4 Add Jongo to your wireless network

Ⓐ The Jongo Setup page should open automatically on your device. If not, open your internet browser and enter **myjongo** in the address bar.

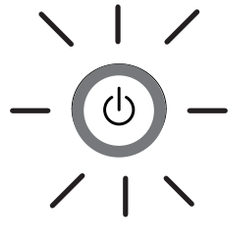
Ⓑ If you want to rename your Jongo, type in the new name and tap **Change Name**.

Ⓒ Select your wireless network.

Ⓓ Enter your network password if required and tap **Connect**.

Once you tap **Connect** the light will pulse and then turn solid green to show that your Jongo is connected.

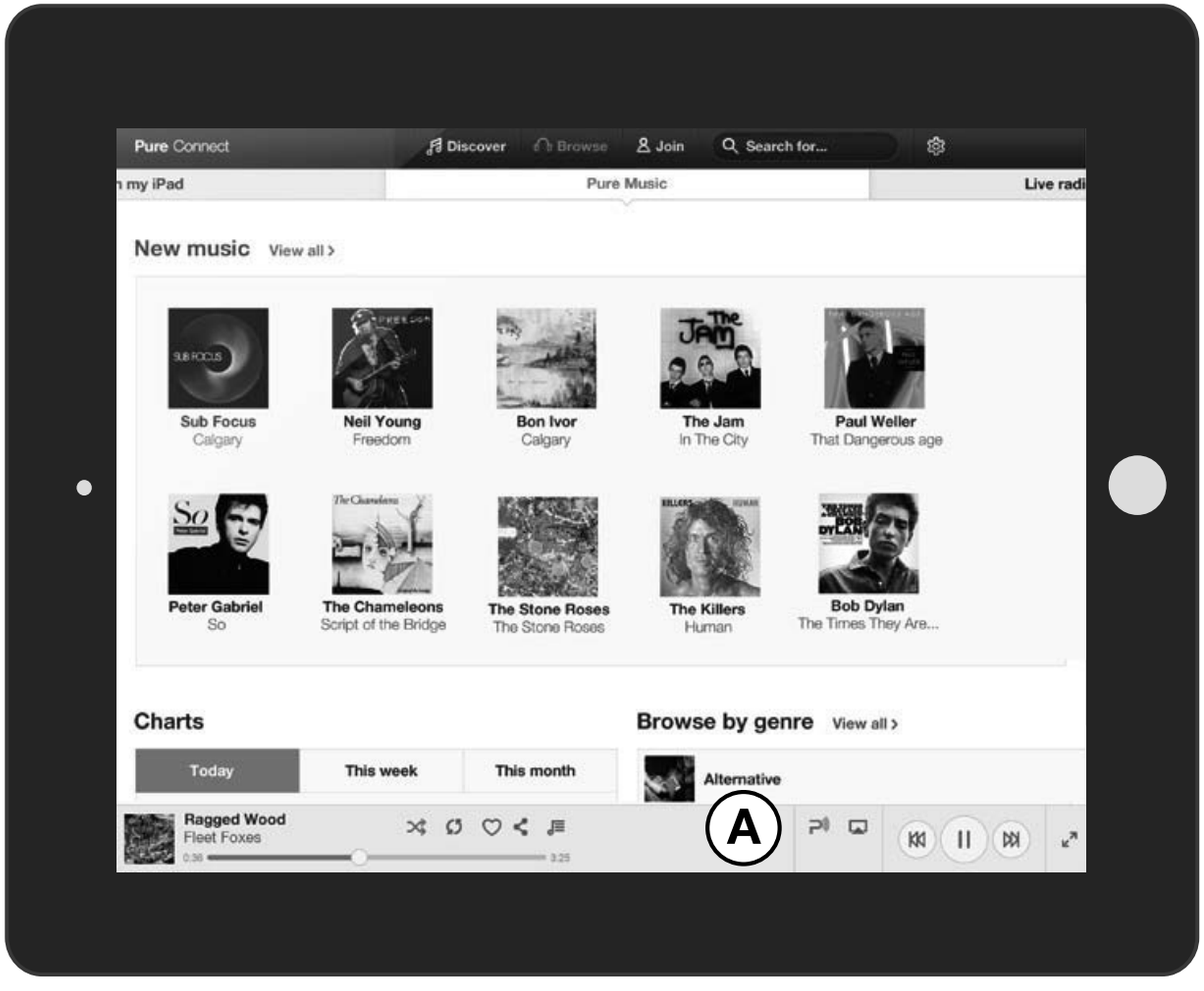
If the connection fails, the light will flash red. Don't worry, this probably means you mistyped your Wi-Fi password. Just go back to step 2 and try again.



If the problem persists visit **support.pure.com**

5 Open the Pure Connect App and select the music you want to listen to.

You can choose from Pure Music*, live radio, on-demand content, ambient sounds and the music stored on your device.



(A) After selecting the content that you want to listen to, the player bar will appear at the bottom of the window.

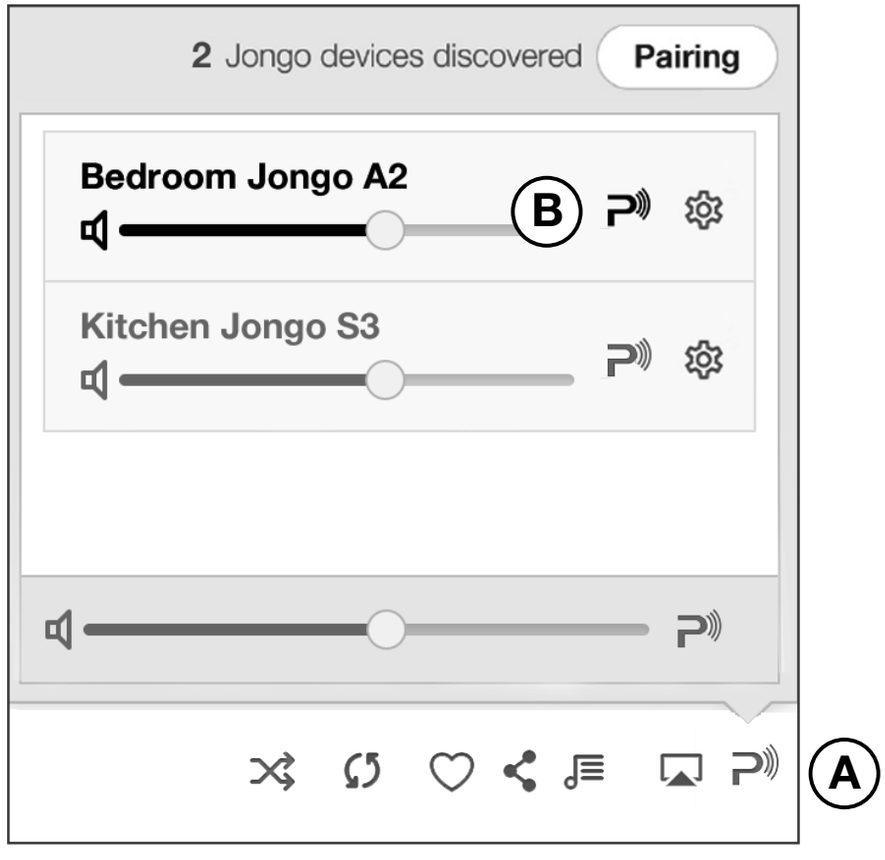
*Pure Music is only available in certain countries. Please see http://www.pure.com/availability/ for details.

6 Start streaming!

To stream to your Jongo:

Ⓐ Tap in the player bar to view a list of available Jongo devices on your network.

Ⓑ Tap next to your Jongo.



Congratulations!

You're all set up. Enjoy your music.

7 Adding another Jongo to your network?

1. Switch on your new Jongo.
2. Press and hold the **Wi-Fi** button on any Jongo that is already connected to your network until the Power light pulses green.
3. Press and hold the **Wi-Fi** button on the base of the new Jongo until the Power light pulses green.

After around 30 seconds, the Power lights on both Jongos will light steady green to confirm that the new Jongo is connected to your network.
