#### FAR 52.211-6: Brand Name or Equal (Aug 1999)

#### 14.4 HHSAR Provisions

#### HHSAR 352.239-73: Information and Communication Technology (ICT) Accessibility Notice

##### 14. Special Notice and Agreement Regarding Software EULA/TOS

Computer software and services are often subject to license agreements, referred to as End User License Agreements (EULA), Terms of Service (TOS), or other similar legal instruments or agreements. Many of these agreements contain indemnification clauses that are inconsistent with Federal law and unenforceable, but which could create a violation of the Anti-Deficiency Act (31 U.S.C. 1341) if agreed to by the Government.

Therefore, by submitting a quotation the Quoter shall agree that the inclusions of any Limitation of Liability, Indemnification, and any clauses that conflict with Federal law or regulation in any EULA or TOS are NULL AND VOID. The Quoter agrees that any EULA/TOS clauses conflicting with Federal law or regulation and are not agreed to by the Government if included with the submission of a quotation. Additionally, by submission of the quotation the Quoter must agree to the inclusion of FAR 52.232-39: Unenforceability of Unauthorized Obligations in any resulting contract or order, if awarded.

##### 15. Instructions to Vendors:

**Vendors shall submit a quote on or before November 27,2019, for a brand name Spokeo For Law Enforcement, solution or equal.** If an alternate solution is proposed, vendor shall provide product specifications for those items proposed. All web-portal resources proposed, whether brand name listed or alternate solution, must satisfy the functional requirements/salient characteristics set forth in the “Scope” section above. If a vendor proposes an “or equal” product, the vendor must demonstrate that the “or equal” solution will provide the same tools and information required by OCI IAB’s end users as specified above. The offeror agrees to hold the prices in its offer for 30 calendar days from the date specified for receipt of offers.

**16. Evaluation Criteria:**

The Government is purchasing this software on a “Brand Name or Equal” basis and the salient characteristics have been provided. To be considered an “equal” solution, any alternative solution proposed must satisfy all the above salient functional characteristics. Each alternate component proposed shall demonstrate that the performance and security of the proposed solution is equivalent to the Spokeo For Law Enforcement resource.

The award will be made to the lowest price, technically acceptable vendor. Failure to meet any requirement may result in a rating of technically unacceptable. Additionally, the Government will evaluate offers for award by adding the total price for all options to the total price for the base requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).
