Finish Protection

Westin products have a high quality finish that must be cared for like any other exposed finish on the vehicle. Protect the finish with a non-abrasive automotive wax, (e.g. Pure Carnauba) on a regular basis. The use of any soap, polish or wax that contains an abrasive is detrimental, as the compounds scratch the finish and open it to corrosion.

The owner will be responsible for removing the winch and returning it with freight prepaid. Westin will repair or replace at its discretion the defective product or part. The purchaser must send a copy of the original receipt to qualify for any warranty consideration. Exclusions from this warranty are the finish and conditions determined to have been caused by abuse or abnormal use. This warranty shall not apply to any electric winch improperly operated or improperly installed. There are no warranties, expressed or implied, which extend beyond the original purchaser. The loss of use from any vehicle, loss of time, inconvenience, commercial loss or consequential damages is not covered. Westin reserves the right to redesign and make any changes to any product without assuming any obligation to modify any product previously supplied or manufactured. Any commercial or industrial use or application, or any hoisting application of the winch will void the warranty.
