

# Pioneer Car Electronics HOW TO:

How to turn off AVICSYNC connected navigation services to restore Android Auto™ functionality.

**Applicable Models:** AVIC-8200NEX / AVIC-8100NEX  
AVIC-7200NEX / AVIC-7100NEX

**Step 1: Confirm AVICSYNC connected navigation services mode is turned on.**

Connect your Android smartphone via USB to the Pioneer NEX receiver. If a pop-up message appears on your smartphone regarding AVICSYNC or NavFusion press cancel.

AVICSYNC app installed on smartphone

AVICSYNC app not installed on smartphone

Press the MAP key on the Pioneer NEX receiver. The Pioneer built-in navigation map screen should appear.

**Pioneer**

## Step 1: Confirm AVICSYNC connected navigation services mode is turned on. (continued)

In the lower right hand screen, confirm the color of the AVICSYNC icon.  
(as shown in the blue circle to the right)

Green indicates that AVICSYNC is turned on. Android Auto is not available - continue to step 2.

Gray indicates that AVICSYNC is turned off. Android Auto is available - skip to step 3.

## Step 2: Turn off AVICSYNC.

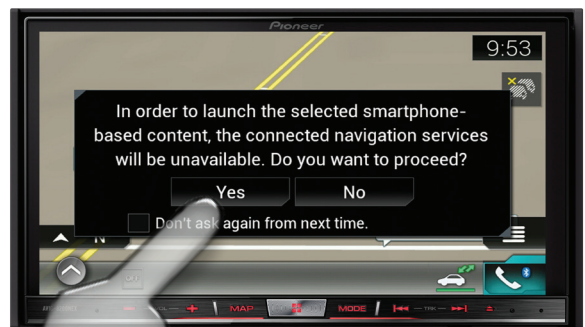

Press the AVICSYNC icon.

If a confirmation prompt appears, press "Yes" to turn off AVICSYNC.

The AVICSYNC icon will change to gray color to indicate that it is now off.

### Step 3: Confirm Android Auto functionality has been restored.

After a few seconds, Android Auto will launch automatically.

If Android Auto does not automatically launch, press the "Home" key to return to the home screen and then the Android Auto key in the upper left to launch Android Auto.
