Ranking of the Bonds and the Guarantees

Each series of the Bonds will constitute senior unsecured obligations of the Issuer. Each series of the Bonds will rank senior in right of payment to all of the Issuer's existing and future obligations expressly subordinated in right of payment to the relevant series of the Bonds and rank at least equal in right of payment with all of the Issuer's existing and future unsecured and unsubordinated obligations (subject to any priority rights pursuant to applicable law). The Guarantee with respect to each series of the Bonds will constitute a direct, unconditional, senior and unsecured obligation of the Company, ranking senior in right of payment to all of the Company's existing and future obligations expressly subordinated in right of payment to the relevant Guarantee and rank at least equal in right of payment with all of the Company's existing and future unsecured and unsubordinated obligations (subject to any priority rights pursuant to applicable law). However, the Guarantee with respect to each series of the Bonds will be effectively subordinated to all the Company's present and future secured obligations to the extent of the value of the collateral securing such obligations, and be structurally subordinated to all the present and future obligations (whether secured or unsecured) of its subsidiaries and consolidated affiliated entities.

Events of Default

Under the terms of each Indenture, each of the following constitutes an event of default for the Bonds of the relevant series:

- (i) failure to pay principal or premium in respect of any Bonds of the relevant series by the due date for such payment (whether at the respective stated maturity date or upon acceleration, repurchase, redemption or otherwise);
- (ii) failure to pay interest on any Bonds of the relevant series within 30 days after the due date for such payment;
- (iii) the Issuer or the Company defaults in the performance of or breach its obligations under certain covenants under the Indenture governing the relevant series of the Bonds relating to consolidation, merger and sale of assets;
- (iv) the Issuer or the Company defaults in the performance of or breach any covenant or agreement in the relevant Indenture or under the relevant series of the Bonds (other than a default specified in (i), (ii) or (iii) above) and such default or breach continues for a period of 30 consecutive days after written notice by the Trustee or the holders of 25% or more in aggregate principal amount of the relevant series of the Bonds;

- (v) (1) there occurs with respect to any indebtedness of the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities, whether such indebtedness now exists or shall hereafter be created, (A) an event of default that has resulted in the holder thereof declaring the principal of such indebtedness to be due and payable prior to its stated maturity or (B) a failure to make a payment of principal, interest or premium when due (after giving effect to the expiration of any applicable grace period therefor, a “**Payment Default**”) and (2) the outstanding principal amount of such indebtedness, together with the outstanding principal amount of any other indebtedness of such Persons under which there has been a Payment Default or the maturity of which has been so accelerated, is equal to or exceeds the greater of (x) US\$100,000,000 (or the equivalent thereof) and (y) 2.5% of the Company’s total equity;
- (vi) one or more final judgments or orders for the payment of money are rendered against the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities and are not paid or discharged, and there is a period of 90 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such persons (net of any amounts that the Group’s insurance carriers have paid or agreed to pay with respect thereto under applicable policies) to exceed the greater of (x) US\$100,000,000 (or the equivalent thereof) and (y) 2.5% of the Company’s total equity, during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
- (vii) the entry by a court having jurisdiction in the premises of (i) a decree or order for relief in respect of the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities in an involuntary case or proceeding under any applicable bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities bankrupt or insolvent, or approving as final and nonappealable a petition seeking reorganization, arrangement, adjustment, or composition of or in respect of the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities under any applicable bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator, or other similar official of the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities or of any substantial part of their respective property, or ordering the winding up or liquidation of their respective affairs (or any similar relief granted under any foreign laws), and in any such case the continuance of any such decree or order for relief or any such other decree or order unstayed and in effect for a period of 90 consecutive calendar days;
- (viii) the commencement by the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities of a voluntary case or proceeding under any applicable federal, state or foreign bankruptcy, insolvency or other similar law or of any other case or proceeding to be adjudicated bankrupt or insolvent, or the consent by the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities to the entry of a decree or order for relief in respect of the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities in an involuntary case or proceeding under any applicable bankruptcy, insolvency or other similar law or the commencement of any bankruptcy or insolvency case or proceeding against the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities, or the filing by the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities of a petition or answer or consent seeking reorganization or relief with respect to

the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities under any applicable bankruptcy, insolvency or other similar law, or the consent by the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator, or other similar official of the Issuer, the Company or certain of its subsidiaries or consolidated controlled entities or of any substantial part of their respective property pursuant to any such law, or the making by the Issuer, the Company or certain of its subsidiaries or consolidated controlled entities of a general assignment for the benefit of creditors in respect of any indebtedness as a result of an inability to pay such indebtedness as it becomes due, or the admission by the Issuer, the Company or certain of its subsidiaries or consolidated controlled entities in writing of their inability to pay the debts generally as they become due, or the taking of corporate action by the Issuer, the Company or certain of its subsidiaries or consolidated controlled entities that resolves to commence any such action; and

(ix) the relevant series of the Bonds, the relevant Guarantee or the relevant Indenture becomes or is claimed by the Issuer or the Company to be unenforceable, invalid or ceases to be in full force and effect otherwise than is permitted by the relevant Indenture.

However, a default specified in (iv) above will not constitute an event of default until the Trustee or the holders of 25% or more in aggregate principal amount of the then outstanding Bonds of the relevant series provide written notice to the Issuer or the Company of the default and it does not cure such default within the time specified in (iv) above after receipt of such notice.

If an event of default (other than an event of default specified in (vii) and (viii) above) shall occur and be continuing, either the Trustee (subject to it being indemnified and/or secured and/or pre-funded to its satisfaction) or the holders of at least 25% in aggregate principal amount of the relevant series of the Bonds then outstanding by written notice as provided in the relevant Indenture may declare the unpaid principal amount of such Bonds and any accrued and unpaid interest thereon (and any additional amount payable in respect thereof) to be due and payable immediately upon receipt of such notice. If an event of default specified in (v) above shall occur, the declaration of acceleration of such Bonds shall be automatically annulled if the default triggering such event of default pursuant to (v) above shall be remedied or cured by the Issuer, the Company or certain of its subsidiaries or consolidated affiliated entities or waived by the holders of the relevant indebtedness within 30 days after the declaration of acceleration with respect thereto and if (1) the annulment of the acceleration of such Bonds would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all events of default, other than the non-payment of principal, premium (if any) or interest on such Bonds that became due solely because of the acceleration of such Bonds, have been cured or waived. If an event of default specified in (vii) and (viii) above shall occur, the unpaid principal amount of all the Bonds of the relevant series then outstanding and any accrued and unpaid interest thereon will automatically, and without any declaration or other action by the Trustee or any holder of such Bonds, become immediately due and payable. After a declaration of acceleration but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of at least a majority in aggregate principal amount of the Bonds of the relevant series then outstanding may, under certain circumstances, waive all past defaults and rescind and annul such acceleration if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all events of default, other than the non-payment of principal, premium, if any, or interest on such Bonds that became due solely because of the acceleration of such Bonds, have been cured or waived.

Covenants

The Company will undertake in the Indentures not to, and not to permit the Issuer and certain of the Company's subsidiaries and consolidated affiliated entities to, create or permit to have outstanding security interests and not permit the Issuer to consolidate, merge or convey, transfer or lease its properties and assets substantially as an entirety unless certain conditions are satisfied. The Bonds and the Indentures do not otherwise restrict or limit the Company's or the Issuer's ability to incur additional indebtedness by itself or its subsidiaries or its ability to enter into transactions with, or to pay dividends or make other payments to, affiliates.

Optional Redemption

The Issuer may, at the Issuer's or the Company's option, redeem the 2031 Bonds at any time prior to April 14, 2031 and the Green Bonds at any time prior to January 14, 2051, (in respect of the relevant Series of the Bonds) in whole or in part, at a redemption amount equal to the greater of (i) 100% of the principal amount of the applicable Bonds to be redeemed and (ii) the make-whole amount, plus in each case, accrued and unpaid interest, if any, to, but not including, the applicable redemption date.

The Issuer may redeem the 2031 Bonds at any time on or after April 14, 2031 and the Green Bonds at any time on or after January 14, 2051, (in respect of the relevant Series of the Bonds) in whole or in part, at a redemption price equal to 100% of the principal amount of the applicable Bonds to be redeemed, plus accrued and unpaid interest, if any, to, but not including, the date of redemption.

The Issuer or the Company (as the case may be) will give not less than 30 calendar days' nor more than 60 calendar days' notice of any redemption.

Proposed Use of Proceeds for the 2031 Bonds and the Green Bonds

The net proceeds of the sale of the Bonds (excluding the Green Bonds) after deducting the Initial Purchasers' discount and estimated pro rata expenses payable in connection with the offering of such Bonds will be approximately US\$789.0 million. The Group intends to use these proceeds for general corporate purposes.

The net proceeds of the sale of the Green Bonds after deducting the Initial Purchasers' discount and estimated pro rata expenses payable in connection with the offering of the Green Bonds will be approximately US\$392.8 million. The Group intends to use these proceeds or an equivalent amount thereof for financing or refinancing, in whole or in part, one or more of the Group's new or existing Eligible Projects pursuant to the Group's Green Finance Framework. The Green Finance Framework has received a "second party opinion" by an independent consultant.

The Group may reallocate the use of the net proceeds in response to unforeseen events or changing business conditions.

Listing and Rating

Application will be made to the Stock Exchange for listing of, and permission to deal in, the Bonds by way of debt issue to professional investors only. A confirmation of the eligibility for the listing of the Bonds has been received from the Stock Exchange. Listing of the Bonds on the Stock Exchange is not to be taken as an indication of the merits of the Bonds, the Issuer or the Company.

Each series of the Bonds are expected to be rated “Baa2” by Moody’s Investors Services, Inc., “BBB-” by S&P Global Ratings, a division of S&P Global Inc. and “BBB” by Fitch Ratings Ltd.. Security ratings are not recommendations to purchase, sell or hold the Bonds and may be subject to suspension, reduction or withdrawal at any time by the assigning rating organization. A suspension, reduction or withdrawal of the rating assigned to the Bonds may adversely affect the market price of the Bonds.

As the conditions to completion of the Purchase Agreement may or may not be satisfied and the Purchase Agreement may be terminated upon the occurrence of certain events, potential investors and shareholders of the Company are advised to exercise caution when dealing in the securities of the Company.
