Implementation

Temporary Pandemic Child Care Licenses

Effective May 31, 2020, programs issued a regular child care license, approval or certification shall operate under the normal regulations, with the exceptions noted in these new rules. Those with an agreement to provide publicly funded child care (PFCC) will also return to receiving payment for those services. Pandemic payments shall be paid through May 30, 2020 for all temporary pandemic programs with a regular child care license, approval or certification.

Temporary pandemic child care centers without a regular child care license or who are not issued a regular child care license before June 9, 2020 must cease providing care on June 9, 2020. Pandemic payments for these programs shall continue through June 9, 2020.

Publicly Funded Child Care Closure Payments

The final week of closure payments will be for the week of May 24, 2020.

Notification of Reopening

By June 7, 2020, licensed centers, licensed family child care homes, certified IHAs and approved day camps must notify ODJFS and the county agency in OCLQS of their intent to reopen and their anticipated reopening date. Any program that has not updated OCLQS by June 7, 2020 will put into temporarily closure status by ODJFS.

Compliance

Because child care has been closed, ODJFS and the county agencies will give additional time for compliance for some of the time-specific requirements as applicable.

- Compliance not assessed until November 29, 2020:
- Child medicals on file within 30 days of the child's attendance and updated every thirteen months.
- Staff medicals on file by first day of employment.
- Expired credentials including the Child Development Associate and the school-age endorsement.

- Expired annual fire inspections.
- Expired JFS 01217 "Request for Administration of Medication for Child Care"
- Administrator rules training taken within six months of hire.
- Expired food service licenses
- Expired annual vehicle inspections
- Health training updates

Compliance not assessed until July 1, 2021:

- Professional development.

Submission of Attendance for Payment

Effective May 31, 2020, all providers of publicly funded child care shall use the Ohio Time, Attendance and Payment (TAP) system to record attendance and submit for payment.

Submission of Pandemic Days for Payment

If a child care program is required by the local health department or Ohio Department of Health to close in response to the COVID-19 pandemic, the program will need to send an email to child_care_adjustment@jfs.ohio.gov with "Program COVID-19 Closure" in the subject. This email should tell ODJFS that the program has been closed by the local health department or the Ohio Department of Health and the intended closure period (if known). The email must also include the written documentation from the local health department or the Ohio Department of Health requiring the program to close. ODJFS will then contact the program to provide instructions on how to claim the pandemic days in KinderConnect.

Guidance and Recommendations

ODJFS recommends that child care providers implement the following suggestions from the Center for Disease Control. Additional guidance can be found at <https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/guidance-for-childcare.html>.

- Increase sanitization, including communal spaces after each use.
- Wear masks for anyone over the age of 2, including parents at pick-up and drop-off.
- Wear gloves during feedings (including bottles).
- Limit parent access inside the building.
- Limit mixing of classes and keep children of the same employer together.

A best practice training is available for providers at <http://jfs.ohio.gov/cdc/index.stm>.

CCIMTL 6 (Temporary Licensing, Certification and Payment Procedures to Address the Coronavirus (COVID-19) Pandemic)

Child Care In-Home Aide Manual Transmittal Letter No. 6

Child Care Center Manual Transmittal Letter No. 24

Family Child Care Manual Transmittal Letter No. 13

March 25, 2020

TO: All Child Care Center Manual Holders

All Child Care In-Home Aide Manual Holders

All Family Child Care Manual Holders

FROM: Kimberly Hall, Director

SUBJECT: Temporary Licensing, Certification and Payment Procedures to Address the Coronavirus (COVID-19) Pandemic

Background:

As a result of the K-12 school and child care program closures because of the coronavirus (COVID-19), the Ohio Department of Job and Family Services (ODJFS) is working to ensure:

1. Child care is available for parents employed providing health, safety and other essential services; and
2. Providers serving Ohio's most vulnerable children remain supported during program closure.

New Policy

Temporary Pandemic Child Care License:

In response to the COVID-19 pandemic, additional changes in policy are being implemented:

The following new rules are effective as of March 24, 2020.

Rule 5101:2-12-02.1: "Temporary Pandemic Child Care Center License" has been filed again to lower the ratio and group size requirements for pandemic child care centers in paragraph (D)(5), as well as to add notification requirements for serious incidents in paragraph (D)(19). Pandemic centers will be limited to six children per room.

Rule 5101:2-13-02.1: "Temporary Pandemic Family Child Care License" is a new rule which sets forth the process and requirements of the temporary pandemic family child care license. This temporary licensure will allow currently licensed family child care providers to apply to serve children whose parents are employed providing health, safety and other essential services as defined by the Director of the Ohio Department of Job and Family Services in consultation with the Director of the Ohio Emergency Management Agency. There is no application fee and these programs will not be required to be rated in Step Up To Quality in order to provide publicly funded child care. Payment for these programs will be determined through an agreement process with the Ohio Department of Job and Family Services. When approving programs for temporary licensure, ODJFS must use discretion regarding the number of licenses approved based on need and pandemic health concerns. As a result, ODJFS will evaluate programs based on location, capacity, and the number of children currently being served with parents employed to provide health, safety or other essential services. Pandemic family child care providers are limited to six total children.

Rule 5101:2-14-02.1: "Temporary Pandemic In-Home Aide Certification" is a new rule which sets forth the process and requirements of the temporary pandemic in-home aide certificate. This temporary certification will allow currently certified in-home aides to apply to serve children whose parents are employed providing health, safety and other essential services as defined by the Director of the Ohio Department of Job and Family Services in consultation with the Director of the Ohio Emergency Management Agency. When approving programs for temporary certification, ODJFS must use discretion regarding the number of licenses approved based on need and pandemic health concerns. As a result, ODJFS will evaluate in-home aide

applications based on location and the number of children currently being served with parents employed to provide health, safety or other essential services.

Temporary Pandemic Child Care Payments

The temporary pandemic child care programs will be paid the weekly five-star rate for enrolled publicly funded children. Providers must set their own private pay rates.

Child Care Payment During Closure

Programs should use pandemic days for Thursday, March 26 – Saturday, March 28, 2020.

ODJFS, in partnership with the Governor's office, is working with the General Assembly to provide closed programs with ongoing payments equal to a historical weekly PFCC payment for the week starting Sunday, March 29, 2020. Additional information will be forthcoming as details are determined.

Implementation

Programs willing to provide service for parents employed providing health, safety and other essential services during the pandemic should complete the JFS 01258 "Application for Temporary Pandemic Child Care Program" and submit it to ODJFS_CHILDCARE@jfs.ohio.gov as soon as possible.

If the application is approved, ODJFS will issue a letter notifying the pandemic child care program of the license/certification approval and approved capacity.

If a pandemic child care program needs to report a serious incident, injury or death pursuant to one of the emergency rules, the program shall send an email to childcarepolicy@jfs.ohio.gov with "pandemic reporting" in the subject and include the following details:

- Name, address, license number and phone number for the program.
- The name(s) and age(s) of the children involved.
- A summary of the incident including date and program staff involved.

Parent Reminder

Any parent that can find a safe and healthy alternative child care option during the pandemic that will keep their child(ren) out of a group setting and not with an elderly provider should do so as soon as possible. However, we recognize that this is not an option for all families and are working to ensure all children have safe option while parents provide health, safety and other essential services.

Provider Guidance

Providers shall:

- Limit use of shared space or mixing of groups. If shared space is used you **MUST** have a rigorous cleaning schedule.
- Maintain the same teachers and children in the room, whenever possible.
- Keep children of parents of the same employer together, whenever possible (i.e. when determining classes keep children of Hospital A together)
- Limit parent interaction at drop off and pick up.

Questions

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, or email childcarepolicy@jfs.ohio.gov if you have any questions about the new policy.

The following rules and forms will be effective October 29, 2017.

Each IHA shall send the JFS 01175 to CCBackgroundCheck@jfs.ohio.gov by January 1, 2018.

Each county agency shall send copies of the current BCI and FBI results on file for the IHA.

If an IHA's BCI or FBI checks expire prior to January 1, 2018, that individual will follow the entire new process for background checks by the expiration date of the checks.

CCIMPL 3 (Background Checks in the Ohio Professional Registry)

Child Care In-Home Aide Manual Procedure Letter No. 3

January 2, 2019

TO: All Child Care In-Home Aide Manual Holders
FROM: Cynthia C. Dungey, Director
SUBJECT: Background Checks in the Ohio Professional Registry

Background:

Background check requirements for in-homes aides are outlined in rule 5101:2-14-03 of the Administrative Code. These individuals are required to submit a JFS 01175 "Request for a Background Check for Child Care." Additionally, they must complete the Ohio Bureau of Criminal Investigation (BCI) and Federal Bureau of Investigation (FBI) fingerprints and have the results sent electronically to the Ohio Department of Job and Family Services (ODJFS) from the Webcheck agency.

Updated Process:

Background Checks

There is now enhanced functionality in the Ohio Professional Registry (OPR) which allows the JFS 01175 to be submitted electronically. Individuals may now use the OPR to send the JFS 01175 to the ODJFS. For those sent electronically, the JFS 01176 "Program Notification of Background Check Review for Child Care" will be available to the program electronically in the OPR.

Beginning September 2019, all JFS 01175s shall be submitted via the OPR. In-home aides should begin this process now to ensure compliance by next fall.

Questions:

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.

CCIMPL 2 (Updated Process for In-Home Aides and County Agencies)

Child Care In-Home Aide Manual Procedure Letter No. 2

February 8, 2017

TO: All Child Care In-Home Aide Manual Holders
FROM: Cynthia C. Dungey, Director
SUBJECT: Updated Process for In-Home Aides and County Agencies

Background:

Chapter 5101:2-14 rules and forms were effective December 31, 2016, however, the Ohio Child Licensing and Quality System (OCLQS) was not available for use at that time. Child Care In-Home Aide Manual Procedure Letter (CCIMPL) 1 and Family Child Care Manual Procedure Letter (FCCMPL) 2 were issued to describe temporary procedures until the system was live.

Updated Process:

OCLQS went live on January 30, 2017. This system shall be used in accordance with rule unless otherwise noted below. The updated information in this procedure letter replaces CCIMPL 1 and FCCMPL 2.

In-Home Aide Pre-Certification Training

Because of an issue with the tool that feeds the training to the Ohio Professional Registry (OPR), the pre-certification training is not yet available in the OPR. This, paired with provider feedback, has led ODJFS to review the issue and create an alternative process for the pre-certification training requirement to be met. Beginning February 24, 2017, the pre-certification training will be available on the ODJFS website at: <http://jfs.ohio.gov/cdc/openingachildcareprogram.stm>. Full instructions for the training will also be available there. Once the training is complete, applicants will follow the directions on the website, and at the end of the training, to print and submit documentation of completion to prelicensing@jfs.ohio.gov along with the OPIN number associated with their OPR profile. ODJFS will then document completion of the pre-certification training in the OPR so that the applicant is able to begin the application process in OCLQS. This process will continue until the training tool issues are resolved and the pre-certification training is available in the OPR.

In-Home Aide Application and Renewal Process

If an In-Home Aide submitted a paper application during the OCLQS transition process, the In-Home Aide now has until Friday, March 3, 2017 to enter the information into OCLQS. If an application is not submitted in OCLQS by the deadline, the ODJFS will notify the county agency to close the application and stop processing for certification.

In-Home Aides, please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.

County Agencies, please contact CHILD_CARE_COUNTY_TECHNICAL_ASSISTANCE@jfs.ohio.gov if you have questions.

CCIMPL 1 (Temporary Procedures for In-Home Aides)

Child Care In-Home Aide Manual Procedure Letter No. 1

December 23, 2016

TO: All Child Care In-Home Aide Manual Holders
FROM: Cynthia C. Dungey, Director
SUBJECT: Temporary Procedures for In-Home Aides

Background:

The Office of Family Assistance completed a review of all in-home aide rules to ensure that the Ohio Department of Job and Family Services (ODJFS) is mandating only essential health, safety and administration requirements. With the exception of the definitions rule (5101:2-14-01), all in-home aide rules have also been renumbered and updated to require the use of the Ohio Child Licensing and Quality System (OCLQS) currently in development.

Temporary Process:

Chapter 5101:2-14 rules and forms are effective December 31, 2016, however, OCLQS will not be available for use at that time. The requirements listed below in this procedure letter will be effective until OCLQS is operating.

Pre-certification Training

The pre-certification training will be offered by each county agency as needed. The applicant should contact the county agency to schedule.

Application and Renewal Process

A paper application may be used to begin the certification process. To obtain a fillable paper application, the applicant shall call the Child Care Policy Helpdesk at 1-877-302-2347, option 4. The applicant will then return the completed application (no attachments or supporting documentation) to CentralOffice_CCPackets@jfs.ohio.gov. The appropriate county agency will be notified of the applicant's paper application submission and can begin the certification process. Once OCLQS is operating, any applicant who submitted a paper application shall submit a new electronic application in the system within thirty days of the go-live date.

Please contact the Child Care Policy Helpdesk at 1-877-302-2347, option 4, if you have any questions.
