Application for Extension of Time To File an Exempt Organization Return

Department of the Treasury
Internal Revenue Service

► **File a separate application for each return.**

► **Information about Form 8868 and its instructions is at www.irs.gov/form8868.**

- If you are filing for an **Automatic 3-Month Extension, complete only Part I** and check this box
- If you are filing for an **Additional (Not Automatic) 3-Month Extension, complete only Part II** (on page 2 of this form).

Do not complete Part II unless you have already been granted an automatic 3-month extension on a previously filed Form 8868.

Electronic filing (e-file). You can electronically file Form 8868 if you need a 3-month automatic extension of time to file (6 months for a corporation required to file Form 990-T), or an additional (not automatic) 3-month extension of time. You can electronically file Form 8868 to request an extension of time to file any of the forms listed in Part I or Part II with the exception of Form 8870, Information Return for Transfers Associated With Certain Personal Benefit Contracts, which must be sent to the IRS in paper format (see instructions). For more details on the electronic filing of this form, visit www.irs.gov/efile and click on *e-file for Charities & Nonprofits*.

Part I Automatic 3-Month Extension of Time. Only submit original (no copies needed).

A corporation required to file Form 990-T and requesting an automatic 6-month extension – check this box and complete Part I only. . . .

All other corporations (including 1120-C filers), partnerships, REMICs, and trusts must use Form 7004 to request an extension of time to file income tax returns.

Underpayment of Estimated Tax by Corporations

▶ Attach to the corporation's tax return.

▶ Information about Form 2220 and its separate instructions is at www.irs.gov/form2220.

2015

Department of the Treasury
Internal Revenue Service

Name Cisco Systems Foundation	Employer identification number 77-0443347
---	---

Note: Generally, the corporation is not required to file Form 2220 (see Part II below for exceptions) because the IRS will figure any penalty owed and bill the corporation. However, the corporation may still use Form 2220 to figure the penalty. If so, enter the amount from page 2, line 38 on the estimated tax penalty line of the corporation's income tax return, but **do not** attach Form 2220.

Part I Required Annual Payment

1 Total tax (see instructions)	1	97,549.
2a Personal holding company tax (Schedule PH (Form 1120), line 26) included on line 1	2a	
b Look-back interest included on line 1 under section 460(b)(2) for completed long-term contracts or section 167(g) for depreciation under the income forecast method	2b	
c Credit for federal tax paid on fuels (see instructions)	2c	
d Total. Add lines 2a through 2c	2d	
3 Subtract line 2d from line 1. If the result is less than \$500, do not complete or file this form. The corporation does not owe the penalty.	3	97,549.
4 Enter the tax shown on the corporation's 2014 income tax return (see instructions). Caution: If the tax is zero or the tax year was for less than 12 months, skip this line and enter the amount from line 3 on line 5. ..	4	117,954.
5 Required annual payment. Enter the smaller of line 3 or line 4. If the corporation is required to skip line 4, enter the amount from line 3	5	97,549.

Part II Reasons for Filing — Check the boxes below that apply. If any boxes are checked, the corporation **must** file Form 2220 even if it does not owe a penalty (see instructions).

- 6 The corporation is using the adjusted seasonal installment method.
- 7 The corporation is using the annualized income installment method.
- 8 The corporation is a 'large corporation' figuring its first required installment based on the prior year's tax.

Part III Figuring the Underpayment

	(a)	(b)	(c)	(d)	
9 Installment due dates. Enter in columns (a) through (d) the 15th day of the 4th (Form 990-PF filers: Use 5th month), 6th, 9th, and 12th months of the corporation's tax year.	9	12/15/15	1/15/16	4/15/16	7/15/16
10 Required installments. If the box on line 6 and/or line 7 above is checked, enter the amounts from Schedule A, line 38. If the box on line 8 (but not 6 or 7) is checked, see instructions for the amounts to enter. If none of these boxes are checked, enter 25% of line 5 above in each column.	10	24,387.	24,387.	24,387.	24,388.
11 Estimated tax paid or credited for each period (see instructions). For column (a) only, enter the amount from line 11 on line 15.	11	56,099.	58,000.	40,000.	45,000.
Complete lines 12 through 18 of one column before going to the next column.					
12 Enter amount, if any, from line 18 of the preceding column	12		31,712.	65,325.	80,938.
13 Add lines 11 and 12	13		89,712.	105,325.	125,938.
14 Add amounts on lines 16 and 17 of the preceding column	14				
15 Subtract line 14 from line 13. If zero or less, enter -0-	15	56,099.	89,712.	105,325.	125,938.
16 If the amount on line 15 is zero, subtract line 13 from line 14. Otherwise, enter -0-	16		0.	0.	
17 Underpayment. If line 15 is less than or equal to line 10, subtract line 15 from line 10. Then go to line 12 of the next column. Otherwise, go to line 18	17				
18 Overpayment. If line 10 is less than line 15, subtract line 10 from line 15. Then go to line 12 of the next column.	18	31,712.	65,325.	80,938.	

Go to **Part IV** on page 2 to figure the penalty. Do not go to **Part IV** if there are no entries on line 17 — no penalty is owed.

Part IV Figuring the Penalty

Background

The Cisco Systems Foundation (Foundation) and Cisco Systems Inc.'s Public Benefit Investment (PBI) group apply the same overall strategic approach, guidelines and processes to Investment Areas, Eligibility Criteria, Grant making Guidelines, and Application procedures. Cisco Systems Inc. screens proposals at no cost to the Foundation and presents possible funding opportunities to the Foundation, which the Foundation then evaluates and approves if appropriate. The Foundation only provides funding that is appropriate given its status as a Section 501(c)(3) charity and as a private foundation, and only when the proposed project is in furtherance of its established policies and charitable purposes.

The Foundation's grant expenditures fall into the following major programs: Global Impact Cash Grants program, Community Impact Cash Grants (includes Silicon Valley Impact Grants) program, a Habitat for Humanity program, as well as an employee Matching Gifts program.

The following sections provide details on guidelines and processes for each of these programs. Within this document, references to Cisco apply to both the Cisco Systems Foundation and Cisco Systems Inc. The programs described below reflect Foundation activities that may be subsidized in part, or carried out with the assistance of, Cisco Systems Inc. While Cisco Systems Inc. provides various services free of charge to the Foundation, the Foundation never subsidizes programs or activities of Cisco Systems Inc.

Cisco is committed to making social investments that lead to successful individuals and institutions, and vibrant communities. Cisco's cash grants programs support non-profit and non-government organizations working in the investment areas specified under each of these programs. In order to maximize the impact of investments, Cisco supports innovative organizations that serve the underserved, and leverage technology solutions to improve the efficiency, reach, and social impact of their services. Carefully selected organizations that meet Cisco's grant making criteria and policies, and serve at least one of Cisco's investment areas may be eligible for cash grants.

Global Impact Cash Grants

In the spirit of Cisco's vision to "Change the Way We Work, Live, Play, and Learn", Global Impact Cash Grants are awarded by Cisco to US-based and non-US based non-profit organizations around the globe, with national or multinational operations. Eligible organizations must align with our grant-making criteria and policies.

Cisco's overall approach is to partner with non-profit organizations to identify, incubate, and develop innovative solutions that solve challenging socioeconomic conditions in at least one of the investment areas: critical human needs, access to education, and economic empowerment. In order to maximize the impact of investments, Cisco supports programs that fit within its investment areas, serve the underserved, and leverage technology solutions to improve the reach, efficiency, and impact of services. Programs must also have high potential for replication and scale in multiple environments, and a clear path for long-term sustainability.

Global Impact Cash Grants - Investment Areas**Statement 19****Form 990-PF, Part XV, Question 2****Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs**

Cisco Global Impact Cash grants focus on underserved populations worldwide, working in the three investment areas elaborated upon below.

Critical Human Needs

Cisco seeks to help overcome the cycle of poverty and dependence through strategic investments that enhance the capacity of organizations that successfully address basic needs of underserved communities. The rationale behind this strategy and approach is that families who have access to clean water, food, and a place to call home are better equipped to learn. Cisco's investments support programs with innovative solutions which increase capacity, allowing the grantee organization to deliver its products and/or services more effectively and efficiently. Cisco also supports the design and implementation of technology-based solutions which increase the availability of, or improve access to, products and/or services that are necessary for people to survive and thrive.

Within Cisco's framework, the critical human needs investment area includes clean water, food security, and shelter. Cisco investments support programs that provide these and other essential prerequisites to self-sufficiency. The Foundation also has funded programs such as Habitat for Humanity, to provide housing to families in need. Likewise, the Foundation's partnership with Water for People and Akvo Foundation supports access to clean water and transparency of water sector solutions, Community Solutions supports access to affordable housing.

When appropriate, Cisco makes cash grants in response to natural disasters and humanitarian crises. In the past, for example, Cisco has provided support through organizations such as the American Red Cross, Save the Children, CARE, and NetHope, to provide relief to people affected by the earthquakes in Japan and Haiti, floods in California, and other disasters. On a case-by-case basis, the Foundation may provide support for global pandemics, such as Ebola.

Access to Education

Cisco's strategy is to support the creation and deployment of technology-based solutions which enable students to master a baseline of educational knowledge in mathematics, literacy, science, engineering, and technology. The rationale behind this approach is that children that have mastered core curriculum in primary school have the foundation to succeed in secondary school and beyond. In line with Cisco's overall grant-making philosophy, Cisco focuses particularly on underserved populations.

Cisco investments support innovative solutions which increase capacity, allowing grantee organizations to deliver, administer, and track education development more effectively and efficiently. To this end, Cisco funds the design and development of tools which increase the availability of, or improve access to, products and/or services for curriculum development, student centrality, and teacher development - Cisco does not provide direct funding to schools. The Foundation has funded organizations such as the MIND Research Institute to develop a fully web-deliverable platform to enable scale-up of their education programming, which aims to improve the math proficiency rates and problem-solving skills of K-8th grade students. The Foundation is also supporting organizations like Science Buddies and Citizen Schools, which support both students and teachers.

Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs

Economic Empowerment

Cisco's strategy is to encourage employment success, entrepreneurship, and financial inclusion by providing access to skills, knowledge, and financial products and services via technology-based solutions. Target beneficiaries are underserved populations to enable them to gain the skills they need to get jobs and develop a career, start/maintain a small businesses, and have access to effective and affordable financial products and services. Cisco's investments in technology solutions facilitate widespread and equitable access to resources that people in poverty need to achieve sustained economic self-sufficiency, and participate in socio-economic development in their communities.

The Foundation has supported organizations like Opportunity International and Grameen Foundation/Freedom from Hunger to increase access to financial products and services, and increase the capacity of microfinance institutions.

Global Impact Cash Grants - Grantmaking Criteria

When Cisco evaluates grant proposals, our goal is to partner with nonprofit organizations that maximize the impact of the assets we have to offer, thereby nurturing the development of successful, self-sustaining individuals and vibrant communities around the globe. To that end, we give highest priority for consideration and funding to proposals that can clearly articulate the planned impact of their efforts, as well as the metrics by which that impact would be measured.

Provided below are the criteria we use to evaluate a grant proposal. We believe these values are the key to maximizing our positive impact on the community.

Addresses a Significant Social Problem with Unmet Need

The program addresses a problem that affects a large number of lives within the target area, and which has severe effects on the lives of individuals and communities within the target area. The significant unmet need exists due to a gap between current and required funding, and/or the need for innovative approaches.

Serves the Underserved

The target audience is greater than 65% economically underserved, relative to the average standards of the target geography.

Utilizes and Leverages the Internet

The program uses the internet and/or internet-based communications technology to improve the efficiency and reach of program services.

Employs an Innovative Approach with Potential for Broad Impact

The program provides an innovative solution that creates an opportunity for significant impact beyond the direct benefits of specific Cisco-funded activities. For example:

- Market effects due to major shift in economics, productivity, and effectiveness.
- Ability to catalyze behavior of other key agents or partners in ecosystem to achieve an order of magnitude more together than apart.

Has Appropriate Attributes to be Replicable

Statement 19

Form 990-PF, Part XV, Question 2

Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs

The design of the program allows for it to be easily and cost effectively reproduced/duplicated for use in local environments around the globe.

Has Appropriate Attributes to be Scalable

The design of the program allows it to expand to meet the needs of the target population without a nearly equivalent investment of resources for each individual or group.

Has Appropriate Attributes to be Sustainable

The long-term plan for the program includes mechanisms by which it can flourish significantly beyond the resources which will be provided by Cisco.

Incorporates Metrics to Measure Program Impact

The program defines and utilizes SMART (Specific, Measurable, Achievable, Realistic, Timely) metrics in order to help Cisco and the grantee measure progress towards success.

- **Specific:** Specific Metrics are clear and well-defined. This helps both the grantee and the grantor, as the grantee knows what is expected of them and the grantor is able to monitor and assess actual performance against the specific Metrics.
- **Measurable:** Progress toward Metrics often needs to be monitored while work is underway. It is important to know when that work has been done as the Metrics are completed. A measurable metric achieves this end.
- **Achievable:** Achievable Metrics ensure that everything is in place and that if the grantee does not reach the goals they cannot reasonably point the finger elsewhere.
- **Realistic:** Metrics should be realistic. A metric will often fail for a number of reasons including a lack of skill, not having enough resources (computers, tools, etc.), not having access to key people and not having management support.
- **Timely:** Descriptions of Metrics should include timescales of what is required by when. This may also include details of delivery, stating (if relevant) where Metrics are to be completed. Giving a time scale adds appropriate sense of urgency and ensures that the Metrics do not dribble out over an unreasonably long timescale.

Possesses Outstanding Leadership

The organization has an outstanding leader and/or management team with qualities such as vision, execution ability, passion, ethical approach, expertise, external relationships, and credible track record in the relevant area.

Aligns with Foundation Goals and Values

- Program meets basic criteria, guidelines, requirements of Cisco grant programs
- Program fits into at least one investment area: Critical Human Needs, Access to Education, Economic Empowerment
- Program leverages the internet
- Program serves the underserved
- Program has the potential to leverage the breadth of Cisco resources and assets (i.e., Cisco employee volunteerism, partner ecosystems, etc.) for maximum value added

Overall, Cisco will not consider incomplete proposals or programs that do not meet our grant-making criteria.

Global Impact Cash Grants – Eligibility Requirements

Following are the basic eligibility requirements and policies for Cisco Global Impact Cash Grants:

Organization Classification

1. U.S. organizations must provide evidence that the IRS has recognized them as tax exempt under the Internal Revenue Code Section 501 (c)(3), AND has classified them as a public charity.
2. Organizations from outside the U.S. must (a) provide information and documents to determine whether the organization is the equivalent of a U.S. public charity, or (b) agree to sign and comply with an expenditure responsibility contract. Cisco will determine whether (a) or (b) is appropriate for a particular organization.

First-Time Global Impact Cash Grant Applicants

Note that for first-time global grant applicants, the maximum request amount Cisco will consider is US \$75,000.

Overhead Percentage

As a rule, Cisco does not fund organizations or programs whose overhead expenses exceed 25%. Organizations or programs whose overhead costs exceed our stated limit are occasionally exempt from this requirement; however, they must be exceptionally aligned with Cisco's values and criteria, and they must clearly explain and justify their overhead costs. Exemptions to the requirement on overhead expenses are determined on a case-by-case basis.

Ineligible Programs and/or Activities

- **Miscellaneous exclusions:** general operating expenses, other than directly associated with the program itself; individuals; research programs; membership-based activities; programs that promote or serve one culture, race, religion, population group, or political viewpoint - rather than the community at large; religious, political, or sectarian organizations (some exceptions apply. See our "Policy on Religious Proselytizing" below).
- **Hospitals:** Private or public hospitals; hospital foundations; medical centers, research centers, etc. (Programs based in a hospital may be eligible; however, grant funds must go exclusively to direct service in the community, not to general hospital operating expenses.)
- **Schools and scholarships:** Private, public, or charter schools; school foundations, booster clubs, and/or fundraising organizations affiliated with a particular school; colleges/universities; scholarships, stipends or loans within a program; and/or school-related activities such as field trips, research programs, etc.
- **Events:** athletic events, competitions, tournaments; conferences, seminars, workshops; festivals, field trips, or other recreational events; fundraising events or sponsorships (benefit dinners, walks/runs, concerts, sports teams, etc.)
- **Philanthropic:** capital building funds, challenge grants, certain grant-making organizations (i.e., company foundations, family foundations, etc.)

Policy on the Funding of Equipment

Statement 19

Form 990-PF, Part XV, Question 2

Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs

In general, Cisco does not fund the purchase of computer hardware or software, but may consider doing so only in cases where: 1) such resources are leveraged in a strategically innovative manner, thereby extending their impact well beyond everyday/staff use; AND 2) such resources are not available through other, more cost-effective means such as in-kind donation. Applicants must demonstrate that they have thoroughly explored such avenues without success.

Policy on Non-Discrimination

Cisco does not promote or discriminate against any person, population group, or organization with regard to categories protected by applicable United States law, as well as other categories identified by Cisco in alignment with our own Human Resources policies. These include, but are not limited to race, color, religion, sex, gender expression, physical appearance, language, education background, national origin, age, disability, and veteran status.

Cisco seeks to support public benefit organizations that are substantially in alignment with our non-discrimination policy. Organizations that are found to discriminate in their provision of services and/or their hiring practices based on any of these or other criteria may be deemed ineligible for funding support and/or required to return any grant awards, and may be rendered ineligible for future support.

Policy on Religious Proselytizing

Cisco is committed to providing an open, diverse, and nondenominational working environment. Cisco will not support any program which requires exposure, adherence to, or conversion to any religious doctrine in order to be a beneficiary of the program. To clarify, a direct service program run by a faith-based organization may be eligible, provided that the program's beneficiaries are not encouraged or required to learn about, adhere to, or convert to that organization's religious doctrine as a condition of receiving service from the program.

Policy on Non-Support of Violence and Terrorism

It is Cisco's mission to fund nonpartisan service organizations that adhere rigorously to fundamental human rights principles. Cisco does not knowingly support grantee organizations that endorse, support, or promote violence, terrorist activity, or related training, whether through their own activities or indirectly through their support of, support by, or cooperation with, other persons and organizations engaged in such activities. Cisco requires our grantees to confirm that they do not engage in or support such activities, and we vet potential grantees with care. If a grantee appears to be in violation of this policy, Cisco will suspend funding immediately and require the grantee to freeze grant funds until Cisco has investigated the matter. If the investigation discloses violations of this policy, Cisco will require the grantee to return all grant funds; Cisco will classify the grantee as ineligible for future funding; and Cisco will take such other steps as the law may require.

Policy on Advocacy, Lobbying, and Other Political Activity

Cisco's policy with respect to providing grant support to organizations that engage in advocacy and/or lobbying is subject to our diversity policy. This policy states that Cisco does not promote or discriminate against any person, population group, or organization with regard to race, color, religion, sex, gender expression, national origin, age, disability, veteran status, or other categories protected by applicable United States law. In accordance with this policy, Cisco will not provide grant support to any organization that advocates or lobbies against any such protected category.

Furthermore, in order to avoid actual or apparent preferences for any protected or non-protected

category over another, Cisco may reject grant support to any organization that lobbies or advocates for or against any single person, population group, organization, or cause/issue (e.g., political position, policy, law/legislation, etc.).

In addition, grantees that are classified as charitable organizations under the U.S. Internal Revenue Code must certify to Cisco that they comply with applicable law regarding limits on their lobbying activity and that they do not engage in prohibited electioneering activity. Finally, Cisco does not permit its grant funds to be applied to any individual program of a grantee that involves any type of lobbying or political activity.

Note: "Lobbying" is defined in Section 4945(e) of the U.S. Internal Revenue Code to mean attempts to influence legislation through grassroots lobbying of the public or direct lobbying of government officials. Certain exceptions exist (e.g., for nonpartisan analysis or invited testimony). "Legislation" includes all matters that may be voted upon by the U.S. Senate or House of Representatives, a state legislature, a local city or county council, an Indian tribal body, or a legislative body in a foreign nation, including votes taken by a committee of such body. Such matters may include votes to approve executive or judicial appointments of public officials as well as new laws or repeal of existing laws. "Legislation" also includes laws voted upon by the people in an initiative, referendum or other vote taken within a national, state, or local area.

"Political" refers to any payment made or action taken, directly or indirectly, to influence the outcome of any political campaign on behalf of, or in opposition to, any candidate for elective public office, including oral or written statements. Such activity is prohibited for tax-exempt organizations under Section 501(c)(3) of the U.S. Internal Revenue Code.

Policy on Board Review and Approval

Cisco requires applicants to certify that the chairperson or at least one officer of the organization's Board of Directors has reviewed the grant proposal and that the organization's board is aware of the application and supports its submission. Cisco also requires applicants to certify the accuracy of the proposal and to confirm that the organization complies with the policies stated on this web site.

Policy on Reviews of Accuracy/Compliance

All applicants are subject to reviews of their representations in their grant applications, their compliance with the policies stated above, and, if applicable, their adherence to the terms of the grant contract. If such a review reveals significant inaccuracies or violations of the policies stated above, or if an organization does not cooperate with the review, the organization may be required to return any granted assets and forfeit future funding eligibility.

Written Grant Contract

Grantee organizations are required to sign a written grant contract before payments can be made.

Reporting and Performance Tracking

As noted in the Grant-Making Criteria section of our program overview, Cisco looks for grant proposals in which concrete measures of success can be used to assess performance. Organizations that receive funding will be required to register with an online system that will enable them to customize performance metrics for their project and measure their progress over

the life of the grant award. Meaningful participation in this process is a requirement for continued funding eligibility.

Global Impact Cash Grants - Application Process

Cisco now accepts unsolicited applications to the Global Impact Cash Grant program. Our new application process is open year-round; therefore, your organization may begin the application process at any time. Please note that all grant applications must be submitted using our online grant application tool. Cisco does not accept applications submitted via postal mail or email attachment.

Community Impact Cash Grants

Through its Community Impact Cash Grant program, the Foundation supports non-profit organizations in communities where Cisco has a major employee and operational presence.

Since every site community is different, the Foundation must ensure it has the flexibility to meet unique community and organizational needs where they are the greatest. Community Impact Cash Grants provide a framework for leveraging the Foundation's contributions and volunteer resources to effectively and efficiently meet local community needs thus helping to build a strong and economically thriving community for all.

Community Impact Cash Grants are available to qualifying organizations within a 50 mile radius of Cisco major site communities including Boxborough - Massachusetts, Lawrenceville - Georgia, Research Triangle Park - North Carolina, Richardson - Texas, San Jose - California, Bangalore, India, United Kingdom, Canada, China, and other Cisco locations that have an active Civic Council and significant employee presence. The physical headquarters of the organization need not be within this radius, as long as an affiliate office operates and/or administers programs within the specified area.

Community Impact Cash Grants support the unmet needs of underserved communities in the areas of Education and Critical Human Needs and, on a case-by-case basis, Community Leadership. Organizations must also qualify against a set of guidelines and requirements as outlined below.

Ultimately, the Community Impact Cash Grant process is designed to meet the unique needs of the local community while aligning and extending the impact of the Foundation's broader philanthropic goals. Community Impact Cash Grants are awarded through a competitive application process overseen by the Foundation.

Community Impact Cash Grants - Investment Areas

Community Impact Cash Grants support the unmet needs of underserved communities in the areas of Education and Critical Human Needs.

Education

Statement 19
Form 990-PF, Part XV, Question 2
Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs

The Foundation believes that a strong and quality education system is fundamental to the economic success and quality of life in knowledge-based communities, and it is the economic future of every nation. Thus, the Foundation builds capacity in organizations improving education in its local communities. Within the broad spectrum of issues affecting education, the Foundation is particularly well-suited to invest in organizations, programs and strategic initiatives that improve literacy and science, and increase graduates in the fields of Science, Technology, Engineering and Mathematics.

Fundamentally, the Foundation invests in organizations that help ensure all students have an equal opportunity to learn and succeed in the 21st century beginning with preparation in pre-K programs through 8th grade.

Critical Human Needs

The Foundation supports building capacity in organizations, projects and initiatives that assist in meeting our neighbors' basic human needs for food, shelter, disaster response, water, access to basic healthcare and breaking the cycle of poverty.

Community Impact Cash Grants - Grantmaking Criteria

When the Foundation evaluates grant proposals, the goal is to partner with organizations that maximize the impact of the assets offered, thereby nurturing the development of healthy, self-sustaining, civic-minded communities around the globe. To that end, the highest priority and funding consideration is given to proposals that can clearly articulate the planned impact of their efforts, as well as the metrics by which that impact will be measured.

Listed below are the criteria used to evaluate a grant proposal. These values are key to maximizing positive impact in the community.

Addresses a Significant Social Problem with Unmet Need

The organization addresses a problem that affects a large number of lives within the target area, and which has detrimental effects on the lives of individuals within that community. The significant unmet need requires urgent action.

Serves the Underserved

The target audience of the program includes economically underserved populations relative to the average standards of the target geography. A minimum of 50 percent of the constituency served by the organization must be economically underserved. The higher the percentage of underserved, the higher the likelihood of receiving funding.

Utilizes and Leverages the Internet

Community Impact Cash Grants do not necessarily require the program to be funded to include greater use of the Internet; however priority is given to organizations that incorporate technology in the delivery and reach of services.

Incorporates Metrics to Measure Program Impact

The program defines and utilizes SMART (Specific, Measurable, Achievable, Realistic, Timely) metrics in order to help Cisco and the grantee measure progress towards success.

Statement 19

Form 990-PF, Part XV, Question 2

Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs

- **Specific:** Specific metrics are clear and well-defined. This helps both the grantee and the grantor, as the grantee knows what is expected of them and the grantor is able to monitor and assess actual performance against the specific metrics.
- **Measurable:** Progress toward metrics often needs to be monitored while work is underway. It is important to know when that work has been done as the metrics are completed. A measurable metric achieves this end.
- **Achievable:** Achievable metrics ensure that everything is in place and if the grantee does not reach the goals, they cannot reasonably point the finger elsewhere.
- **Realistic:** Metrics should be realistic. A metric will often fail for a number of reasons including lack of skill and/or resources (computers, tools, etc.), not having access to key people and not having management support.
- **Timely:** Descriptions of metrics should include a time frame of what is required by when. This may also include details of delivery, stating (if relevant) where metrics are to be completed. Providing a time frame adds an appropriate sense of urgency and ensures the metrics do not dribble out over an unreasonably long time frame.

Possesses Outstanding Leadership

The organization has an outstanding leader and/or management team with qualities such as vision, execution ability, passion, ethical approach, expertise, external relationships, and credible track record in the relevant area.

Aligns with Cisco Goals and Values

The organization meets the basic criteria, guidelines and requirements as defined for Cisco's Community Impact Cash Grant program.

Community Impact Cash Grants – Eligibility Requirements

The following are the Eligibility and Policy requirements for Community Impact Cash Grants.

Organizational Requirements

- Organizations must be recognized by the Internal Revenue Service (IRS) as tax-exempt under Internal Revenue Code Section 501(c)(3) and classified by the IRS as a public charity.
- Organizations from outside the United States (U.S.) must (a) provide information and documents to determine whether the organization is the equivalent of a U.S. public charity, or (b) agree to sign and comply with an expenditure responsibility contract. Cisco will determine whether (a) or (b) is appropriate for a particular organization.
- Organizations to be funded must serve an audience greater than 50 percent economically underserved relative to the average standards of the target geography.
- Organizations and programs that fit the core parameters outlined in the Community Impact Cash Grants Investment Areas are eligible to apply.
- Community Impact Cash Grants are available to qualifying organizations within a 50 mile radius of Cisco major site communities including Boxborough - Massachusetts, Lawrenceville - Georgia, Research Triangle Park - North Carolina, Richardson - Texas, San Jose - California and Cisco locations that have an active Civic Council and significant employee presence. The physical headquarters of the organization need not be

within this radius, as long as an affiliate office operates and/or administers programs within the specified area.

- An organization's overhead is not to exceed 25 percent.

Ineligibilities

The Foundation will not consider incomplete proposals or programs/projects that fall outside Cisco's Community Impact Cash Grants Investment Areas including the Eligibility and Policy requirements listed below. In addition, proposals in the following areas are not eligible for a Community Impact Cash Grant.

- Multi-year grant support requests
- Grants to public/private schools, charter schools, school districts, school foundations or parent/booster clubs
- Grants in support of events such athletic events, competitions or tournaments, conferences/seminars, festivals, field trips, and fundraisers including sponsorship of benefit dinners, walks/runs, golf tournaments, sports teams, etc.
- Capital building funds, challenge grants and matching grants
- Individuals seeking personal grant awards
- Religious, political, or sectarian organizations (Exceptions may apply. See our Policy on Religious Proselytizing.)
- Research projects/programs

Policy on the Funding of Equipment

In general, Cisco does not fund the purchase of computer hardware or software, but may consider doing so only in cases where: 1) such resources are leveraged in a strategically innovative manner, thereby extending their impact well beyond everyday/staff use; AND 2) such resources are not available through other, more cost-effective means such as in-kind donation. Applicants must demonstrate that they have thoroughly explored such avenues without success.

Policy on Non-Discrimination

Cisco does not promote or discriminate against any person, population group, or organization with regard to categories protected by applicable United States law, as well as other categories identified by Cisco in alignment with our own Human Resources policies. These include, but are not limited to race, color, religion, sex, gender expression, physical appearance, language, education background, national origin, age, disability, and veteran status.

Cisco seeks to support public benefit organizations that are substantially in alignment with our non-discrimination policy. Organizations that are found to discriminate in their provision of services and/or their hiring practices based on any of these or other criteria may be deemed ineligible for funding support and/or required to return any grant awards, and may be rendered ineligible for future support.

Policy on Religious Proselytizing

Cisco is committed to providing an open, diverse, and nondenominational working environment. Cisco will not support any program which requires exposure, adherence to, or conversion to any religious doctrine in order to be a beneficiary of the program. To clarify, a direct service program run by a faith-based organization may be eligible, provided that the program's beneficiaries are not encouraged or required to learn about, adhere to, or convert to that organization's religious doctrine as a condition of receiving service from the program.

Statement 19

Policy on Non-Support of Violence and Terrorism

It is Cisco's mission to fund nonpartisan service organizations that adhere rigorously to fundamental human rights principles. Cisco does not knowingly support grantee organizations that endorse, support, or promote violence, terrorist activity, or related training, whether through their own activities or indirectly through their support of, support by, or cooperation with, other persons and organizations engaged in such activities. Cisco requires grantees to confirm that they do not engage in or support such activities, and Cisco vets potential grantees with care. If a grantee appears to be in violation of this policy, Cisco will suspend funding immediately and require the grantee to freeze grant funds until Cisco has investigated the matter. If the investigation discloses violations of this policy, Cisco will require the grantee to return all grant funds; Cisco will classify the grantee as ineligible for future funding; and Cisco will take such other steps as the law may require.

Policy on Advocacy, Lobbying, and Other Political Activity

Cisco's policy with respect to providing grant support to organizations that engage in advocacy and/or lobbying is subject to our diversity policy. This policy states that Cisco does not promote or discriminate against any person, population group, or organization with regard to race, color, religion, sex, gender expression, national origin, age, disability, veteran status, or other categories protected by applicable United States law. In accordance with this policy, Cisco will not provide grant support to any organization that advocates or lobbies against any such protected category.

Furthermore, in order to avoid actual or apparent preferences for any protected or non-protected category over another, Cisco may reject grant support to any organization that lobbies or advocates for or against any single person, population group, organization, or cause/issue (e.g., political position, policy, law/legislation, etc.).

In addition, grantees that are classified as charitable organizations under the U.S. Internal Revenue Code must certify to Cisco that they comply with applicable law regarding limits on their lobbying activity and that they do not engage in prohibited electioneering activity. Finally, Cisco does not permit its grant funds to be applied to any individual program of a grantee that involves any type of lobbying or political activity.

Note: "Lobbying" is defined in Section 4945(e) of the U.S. Internal Revenue Code to mean attempts to influence legislation through grassroots lobbying of the public or direct lobbying of government officials. Certain exceptions exist (e.g., for nonpartisan analysis or invited testimony). "Legislation" includes all matters that may be voted upon by the U.S. Senate or House of Representatives, a state legislature, a local city or county council, an Indian tribal body, or a legislative body in a foreign nation, including votes taken by a committee of such body. Such matters may include votes to approve executive or judicial appointments of public officials as well as new laws or repeal of existing laws. "Legislation" also includes laws voted upon by the people in an initiative, referendum or other vote taken within a national, state, or local area.

"Political" refers to any payment made or action taken, directly or indirectly, to influence the outcome of any political campaign on behalf of, or in opposition to, any candidate for elective public office, including oral or written statements. Such activity is prohibited for tax-exempt organizations under Section 501(c)(3) of the U.S. Internal Revenue Code.

Community Impact Cash Grants – Application Process

Statement 19

Form 990-PF, Part XV, Question 2

Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs

The Foundation accepts Community Impact Cash Grant proposals from qualifying organizations on an annual basis. Organizations whose mission and programs align with the Community Impact Cash Grant Investment Areas may be invited to apply for a grant. These strategic grants are awarded to organizations that have visionary leadership, demonstrated success in responding to community need and are innovative and responsive in their approach. Ideal candidates are able to layer Cisco resources including employees and technology to maximize impact in the local community.

In the spirit of the Silicon Valley Impact Grants program which has been integrated into the Community Impact Cash Grants program, the Foundation will continue to accept grant proposals through an alternative Open Application Process for Silicon Valley that is available for an identified period annually. During this time, organizations may submit a grant proposal to Cisco for consideration based on targeted Community Impact Cash Grants - Investment Areas.

Cisco's Habitat for Humanity Grant Program

Overview

Cisco employees have been participating with Habitat for Humanity since the 1990's. Cisco supports Habitat for Humanity affiliates around the globe by providing Build, Partner and Internet grants in addition to matching employee contributions of both time and money. The Cisco Habitat for Humanity grant program aims to further encourage and support employee engagement with Habitat for Humanity around the globe.

The Habitat Grants Program is a special program that combines resources from both the Foundation and Cisco Systems, Inc. The Foundation portion only covers the Build Grant portion and this is only offered based on employee level of participation. Cisco volunteers must donate at least 15% domestically and 10% internationally of the total volunteer hours needed to build a Habitat house in order for it to qualify for a Habitat Build Grant. The Habitat affiliate then applies to Cisco for a Build Grant to help pay for a portion of the house.

Basic Requirements

- The grant program has some basic requirements. A group of employees must be willing to commit to building a significant portion of any one house in order to recommend the HFH affiliate for the grant program.
- Domestically, employees must be willing to commit to building 15% of the total build hours required to complete the house. So if the HFH affiliate estimates that it will take 1000 unskilled labor hours to build a house, then the employees must commit to building 150 hours.
- Internationally, employees must be willing to commit to building 10% of the total build hours required to complete the house. So if the HFH affiliate estimates that it will take 1000 unskilled labor hours to build a house, then the employees must commit to building 100 hours.

Limitations

Statement 19
Form 990-PF, Part XV, Question 2
Information Regarding Contribution, Grant, Gift, Loan, Scholarship, etc Programs

- Grants must be recommended at least 8 weeks prior to the start of the build.
- Grants are independent from matching gifts and volunteer match – those are available regardless of the number of volunteer hours committed.
- Grants will be processed throughout the fiscal year so long as funds are available.
- When the budget is expired, the grants program will close until the beginning of the new fiscal year.
- Each HFH Affiliate may receive a limit of up to two Build grants per year.

Employee Volunteer Match

The Foundation will match employee volunteer time by donating \$10 per hour per employee worked with a maximum team event match of \$10,000 to the local Habitat affiliate.

Foundation Matching Gifts/Volunteerism Program

The Foundation will match direct contributions by all regular Cisco employees made to nonprofit organizations which conform to the current program criteria and guidelines. Employees can request matching funds for qualified 501(c)(3) nonprofit organizations, qualified US K-12 public & private schools, and qualified US Colleges and Universities. Gifts of cash and volunteer hours are currently matched in this program. Both individuals and teams are eligible.

Supplemental Statement
Form 990-PF, Part VII-B, Question 1(a)(3)

During the fiscal year ending July 31, 2016, Cisco Systems, Inc. (the Corporation) provided the full-time equivalent of two employees to Cisco Systems Foundation (the Foundation). The Foundation did not reimburse the Corporation for these employees. Moreover, the Corporation provided the Foundation with space rent free. The corporation is a disqualified person with respect to the Foundation under U.S. Treasury Regulation Section 53.4941(d)-2(d)(3). The furnishing of goods and services by a disqualified person free of charge is not an act of self-dealing.
