# 3M Paint Shop Solutions Guide

Trusted Products for the Paint Shop

# Pursuing the perfect finish with 3M.

Each time a vehicle rolls out of the shop, it's a chance to showcase your passion for automotive refinishing. You've worked to ensure the vehicle has been prepped, painted, and polished back to the way it was when it came in. But to your customer, it's now somehow even better, more exciting — like it was when it was brand new. This is among most powerful endorsements you can deliver for your collision repair operation, and it represents the full potential of your paint and detailing shop. To help you achieve a finish that lasts and shines, 3M provides standard operating procedures (SOPs) and technical tips and the well-known brands behind them, such as Cubitron™ II, PPS™, Scotch™ and Perfect-It™.

# Surface Preparation

## 3M™ Cubitron™ II Hookit™ Clean Sanding Abrasive Discs

- 3M's best performing abrasive technology
- It features 3M™ Precision Shaped Grain technology—triangular shaped, electrostatically oriented grains that cut at least 30% faster and last at least 30% longer than other conventional ceramic abrasives
- Extremely sharp precision shaped grain provides longer life than conventional ceramic abrasives
- Sharper cutting surface means less pressure is required

## 3M™ Hookit™ Hard E-Coat Abrasive Disc

- Abrasive disc engineered for sanding e-coats and hard substrates
- Diamond grade mineral blend leaves matte finish at P320 — no need for coarser grades
- Precise hole pattern helps clear dust from disc surface for reduced loading

| Part No. | Grade | Size | Case Qty.                    | Features        |
|----------|-------|------|------------------------------|-----------------|
| 30695    | P320  | 6 in | 10 Discs/Box<br>4 Boxes/Case | Dust free discs |

For tools, see pages 28–29

## Scotch-Brite™ Hookit™ 7447 & 7448 PRO Disc

- Use for cleaning, scuffing, finishing, and light paint removal on a variety of metals and plastics
- Very fine and ultra fine grade abrasives that clean and finish efficiently
- Nylon disc resists tearing and loading and provides a long life
- Use the Scotch-Brite™ Hookit™ Conversion Face for best pad attachment

| Part No.       | Grade | Color  | Description                           | Size | Case Qty.     |

## Scotch-Brite™ Durable Flex Hand Pads

- Ultra-flexible construction that is great for prepping areas where conformability is desired like jambs, and bumpers or areas prone to over scuffing like sharp body lines
- Tightly graded for more active mineral sites
- More consistent scratch than competitive hand pads
- Resists tearing and loading, proving a longer life

| Part No. | Grade | Color  | Description | Size            | Case Qty.                   |

# Accessories

## 3M™ Hookit™ Clean Sanding Painter's Back-up Pad

- Multi-hole pattern maximizes dust extraction, helping to create a cleaner work surface
- Soft density foam provides flexibility for reduced edge cutting and increased conformability
- Loading is significantly reduced to prolong life of abrasive

| Part No. | Size | Thickness | Shape     | Thread      | Case Qty.    |
|----------|------|-----------|-----------|-------------|--------------|
| 05551    | 6 in | 1/2 in    | 15 degree | 5/16-24 ext | 10 Pads/Case |
| 05858    | 5 in |           | 45 degree |             |              |

## 3M™ Hookit™ Soft Interface Pad

- Soft foam construction conforms to contours for a finer finish
- Adds support to disc pad for improved abrasive cut and closer edge sanding
- Hole configurations help clear dust from the work surface, increasing disc life
- Reduces vibration from orbital sanding tool for improved results

| Part No. | Size | Thickness | Case Qty.    | Features                                                                             |
|----------|------|-----------|--------------|--------------------------------------------------------------------------------------|
| 05777    | 6 in | 1/2 in    | 10 Pads/Case | Applies effortlessly between 3M™ Hookit™ discs and back-up pads for quick changeouts |
| 05771    | 3 in |           |              |                                                                                      |

## 3M™ Hookit™ Flexible Abrasive Interface Foam Pad

- Interface foam pad provides flexibility to sand curves and contours
- Accessory aids in sanding hard-to-reach locations
- Commonly used for sanding primer, blending and paint finishing
- Long-lasting abrasives reduce material consumption

| Part No. | Size        | Case Qty.               | Features                                                                            |

### 3M™ P.A.R.T.S. Holding Rack

- 16-gauge steel construction provides durability and long product life
- Adjustable to 4 positions for optimal paint coverage
- Tubular construction, rounded corners and pads protect panels from scratches and dings
- Holds up to 200 lbs. in flat tabletop position to support a full range of parts and panels
- Folds for easy, efficient storage

| Part No. | Size                                           | Case Qty. |
|----------|------------------------------------------------|-----------|
| 02514    | 30-1/2 in x 36 in x 34-1/4 in<br>Tabletop Form | 1/Case    |

### 3M™ S.M.A.R.T. Bumper Stand

- Stand positions bumper fascias and bumper covers at optimal height for painting and repair
- System rotates 90° and locks in five positions
- Locking positions hold bumper fascias and covers securely in place
- Caster wheels allow for easy mobility in the shop
- Accessory makes the job easier for automotive technicians

| Part No. | Size                            | Case Qty. |
|----------|---------------------------------|-----------|
| 02504    | 66 in x 55 in,<br>Weighs 37 lbs | 1/Case    |

### 3M™ C.A.R.T.S.

- Three large storage shelves help organize tools and supplies
- Sturdy metal construction provides durability
- Rubber caster wheels allow technicians to keep cart within easy reach
- Epoxy powder coating offers corrosion protection

| Part No. | Size                          | Case Qty. |
|----------|-------------------------------|-----------|
| 02510    | 19-3/4 in x 29-1/2 in x 32 in | 1/Case    |

### 3M™ Abrasive Organizer

- Powerfully displays affiliation with trusted 3M™ brand
- Fits in anywhere in the shop — suitable for hanging on walls or placement on shelves
- 24-gauge steel construction resists dents and dings
- Includes locking clasp for padlock so users can keep products secure
- Keeps 3M™ abrasive products and sanding supplies organized

| Part No. | Size                               | Case Qty. |
|----------|------------------------------------|-----------|
| 02500    | 32-5/8 in x 12-1/8 in x 30-1/16 in | 1/Case    |

# Masking

**NEW!**

## 3M™ Precision Poly Tape

- Premier masking tape easily curves to create sharp paint lines and intricate designs
- Engineered poly backing withstands exposure to liquids resulting in clean and consistent one-piece removal
- Tears easily by hand every time leaving a clean, straight tear without using sharp tools

| Part No.     | Size                          | Case Qty.     | Features                                                                                 |
|--------------|-------------------------------|---------------|------------------------------------------------------------------------------------------|
| <b>36357</b> | 48mm x 55m (2 in x 60 yd)     | 12 Rolls/Case | 7-day UV resistance for use indoors or out — no adhesive transfer, ghosting or slivering |
| <b>36356</b> | 36mm x 55m (1-1/2 in x 60 yd) | 16 Rolls/Case |                                                                                          |
| <b>36354</b> | 18mm x 55m (3/4 in x 60 yd)   | 32 Rolls/Case |                                                                                          |

## Scotch® Performance Green Masking Tape 233+

- Premium paper backing resists breaking, lifting and edge curl
- High conformability with clean removal and sharp paint lines
- Superior resistance to UV, moisture and solvents compared to other paper tapes

| Part No.     | Size                          | Case Qty.     | Features                                                   |
|--------------|-------------------------------|---------------|------------------------------------------------------------|
| <b>44608</b> | 96mm x 55m (3.78 in x 60 yd)  | 8 Rolls/Case  | Go-to masking solution for premiere collision repair shops |
| <b>26341</b> | 72mm x 55m (2.83 in x 60 yd)  |               |                                                            |
| <b>26340</b> | 48mm x 55m (2 in x 60 yd)     | 12 Rolls/Case |                                                            |
| <b>26338</b> | 36mm x 55m (1-1/2 in x 60 yd) | 16 Rolls/Case |                                                            |
| <b>26336</b> | 24mm x 55m (1 in x 60 yd)     | 24 Rolls/Case |                                                            |
| <b>26334</b> | 18mm x 55m (3/4 in x 60 yd)   | 48 Rolls/Case |                                                            |

## 3M™ Automotive Refinish Masking Tape 388N

- Great usability — fits contours and curves
- Sticks and stays with clean removal
- Robust backing that resists solvents and moisture

| Part No.     | Size                          | Case Qty.     | Features                             |
|--------------|-------------------------------|---------------|--------------------------------------|
| <b>06656</b> | 48mm x 55m (2 in x 60 yd)     | 24 Rolls/Case | Designed for masking before painting |
| <b>06654</b> | 36mm x 55m (1-1/2 in x 60 yd) |               |                                      |
| <b>06653</b> | 24mm x 55m (1 in x 60 yd)     | 36 Rolls/Case |                                      |
| <b>06652</b> | 18mm x 55m (3/4 in x 60 yd)   | 48 Rolls/Case |                                      |

## 3M™ Highland™ Masking Tape 2727

- Highest adhesion masking tape, even in humid environments
- Quick stick for fast applications
- Consistent unwind and conformability

| Part No. | Size                          | Case Qty.     | Features                                                                                                 |
|----------|-------------------------------|---------------|----------------------------------------------------------------------------------------------------------|
| 06543    | 48mm x 55m (2 in x 60 yd)     | 24 Rolls/Case | Withstands bake temperatures up to 250°F (121°C) for up to one hour — great for paint booth applications |
| 06542    | 36mm x 55m (1-1/2 in x 60 yd) |               |                                                                                                          |
| 06544    | 24mm x 55m (1 in x 60 yd)     | 36 Rolls/Case |                                                                                                          |
| 06541    | 18mm x 55m (3/4 in x 60 yd)   | 48 Rolls/Case |                                                                                                          |

## 3M™ Automotive Masking Tape

- Great for general purpose paint masking
- Good conformability and easy application and removal
- Minimal adhesive transfer for easy removal

| Part No. | Size                          | Case Qty.     | Features                                           |
|----------|-------------------------------|---------------|----------------------------------------------------|
| 06548    | 48mm x 55m (2 in x 60 yd)     | 24 Rolls/Case | General purpose — interior and exterior of vehicle |
| 06547    | 36mm x 55m (1-1/2 in x 60 yd) |               |                                                    |
| 06545    | 18mm x 55m (3/4 in x 60 yd)   | 48 Rolls/Case |                                                    |

## 3M™ Precision Masking Tape

- Prevents seepage and edge bleed with waterborne and solvent paints
- Thinnest 3M tape for automotive for low profile paint lines, great for bumper covers and two-toning
- Semitransparent for better visibility

| Part No. | Size                          | Case Qty.     | Features                                          |
|----------|-------------------------------|---------------|---------------------------------------------------|
| 06528    | 48mm x 55m (2 in x 60 yd)     | 6 Rolls/Case  | Thinnest 3M tape — sharp, low-profile paint edges |
| 06527    | 36mm x 55m (1-1/2 in x 60 yd) | 8 Rolls/Case  |                                                   |
| 06620    | 24mm x 55m (1 in x 60 yd)     | 12 Rolls/Case |                                                   |
| 06529    | 18mm x 55m (3/4 in x 60 yd)   |               |                                                   |
| 06526    |                               | 16 Rolls/Case |                                                   |

## 3M™ Perforated Trim Masking Tape

- Perforations allow for hand tearing without tools
- Hard band at the tape edge slightly lifts moldings from the body for concealed paint edges
- Speeds paint time — no need to remove moldings, gaskets or windows

| Part No. | Hard Band Width | Size                           | Case Qty.    | Features                                                                      |
|----------|-----------------|--------------------------------|--------------|-------------------------------------------------------------------------------|
| 06348    | 15mm            | 50.8mm x 10m<br>(2 in x 11 yd) | 6 Rolls/Case | Rigid band along one edge slips gently between moldings and auto body surface |
| 06349    | 10mm            |                                |              |                                                                               |
| 06347    | 7mm             |                                |              |                                                                               |
| 06345    | 5mm             |                                |              |                                                                               |

## 3M™ Soft Edge Foams

- Foam tape softens hard paint lines in the jamb areas
- Fast, effective method masks and seals all jambs with adhesive that allows repositioning

| Part No. | Size                          | Case Qty.   | Product Name                         |
|----------|-------------------------------|-------------|--------------------------------------|
| 06293    | 21mm x 49m (.83 in x 53.6 yd) | 1 Roll/Case | 3M™ Soft Edge Foam Masking Tape PLUS |
| 06298    | 19mm x 35m (.04 in x 38.3 yd) | 1 Roll/Case | 3M™ Soft Edge Foam Masking Tape      |
| 06297    | 13mm x 50m (.5 in x 54.6 yd)  |             |                                      |

## 3M™ Smooth Transition Tape

- Use to prevent sealer creep in jamb areas and to transition textured coatings
- Eliminates hard paint lines and minimizes rework for faster cycle times
- Center-adhesive design lets paint feather smoothly beneath tape edges

| Part No. | Size                      | Case Qty.    | Features                                        |
|----------|---------------------------|--------------|-------------------------------------------------|
| 06800    | 7mm x 9m (1/4 in x 30 ft) | 5 Rolls/Case | Creates smooth transitions to existing finishes |

## 3M™ and Scotch® Fine Line Tapes

| Part No. | Size                        | Case Qty.      | Product Name                                |
|----------|-----------------------------|----------------|---------------------------------------------|
| 06409    | 18mm x 33m (3/4 in x 36 yd) | 48 Rolls/Case  | 3M™ Vinyl Tape 471+                         |
| 06408    | 12mm x 33m (1/2 in x 36 yd) | 72 Rolls/Case  |                                             |
| 06405    | 6mm x 33m (1/4 in x 36 yd)  | 144 Rolls/Case |                                             |

## 3M™ Overspray Masking Liquid

- Protects all vehicle surfaces against automotive paint and primer overspray
- Covers hard-to-mask surfaces quickly and eliminates time-consuming bulk masking
- Applied using conventional spray equipment — no additional costs for liquid masking

| Part No. | Size      | Case Qty. | Features      |
|----------|-----------|-----------|---------------|
| 06834    | 55 Gallon | 1/Case    | Dry formula   |

# 3M™ Surface Protection

## 3M™ Dirt Trap Protection Material

- Specially engineered surface protection material protects shop walls and floors
- Nonwoven construction traps airborne contaminants, helping to control dust and overspray
- Adhesive backing keeps material in place and removes cleanly for a variety of substrates

| Part No. | Size                           | Case Qty.    | Features       |
|----------|--------------------------------|--------------|----------------|
| 36853    | 1.4m x 91.4m (56 in x 300 ft)  | 1 Roll/Case  | White Material |
| 36852    | 711mm x 91.4m (28 in x 300 ft) |              |                |
| 36851    | 356mm x 91.4m (14 in x 300 ft) |              |                |
| 36850    | 152mm x 91.4m (6 in x 300 ft)  | 4 Rolls/Case | Gray Material  |
| 36849    | 102mm x 91.4m (4 in x 300 ft)  | 6 Rolls/Case |                |
| 37853    | 1.4m x 91.4m (56 in x 300 ft)  | 1 Roll/Case  |                |
| 37852    | 711mm x 91.4m (28 in x 300 ft) |              |                |
| 36856    | 457mm x 30.5m (18 in x 100 ft) | 1 Roll/Case  | Clear Film     |

## 3M™ Self-Stick Liquid Protection Fabric

- Specially engineered surface protection material for industrial and automotive applications
- Temporarily protects surfaces from liquids, oils and solvents while also trapping dirt
- Adhesive backing keeps material secure and makes for fast, easy application

| Part No.                       | Size                           | Case Qty.    | Features    |
|--------------------------------|--------------------------------|--------------|-------------|
| <b>36882</b>                   | 1.4m x 91.4m (56 in x 300 ft)  | 1 Roll/Case  | Blue Fabric |
| <b>36881</b>                   | 1.2m x 91.4m (48 in x 300 ft)  |              |             |
| <b>36880</b>                   | 914mm x 91.4m (36 in x 300 ft) |              |             |
| <b>36879</b>                   | 711mm x 91.4m (28 in x 300 ft) |              |             |
| <b>51005</b> <span>NEW!</span> | 711mm x 30.5m (28 in x 100 ft) |              |             |
| <b>36878</b>                   | 356mm x 91.4m (14 in x 300 ft) | 4 Rolls/Case |             |
| <b>36877</b>                   | 152mm x 91.4m (6 in x 300 ft)  |              |             |
| <b>36876</b>                   | 102mm x 91.4m (4 in x 300 ft)  | 6 Rolls/Case |             |

## 3M™ Booth Coating

- Spray-on coating applies conveniently with conventional spray equipment for paint booths
- Designed to protect walls, windows, lights and fixtures for optimal lighting and cleanliness
- Excellent solvent resistance for protection against paint and primer overspray

| Part No.     | Size     | Case Qty. | Features |
|--------------|----------|-----------|----------|
| <b>06840</b> | 5 Gallon | 1/Case    | Clear    |
| <b>06839</b> | 1 Gallon | 4/Case    |          |

## 3M™ Surface Protection Applicators

| Part No.     | Size  | Description                                        | Product Name                                |
|--------------|-------|----------------------------------------------------|---------------------------------------------|
| <b>36862</b> | 28 in | Magnetic for walls and other surfaces              | 3M™ Dirt Trap Protection Material Dispenser |
| <b>36863</b> | 18 in | Magnetic for windows and other surfaces            | 3M™ Dirt Trap Protection Film Dispenser     |
| <b>36864</b> | 56 in | Versatile for floors and vertical wall application | 3M™ Dirt Trap Material Floor Applicator     |
| <b>36865</b> | 28 in | Versatile for floors and vertical wall application | 3M™ Dirt Trap Material Floor Applicator     |
| <b>36866</b> |       | Extendable for walls                               | 3M™ Dirt Trap Roller Wall Applicator        |

## 3M™ Plastic Sheetting

- High-density, tear-resistant, durable polyethylene sheeting/film masks vehicles from paint overspray and other contaminants during repairs
- 3M engineered static cling makes the film easy to handle for quick vehicle coverage
- The film is easy to cut so the required area can be removed with speed and accuracy

| Part No.     | Size                                   | Case Qty.   | Product Name                                |
|--------------|----------------------------------------|-------------|---------------------------------------------|
| <b>06725</b> | 4.9m x 76.2m (16 ft x 250 ft)          | 1 Roll/Case | 3M™ Moisture Resistant Protective Sheetting |
| <b>06724</b> | 4.9m x 121.9m (16 ft x 400 ft) w/ tape | 1 Roll/Case | 3M™ Plastic Sheetting                       |
| <b>06723</b> | 3.7m x 121.9m (12 ft x 400 ft)         |             |                                             |
| <b>06728</b> | 4.9m x 121.9m (16 ft x 400 ft) w/ tape |             |                                             |
| <b>06742</b> | 6.1m x 76.2m (20 ft x 250 ft)          | 1 Roll/Case | 3M™ Overspray Protective Sheetting          |
| <b>06727</b> | 3.7m x 121.9m (12 ft x 400 ft)         |             |                                             |

## Scotch® Steel Gray Masking Paper

- Designed for use with 3M™ Masking Tapes and Equipment
- Thicker paper offers more tear resistance with little to no lint or fibers
- Specially treated to resist bleed-through of solvents, lacquers and enamels

| Part No.     | Size                             | Case Qty.    | Color      |
|--------------|----------------------------------|--------------|------------|
| <b>55491</b> | 1.2m x 304.8m (48 in x 1000 ft)  | 1 Roll/Case  | Gray Paper |
| <b>06536</b> | 914mm x 304.8m (36 in x 1000 ft) |              |            |
| <b>06524</b> | 610mm x 304.8m (24 in x 1000 ft) |              |            |
| <b>06518</b> | 457mm x 304.8m (18 in x 1000 ft) | 2 Rolls/Case |            |
| <b>06512</b> | 305mm x 304.8m (12 in x 1000 ft) | 3 Rolls/Case |            |
| <b>06506</b> | 152mm x 304.8m (6 in x 1000 ft)  | 6 Rolls/Case |            |

## 3M™ Scotchblok™ Masking Paper

- Premium masking paper designed for use with 3M™ Masking Tapes and Equipment
- Polycoated backing to prevent solvent bleed-through
- Optimized masking paper thickness for excellent conformability without linting

| Part No.     | Size                            | Case Qty.     | Color      |
|--------------|---------------------------------|---------------|------------|
| <b>06736</b> | 914mm x 228.6m (36 in x 750 ft) | 1 Roll/Case   | Gold Paper |
| <b>06718</b> | 457mm x 228.6m (18 in x 750 ft) | 2 Rolls/Case  |            |
| <b>06738</b> | 457mm x 54.8m (18 in x 180 ft)  | 12 Rolls/Case |            |
| <b>06712</b> | 305mm x 228.6m (12 in x 750 ft) | 3 Rolls/Case  |            |
| <b>06732</b> | 305mm x 54.8m (12 in x 180 ft)  | 12 Rolls/Case |            |
| <b>06706</b> | 152mm x 228.6m (6 in x 750 ft)  | 6 Rolls/Case  |            |

## 3M™ White Masking Paper

- Designed specifically for use with 3M™ Masking Tapes and Equipment
- Flexible and pliable to cover irregular surfaces for higher productivity
- Tightly bonded construction makes for little or no lint or fibers

| Part No.     | Size                            | Case Qty.    | Color       |
|--------------|---------------------------------|--------------|-------------|
| <b>06531</b> | 1.5m x 228.6m (60 in x 750 ft)  | 1 Roll/Case  | White Paper |
| <b>06540</b> | 914mm x 228.6m (36 in x 750 ft) |              |             |
| <b>06539</b> | 457mm x 228.6m (18 in x 750 ft) | 2 Rolls/Case |             |
| <b>06538</b> | 305mm x 228.6m (12 in x 750 ft) | 3 Rolls/Case |             |
| <b>06537</b> | 152mm x 228.6m (6 in x 750 ft)  | 6 Rolls/Case |             |

# Paint Application

## 3M™ PPS™ Lid & Liner Kits

### 3M™ PPS™ Series 2.0 Spray Cup System Kit

- New quarter-turn lid locking system locks lid to cup and eliminates paint build up and cross threading
- Redesigned adapters provide four points of connection from spray gun to lid, improving stability and confidence especially in large applications
- Domed lid geometry and a wider fluid spout allows up to 3 fl oz (90mL) of material to be held below the filter reducing inconsistent spray due to air-entrapment and sputter
- Full-diameter filters are built into every lid for the highest quality filtration; aids with fluid flow
- A new reusable hard cup is included in every lid/liner kit

| Part No. | Description | Size              | Micron Filter | Case Qty.   | Contains                                                                                          |

# 3M™ PPS™ Lid & Liner Kits

## 3M™ PPS™ Lid & Liner Kit (Legacy)

- Kits contain disposable lids with micron filters, liners and sealing plugs
- Stock 3M™ PPS™ Lids & Liners efficiently and cost-effectively
- Available for 3M™ Cups & Collars in five sizes for jobs ranging from spot repairs to 4-panel repairs
- All-in-one disposable solution for measuring, mixing, filtering, and spraying of paint materials
- Reduces the chance of outside contamination, maintains consistent material transfer and reduces paint consumption
- System enables the painter to consistently spray at 90 degrees to the part, no matter the part orientation (even upside down)

| Part No.     | Description | Size              | Micron Filter | Case Qty.  | Contains                                             |

# 3M™ PPS™ System

## 3M™ PPS™ Series 2.0 Lid

- Features quarter-turn lid locking system, helping eliminate cross-threading and paint build-up
- Full-diameter filters built into every lid maximize filtration and fluid flow
- Domed design and wide spout allow up to 3 fl oz (90mL) to be held below the filter, reducing inconsistent spray due to air-entrapment and sputter

| Part No. | Description                             | Micron Filter | Case Qty.            |
|----------|-----------------------------------------|---------------|----------------------|
| 26200    | Large/Standard                          | 200           | 25/Pack, 1 Pack/Case |

## 3M™ PPS™ Lid and Liner Dispenser

- Dispenses all available liner sizes for both PPS™ (Legacy) and PPS™ Series 2.0
- Offers exceptional convenience to access PPS™ liners
- Keeps liners clean, neat, organized and free from contamination
- Top-loading access for reloading PPS™ liners
- Wall mountable

| Part No. | Description             | Sizes                                    | Case Qty. |
|----------|-------------------------|------------------------------------------|-----------|
| 16299    | Lid Dispenser           | 3M™ PPS™ Series 2.0: All sizes           | 1/Case    |
| 16219    | Liner Dispenser         | 3M™ PPS™ (Legacy): Large, Standard, Midi |           |
| 16298    | Lid and Liner Dispenser | 3M™ PPS™ (Legacy): Mini and Micro        |           |

## 3M™ PPS™ Series 2.0 Sealing Plug

- Wide, flat design makes a stable base when cups are turned upside down
- Excellent for temporary sealing and protection of coatings
- Keep filters wet for longer life, fewer lid replacements
- Use to seal lid while mixing in paint shakers

| Part No. | Description                                | Case Qty.                   |
|----------|--------------------------------------------|-----------------------------|
| 26432    | Fits all sizes of 3M™ PPS™ Series 2.0 Lids | 96 Plugs/Pack, 6 Packs/Case |

## 3M™ PPS™ Series 2.0 Universal Shaker Core

- Double-sided design
- Excellent for shops where paint shakers are used
- Forms durable clamping surface for 3M™ PPS™ Series 2.0 hard cups in paint shakers
- Fits with quarter-turn lid locking system for tight, reliable hold
- Absorbs and distributes force from shaker for longer equipment life

| Part No. | Description                                       | Case Qty. |
|----------|---------------------------------------------------|-----------|
| 26458    | Works with all 3M™ PPS™ Series 2.0 hard cup sizes | 12        |

# 3M™ Accuspray™ Spray Gun System

## 3M™ Accuspray™ ONE Spray Gun System with 3M™ PPS™ Series 2.0

### Redesigned gun frame with increased durability

- All-in-ONE packaged display for retail, in-store placement
- Features 3M™ Accuspray™ ONE Spray Gun — ONE gun meets all of your spraying needs
- Includes replaceable atomizing heads for spraying of primer, sealer, base and clear coat
- Fast, simple head replacement affords the performance of a brand new spray gun on demand
- Atomizing heads can be used on any 3M™ Accuspray™ replaceable atomizing head spray gun

| Part No. | Case Qty. | Contains                                                                                                                                                                                                                                                                       |
|----------|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 26580    | 4/Case    | Kit: 3M™ Accuspray™ ONE spray gun, Accuspray™ Atomizing Heads (1 each: 1.2mm, 1.3mm, 1.4mm, 1.8mm, 2.0mm), air control valve, color ID clips, 3M™ PPS™ 2.0 22 oz Mixing Cup, 3M™ PPS™ 2.0 Lids & Liners (4 – 200 micron filter, 1 – 125 micron filter), 3M™ PPS™ Sealing Plugs |

**NEW!**

## 3M™ Accuspray™ ONE Spray Gun Kit for 3M™ PPS™ Series 2.0

### Redesigned gun frame with increased durability

- Combines the simplicity and easy maintenance of our 3M™ Accuspray™ spray gun with the material saving, rapid clean up convenience of PPS™ Series 2.0, our next generation, highest performing disposable spray cup system
- Replaceable atomizing heads afford the performance of a new gun, on demand and at a fraction of the cost

| Part No. | Case Qty. | Contains                                                                                                                                     |
|----------|-----------|----------------------------------------------------------------------------------------------------------------------------------------------|
| 26578    | 2/Case    | Kit: 3M™ Accuspray™ ONE spray gun, Accuspray™ Atomizing Heads (1 each: 1.2mm, 1.3mm, 1.4mm, 1.8mm, 2.0mm), air control valve, color ID clips |

**NEW!**

## 3M™ Accuspray™ Atomizing Head for 3M™ PPS™ Series 2.0

- Designed specifically for use with 3M™ PPS™ Series 2.0 — our next generation, highest performing disposable spray cup system
- Atomizing heads are available for spraying of primer, sealer, base and clear coat
- All atomizing heads are interchangeable for use with 3M™ Accuspray™ ONE Spray Gun
- Size is presented clearly on each atomizing head for fast, accurate selection
- Fast, simple head replacement affords the performance of a brand new spray gun on demand
- See-through design makes it easy to see when the heads are clean

| Part No. | Size  | Color  | Case Qty.            | Features                                               |

# Accessories

## 3M™ High Power Spray Gun Cleaner

- Helps reduce the use of cleaning solvents
- Compatible for cleaning waterborne and solvent-based coatings
- Aerosol cleaner is low VOC — less than 25 g/L (meets SCAQMD Rule 1171(c)(i)).
- Designed for use on metal spray equipment or composite/plastic components

| Part No. | Size         | Case Qty. | Features                              |
|----------|--------------|-----------|---------------------------------------|
| 26689    | 15 oz (426g) | 6/Case    | Extension tube included with each can |

## 3M™ SUN GUN™ II Light Kit

- Replicate natural sunlight to better match automotive and industrial paint colors
- Evaluate damage for better estimates of cost of repair
- Locate defects prior to painting vehicle or substrate
- Identify imperfections in paint quality
- Improve the professionalism of automotive and industrial paint jobs

| Part No. | Case Qty. | Contains                                                                                      |
|----------|-----------|-----------------------------------------------------------------------------------------------|
| 16550    | 1         | Kit: 3M™ Sun Gun™ light with 50 watt bulb, rechargeable battery and charger with power supply |

## 3M™ PPS™ Adapters

- Adapter converts typical spray guns into ones that work with the 3M™ PPS™ Series 2.0 or 3M™ PPS™ (Legacy) paint preparation system
- Specifically designed adapters, allows painters to use the 3M™ PPS™ with virtually any spray gun
- Stainless steel adapter offers exceptional durability
- Threaded adapter is easy to install
- All-in-one solution reduces chance of outside contamination, delivers consistent material transfer for improved quality and reduced paint consumption
- 3M™ PPS™ reduces cleaning solvent consumption by 70 percent

## 3M™ Paint Defect Removal Abrasive Circle Sheet

- Small circular abrasive acts as a miniature orbital sander
- Minimizes repair area — attaches to small handheld cylinder for cutting out nibs
- Durable film backing holds up during dry or wet sanding
- Coated aluminum oxide abrasive is optimized for sanding small areas

## 3M™ Perfect-It™ EX Family

- The EX platform delivers fast cut, longer wet times and reduced sling — you use less product, and you spend less time cleaning up
- Each 3M™ Perfect-It™ compounding and polishing pad is color-coded to match the appropriate Perfect-It™ liquid
- Double-sided pads feature our Quick Connect system that makes it easy to quickly lock and center the pads to a large range of standard rotary polishers

# Tools and Accessories

## Festool Automotive Systems Compressed Air Eccentric Sander LEX 3

- Extremely sturdy design ensures a long service life, minimal servicing requirements
- FUSION-TEC sanding pad with Jetstream technology directs dust to edges for longer abrasive life
- Ergonomic non-slip tool design enhances ease of use and reduces fatigue
- Connects quickly to Festool dust extraction systems

| Part No. | Description | Size | Stroke Rate | Contains                                                            |

## Festool Automotive Systems Random Orbit Sanders ETS EC

- Low profile and ergonomic controls make for easy one-handed sanding
- 400W brushless motor requires less venting for lower dust accumulation
- Vibration control system slows speed when needed, reducing fatigue
- Carbide-tipped pad brake resists wear
- Arrives preset to switch off if not connected to dust extraction

| Part No. | Description     | Size | Stroke Rate | Contains                    |

## Festool Automotive Systems Geared Eccentric Sander RO 150 FEQ-Plus

- Versatile dual-mode operation — no need to switch tools for rotary and random orbital sanding
- Nearly 1 HP, 720W motor delivers plenty of power
- FastFix system allows for quick pad changes without tools
- MULTI-JETSTREAM technology directs dust to edges for longer abrasive life

| Part No. | Description     | Size | Stroke Rate | Contains                                           |
|----------|-----------------|------|-------------|----------------------------------------------------|
| 29941    | RO 150 FEQ-Plus | 6 in | 5mm         | Operation tool, sanding pad, Systainer SYS 3 T-LOC |

## Festool Automotive Systems Rotary Polisher SHINEX RAP 150-14-FE

- Truly versatile all-purpose two-speed polisher
- Trigger-activated accelerator — simply squeeze harder for speeds up to 1,400 or 2,100 RPM
- Gear unit is sturdy, powerful and dependable across entire speed range
- Temperature-dependent overload protection helps ensure long service life

| Part No. | Description                      | Size                  | Case Qty. | Features                                                                   |
|----------|----------------------------------|-----------------------|-----------|----------------------------------------------------------------------------|
| 29940    | SHINEX RAP 150-14 FE             | 6 in                  | 1/Case    | Contains: Operation tool, polishing pad, additional side-mounted hand grip |
| 33271    | 3M™ Quick Connect Adaptor        | 14mm / 0.6 in         | 10/Case   | Allows quick changes of buffing pads                                       |
| 33660    | 3M™ Screw On Buffing Pad Adaptor | 14mm / 0.6 in spindle | 10/Box    | Attaches buffing pads or backup pads to polishers                          |

## 3M™ Non-Vacuum Orbital Sander

- Ideal for flat surface finishing and sealer sanding
- Compact, lightweight with a grip-from-the-top design for less fatigue
- Precision-balanced and designed for smooth operation

| Part No. | Size        | Orbit  | Max OPM | Case Qty. |
|----------|-------------|--------|---------|-----------|
| 20331    | 3 in x 4 in | 1/8 in | 10,000  | 1/Case    |

## 3M™ Hookit™ Sanding Block Dust Free

- Has small holes for use with a vacuum system to limit dust and loading
- Helps reduce hand fatigue and make sanding challenging locations easier
- Sanding blocks delivers more consistent and effective hand sanding results

| Part No. | Size                              | Case Qty. |
|----------|-----------------------------------|-----------|
| 05216    | 4.5 in x 11.5 in (115mm x 225mm)  | 3/Case    |
| 05209    | 2.75 in x 15.59 in (70mm x 396mm) | 1/Case    |
| 05208    | 2.75 in x 7.5 in (70mm x 198mm)   | 5/Case    |
| 05207    | 2.75 in x 5 in (70mm x 127mm)     |           |

## Festool Automotive Systems Sanding Blocks HSK-A

- Sanding block vacuums while you sand and is easy to handle and control
- Versatile system is perfect for everything from flat surfaces to contours
- Abrasive changes are quick and easy to save time

| Part No. | Size                              | Case Qty. |
|----------|-----------------------------------|-----------|
| 29911    | 3.15 in x 15.75 in (80mm x 400mm) | 1/Case    |
| 29912    | 3.15 in x 7.88 in (80mm x 200mm)  |           |
| 29909    | 3.15 in x 5.12 in (80mm x 130mm)  |           |

## Festool Automotive Systems Mobile Dust Extractor CT 36

- Compact turbine delivers consistent power up to 137 CFM
- Flat HEPA filter design keeps filter out of containment area for greater capacity
- Tool-triggered auto start — suction can start automatically as the tool is switched on
- Sys-Dock allows for storage and transport of Festool Systainers (sold separately)
- Large wheels, low center of gravity greatly limit tipping and improve mobility
- Use with the Festool Workcenter WCR 1000 for better workplace organization

| Part No. | Dimensions                                             | Container Size | Contains                                                                           |

## Festool Automotive Systems Hoses

- Designed for use with Festool power tools, accessories and dust extractors
- Anti-static design helps prevent dust accumulation for cleaner operation
- Flexible hose makes job easier for automotive technicians

| Part No. | Size          | Case Qty. | Features                                                                                                                                                                                                                                                                                             |

## Festool Automotive Systems IAS Adapter 3-SD Non VAC Airline

- Use for connecting compatible Festool compressed air sanders directly to hoses
- Allows for fast, efficient operation of Festool tools without dust extraction
- Works with Festool IAS 3 interface sanders
- Increase speed for jobs such as finishing work where dust evacuation is not a priority
- Allows greater consistency — no need to change from Festool equipment for specific jobs

| Part No. | Size | Case Qty. |
|----------|------|-----------|
| 29917    | 90mm | 1/Case    |

## Festool Automotive Systems Compressed Air Module

- Compressed air module is ideal for high production environments
- Air module drives pneumatic sanders with tool triggered activation
- Required accessory for use with all Festool pneumatic tools

| Part No. | Use With                         | Case Qty. |
|----------|----------------------------------|-----------|
| 29901    | Festool CT 26/36 dust extractors | 1/Case    |

## Festool Automotive Systems Sortainer Sys 4 TL SORT/3

- Contains three large drawers for convenient storage and transport
- Drawers are flexibly divisible for smaller parts
- Drawers lock in place, preventing equipment loss during transport
- Flush construction — drawers won't jam even if equipment shifts
- T-LOC system allows for easy connection with Systainers, Sortainers and Festool CT Dust Extractors

| Part No. | Dimensions                                             | Case Qty. |
|----------|--------------------------------------------------------|-----------|
| 29964    | 15.6 in x 11.7 in x 12.7 in<br>(396mm x 296mm x 322mm) | 1/Case    |

## Festool Automotive Systems Workcenter WCR 1000

- Compact and mobile — connects without tools to nearly any Festool mobile dust extractor
- Adjustable height columns help keep equipment within easy reach, allow for Systainer storage
- Grooved columns accept a range of hooks and holders
- Metal pegboard and peg hooks allow for personalized configuration
- Includes storage shelf, peg hooks, pivoting tray and two double hooks for hanging tools

| Part No. | Dimensions                                                       | Case Qty. | Features                                               |

## Festool Automotive Systems Toolcenter TC 3000/2

- Durable, mobile storage and transport of machines and tools
- Lockable cabinet provides secure storage for tools and machines
- Lower dock is designed for attaching and storing Festool dust extractors
- Includes hose holder hook; additional accessories available

| Part No. | Size                   | Case Qty. | Features                |
|----------|------------------------|-----------|-------------------------|
| 29948    | 470mm x 1070mm x 960mm | 1/Case    | Weight 43 kg / 94.8 lbs |

## Festool Automotive Systems Main Filter

- Certified filtering system captures 99.97% of all particulate matter down to .3 microns
- Filter design allows full use of canister and filter bag volume
- High efficiency system reduces dust in a shop environment
- Filter is compliant with EPA RRP guidelines
- Replacement filter for CT 26/36 models

| Part No. | Size                 | Case Qty. |

| 29938    | HEPA-HF-CT, 26/36/48 | 1/Case    |

## Festool Automotive Systems Self Cleaning Filter Bags

- High-quality cloth filter bag works with mobile dust extractors
- Self-cleaning feature cleans dust deposits inside the filter bag automatically
- High suction power offer efficient cleaning
- Fleece filter eliminates caking inside the bag

| Part No. | Use With                    | Case Qty. |
|----------|-----------------------------|-----------|
| 29905    | CLEANTEC 26 and CLEANTEC 36 | 5/Case    |

## Festool Automotive Systems Cleaning and Lubricating Oil

- Formula is suitable for LEX and LRS models
- Cleaning properties keep residue from building up
- Lubricating properties allow gears to operate smoothly

| Part No. | Size        | Case Qty. |
|----------|-------------|-----------|
| 29894    | 50mL bottle | 10/Case   |

## Festool Automotive Systems Replacement Air Inlet LEX 3

- Part is designed to exchange a damaged air connection piece
- Genuine Festool replace part offers compatibility to the system
- Replacement piece is designed to maintain optimal performance

| Part No. | Tool      | Case Qty. |
|----------|-----------|-----------|
| 29931    | LEX 3/77  | 5/Case    |
| 29932    | LEX 3/150 |           |

## Festool Automotive Systems O-Rings

- Replacement o-rings for Festool sanders including LEX 3 and LRS
- Provides an airtight seal inside the tool attachment at the extractor hose
- Helps ensure peak performance of sanding and dust extraction equipment

| Part No. | Size      | Case Qty. |
|----------|-----------|-----------|
| 29954    | Universal | 20/Case   |

**Safety**

### 3M™ Versaflo™ Powered Air Purifying Respirator

- The TR-800 is a PAPR blower rated at Division I for Classes I, II, and III under the most current UL standard (UL 60079, 6th Edition, 2013)
- More options for more tasks — choose from particulate filters or gas and vapor combination cartridges for protection in a variety of environments
- Work at your own speed — multiple airflow rates put you in control of your comfort
- When clean is critical — easy-to-clean belt and disposable breathing tube covers save time and effort, paving the way for more productivity

| Part No.                                                                       | Contains                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Case Qty. |

### ⚠ WARNING: HEARING PROTECTION

These hearing protectors help reduce exposure to hazardous noise and other loud sounds. **Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.** For correct use, consult supervisor and the products *User Instructions*, or call 3M Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414. If there is any drainage from your ear or you have an ear infection, consult with your physician before wearing ear plugs. Failure to do so may result in hearing loss or injury.

### ⚠ WARNING: RESPIRATORS

These respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the *User Instructions* provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 29 CFR 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. **Misuse may result in sickness or death.** For correct use, consult supervisor and the products *User Instructions*, or call 3M Technical Service in U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.

### ⚠ WARNING: PROTECTIVE EYEWEAR

These eye and face protection products help provide limited eye and face protection. **Misuse or failure to follow warnings and instructions may result in serious potential injury, including blindness or death.** For correct use, selection, and applications against flying particles, optical radiation and/or splash consult supervisor, and the products *User Instructions* and WARNINGS on the package, or call 3M Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.

**Product Selection and Use:** Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for proper evaluation (including, but not limited to, fitness for purpose and suitability of application), selection, and use of 3M products. Safety products should always be selected and used in accordance with all applicable regulations and standards (e.g., OSHA, ANSI, and others), after conducting a proper hazard assessment. Failure to properly evaluate, select, and use a 3M product may result in injury, sickness, death, and/or harm to property.

**Warranty, Limited Remedy, and Disclaimer:** Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If the 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

**Limitation of Liability:** Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
