Welcome home to your sofa

HÄRLANDA sofa has sections that you can combine to a size and shape that suits you perfectly. The deep seat cushions, of high-resilience foam, loose fiber and pocket springs, together with plenty of comfortable back cushions make the sofa soft and welcoming. You can also add and replace sections when you want — for example if a favorite corner has become a bit worn after many years. Perfect when you want an embracing sofa for many cozy evenings at home, lazy days and relaxed socializing with family and friends.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Combinations

Here we show some examples of how HÄRLANDA sofa series can look, but you are free to customize the sofa to suit you and your needs. Decide the number of seats, shape of the sofa, what functions you want and of course a cover that feels right

for you. One tip is to use our helpful planning tool to explore all the possible combinations and possibilities. You can find the tool in the store and on IKEA-USA.com/planner

Good to know

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure.

A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home — and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibers can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course. All our different coated fabrics have been treated to protect them and make them easy for you to look after. All have also been tested and approved for tear strength, flexibility and color fastness, so you can be sure you will enjoy your new sofa or armchair for many years to come.

- Inseros: Plain woven cotton with a smooth surface texture. 100% cotton. Machine washable.
- Ljungen: Durable cover made of a polyester fabric with a soft, velvety surface and a slightly reflective luster. 100% polyester. Machine washable.
- Sporda: Natural based textured fabric with two-toned melange effect. Cotton/polyester/linen. Machine washable.
