACCESS OR USE THE FABRIC TECHNOLOGY.

This Fabric Software and Services Agreement (“Agreement”) is entered into by Google Inc. and you (“Developer” or “You”) and governs Your access and use of the Fabric Technology (defined below). If You are accessing or using the Fabric Technology on behalf of a company or other legal entity, You represent and warrant that You are an authorized representative of that entity and have the authority to bind such entity to this Agreement, in which case the terms “Developer” and “You” shall refer to such entity. You and Google hereby agree as follows:

1. Definitions
2. In addition to terms defined elsewhere in this Agreement, the terms set forth immediately below have the following meanings.
3. “Application” means any mobile application of Developer into which the Fabric Kit or any other Kit may be integrated.
4. “Developer Data” means (i) the identity of the individual or entity, if any, who invited Developer to use the Fabric Technology; (ii) the names of Developer’s non-publicly available Applications; and (iii) a unique installation identifier for each installation of each Application.
5. “Documentation” means the documentation, instructions, user guides, and other documents made available by Google that relate to the Services and Software.
6. “Fabric Kit” means the underlying, base software development kit for Fabric made available by Google via the Plugin, including any updates or modifications thereto, that Developer installs in order to integrate any other Kit within an Application.
7. “Kit” means any software development kit, other than the Fabric Kit, made available for download via any Plugin.
8. “Plugin” means any development environment software plugin made available by Google via the Services, including any updates or modifications thereto, that Developer must install in the designated development environment in order for Developer to integrate the Fabric Kit or any other Kit within an Application.
9. “Services” means the Site and any hosted software services made available via the Site, including without limitation any dashboards, reporting tools, or other services, or any Plugin.
10. “Site” means all websites and webpages hosted at the fabric.io domain, as well as any Fabric-branded mobile application Google may make available.
11. “Software” means the Fabric Kit and any Plugin.
12. “Term” means the term of this Agreement, which commences on the date upon which Developer enters into this Agreement and continues until terminated by Developer or Google.

13. "Fabric Technology" means the Services, Software, and Documentation.
14. "Usage Data" means all information, data and other content, not including any Developer Data, received by Google related to Developer's use of the Fabric Technology, including without limitation Developer's IP address; web request headers, including without limitation browser type, user agent, and referral page; pages or screens Developer visits on the Site; timestamps; cookie information from Developer's usage of the Site, including without limitation analytics data; Developer's device state, hardware, and OS information; and unique identifier(s) for Developer's device(s).
15. Licenses; Access Rights; Restrictions
  - a. License Grant. Subject to Developer's compliance with the terms and conditions of this Agreement (as a condition to the grants below), Google grants Developer, and Developer accepts, a personal, nonexclusive, non-transferable, non-sublicensable, and revocable license, during the Term, to: (a) install and use any Plugin within the designated development environment solely for the purpose of downloading the Fabric Kit and other Kits to such environment; (b) install and use the Fabric Kit solely for the purpose of enabling the integration of one or more Kits into an application; (c) incorporate the Fabric Kit into any application and distribute (in object form only) the Fabric Kit solely as incorporated within such Application; (d) download and/or print a reasonable number of copies of any reports or results made available via the Services ("Reports") for internal use by Developer only; and (e) make and use a reasonable number of copies of any Plugin, Fabric Kit, and Documentation solely as necessary to exercise any of the licenses or rights granted to Developer under this Agreement.
  - b. Access to Services. During the Term, and subject to the terms and conditions of this Agreement, Google will use commercially reasonable efforts to provide Developer with access to the Services. Developer will cooperate with Google, as requested, to facilitate the initiation of Developer's access and use of the Services. Developer will identify a user name and password that will be used solely by Developer to access and use Developer's account on the Services. Developer will not share its user name or password with any third party and will be responsible and liable for the acts or omissions of any person who accesses the Services via such account. Developer will (a) provide accurate, current, and complete information when setting up such account; (b) maintain and promptly update any account information; (c) maintain the security of any password and accept all risks of unauthorized access to its account; and (d) promptly notify Google if it discovers or otherwise suspects any security breaches related to such account.
  - c. Restrictions. Developer shall not directly or indirectly: (a) modify or create any derivative works of any Reports, Fabric Technology, or components thereof; (b) work around any technical limitations in any Fabric Technology or use any Fabric Technology, alone or in conjunction with any device, program, or service, to circumvent technical measures employed to control access to, or the rights in, a content, file, or other work; (c) reverse engineer, decompile, decipher, translate, disassemble, or otherwise attempt to access source code of any Fabric Technology (except as and only to the extent that the foregoing restriction is prohibited by applicable law); (d) publish, rent, lease, lend, sell, sublicense, distribute (except as permitted in Sections 2.1(c)), transfer, disclose, or otherwise make any Fabric Technology or Reports available to any third party; (e) provide use of the Fabric Technology on a service bureau, rental or managed services basis or permit other individuals or entities to create Internet "links" to the Fabric Technology or "frame" or "mirror" the Fabric Technology on any other server, or wireless or Internet-based device; (f) remove or alter any proprietary notices or labels on or in any Fabric Technology or Reports; (g) use any Fabric Technology in connection with the development or transmission of any virus, worms or malicious code; (h) use any Fabric Technology or Reports to infringe the rights of Google or any third party, or in

any way that does not comply with all applicable laws; or (i) use any Fabric Technology (including to create any Application) in any way that interferes with, disrupts, damages, or accesses in an unauthorized manner the servers, networks, or other properties or services of Google or any third party, including any mobile communications carrier.

#### 16. Updates

17. Developer acknowledges that Google may update or modify any component of the Fabric Technology at any time and in its sole discretion without prior notice to Developer. Developer acknowledges that future versions of the Fabric Kit may be incompatible with Applications developed using previous versions of the Fabric Kit, which may adversely affect the manner in which Developer accesses or communicates with the Fabric Technology. Google may provision any updates to any Software automatically or it may prompt Developer to install such updates. If Google prompts Developer to install an updated version of any Software ("Updated Version"), the license granted under Section 2.1 of this Agreement ("License") with respect to any previous version of such Software will be revoked upon release of such Updated Version and Developer will immediately discontinue all use of, and delete, such previous version; provided, however, that, the License to such previous version of the Fabric Kit shall not be immediately revoked if such previous version of the Fabric Kit has been incorporated within an Application that Developer (a) has publicly distributed via an app store as of the date on which Google released the Updated Version ("Release Date"), (b) has already submitted to an app store for distribution approval as of the Release Date, or (c) submits to an app store for distribution approval within fourteen (14) days of the Release Date. Notwithstanding the foregoing, Google reserves the right, at any time, to revoke the License to any previous version of the Fabric Kit, regardless of the foregoing conditions, in which case Developer shall immediately discontinue all use of, and delete, such previous version of the Fabric Kit.

#### 18. Kit Terms

19. Additional terms and conditions may apply to Developer's access and use of any Kit made available via any Plugin. Developer will comply with any terms applicable to any Kit that Developer installs, accesses, or uses. Certain Kits may be made available by third parties. Google provides such third-party Kits as a convenience only and does not endorse any such third-party Kits. Developer acknowledges and agrees that (i) such third-party Kits are not under the control of Google and Google is not liable or responsible for such third-party Kits, and (ii) Google does not warrant and will not have any liability or responsibility for such third-party Kits.

#### 20. Security

21. Developer is fully responsible for all of its Applications, including for maintaining the security of all such Applications. Developer will use industry standard security measures to prevent unauthorized access or use of any of the features and functionality of all Applications, including access by viruses, worms, or any other harmful code or material. Developer will immediately notify Google if Developer knows of or suspects any breach of security or potential vulnerability of any Application that may damage, interfere with, or otherwise impact any Fabric Technology or any information, content, or material accessible via any Fabric Technology. Developer will promptly remedy such breach or potential vulnerability.

#### 22. Compliance

23. Developer shall comply with (a) all applicable laws, rules, and regulations, (b) all instructions and requirements set forth in any applicable Documentation, and (c) any applicable third-party terms, including any third-party terms applicable to any Kit, any development environment used by Developer, and Developer's development and distribution of its Application via any relevant mobile operating system platform. Developer will not, directly or indirectly, export or re-export, or knowingly permit the export or re-export of, any Software or technical information obtained under this

Agreement, including without limitation any Documentation, (y) without compliance with all laws applicable to the export or re-export of, any Software or technical information obtained under this Agreement, or (z) to any country to which the United States Export Administration Act, any regulation thereunder, or any similar United States law or regulation, prohibits the export or re-export of such software and/or technical information.

#### 24. Developer Feedback

25. From time to time, Google may solicit from Developer or Developer may provide, in its sole discretion, suggestions for changes, modifications, or improvements or any other feedback related to any Fabric Technology or Google (collectively, "Developer Feedback"). All Developer Feedback shall be solely owned by Google (including all intellectual property rights therein and thereto) and shall also be deemed Google's Confidential Information. Developer hereby assigns all of its right, title, and interest in and to any Developer Feedback to Google and acknowledges that Google has the unrestricted right to use and exploit such Developer Feedback in any manner, without attribution, and without any obligations or compensation to Developer. Google may reuse all general knowledge, experience, know-how, works and technologies (including ideas, concepts, processes, and techniques) acquired during provision of any Fabric Technology to Developer.

#### 26. Data Usage and Transfer

- a. Developer hereby grants Google a worldwide, nonexclusive, and royalty-free right and license to access, copy, distribute, process, and use Developer Data solely for the purpose of (a) providing any Fabric Technology to Developer; (b) creating aggregate measures of any Fabric Technology usage, engagement, and performance; and (c) improving any component of the Fabric Technology generally or any other service of Google.
- b. Developer acknowledges and agrees that Google will not assume any responsibility or liability for, or undertake to verify, the accuracy, completeness, or legality of any Developer Data. Google shall have no obligation to store, delete, or return any Developer Data. Developer represents and warrants that it owns all right, title, and interest, or possesses sufficient license rights, in and to the names of Developer's non-publicly available Applications as may be necessary to grant the rights and licenses under this section. Developer bears all responsibility and liability for the legality, accuracy, and completeness of the Developer Data and Google's access and possession thereof, as permitted herein.
- c. Irrespective of which country Developer is based in, Developer authorizes Google to use its information in, and as a result to transfer it to and store it in, the United States and any other country where Google, or any third-party service providers acting on its behalf, operates. Privacy and data protection laws in some of these countries may vary from the laws in the country where Developer is based.

#### 27. Developer Systems

28. Developer is solely responsible for providing all modems, servers, devices, storage, software, databases, network, and communications equipment, and ancillary services needed to connect to, access, or otherwise use the Fabric Technology (collectively, "Developer Systems"). Developer shall ensure that Developer Systems are compatible with any Fabric Technology and comply with all configurations and specifications described in the applicable Documentation.

#### 29. Suspension; Discontinuance

30. Google reserves the right to discontinue or suspend (permanently or temporarily) the Fabric Technology or any features or portions thereof without prior notice. Google will not be liable for any suspension or discontinuance of any Fabric Technology or any part thereof.

#### 31. Confidentiality

- a. “Confidential Information” means any information disclosed by one party (“Discloser”) to the other party (“Recipient”) that is marked or otherwise identified as “confidential” or “proprietary,” or by its nature or the circumstances of disclosure should reasonably be understood to be confidential. In particular, Confidential Information shall include the Fabric Technology, Reports, Developer Data and all related information, but does not include Usage Data. Recipient may use the Confidential Information of the Discloser only as necessary in fulfilling its obligations or exercising its rights under this Agreement. Recipient may not disclose any Confidential Information of the Discloser to any third party without the Discloser’s prior written consent. Recipient will protect the Discloser’s Confidential Information from unauthorized use, access, and disclosure in the same manner that it protects its own confidential and proprietary information of a similar nature, but in no event with less than a reasonable degree of care. Recipient shall have the right to disclose any Confidential Information of Discloser to any third-party service provider that performs services on behalf of Recipient subject to confidentiality obligations consistent with this Agreement. Promptly upon Discloser’s request at any time, Recipient shall, or in the case of Developer Data shall use reasonable efforts to, return all of Discloser’s tangible Confidential Information, and/or permanently erase all such Confidential Information from any storage media and destroy all information, records, copies, summaries, analyses, and materials developed therefrom.
- b. Limitations. The foregoing obligations shall not apply to any information that Recipient can demonstrate is (i) already known by it without restriction, (ii) rightfully furnished to it without restriction by a third party not in breach of any obligation of this Agreement or any other applicable confidentiality obligation or agreement, (iii) generally available to the public without breach of this Agreement or wrongdoing by any party, or (iv) independently developed by it without reference to or use of any information deemed confidential under this section and without any violation of any obligation of this Agreement. Recipient shall be responsible for any breach of confidentiality by its employees, contractors, and agents, as applicable. Nothing herein shall prevent Recipient from disclosing any of Discloser’s Confidential Information as necessary pursuant to any court order or any legal, regulatory, law enforcement, or similar requirement or investigation; provided, however, prior to any such disclosure, Recipient shall use reasonable efforts to promptly notify the Discloser in writing of such requirement to disclose where permitted by law and cooperate in protecting against or minimizing any such disclosure and/or obtaining a protective order.

### 32. Ownership; Reservation of Rights

33. Google retains all right, title, and interest in and to all Usage Data. Developer acknowledges and agrees that Google may use Usage Data for its own business purposes, including without limitation analyzing Developer’s installation, use of, and engagement with, and the functionality of the Services, as well as improving the functionality of the Services and other products and services offered or developed by Google, and may share such Usage Data with third-party service providers to assist with or conduct such activities on Google’s behalf. Google may share such Usage Data with other third parties solely in an aggregated and anonymized manner or otherwise in a manner that does not identify the source of such Usage Data. Google and its suppliers own all right, title, interest, copyright, and other intellectual property rights in all Fabric Technology (and any derivative works and enhancements thereof developed by or on behalf of Google) and reserve all rights not expressly granted to Developer in this Agreement. The Fabric Technology (and any derivative works and enhancements thereof developed by or on behalf of Google) are protected by copyright and other intellectual property laws and treaties. THE FABRIC TECHNOLOGY IS SOLELY LICENSED AS SET FORTH IN SECTION 2, NOT SOLD.

### 34. Representations and Warranties

- a. Google represents and warrants that it has full right, power, and authority to enter into this

Agreement and to perform its obligations and duties under this Agreement, and that the performance of such obligations and duties does not conflict with or result in a breach of any other agreement of Google, or any judgment, order, or decree by which such party is bound. Developer's sole and exclusive remedy for any and all breaches of this provision is the remedy set forth in Section 15.1.

- b. Developer represents and warrants to Google that: (a) the Applications do not and will not infringe any intellectual property or other proprietary right of any third party or violate any right of or duty owed to any third party (including contract rights, privacy rights, and publicity rights); and (b) the Applications and Developer's performance under this Agreement (including use of the Fabric Technology) do not and will not breach any other agreement of Developer or violate any applicable law, rule, or regulation.

### 35. Google Disclaimers

36. THE FABRIC TECHNOLOGY AND REPORTS ARE PROVIDED "AS IS", "AS AVAILABLE", WITH ALL FAULTS AND WITHOUT WARRANTY OF ANY KIND. WITHOUT LIMITING THE FOREGOING, GOOGLE AND ITS PARENTS, SUBSIDIARIES, AFFILIATES, RELATED COMPANIES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, REPRESENTATIVES, PARTNERS, AND LICENSORS (COLLECTIVELY, THE "GOOGLE ENTITIES") MAKE NO REPRESENTATION OR WARRANTY (I) THAT THE FABRIC TECHNOLOGY AND REPORTS OR RESULTS THEREFROM WILL MEET DEVELOPER'S REQUIREMENTS OR BE UNINTERRUPTED, ERROR-FREE, OR BUG-FREE, (II) REGARDING THE RELIABILITY, TIMELINESS, OR PERFORMANCE OF THE FABRIC TECHNOLOGY OR REPORTS, OR (III) THAT ANY ERRORS IN THE FABRIC TECHNOLOGY OR REPORTS CAN OR WILL BE CORRECTED. THE GOOGLE ENTITIES HEREBY DISCLAIM ALL WARRANTIES, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, INCLUDING WITHOUT LIMITATION, ALL IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY, TITLE, OR FITNESS FOR ANY PARTICULAR PURPOSE AND ALL WARRANTIES ARISING FROM ANY COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE.

### 37. Indemnification

- a. **Claims Against Developer.** Google will defend the Developer from all third party claims, actions, suits, or proceedings, whether actual or alleged (collectively, "Developer Claims"), and will indemnify Developer and hold Developer harmless from any and all losses, liabilities, damages, costs, and expenses (including reasonable attorney's fees) resulting from such Developer Claims, that arise out of an allegation that the Fabric Technology, when used as expressly permitted by this Agreement, infringes the intellectual property rights of such third party. Notwithstanding the foregoing, Google will have no obligation under this Section 15.1 or otherwise with respect to any infringement claim based upon: (a) any use of the Fabric Technology not expressly permitted under this Agreement; (b) any use of the Fabric Technology in combination with products, equipment, software, or data not made available by Google if such infringement would have been avoided without the combination with such other products, equipment, software, or data; (c) any modification of the Fabric Technology by any person other than Google or its authorized agents or subcontractors; or (d) any claim not clearly based on the Fabric Technology itself. This Section 15.1 states Google's entire liability and Developer's sole and exclusive remedy for all third party claims.
- b. **Claims Against Google.** Developer will defend Google from all third party claims, actions, suits, or proceedings, whether actual or alleged (collectively, "Google Claims"), and will indemnify Google and hold Google harmless from any and all losses, liabilities, damages, costs, and expenses (including reasonable attorney's fees) resulting from such Google Claims, that arise out of Developer's (a) use of the Fabric Technology or Reports; (b) actual or alleged infringement, misappropriation, or violation of the rights of any third party, including

without limitation any intellectual property rights, privacy rights, or publicity rights; and (c) breach of any term of this Agreement, including without limitation Developer's representations and warranties set forth in Section 13 above. Developer is solely responsible for defending any such Google Claims, subject to Google's right to participate with counsel of its own choosing, and for payment of all judgments, settlements, damages, losses, liabilities, costs, and expenses, including reasonable attorneys' fees, resulting from such Google Claims, provided that Developer will not agree to any settlement related to any such Google Claims without Google's prior express written consent regardless of whether or not such settlement releases Google from any obligation or liability. If Developer uses the Fabric Technology in an official capacity as an employee or representative of a United States federal, state or local government entity and is legally unable to accept this indemnification provision, then it does not apply to such entity, but only to the extent as required by applicable law.

- c. Procedure. The foregoing obligations are conditioned on the party seeking indemnification: (a) promptly notifying the other party in writing of such claim; (b) giving the other party sole control of the defense thereof and any related settlement negotiations; and (c) cooperating and, at other party's request and expense, assisting in such defense. Neither party may make any public announcement of any claim, defense or settlement without the other party's prior written approval. The indemnifying party may not settle, compromise or resolve a claim without the consent of the indemnified party, if such settlement, compromise or resolution (x) causes or requires an admission or finding of guilt against the indemnified party, (y) imposes any monetary damages against the indemnified party, or (z) does not fully release the indemnified party from liability with respect to the claim.

#### 38. Limitation of Liability

39. (a) IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER FOR ANY INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, OR FOR ANY DAMAGES ASSOCIATED WITH ANY LOSS OF USE, BUSINESS, PROFITS, OR GOODWILL OR FOR INTERRUPTION, LOSS OR CORRUPTION OF DATA OR NETWORKS.
40. (b) IN NO EVENT WILL EITHER PARTY'S AGGREGATE LIABILITY FOR ANY AND ALL CLAIMS UNDER THIS AGREEMENT EXCEED FIFTY(\$50.00) DOLLARS (USD).
41. (c) THE FOREGOING LIMITATIONS SHALL NOT APPLY TO BREACHES OF CONFIDENTIALITY OBLIGATIONS OR FOR MISAPPROPRIATION OR INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS, AND SHALL APPLY NOTWITHSTANDING THE FAILURE OF ANY REMEDY PROVIDED HEREIN. THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SHALL APPLY TO ANY AND ALL CLAIMS, REGARDLESS OF WHETHER SUCH LIABILITY ARISES FROM ANY CLAIM BASED UPON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, OR OTHERWISE, AND WHETHER OR NOT THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS OR DAMAGE.
42. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to You. INSOFAR AS APPLICABLE LAW PROHIBITS ANY LIMITATION ON LIABILITY HEREIN, THE PARTIES AGREE THAT SUCH LIMITATION WILL BE AUTOMATICALLY MODIFIED, BUT ONLY TO THE EXTENT SO AS TO MAKE THE LIMITATION COMPLIANT WITH APPLICABLE LAW.

#### 43. Termination

44. Either party may terminate this Agreement with or without cause immediately upon providing notice to the other party. Upon any termination of this Agreement, (a) Developer must discontinue accessing and using the Fabric Technology and delete all Software and Documentation; (b) the provisions in

Sections 4 (Kit Terms), 7 (Developer Feedback), 8 (Data Usage and Transfer), 11 (Confidentiality), 12 (Ownership; Reservation of Rights), 14 (Google Disclaimers), 15 (Indemnification), 16 (Limitation of Liability), this Section 17 (Termination) and Section 18(e) (Governing Law; Venue; Prevailing Fees) shall survive; (c) all obligations or liabilities that accrued prior to the effective date of termination and all remedies for breach of this Agreement shall survive; and (d) all other rights, obligations, and licenses of the parties under this Agreement shall terminate.

#### 45. Miscellaneous

- a. **Entire Agreement.** This Agreement constitutes the entire agreement, and supersedes all prior negotiations, understandings, or agreements (oral or written), between the parties about the subject matter of this Agreement.
- b. **Amendments.** Google may amend this Agreement from time to time. If Google makes a change to this Agreement that, in its sole discretion, is material, Google will notify Developer by providing notice of the change through the Services, the Plugin, or at the email address that Developer provided to Google upon signing up to access the Services. If Developer does not agree to the modified terms of the Agreement, Developer shall notify Google in writing within thirty (30) days, after which this Agreement shall immediately terminate and the Google Entities shall have no further responsibility or liability to Developer.
- c. **Waivers.** The failure of either party to enforce its rights under this Agreement at any time for any period will not be construed as a waiver of such rights.
- d. **Severability.** If any provision of this Agreement is determined to be illegal or unenforceable, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable.
- e. **Governing Law; Venue; Prevailing Fees.** This Agreement shall be governed by and construed in accordance with the laws of the State of California, without regard to its conflicts of law provisions. (a) Except as set forth in Section 18.5(b) below, all claims arising out of or relating to this Agreement or the Services ("Disputes") will be governed by California law, excluding California's conflict of laws rules, and all Disputes will be litigated exclusively in the federal or state courts of Santa Clara County, California, USA, and You and Google consent to personal jurisdiction in those courts. (b) If Your principal place of business (for entities) or place of residence (for individuals) is in any country within APAC (other than Australia, Japan, New Zealand or Singapore) or Latin America, this Section 18.5(b) will apply instead of Section 18.5(a) above. **ALL DISPUTES (AS DEFINED ABOVE) WILL BE GOVERNED BY CALIFORNIA LAW, EXCLUDING CALIFORNIA'S CONFLICT OF LAWS RULES.** The parties will try in good faith to settle any Dispute within 30 days after the Dispute arises. If the Dispute is not resolved within 30 days, it must be resolved by arbitration by the American Arbitration Association's International Centre for Dispute Resolution in accordance with its Expedited Commercial Rules in force as of the date of this Agreement ("Rules"). The parties will mutually select one arbitrator. The arbitration will be conducted in English in Santa Clara County, California, USA. Either party may apply to any competent court for injunctive relief necessary to protect its rights pending resolution of the arbitration. The arbitrator may order equitable or injunctive relief consistent with the remedies and limitations in this Agreement. Subject to the confidentiality requirements in this Agreement, either party may petition any competent court to issue any order necessary to protect that party's rights or property; this petition will not be considered a violation or waiver of this governing law and arbitration section and will not affect the arbitrator's powers, including the power to review the judicial decision. The parties stipulate that the courts of Santa Clara County, California, USA, are competent to grant any order under this subsection. The arbitral award will be final and binding on the parties and its execution may be presented in any competent court, including any court with jurisdiction over

either party or any of its property. Any arbitration proceeding conducted in accordance with this section will be considered Confidential Information under this Agreement's confidentiality section, including (i) the existence of, (ii) any information disclosed during, and (iii) any oral communications or documents related to the arbitration proceedings. The parties may also disclose the information described in this section to a competent court as may be necessary to file any order under this section or execute any arbitral decision, but the parties must request that those judicial proceedings be conducted in camera (in private). The parties will pay the arbitrator's fees, the arbitrator's appointed experts' fees and expenses, and the arbitration center's administrative expenses in accordance with the Rules. In its final decision, the arbitrator will determine the non-prevailing party's obligation to reimburse the amount paid in advance by the prevailing party for these fees. Each party will bear its own lawyers' and experts' fees and expenses, regardless of the arbitrator's final decision. (c) If Your principal place of business (for entities) or place of residence (for individuals) is in Greece, all Disputes (as defined above) will be governed by Greek law and the parties submit to the exclusive jurisdiction of the courts of Athens in relation to any Dispute.

- f. Force Majeure. In the event that either party is prevented from performing, or is unable to perform, any of its obligations under this Agreement (except payment obligations) due to any cause beyond its reasonable control, the affected party shall give written notice thereof to the other party and its performance shall be extended for the period of delay or inability to perform due to such occurrence.
- g. Notices. Any notice or communication hereunder shall be in writing and either personally delivered or sent via confirmed facsimile, confirmed electronic transmission, recognized express delivery courier, or certified or registered mail, prepaid and return receipt requested, addressed to the other party, which, in the case of Developer, shall be the email address that Developer provided to Google upon signing up for the Services, and, in the case of Google, shall be Google Inc. 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA, with a copy to Legal Department. All notices shall be in English, and deemed to have been received when they are hand delivered, or five business days of their mailing, or upon confirmed electronic transmission or confirmed facsimile transmission.
- h. Assignment. This Agreement and the rights and obligations hereunder may not be assigned, transferred, or delegated, in whole or in part, whether voluntarily or by operation of law, contract, merger (whether Developer is the surviving or disappearing entity), stock or asset sale, consolidation, dissolution, through government action or otherwise, by Developer without Google's prior written consent. Any assignment or transfer in violation of the foregoing shall automatically be null and void, and Google may immediately terminate this Agreement upon such an attempt. This Agreement shall be binding upon, and inure to the benefit of, any permitted successors, representatives, and permitted assigns of the parties hereto.
- i. Independent Contractors. The parties shall be independent contractors under this Agreement, and nothing herein will constitute either party as the employer, employee, agent, or representative of the other party, or both parties as joint venturers or partners for any purpose. Neither party will have the right or authority to assume or create any obligation or responsibility on behalf of the other party.
- j. No Publicity. Developer will not issue any press release or otherwise make any public announcement with respect to this Agreement, any Fabric Technology, or Developer's relationship with Google without Google's prior written consent.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License. "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity. "You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License. "Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files. "Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types. "Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below). "Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof. "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution." "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions: (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and (b) You must cause any modified files to carry prominent notices stating that You changed the files; and (c)

You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

**5. Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

**6. Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

**7. Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

**8. Limitation of Liability.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

**9. Accepting Warranty or Additional Liability.** While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

**END OF TERMS AND CONDITIONS**

**APPENDIX: How to apply the Apache License to your work.** To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "{}" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

### TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

#### 1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation

source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
  
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
  
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.
- Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

### Source Code

Projects referencing this document are released under the terms of the MIT license.

The MIT License is simple and easy to understand and it places almost no restrictions on what you can do with the Project.

You are free to use the Project in any other project (even commercial projects) as long as the copyright header is left intact.

### link Sample Code

All demos and examples, whether in a Project's repository or displayed on a Project site, are released under the terms of the license as specified in the relevant repository. Many Projects choose to release their sample code under the terms of CC0.

CC0 is even more permissive than the MIT license, allowing you to use the code in any manner you want, without any copyright headers, notices, or other attribution.

### link Web Sites

The content on a Project web site referencing this document in its header is released under the terms of the license specified in the website's repository or if not specified, under the MIT license.

The design, layout, and look-and-feel of JS Foundation project web sites are not licensed for use and may not be used on any site, personal or commercial, without prior written consent from the JS Foundation.

For further information regarding JS Foundation licensing and intellectual property, please review the JS Foundation IP Policy.
