

CURRICULUM VITAE

John A. Zaia, M.D.

Director, Center for Gene Therapy, Hematologic Malignancies and Stem Cell Transplantation Institute, Department of Hematology
Aaron D. and Edith Miller Chair in Gene Therapy
Institutional Official
Beckman Research Institute of City of Hope

1500 E. Duarte Road
Duarte, CA 91010-3000
jzaia@coh.org
(626) 471-7149 Phone
(626) 301-8458 Fax

Education:

1964 A.B. Holy Cross College, Worcester, Massachusetts
1966 B.M.Sc. Dartmouth College, Hanover, New Hampshire
1968 M.D. Harvard University, Boston, Massachusetts

Post-Doctoral Training:

1968-1971 Intern/Resident, St. Louis Children's Hospital, St. Louis, MO and Children's Hospital Medical Center, Boston, MA
1971-1974 Senior Assistant Surgeon, United States Public Health Service, Virology Division, Laboratory Bureau, Center for Disease Control, Atlanta, GA
1974-1976 Fellow in Infectious Diseases, Beth Israel Hospital and Children's Hospital Medical Center, Boston, MA
1976-1977 Research Fellow in Infectious Diseases, Dana-Farber Cancer Institute, Boston, MA
1976-1980 Instructor in Medicine, Harvard Medical School, Clinical Associate, Dana-Farber Cancer Institute, Boston, MA

Faculty Positions:

1980-Present Director, Infectious Diseases Section, Department of Pediatrics, City of Hope National Medical Center, Duarte, CA
1982-1984 Director, Infectious Diseases Section, Department of Medicine, City of Hope National Medical Center, Duarte, CA
1982-1987 Clinical Associate Professor of Pediatrics, University of Southern California/L.A. County Medical Center, Los Angeles, CA
1987-Present Professor, Department of Pediatrics, City of Hope National Medical Center, Duarte, CA
1998-2010 Director, General Clinical Research Center of the University of Southern California School of Medicine, City of Hope Satellite Unit
1999-2015 Chairman, Department of Virology, Beckman Research Institute of the City of Hope, Duarte, CA
2015-Present Director, Center for Gene Therapy, Hematologic Malignancies and Stem Cell Transplantation Institute, Department of Hematology

Hospital Positions:

1982-1998 Member, Board of Directors, City of Hope Medical Group, Inc., City of Hope National Medical Center, Duarte, CA
1991-2000 Chairman, Gene Therapy Advisory Committee, City of Hope National Medical Center, Duarte, CA
1991-1994 IRB Institutional Official for City of Hope National Medical Center, Duarte, CA
1991-1994 Member, Scientific and Medical Affairs Committee, City of Hope National Medical Center, Duarte, CA
1995-2005 Chairman, IRB, City of Hope National Medical Center, Duarte, CA
2005-2009 Associate Chair, IRB, City of Hope National Medical Center, Duarte, CA

2009-2012 Deputy Director for Clinical Research, City of Hope Comprehensive Cancer Center, Duarte, CA
 2009-present Institutional Official, City of Hope, Duarte, CA
 2018-present Chair, Islet Cell Transplant – Quality Management Council

Certification:

1973 American Board of Pediatrics
 1994 Pediatric Infectious Disease Boards

License:

Commonwealth of Massachusetts (#67532)
 Medical Board of California (G-042848)

Honors and Awards:

1963 National Science Foundation Summer Fellowship at Worcester Foundation for Experimental Biology
 1977 Young Investigator Award, National Institute of Allergy and Infectious Disease
 1987-95 Director, National Cooperative Drug Discovery Group for AIDS at City of Hope National Medical Center, Duarte, CA
 1995-2003 Director, Strategic Program for Innovative Research in AIDS Treatment at City of Hope National Medical Center, Duarte, CA
 2004-Present Innovative Pre-Clinical and Clinical Program for AIDS Research
 2009 Aaron D. and Edith Miller Chair in Gene Therapy, City of Hope
 2010-2011 Chairman for NIH Recombinant DNA Advisory Committee
 2010 Scientific Research Portrait Gallery – City of Hope
 2015-Present Director, City of Hope Alpha Stem Cell Clinic

Membership:

- American Society for Blood and Marrow Transplantation
- American Society for Gene Therapy
- Infectious Diseases Society of America, *Fellow*
- Los Angeles County Medical Association
- Pediatric Infectious Diseases Society, *Full Member*
- Society for Pediatric Research
- American Academy of HIV Medicine
- HIV Medicine Association (HIVMA), *Member*

Selected Committees:

1995-2007 Collaborative Antiviral Study Group
 2000-2005 National Gene Vector Lab Steering Committee
 2005 Ad hoc meeting, Cellular, Tissue and Gene Therapies Advisory Committee (FDA)
 2007-2011 NIH, Recombinant DNA Advisory Committee, member
 2008 CIBMTR Writing Committee, Guidelines for Preventing Opportunistic Infections Among Hematopoietic Stem Cell Transplant Recipients
 2018-present Genes, Editorial Board

Patents:

1. **Zaia JA**, Hawkins, G. Protein Kinase Deficient, Immunologically Active CMVpp65 Mutants. U.S. Patent 7,025,969 April 11, 2006.
2. **Zaia JA**, Hawkins, G. Protein Kinase Deficient, Immunologically Active CMVpp65 Mutants. U.S. Patent 6,835,383 December 28, 2004.
3. **Zaia JA**, Giugni, TD, Moller E, Soderberg C. Treatment of cytomegalovirus using aminopeptidase N. U.S. Patent 6,511,662 January 28, 2003.

4. Pande H, Riggs A, **Zaia JA**, Clark B. Method for Detection and Prevention of Human Cytomegalovirus Infection. U.S. Patent 6,242,567 June 5, 2001.
5. Pande H, **Zaia JA**. Induction of Cytolytic T-Lymphocytes with Cytomegalovirus Polypeptides. U.S. Patent 6,207,161 March 27, 2001.
6. Pande H, Riggs A, **Zaia JA**, Clark B. Method for Detection and Prevention of Human Cytomegalovirus Infection. U.S. Patent 6,133,433 October 17, 2000. Management of pregnant patient exposed to varicella
7. Rossi JJ, Cantin EM, **Zaia JA**, Chang P. Ribozyme Cleavage of HIV-RNA. U.S. Patent 6,069,007, May 30, 2000.
8. Rossi JJ, Cantin EM, **Zaia JA**, Chang P. Ribozyme Cleavage of HIV-I-RNA. U.S. Patent 5,144,019, September 1, 1992.
9. Cantin EM, **Zaia JA**, Wallace RB, Rossi JJ. Oligonucleotide phosphonates and method of inhibiting a human immunodeficiency virus *in vitro* utilizing said oligonucleotide phosphonates. U.S. Patent 5,110,802, May 5, 1992.
10. Pande H, Riggs AD, **Zaia JA**. Method for detection and prevention of human cytomegalovirus infection. U.S. Patent 5,075,213, December 24, 1991.
11. **Zaia JA**, Protein kinase deficient, immunologically active CMVpp65 Muttants. U.S. Patent 7,387,782, June 17, 2008.

Letters to the Editor:
