Important Health Warning About Playing Video Games

Photosensitive seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions: Sit farther from the screen; use a smaller screen; play in a well-lit room; do not play when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

ESRB Game Ratings

The Entertainment Software Rating Board (ESRB) ratings are designed to provide consumers, especially parents, with concise, impartial guidance about the age-appropriateness and content of computer and video games. This information can help consumers make informed purchase decisions about which games they deem suitable for their children and families.

ESRB ratings have two equal parts:

- **Rating Symbols** suggest age appropriateness for the game. These symbols appear on the front of virtually every game box available for retail sale or rental in the United States and Canada.
- **Content Descriptors** indicate elements in a game that may have triggered a particular rating and/or may be of interest or concern. The descriptors appear on the back of the box next to the rating symbol.

For more information, visit www.ESRB.org

HEADS UP DISPLAY HUD

1 MINI MAP

Shows your current position and important icons indicating mission objectives, characters and important events.

2 DEAD EYE METER

This red meter shows the amount of Dead Eye you have. Dead Eye slows down time making it easier to hit your target. Using Dead Eye will slowly empty your Dead Eye Meter. The meter will regenerate over time. Killing enemies will fill it faster.

3 AMMO

Displays the amount of ammunition you possess.

4 TARGET RETICULE

Indicates where your shots will be fired.

5 HELP MESSAGES

Help messages will pop up periodically with descriptions of your objectives and advice.

6 HEALTH

Your health is represented with a darkening red screen. The darker the screen, the closer you are to death. Avoid damage to allow your health to regenerate.

7 WANTED INDICATOR

Displays the nature of your crime and the price on your head.

8 FAME, HONOR AND MONEY INDICATORS

These meters will appear when you have performed actions that change your level of fame, honor or money.

9 HORSE STAMINA METER

This blue meter shows your horse's stamina. You can tap **A** to spur your horse to make it run faster. Over spurring your horse when its stamina is low will slow the horse down and eventually lead to you getting bucked off. You can also hold **A** to make your horse automatically match the speed of your companions on horseback. The stamina bar will turn green when your horse is following.

10 WEAPON WHEEL

Bring up the weapon wheel by holding LB. Navigate to the weapon you want to wield by using RIGHT STICK. Change weapons within each class by tapping right or left on the D-Pad. Release LB to change to the new weapon.

MULTIPLAYER

GETTING STARTED

Before getting into Multiplayer for Red Dead Redemption, you must first sign into a gamer profile with an Xbox Live Gold Membership. You can enter Multiplayer two ways. Selecting Multiplayer from the main Red Dead Redemption Title Screen will take you into a Public Free Roam Session. You may also select Multiplayer from the Single Player Pause Menu, where you'll have the option to join a Public or Private Session. Players are also able to band together and form posses of up to 8 players.

FREE ROAM

Free Roam is the entry point into multiplayer where you are free to go nearly anywhere with up to 15 other players. This is also where you can pick your unique character in the **Outfitter**. You'll use this character in both Free Roam and some Competitive modes. Players are also able to band together and form posses of up to 8 players. You can choose people to enter your posse by hitting BACK and separately inviting each of the players. If you receive a posse invite,

tap BACK and accept the invitation. If you're far away from the leader, you'll be given the option to warp to the posse leader. Posse members share a common player color on the mini map and will stay grouped together in any gang matches unless teams are unbalanced. You can chat with anyone in your posse or other players who are near your location. Hold up on the D-Pad to make an announcement to everyone in your Free Roam Session. Quickly travel in Free Roam by visiting one of the Transport locations found in every major town.

INITIATING COMPETITIVE MODES FROM FREE ROAM

When in Free Roam, you will come across gateway markers in towns that will automatically launch Competitive modes in that area. These will send an invite to every player in the session that they can opt into if they choose. You are also free to choose game playlists and invite other players to compete by pressing BACK and selecting the game you would like to start.

LEVELING UP

Everything you do in Multiplayer will earn you Experience Points (XP). This is a score that will lead to you leveling up and unlocking new weapons, new playable characters to choose from, better mounts and more advanced and hardcore versions of the standard multiplayer games.

GANG HIDEOUTS

When playing in Free Roam you will come across gang hideouts throughout the world. These are dangerous areas where you will have a task to complete while battling outlaw gang members. Successfully completing the challenges in these areas will lead to an increase in your XP.

HUNTING GROUNDS

Scattered throughout Free Roam are Hunting Grounds, where dangerous animals like bears and cougars will attack you and your posse in waves. After completing these areas, you will be rewarded with additional XP.

MULTIPLAYER CHALLENGES

As you level up in Multiplayer, new Multiplayer Challenges will open up. You can read about each of them in the Journal, found within the Pause Menu. Completing the first level of a Multiplayer Challenge will open up additional levels and with each level completed, you'll be rewarded with XP.

COMPETITIVE GAME MODES

AT ANY TIME YOU CAN TAKE PART IN VARIOUS COMPETITIVE MODES EITHER IN A FREE-FOR-ALL MODE WITH EVERY MAN FIGHTING FOR HIMSELF OR AS PART OF A GANG WHERE YOU ARE COMPETING AGAINST A RIVAL GANG OF PLAYERS.

SHOOTOUT

The objective in a shootout is to kill as many other players as possible. The winning player is the one who reaches the score limit first or who has the highest score at the end of the time limit. There are both Free-For-All and Gang based versions of this mode.

CAPTURE THE BAG

There are three modes in Capture the Bag: **Gold Rush**, where the world is populated with a number of bags and chests and the objective is for

each player to capture as many bags as possible, **Hold Your Own**, where each team has a bag which they have to guard from being stolen by the other team, and **Grab The Bag**, where both teams go after one bag. Bags that are dropped may be picked up by other players. Players are capable of carrying two bags at one time, but carrying two bags will slow you down. A player or team wins by having the highest score at the end of the time limit, or by reaching a score limit before time runs out.

PLAYLISTS

At any time, you are free to press **BACK** and select from a number of different multiplayer playlists. New playlists will unlock as you level up.

TRAVEL

**THERE'S A MASSIVE WORLD WAITING TO BE EXPLORED
AND A NUMBER OF DIFFERENT WAYS TO GET AROUND:**

HORSES

You will encounter many different breeds of horse in the world, each with its own unique look and speed. Spending time with your horse will make him trust you, and increases his stamina bar. You can whistle for your horse at any time. You can also steal them from others or catch and break wild horses.

STAGECOACH

There are usually stagecoaches loading and unloading passengers near the freight and train stations in each town. For a modest fare, stagecoaches can give you a ride to various locations in the world. Approach the stagecoach or whistle for it to stop and climb in.

TRAINS

Head to the nearest train station to ride the railroad between major towns.

JOURNAL

AS YOU EXPLORE, ENTRIES WILL BE MADE AUTOMATICALLY INTO THE JOURNAL SO THAT YOU CAN TRACK THE PROGRESS OF CHALLENGES AND OBJECTIVES.

MISSION

The Mission section keeps track of all on-screen information that has been presented so you can go back and check anything you may have missed or forgotten.

STRANGERS

Helping out people in trouble can earn you extra money and increase your honor and fame. You will encounter characters marked with a '?' on the map, who will give you objectives and missions to

undertake. These tasks can be started, continued and completed at any time. This journal section will track each of the objectives given by the strangers you meet.

CHALLENGES

You can take part in various challenges while exploring the world. Shooting animals will contribute to completion of various Sharpshooter and Hunting Challenges. Picking herbs will contribute to the completion of Survivalist Challenges. This section of the journal tracks the progress of all your in-game challenges and describes what is needed to progress to the next challenge level.

THERE ARE A NUMBER OF DIFFERENT OUTFITS AVAILABLE, SOME WITH THEIR OWN UNIQUE BENEFIT.

To acquire a new outfit, you must complete a set of challenges. Once any one of the challenges has been completed, a list showing the full set will appear in your journal. Each of the listed challenges must then be completed to gain the various scraps needed to make up the outfit.

OUTFITS

FAME AND HONOR

HOW PEOPLE INTERACT WITH YOU WILL BE LARGELY AFFECTED BY THE CHOICES YOU MAKE.

FAME

Fame is gained by killing people, doing jobs, completing challenges, finishing tasks, helping strangers, and winning duels and games. With fame comes great rewards: the cost of bribes comes down and lawmen may start to turn a blind eye to transgressions but people are more likely to ask you for help.

HONOR

You will often be presented with a choice of actions and the decision you make will affect your honor, either positively or negatively. High honor will award you with discounts in stores, more pay for jobs and witnesses turning a blind eye to your criminal behavior.

AS YOUR FAME AND HONOR LEVELS CHANGE, YOU'LL RECEIVE NEW TITLES WITH CORRESPONDING IN-GAME BENEFITS.

HONOR TITLES | FAME TITLES

HERO	NOBODY
PEACEMAKER	GREENHORN
HONEST JOE	BUCKAROO
DRIFTER	MERCENARY

ROAD AGENT	LEGEND

LAW ENFORCEMENT

MOST TOWNS AND SETTLEMENTS HAVE SOME FORM OF LAWMEN, BE IT A SHERIFF, A MARSHAL, THE POLICE OR THE ARMY: IF YOU'RE CAUGHT COMMITTING A CRIME, YOU WILL BE PUNISHED.

WANTED LEVEL AND THE BOUNTY ON YOUR HEAD

If a crime you committed is reported to the law, you will get a Wanted Level and a Bounty on your head. The higher these are, the more lawmen will join the pursuit. You will remain Wanted as long as lawmen or civilians can see you. You can lose your Wanted Level by breaking their line of sight and hiding from the law. Even if you manage to evade the law posses, deadly bounty hunters will come after you. You can pay off your bounty with cash at one of the local Telegraph offices or clear your name with pardon letters, which are found throughout the world.

EYEWITNESSES

Stop eyewitnesses from reporting your crime to the nearest lawman by bribing them or killing them.

BOUNTY HUNTING

You can help local law enforcement by capturing wanted criminals. Wanted Posters are put up at prominent locations in each town, like railway stations, sheriff offices and police buildings. Take down the poster to begin a Bounty Hunter Mission. Criminals can be taken in dead or alive.

WEAPONS

THERE ARE A NUMBER OF DIFFERENT WEAPONS TO CHOOSE FROM INCLUDING PISTOLS, RIFLES, SHOTGUNS, SNIPER RIFLES, REVOLVERS, FIRE BOTTLES, THROWING KNIVES, A LASSO AND MORE. YOU ARE ABLE TO USE ONE WEAPON AT A TIME.

DEAD EYE

DEAD EYE ALLOWS YOU TO EXPERIENCE THE LIGHTNING REFLEXES OF A GUNSLINGER.

There are three levels of Dead Eye. The first type is available early in the game and allows you to shoot at will through the reticule while time is slowed down. The second type allows you to paint targets automatically by moving the reticule over enemies. The final and most advanced type of Dead Eye allows you to manually paint your own targets on specific body parts by pressing RB while in Dead Eye mode. You will get larger amounts of Dead Eye filled in the meter by achieving head shots and spectacular kills.

ECONOMY

YOU'LL NEED PLENTY OF MONEY TO TRACK DOWN YOUR FORMER GANG MATES. YOU'LL FIND MANY WAYS TO MAKE MONEY ON YOUR TRAVELS: EARN IT, WIN IT, OR STEAL IT.

JOBS

There are various jobs you can take to earn some cash like working as a Nightwatch or Horsebreaking.

GAMBLING

There are a number of gambling activities found in towns and settlements including Poker, Blackjack, Five-Finger Fillet, Horseshoes and more. Take part in any of these to win, or lose, money.

SHOPS

Various shops can be found throughout the world. Gunsmiths sell the latest weaponry and ammunition, Doctors sell remedies with a range of health benefits, and Merchants sell many other useful items to help you along the way but if you're strapped for cash, you can sell these items as well.

TREASURE MAPS

Treasure maps highlight terrain features that hint to the location of undiscovered treasure. Explore the world to find landmarks that match the treasure map, and search the area for signs of a buried chest. One treasure leads to another on the Treasure Hunter's Challenge.

SAVING

AUTOSAVE FUNCTIONALITY

Red Dead Redemption has an auto-save function that is enabled by default. The game will then automatically save your progress after you complete a mission or any significant task while you are playing through the game.

SAVING IN TOWNS

You can save your game by going to sleep at any of the purchased, rented or provided safehouses. Saving the game will advance time 6 hours. You can also pick up extra ammunition or change your outfit in your room. If you get separated from your horse, he will be waiting for you at the hitching post outside your house.

SAVING IN THE WILDERNESS

You can save your game from anywhere in the wilderness. Choose the Camp item from your satchel to set up camp and save. In addition to saving, camps provide you with additional ammunition. They also allow you to change into any outfits you have unlocked and quickly travel to any town you have previously visited.

You will start the game with a basic campsite that you can set up on any flat piece of ground in the wilderness outside of a town. You can also purchase an improved campsite that will give you a larger ammunition boost.
