AUGUST 2010

 **Message From The G.M.** 

A quick update on the Clubhouse Construction Project. We have found a way NOT to have to put the hallway in the Magnolia Room. The reason management wanted the hallway was to have a door to allow us to separate the Magnolia Room into two rooms. We can do this by putting a pocket door in the existing hallway and then make use of the partition walls when necessary.

Also, the restaurant is being extended into the lobby because we are enclosing the old bar and the area currently occupied by the two PAC doors on the left side to make more storage space for Food & Beverage supplies. This will help get most of the supplies off the stage and out of the closet in the Magnolia Room. We will also have a waitress service station behind these walls to get the dirty dish cart out of sight. The Pasco County permitting process is moving slower than expected. I will keep you notified as this process proceeds.

In a effort to communicate with the residents and resolve problems, I sometimes make decisions quickly, when there is no need to do this. I intend to take more time in this effort so I do not give the appearance that my decisions are inconsistent. As always, if I can be of assistance or if you have a comment on Association Management issues, please contact me.

## Environmental Issues Committee

### UPCOMING EVENTS

#### Paper Recycling Program:

Get ready to recycle paper and cardboard! HPCA is in the process of signing a contract with Green Fiber, a company that turns recycled paper into high grade insulation for homes. In the next few weeks you will receive communication that the program is ready to start. You will be able to recycle the following items: phonebooks, office paper (including junk mail), cardboard, cereal and other food boxes, magazines, brown paper bags, construction paper, soft books, and newspapers. However, we would encourage you to continue to put your newspapers in the separate newspaper bin because our rebate for newspapers from a different company is greater than what we can get from Green Fiber.

A separate large collection bin will be placed in our recycling area specifically for paper products. Green Fiber will empty the bin weekly or as needed. We will receive a rebate (amount still in negotiation) for each ton. Rebates from all recycling programs are used for environmental programs here in Heritage Pines. More information to follow.

#### Florida Friendly Landscaping Fair:

We are planning an event for late October in Gazebo Park that will educate all of us about Florida Friendly Landscaping. We plan to have speakers who will explain the principles and vendors who will bring Florida Friendly plants for sale. Food, music, and maybe even a game will be available. Look for specific information soon.

#### Hazardous Waste Collection Day:

With the help of Pasco County we hope to hold a hazardous waste collection day here January 2011. That means you will be able to bring your paint cans and other hazardous waste containers to a central location for pick-up and proper disposal. We hope to be able to have electronics pick-up, too, so you will be able to dispose of old TVs, computers, etc. There may be a small charge for electronics disposal.

We hope you are continuing or starting to recycle #1 and #2 plastic containers; clear, green, and brown glass; and metal food cans (not aluminum) in blue bags for pick-up on Mondays. Go GREEN Heritage Pines!

## Community/Memorial Tree Program

The Community/Memorial Tree Program provides the opportunity for our residents to purchase a tree in memory of a loved one or friend. Trees may also be purchased to honor a person or because you wish to donate one in your name to beautify our community. Prices vary according to the type and size of tree. Residents may choose a general location for a donated tree which can be on the golf course, along the main boulevard or in other areas of the community. The final placement of each tree will be approved by our golf course superintendent, Tommy Land. Trees will be planted during the months of March/April and October/November. Please plan your purchase during the preceding months.

A map showing the location of all donated trees is located in the hallway by the Magnolia Room. The Community/Memorial Tree Program is headed by Linda O'Leary. Please contact Linda at 819-9207 for pricing information.

*Sponsored by the Golf Advisory Committee.*

## Notes From The Architectural Review Committee

This month we'll talk about ornaments, pots and mailbox posts. I hope this will answer some questions and clear up some confusion. On page 24 of the Architectural Manual it says that ornaments shall not exceed 48 inches in height and 30 inches in width and no more than three (3) ornaments and three (3) potted plants. Now this means you can have up to three (3) of each in the front of the house and three (3) of each in the rear. An empty pot and anything attached to the wall of the house is considered an ornament. If you live on a corner lot, you can place any of the above at the side of the house. So go take a look at your ornaments and pots just to make sure you have the right amount.

There are several mailbox posts in the community that need to be replaced. Ben Bell, 868-4261, is the guy to call. Ben is a resident and does an excellent job of installing a new post for a very reasonable fee. Can't get much more convenient than that. Thank you Ben for providing us with this service.

Patricia Welsh, Secretary

## August's Employee of the Month

### Dale Gallagher

This month's employee is Dale Gallagher from the facilities maintenance department. Dale hails from Detroit, Michigan, where he was born and raised. He spent four years in the Navy in the navigation department. After his time in the service, he moved to St. Petersburg where he spent time as

a swordfish fisherman, alarm installer, and yacht electronics installer. During his time in Florida, Dale went to college and achieved a bachelors in Technology Management, and an electronics technician certificate. In 2004, he moved to Spring Hill, working for Lowe's and then coming here to Heritage Pines in 2008. Dale has a son who lives here in Florida, and a daughter who resides in Detroit. He enjoys fishing and playing the guitar.

Congrats Dale!

### Lifestyle Committee

A "singles table" is going to be available at certain HP events such as Trivia, Name That Tune, Family Feud, for single residents. It is the hope that these residents will be able to meet new people thus allowing them to form new friendship with residents who have common interests. Additional ideas and events are being planned to enable interaction among the single residents. In the coming months more information will become available.

In October and November the Lifestyle Committee will be holding Bingo to raise money for Cancer Research (October) and Hope Ranch (November). Additional events are being planned by a variety of groups in October to raise money for Cancer Research. Paul has been busy contacting groups such as; tennis, golf, billiards to arrange mini tournaments. If you have a group that would be interested in participating but have not yet been contacted call Paul Chefero for information.

## Rumor of the Month "Sysco City"

Hello, hello... I'm at it again. I thought I'd be able to sit back and enjoy my retirement, but it seems the old rumor mill is spinning out all kinds of gobbledygook. While there are a multitude of rumors I could pick from, I'd rather choose one that will churn up the most chatter.

I am not a snowflake. I am here year round and enjoy many of the events and dining opportunities provided to me by the Clubhouse and its staff. I heard recently that there is actually no "cooking" going on, and that it's all "pre-packaged" and "microwaved." I found this shocking and absolutely dissatisfying as I have been bringing my family here for years. So I got the task of finding out just what was lurking in our freezer...

Our restaurant uses Sysco, a global provider of food items, kitchen supplies, and hospitality products (according to its website). I went to those in charge, and point blank, asked for a peek. I did not see ONE item that was pre-packaged or had any resemblance of a TV dinner. I saw fresh vegetables, fresh fruit (and canned fruit), raw meats, and an abundance of condiments and seasonings, much like those in my own kitchen (just on a larger scale). Dinner preparations were underway; and I can assure you the food was being grilled, seasoned, sautéed, simmered, broiled, steamed, baked, fried, and all the other forms of cooking related adjectives you can think of. Sysco provides the same items to our kitchen as they do to local franchises and other clubhouses just like ours.

I will be the first to admit that not every experience I have had has been a 10 out of 10, but I've made management aware of their shortcomings immediately rather than waiting a few days or weeks. It seems to me that many of the complaints are hit or miss, just as they would be with any franchise restaurant in existence. Our kitchen can put out great meals, evidenced by the fact that I still cannot get a table for the monthly Italian Night.

Like the old adage said "What came first... the chicken or the egg?" Notice, neither of which were pre-packaged or microwaved. Sorry all... but this rumor is FALSE.

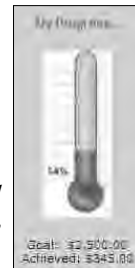

## Susan G. Komen 3-Day For A Cure Event™

I am well into my second month of training and fundraising for the Susan G. Komen event being held October 29, 30, and 31<sup>st</sup>. I have committed myself to this event, walking approximately 22 miles each day, totaling 60 miles. As part of my commitment, I have a non-negotiable goal of reaching \$2,500.00 before my walk. I'm reaching out to the Heritage Pines Community for support as I represent so many of our residents who have been diagnosed and who are survivors.

Big THANKS to my donors thus far:

"maniac" (that is the definition of anyone crazy enough to leave the State of Maine!) She completed her Masters Degree in Nursing while working fulltime as an RN and raising three children. After becoming empty nesters Elizabeth enhanced her career to become Director of OR/Pacu and Ambulatory care units at Glens Falls Hospital, NY and Montifiore Medical Center in the Bronx. She enjoyed experiencing so many of the cultures New York and the Bronx had to offer. Ray retired and Elizabeth got recruited to the Medical College of Virginia where they enjoyed sailing on the Chesapeake Bay and its Rivers. Elizabeth also enjoyed gardening, crabbing and raising her own oyster beds, until one day decided, "Hey, why am I still working?" So needless to say retirement was in and the fun began! Unfortunately, after a time they needed to move to Florida to care for Elizabeth's parents in Spring Hill and ended up buying in Heritage Pines and live on a golf course....what is golf? They traded their sailboat for a golf cart and quickly took to the game. Elizabeth is active in the HPLGA and presently is the Historian. She is very creative, talented, enjoys quilting, tending to her adorable mini dachshunds and visiting her five grandchildren. Elizabeth continues to work on her golf game with friends "who never give up on me or laugh at my attempts to stay out of trouble!"

## Golf Advisory Committee

Isn't our golf course the best looking around here these days? We have the wonderful crew from Valley Crest to thank for that. Tommy Land and all the people who work so diligently through this hot Florida summer to keep us so green and gorgeous deserve a medal or at most a big thanks from all of us. So when you are out and about and you see those folks working on our common grounds as well as the course itself, be sure to give them a big thank you. A bottle of cold water might be welcomed as well. The committee took the month of July off since many of us were away so we really have nothing to report. We'll get back in the swing for August. We meet the first Monday of each month at 1:30 p.m. in the Craft Room. We welcome any residents to come to comment or just listen.

## Niners Ladies' Golf

Regardless of the time of day we golf, we are battling the heat and humidity that have struck with a vengeance along with combating the rough. Did we say ROUGH? Wow! We all know we shouldn't go there but it happens anyway and those handicaps we have worked on so hard to bring down are on their way up. To help ease the pain we have asked the HPLGA to join us for a Crazy Hat Scramble on August 3<sup>rd</sup> followed by our usual social time. Everyone who wears a crazy hat will receive some sort of a "crazy" prize. And no, you do not need to actually wear the hat while golfing. We know there are some very creative women in both organizations so this should be quite enlightening. Who knows, it may even make a difference in our game.

**Did you know** that the HPNLGA has purchased a memorial tree for the golf course? It has been planted on the 6<sup>th</sup> hole and is a Magnolia tree. When our seasonal residents return in the fall we'll have a special dedication.

**Things to remember when out on the course:** When on the green, make sure the flag is out and placed safely away from the hole. There is a 2 stroke penalty for hitting the flag once you are on the green. If your ball touches the red lateral hazard line it is considered to be in the hazard and you cannot ground your club before striking it. All scores should be posted regardless of where you played. Make sure to plan your cart movement and club selection so you can keep play moving.

### Games for August:

- 3<sup>rd</sup> - Hot August Days Scramble with the 18 holers – Crazy Hats
- 10<sup>th</sup> - Individual Stroke play, low net
- 17<sup>th</sup> - Individual Stroke play, low net
- 24<sup>th</sup> - Blind draw – Best Ball Twosome (draw partner's name after golf)
- 31<sup>st</sup> - Individual Stroke Play, odd holes only

**June/July Birdies:** Janice Benedetti (2), Joan Gould, Kathy Kidwell (2), Christine Lyon, Carolyn Nelson, Kathy Robach, Paula Routten, Nancy Suter, and Nancy Thomas. Way to putt ladies.

**June/July Chip-Ins:** Gloria Faust, Edie Stephens (2) and Lillian Stoffo. Nice aim.

**Niners and Diners:** Just to keep things interesting we have been adding some twists to this event the past few months. In June you could pick your own partner and in July you could not sign-up with your spouse or significant other. Dinner was at Argentos in June and at Dukes in July.

**Russ Stefany** made a **Hole-in-One** on hole 12, Sunday, June 20, 2010. Russ used a seven iron and a Wilson Staff ball (from our 2010 Member-Guest Tournament). In Russ' foursome were Joy Stefany, and Bill and Cindy Stocking. Congratulations, Russ!

## The Rules Of Golf

Phil Mickelson ran into trouble on the second day of the Scottish Open in Loch Lomond and blew his chance to depose Tiger as golf's number one for at least another week. He came to grief on the 455

yard, Par-4, 18th hole, his 9th on the day, which has water all the way down the left hand side. His first drive went into the water and it seemed that his second had fared little better, so he changed his driver for a 3-wood and played a third ball, his fifth stroke, out to the right to ensure that it remained in play. In fact, as he walked down the fairway the TV commentator and previous Scottish Open winner, Wayne Riley, told Mickelson that his second ball was playable, but quite rightly the left-hander said that he had not declared his third ball to be a provisional and under the rules of golf had to play it. If he had played his second ball he would have incurred two more penalty strokes for playing a wrong ball as it was no longer in play. Presumably Phil knew that because he was virtually certain that both his first two balls were in the water hazard he did not have the option of playing a provisional ball.

In the absence of a marshal giving him information on where his second shot had finished while he was still on the teeing ground (why did this not happen?) he had chosen to put a third ball into play. Asked why he had played a third ball when his second ball might have been playable from within the hazard Phil made the reasonable point; I didn't want to walk 300 hundred yards up and 300 yards back.

## Provisional Ball

### a. Procedure

If a ball may be lost outside a water hazard or may be out of bounds, to save time the player may play another ball provisionally in accordance with Rule 27-1. The player must inform his opponent in match play or his marker or a fellow-competitor in stroke play that he intends to play a provisional ball, and he must play it before he or his partner goes forward to search for the original ball.

If he fails to do so and plays another ball, that ball is not a provisional ball and becomes the ball in play under

penalty of stroke and distance (Rule 27-1); the original ball is lost.

Note: If a provisional ball played under Rule 27-2a might be lost outside a water hazard or out of bounds, the player may play another provisional ball. If another provisional ball is played, it bears the same relationship to the previous provisional ball as the first provisional ball.

### b. When Provisional Ball Becomes Ball in Play

The player may play a provisional ball until he reaches the place where the original ball is likely to be. If he makes a stroke with the provisional ball from the place where the original ball is likely to be or from a point nearer the hole than that place, the original ball is lost and the provisional ball becomes the ball in play under penalty of stroke and distance (Rule 27-1)

If the original ball is lost outside a water hazard or is out of bounds, the provisional ball becomes the ball in play, under penalty of stroke and distance (Rule 27-1).

### **Dick Starkey Radio Players**

Unfortunately this month's article is a sad one. Ken Kent one of our earliest members and president of this club for the past two and a half years passed away on July 14th. Ken was one of our most talented actors and directors. Ken will be missed by all who knew him. He was a genuinely good and kind person who added a lot to this community. The Radio Club will dedicate the Christmas/Holiday show to his memory. Our thoughts and prayers go out to his lovely wife, Barbara and family.

### **Theatre News**

You're receiving the August newsletter with time to check if there are any available tickets for the Show Palace production of "BOOGIE WONDERLAND" on August 7th. We'll be enjoying the music of the 70's and tickets are \$40.50 each. A nice summer treat that includes show, dinner buffet and taxes. Gratuities are extra. We've booked the Show Palace productions through summer 2012. An exciting line-up is on the schedule. All are listed in the theatre book in the armoire at the Clubhouse. Some of the new shows are: "LITTLE SHOP OF HORRORS", "BREAKING UP IS HARD TO DO", "STEEL MAGNOLIAS", "MEET ME IN ST. LOUIS" and "HAIRSPRAY". Also, the perennial favorite "CHRISTMAS SHOW", plus a new Las Vegas review called "JACKPOT" and "SWING" returns after an eight year break.

We are still in touch with the STRAZ CTR. and will have the dates and prices for the season's shows in a few weeks. We've reserved over 100 tickets for "JERSEY BOYS" and "BILLY ELLIOT" which seem to be the most popular ones on the interest sheets. We will have a bus available and stop for dinner after the show. Lee Gebhardt has volunteered to handle the bookkeeping for the payments. She did a wonderful job keeping track of the money for over 350 residents the last time we saw Jersey Boys and Lion King.

We have a great group of helpers that make this club function well. If you would like to help with telephone calls or ticket delivery, please call me.

Ruth Eckerd Hall has a lot of returning shows for their season. If there's interest in GREASE, THE RAT PACK IS BACK, FRANKIE VALLI, PAUL ANKA, or THE GOLDEN BOYS, we need 15 to get the group rate. Reminder: We would need a \$25 per person deposit when the shows for REH and STRAZ CTR are finalized. Show Palace requires full payment 30 days before the show.

All the tickets I had for the REH Fashion Show and luncheon are sold. I need your \$20 to secure your seat.

### **Community Emergency Response Team = CERT**

By now you should be ready for the 2010 storm season.

You should be stocked up on your prescriptions. You should have a 2 week supply of your medications on hand throughout hurricane season which ends November 30<sup>th</sup>.

Remember, we are all on our own. If a Category 3, 4 or 5 storm hits, Pasco and Hernando shelters will only have room for half the number who might seek refuge. Our worst enemy is complacency. No one is going to bring you water, ice or food after a storm if power is out and stores are closed.

HAVE A PLAN! Make a list. Know where you are going if you choose to leave. Have all the supplies needed to sustain you and yours for 5 to 7 days after a storm without power.

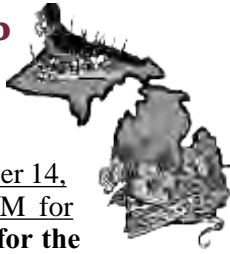

The course of the storm is in God's hands, but survival is up to you. For more information pick up your copy of the "Disaster Preparedness Guide For Elders" at the front desk. Pick up your copy of this new publication while supplies last.

## Caregiver Support Group Meeting

2<sup>nd</sup> Friday of the Month  
August 13 – 10:00 a.m. – Craft Room

We are a small group of local caregivers of family members. We meet each month to get acquainted with other caregivers in our HP community and outside our HP community who are experiencing similar caregiving challenges. We meet to support each other, discover we are not alone, get information and provide confidential assistance.

Taking care of yourself is one of the most important things you can do as a caregiver. A community support system is a key way to take care of yourself by seeking support from other caregivers. There is great strength in knowing you are not alone.

Visit our HP Caregiver Support Group website. Go to Heritage Pines login – choose Social pages, then Clubs, Groups & Leagues. Look under HP Caregiver Support Group and view the website which is full of good caregiver information.

Remember, we have volunteers who would be most happy to visit with your loved one while you attend the Caregiver Support Group Meeting in August.

For more information, call Marie Cunha at 727-857-3044. WE LOOK FORWARD TO MEETING YOU.

## Bunco News

This lively dice game is played on the last Thursday of each month. Please join us on August 26th at 6:15 p.m. in the Magnolia Room. No experience is needed to play BUNCO and this is a nice way to meet your neighbors. Just bring your envelope and we can teach you to play in just minutes before we start. We start promptly at 6:30 p.m. Call Betty Plante at 863-8462 or Marcia Gerber at 819-1662 for envelope information.

## Library News

Our library is maintained by volunteers from the H.P. Book Club. Any one interested in volunteering can call Jocelyn at 869-9461. We gratefully accept donations of POPULAR hard back books and GENTLY USED paperbacks. Fiction books are on the right hand wall in alphabetical order by author. Non-fiction books are on the left hand wall by subject category. Paperbacks are found in the lower four corners in alphabetical order by author. Leave donations and returns on the book cart. Since space is of a premium, we can only keep books of wide appeal. Paperbacks do not need to be returned. The library does not accept magazines, games, puzzles, technical books or other non-book items. We have Large Print books located on the shelf below the books on tapes.

## Heritage Pines Sportsman's Club

The next meeting of the Heritage Pines Sportsman's Club will be held on Thursday, August 12th, 2010 at 11:00 a.m. in the Magnolia Room. Please note that this is the second Thursday of each month. All interested residents are invited to join us at the meeting and to learn about our many club outdoor activities. We are an active and growing club of 56 member couples.

The Sportsman's Club has run a very successful series of fishing trips. Roger Keplinger is continuing to organize trips, but due to the extreme heat and many members have left for their summer retreats, no trips are currently scheduled. As always, you don't have to be a club member to go with us. Call Roger Keplinger, (379-6571 or send email to: [RKeplinger@tampabay.rr.com](mailto:RKeplinger@tampabay.rr.com)) if interested in a fun fishing trip.

The Sportsman's Club, as of May 1<sup>st</sup>, goes trap and skeet shooting on Wednesdays and Saturdays at the Silver Dollar Shooting Club in Odessa, FL. Once in a while we go north to Crystal River and shoot at the Robinson's Ranch range. Transportation is provided and we gather at 9:00 a.m. in the parking lot across from the Clubhouse to organize the carpools. If you don't own a gun and would like to try this sport, you can rent a gun at Silver Dollar for the day at a very reasonable rate. They are getting pretty good at breaking clay targets. As previously reported they are still giving lessons at the Silver Dollar for Trap shooters for \$40.00 per person. There are two instructors for each group of five shooters. One of the nice things that this group does is to enjoy a meal together after each shooting session. We also have six members that have shot Skeet. Skeet is a different game than Trap and requires a different set of shooting skills. We are looking to get more of that activity going. The Sportsman's Club Coordinator for Trap and Skeet shooting is Rich Ford at 857-3300.

Those who are members of the 2<sup>nd</sup> Amendment Club or are members of the Heritage Pines Sportsman's Club can shoot either pistol or rifle at the Smoking Barrel Gun Range and Store located at 6812 Land of Lakes Blvd., phone 813-996-5444. The Wards and Byrnes have gone there a few times and are thrilled that they have access to a well run, air-conditioned range. They have found that the staff is knowledgeable, accommodating and friendly. Again, mention you are a member of either club to receive a discount.

Pistol and Rifle Shooters also can go to Hernando County Sportsman's Club which is on the left about 20 miles as you drive north on Highway 19. Shooting is done on Wednesdays where non-members pay on a pay-

as-you-go basis. If you become a member of the Hernando Club you can shoot for lower cost. You should contact Bob Hunter at 863-9911 if you wish to go to the Hernando Club to do your shooting.

Organized Bocce Ball play is on hiatus due to the hot weather and will resume in the fall.

Howard Stringer and Lorna Colton report that several of the original interested group have gone north for the summer, however, small groups have ventured to local rivers on either the first or third Fridays of each month. That is "weather permitting" what with the heat waves and the afternoon storms. The most popular trip was to St. Josephs Sound at Dunedin from the causeway launch site. After a morning paddle to Caladesi Island for shelling and exploring, a lunch at Honeymoon Café and some afternoon beach time on the Gulf. Interested?? Call for further info at 819-8059. C'mon in, the waters fine.

Please join us at our next meeting of the Heritage Pines Sportsman's Club and find out all about the outdoor fun we are all enjoying. After each monthly meeting many of us get together for food and good conversation at a local restaurant. For more information on the club contact our Secretary, Gail Martinsen at 863-3145.

# August 2010

## Drama Club

The HP Drama Club joins with the Dick Starkey Radio Club in mourning the passing of our friend Ken Kent. He was a tremendous asset to this community and to our club. He will be sorely missed and our thoughts and prayers go out to his wife Barbara and their family.

At this time things are moving smoothly along in planning for our joint Christmas/Holiday show and a date for auditions will be announced in the September Newsletter. We urge everybody who has ever been interested in trying to act to come out for these auditions. We are always looking for new talent. We are also looking for people who may not want to act, but would be willing to work behind the scenes.

At this time we are planning to do three shows plus the Christmas/Holiday show and we expect this to be the best season ever. So come on down and give yourself a chance to "ham" it up for your neighbors and friends.

## Tuesday Ladies Bible Study

During the first two weeks in August we will view 2 DVD's filmed in Ephesus. Michael Carr, well known song writer and singer narrates the films giving historical information about the places in Ephesus as it relates to the New Testament.

The third and fourth weeks of August we will be guided through the Jewish Roots of Christianity by Meno Kalisher a pastor in Jerusalem, Avner Boskey a worship leader and tour guide in Israel, and Michael Rydelnik a professor of Jewish studies at the Moody Bible Institute along with Mark DeHaan of RBC Ministries. In this 3 part series, you'll learn about the rich heritage of the Christian faith, which is grounded in the same Old Testament Scriptures as Judaism,

Our study is open to all women in Heritage Pines. We meet every Tuesday morning at 9:00 a.m. in the Magnolia Room of the Clubhouse. We are a non-denominational Bible Study that requires nothing more than your interest and willingness to be with others in fellowship studying God's word.

## WAG for August

There will be no meeting in August.

WAG is open to all Heritage Pines women. Come meet your neighbors, have lunch, hear speakers, shop and/or visit parts of Florida you've never seen before. This year, we'll invite the men to some of our bus trips and programs. To submit ideas, call Doreen at 819-9012.

On November 9<sup>th</sup>, WAG will sponsor "Bingo Night" to benefit Hope Ranch – the home for girls located on East Road. We have raised money through the years for the girls' social activities, Water Park and Busch Gardens tickets, lunches at the Clubhouse (coinciding with golf lessons given by Kevin Burnsworth), trips, Christmas presents, special birthday cakes, etc.

Please help by attending the Bingo game. You may also help by collecting prizes from local businesses that you patronize or you may donate items such as wine, gift cards or other gift items. Please contact Judy Steininger for submitting your donations or information at 697-3019.

Look for our fall schedule in the September Newsletter. Thank you for your continued interest and participation.

## Pet of the Month

My name is Phantom and my mom and dad are Vicki and Bill Hoffman. My dad found me when I was 2 (or I found him) when he owned a warehouse. Every night, before he closed up, I'd come and get fed and spend the night. This went on for awhile until one day Bill took me to the Vet and I was going home with him. He had other cats at the time and I fit in quite nicely. I'm a great lap cat, even my dad tells me so. Oh, and I'm 16 now - how time flies when you're in a great home!

## Pet Lovers' Club

The Heritage Pines Pet Lovers' Club meets monthly at 11:00 a.m. on the third Monday in the Craft Room. Afterwards, we usually lunch together in the Clubhouse restaurant. All residents are invited to attend our meetings – pet ownership is not required. September's meeting will be held on September 20, 2010.

If you have a pet of any kind, please feel free to join our group. Membership is only \$12 a year for each household regardless of the number of pets owned.

Also, be sure to visit the web site for Heritage Pines Pet Lovers and register your pet(s) -

## Road Trips with Fido & Felix: Tips for Traveling with Pets

Pets make great traveling companions, but require special handling. If you're considering taking a dog or cat on your next road trip, these tips can help ensure that the journey will be safe and fun for everyone in the vehicle!

**Create a paper trail.** Always carry a complete set of medical records, medications and health certificate for your animal companion. Vaccination records (including rabies and bordetella/kennel cough) are particularly important if your trip involves crossing state or national borders.

**Create the "Pet to Go Kit."** This might include water and food bowls from home, two bottles of water per day reserved for the pet, food and treats, an extra leash, cuddly toys, blankets and beds, and sedatives that you can purchase, if needed. On your pet's identification tag, include information for reaching you while you are traveling, including your cell phone number, e-mail address or other contact info in case you become separated. You may want to include a current color photo of your pet if something happens to them.

**Create a pet first-aid kit.** Essential items may include antiseptic cream, assorted bandages, tweezers, eye drops, gauze, tape, etc.

Suggestions for pets on the road:

- ❖ Safely secure you pet while traveling.
- ❖ Dogs can be restrained with a vehicle pet harness, seatbelt, or pet car seat.
- ❖ Cats should be contained in a pet crate or cage that is secured with a seatbelt. Never allow a cat to roam freely in the vehicle.
- ❖ Stop every two to three hours and give your pet and you a chance to run and stretch. Remember to keep them on their leashes so they don't become scared in unfamiliar surroundings and run away or become curious and go exploring.
- ❖ Cats can be fussy travelers. Offer them their own litter box at each rest stop. Try getting the cat accustomed to walking on a leash or riding in a pet backpack before the road trip, so you can get them out of the car or motel room often without the risk of losing them.

## 80 + Super Seniors

Come socialize and meet new friends to reminisce old times at the Clubhouse on Friday, August 20th at 12:00 p.m. for lunch.

The speaker, Marie Cunha, will talk about Caregiver Support Group Program in Heritage Pines. If interested to join us please call Loretta Fulda 727-697-2060 or Stephanie Nunziante 727-860-4142.

## The Kitty Coalition

### Is It Possible To Tame A Feral?

Working with a feral cat requires a great deal of love, patience and commitment. Kittens trapped between the ages of four to six weeks are quite easy to tame. Older kittens take longer; by ten or twelve weeks of age your success will depend more and more on the individual personality of the kitten, the amount of time you spend with them, and the number of different people handling them. Older kittens and adults you tame may never trust anyone but you. Adults may never fully trust even you.

If you adopt a feral kitten, here are the basic steps:

1. Depending on its age, an initial vet visit can determine general health of the kitten. The vet will advise you on what is appropriate for the kitten. Take a stool sample with you if possible to check for parasites.
2. Keep the kitten in a small, seldom used room such as the guest bath or bedroom. Keep windows closed, block any possible escape routes, such as pipe openings. Provide fresh food/water and a litter box. Keep your other pets away from the new kitty, even if both are curious.
3. Visit the kitten often, no more than 15 minutes each time. Talk softly, handle him gently, and begin to play with him. Wear gloves until you think the kitten has adjusted to your presence.
4. For older kittens and adults, avoid eye contact - eye contact is made by predators or challengers, and it is a danger signal to a feral. Turn your head and blink slowly when you must look at him. Especially look away as you attempt to touch him.

**Adults:** The neutering and vaccination should be done immediately, while the cat is still in the trap. Getting an adult feral into a pet carrier later may be impossible for a long time. Most feral adult cats can never tamed to be a "normal" cat, and it can be dangerous to try if you are inexperienced. If you choose to allow an adult feral into your home, use the same steps as above, but much more reserved and careful. Make your visits shorter, do not attempt to touch for at least a week, and speak softly to him/her as you feed and clean the litter box. Look directly at him/her only while you are speaking softly and without moving near him. Sometimes, just sit quietly on the floor in his room. Children and other pets should not be allowed access to his area. Eventually, he will begin to explore and become curious to be let out of the room. At that point, and depending on your circumstances, you may leave his door open. If you have other pets, expect some issues. The adult feral will learn to trust at his pace, NOT yours!

### Conclusion

Feral cats tend to bond to one person, and proper introduction to a new home is essential. Helping feral cats can be a time-consuming, frustrating, emotionally draining and rewarding experience simultaneously. Each situation presents a whole new sphere of learning experiences. It is your love, concern, and active involvement that prevents further suffering, unwanted litters, and makes a better life for one of God's creatures.

## Ping Pong

Hi! We have been having some fun evenings and days playing Ping Pong. We have new members who join us each week. Come on down! Remember, it's a great aerobic workout and burns lots of calories besides helping those impinged shoulders. Join us each Tuesday evening around 6:30 p.m. (some begin to play earlier) and on Friday mornings at 10:00 a.m. in the PAC room. Do remember that on the last Tuesday of the month, the Republican Club holds its meeting. HOWEVER, some ping pongers arrive earlier in the evening to play for an hour or so. IF you want to play but am unsure whether someone else will be there to play, please call the consistent players to see if one or more will be there that evening or morning: Francine Raggi-Collins; Al Alberts; Charlie Schielein; Charlie Baum; Evelyn Vitale. If you are interested in receiving the list of Heritage Pine Ping Pongers, please contact Francine at [tfraggi@yahoo.com](mailto:tfraggi@yahoo.com) and she will forward a copy via email to you. Remember, the ping pong tables and paddles are available at all other times except if there is an event or luncheon or meeting going on in the PAC room. Call the front desk at any time to find out if the PAC room is free and come up with your friends, relatives, grandchildren, children, etc. to spend some great time together.

### “New Outlook” Singles Club

Sources indicate the first Singles Club was formed about seven years ago. Many avenues were explored and interesting places and things to do were experienced. There have been a few persons who have donated a lot of time and effort to the club, but after awhile they ran out of energy trying to get singles involved. Because of this the club is just about defunct. Hopefully it can be resurrected and life put back into it. This will take INTEREST from the singles amongst us. This Club is not a matchmaker.com enterprise. We are singles, men and women, trying to meet other singles to have social interchanges. There are about 200 singles living in Heritage Pines and certainly for various and sundry reasons not all will wish to join the Club but try us you may just like us. We are hopeful you will look into our “New Outlook”. If interested, please call Dottie 868-1280 or Barbara 857-4910. We plan on meeting in early September. See You There!
