

## 2019 HEDIS® Data Collection

### *Information for all network providers*

The Healthcare Effectiveness Data and Information Set (HEDIS®) from the National Committee for Quality Assurance (NCQA) is a tool used to report performance on quality of care and service. Molina Healthcare started collecting this data in Feb. and appreciates your prompt response to requests.

Molina is required to collect and provide medical record documentation from our providers to fulfill state and federal regulatory and accreditation requirements. Health Insurance Portability and Accountability (HIPAA) regulations permit a covered entity (physician practice) to disclose protected health information (PHI) to another covered entity (health plan) without enrollees' consent for the purpose of facilitating health care operations.

Molina will reach out to providers via phone and fax with collection instructions and a corresponding member list. The following options are available for record submission:

- Fax, mail or secure email
- An onsite visit by Molina; based on the volume of records
- Providers may allow Molina access to their Electronic Health Records (EHR) for quick access to records pertaining to the specific HEDIS® project.
  - For EHR setup email

Thank you for your continued collaboration.

### *Information for providers in the Medicaid networks*

Molina has canceled coverage for newborns who were enrolled to Statewide Automated Child Welfare Information System (SACWIS) mothers.

Molina will be recouping claims for these newborns. ## Standard Authorization Form

### *Information for providers in the Medicaid and MyCare Ohio networks*

Now available on the Molina website! The Ohio Department of Medicaid (ODM) has developed a Standard Authorization Form for the use and disclosure of protected health information (PHI). This form was created to improve care coordination for all patients across multiple providers by making it simpler to share PHI in a secure manner, and as part of the broader statewide initiative to integrate physical and behavioral health care services within Medicaid managed care. Providers are not required to use this form, but the form can improve efficiency for providers as it is universal across managed care plans.

Look for the [Standard Authorization Form](#) and [Standard Authorization Form Instructions](#) on our website, under the "Forms" tab, under "Other Forms and Resources."

Section 504 of the Rehabilitation Act forbids organizations receiving federal financial assistance from denying individuals with disabilities. The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities that may affect public accommodations, including health care. By eliminating barriers to health care access, we can improve the quality of life for people with disabilities. To learn more, visit the [Americans with Disabilities Act FAQ](#) on our website under MyCare Ohio, in the "Manual" tab, under "Quick Reference Guides & FAQs."

## Cultural & Linguistic Competency

Providers are required to participate in Molina cultural competency education and training. We have resources to assist providers including translated materials and accessible formats like Braille. For members who are deaf or hard of hearing, call Ohio Relay/TTY at (800) 750-0750 or 711.

### Prior Authorization Requirements for Non-Par Providers

#### *Information for non-par providers in all networks*

As a reminder, if a provider is non-par for a line of business, all non-emergent services rendered by non-contracted providers require prior authorization (PA), unless otherwise specified.

For additional questions, please view the “[Non-Contracted Provider Billing Guidelines](#)” or the “[Molina Healthcare Prior Authorization Request Form and Instructions](#)” available at [MolinaHealthcare.com/OhioProviders](http://MolinaHealthcare.com/OhioProviders).

### National Drug Code (NDC) Billing Guidelines

#### *Information for all network providers*

On Jan. 1, 2019, claims submitted with an SE modifier by providers not listed as an approved 340B drug supplier started being denied. Drugs acquired through the 340B drug pricing program must be billed with an SE modifier so they can be properly excluded from federal drug rebates.

Per the final Medicare 2018 Outpatient Prospective Payment System rule, modifiers JG and TB need to be used to signify use of a 340B drug. For claims that crossover directly to ODM from Medicare, ODM requests rebates for eligible drugs, as appropriate. If a provider submits a claim for a dually eligible individual directly to ODM, ODM will expect proper reporting of the SE modifier in accordance with ODM guidelines. This is important for providers who serve both Medicaid and MyCare Ohio members.

All professional and outpatient claims with CPT/HCPCS/Rev drug code details must have the corresponding valid NDC code submitted with the CPT/HCPCS drug code or the claims will be denied.

Find additional information at <http://www.healthlawpolicymatters.com> or in the Provider Manual on our website.

completing a search by claim number or a general claim search in the Provider Portal. Attachments totaling up to **125 MB** can be included with the reconsideration request.
