

WHERE THERE'S FINANCIAL SERVICES THERE'S EPSON

Solid, Stable and Reliable

In today's fast-paced world of banking and finance, we understand that your financial enterprise needs technology that delivers results, works more efficiently and performs reliably every time. And, with tighter budgets, affordability is essential.

Epson delivers on every point. We have 40 years of experience delivering cost-effective, innovative, market-leading products backed by world-class service and support. In a constantly evolving regulatory environment, we can help you maximize uptime, reduce errors and build trust with your customers.

Improved Productivity

Cutting-edge technology makes it easy to work more efficiently and improve the customer experience.

Cost-effective Solutions

Products that offer easy integration, solid reliability and low maintenance costs help you achieve a better bottom line.

Customer Focus

Partner with Epson and get innovative technology solutions backed by world-class service and support.

Environmental Commitment

With a strong commitment to the environment, we create products that are reliable, recyclable and energy efficient.

1

Dynamic displays for in-branch branding

Engage customers and bring your messaging to life on walls, ceilings or floors with dynamic projected displays and digital in-branch signage.

2

Enhanced transaction efficiency

Epson technology combines multiple processes in small, high-efficiency products that help your financial enterprise function more effectively — process transactions reliably and quickly to keep your customers moving.

3

Document management made simple

Our high-speed duplex scanners, with Document Capture Pro, allow you to scan documents directly to your preferred storage system.

4

Collaboration and training

Our interactive whiteboard solution, BrightLink® Pro, makes it easy for people, both locally and remotely, to share and edit documents in real time, transforming training sessions and meetings into collaborative events.

5

Presentations on the go

Our lightweight, ultra portable projectors are built for mobility and fast, easy setup, ensuring you make your best impression wherever your presentations take you.

6

High performance for improved workgroup productivity

Our award-winning WorkForce® Pro Series workgroup printers are fast and affordable, providing high-quality results with less downtime.

Why Epson

Successful businesses know that smart investments in technology deliver real results. Epson is a leading provider of technology solutions for document management, collaboration, business transactions and commercial printing. We stand apart from the competition because of our leading-edge technologies that deliver powerful productivity, outstanding results and cost-effective ownership.

Our partners choose Epson because of our commitment to:

- Solutions that deliver performance
- Leading-edge research and development
- Value and world-class service and support
- Sustainable manufacturing practices

Improved Productivity

Faster transactions – The multifunction TM-S9000 teller device features high-speed check scanning, extraordinary MICR accuracy and an award-winning TM-T88V receipt printer.

Low intervention – WorkForce Pro printers with the Replaceable Ink Pack System print up to 50,000 pages without having to change the ink¹.

Convenient collaboration – BrightLink Pro transforms walls, tables and more into interactive displays that combine the benefits of whiteboards, flipcharts and displays into one.

Cost-effective Solutions

Affordable color printing – The WorkForce Pro workgroup printers with the Replaceable Ink Pack System deliver both significant savings and dramatically reduced energy usage vs. color laser printers².

Cost savings – The TM-H6000IV multifunction receipt printer is ENERGY STAR® qualified, has the lowest power consumption in its class and offers features that can reduce paper usage up to 30 percent.

More for your money – Epson projectors combine superb quality with ease of use, flexible installation options and low maintenance costs.

Customer Focus

We understand financial institutions – Epson partners with you, delivering industry-specific knowledge that helps you operate more efficiently and process transactions faster.

Products designed with your needs in mind – Our products are simple to use, require less maintenance and help you get results where it counts.

Proven performance – Some of the world's leading banks and credit unions rely on Epson products to meet their business needs.

Environmental Commitment

Energy savings – The WorkForce Pro WF-R5690 printer requires no warmup time, unlike lasers, and uses up to 70 percent less power than comparable lasers².

Greater control – Our 3LCD projectors feature an ECO Mode, which reduces lamp wattage, and a scheduling function, to turn the projector off remotely, at a predetermined time.

More efficient performance – Epson document scanners feature convenient LED technology, which uses less power than fluorescent lamps and eliminates warmup time.

- 1 Ink pack yields are estimated based on ISO/IEC 24711 test in Default Mode printing continuously. Ink pack yields vary considerably for reasons including printed images, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included ink packs is used for printer startup and a variable amount of ink remains in the ink pack after the "replace ink pack" signal. For details, see www.epson.com/cartridgeinfo
- 2 Compared to best-selling color single and multifunction laser printers priced at \$699 (USD) or less as of December 2013. Actual power savings will vary by product model and usage.
