TRADEMARK	OWNER	GOODS
1010®	XEROX CORPORATION	9: Photocopier, laser printer, computer printer, inkjet printer, optical character recognition (OCR) scanner, parts thereof for all
3030®	XEROX CORPORATION	9: COPIERS
4118®	XEROX CORPORATION	9: Photocopiers, laser printers, computer printers, multifunctional devices composed of one or more of the following: photocopier, laser printer, facsimile machines, optical character recognition scanner; parts thereof of all
4220®	XEROX CORPORATION	9: PRINTER-LASER
495®	XEROX CORPORATION	9: Laser printers, inkjet printers, computer printers, parts thereof for all
5053®	XEROX CORPORATION	9: COPIERS
5280®	XEROX CORPORATION	9: COPIERS
5335®	XEROX CORPORATION	9: COPIERS
6279®	XEROX CORPORATION	9: Laser printers, computer printers, wide format printers, and parts therefor
6400®	XEROX CORPORATION	9: Optical character recognition scanners, scanner operating software, parts thereof.
ADOR®	XMPIE (ISRAEL) LTD.	9: Computer software for creating, planning, producing, printing, transmitting, routing, rendering, streaming and managing of personalized data namely documents, messages, email messages, web pages, PDA pages, text, graphics, images, audio, video and the like through different telecommunication media channels in the field of advertisement, promotion, marketing and publishing
ALTALINK®	XEROX CORPORATION	9: Multifunctional device comprised of a photocopier, computer printer, scanner, and facsimile machine; photocopier, facsimile machine, computer printer, and scanner.
ALTO AI™	XEROX CORPORATION	9: Recorded and downloadable computer software for collaborative authoring or creation of documents and related content, namely, document management, document search and categorization, document analysis, document creation and editing, document and image processing; Recorded and downloadable computer software for scanning, importing images and documents; Recorded and downloadable computer software for document production, document and content related workflow management, namely, automated and human systems processing; Recorded and downloadable computer software that integrates elements comprising natural language processing, natural language generation, natural language understanding, computational linguistics, information retrieval, human systems processing, automated systems processing and machine learning to comprehend queries and formulate responses; Digital instruction manuals therefor, all featuring information on computer software for integrating elements comprising natural language processing, natural language generation, natural language understanding,
