  - Vinyl or Painted Steel
- Compatible With New or Existing Units
- Removable Cam Lock Hinge Doors
- Easy Unit Service Access
- Sound Absorbing Insulation
- Reduces Equipment dBA Operating Levels
  - Up to 5 dBA with Energy Recovery Ventilator option.
  - Provides general muffling of basic unit operation.
  - Actual sound reduction many vary depending on system operating conditions and other site variables.

The QSP3 - QSP5 Series Sound Plenum has been designed for use with ALL Bard Q-Tec Series units, both Generation I and Generation II systems. Installation is quick and easy with removal/replacement of six existing screws from the unit cabinet. (See installation instructions 7960-518 for complete details) Once installed the sound plenum enhances the current quiet operation of the Q-Tec Series units, and the hinged door with cam locks provides easy access to the basic Q-Tec system. Model selection is based on equipment cabinet size and finish.

Sound Plenum Pt#	Cabinet Finish	Equipment Selection
QSP3-4	Painted Steel – Gray	QA/QH24-42 QC/QW24-60
