Canada

WHAT IS THE ENERGY SAVINGS REBATE?

On June 20, The Government of Canada announced the Energy Savings Rebate Program with the goal of making energy-efficient products more accessible to people and businesses across Ontario.

Retailers who qualify*, will be able to provide point-of-purchase rebates of up to 25% (to a maximum of \$500)** off the price of eligible products, helping Ontarians reduce energy use, save money, and fight climate change, at home.

TIMING DETAILS

The Energy Savings Rebate program for Ontario will be available beginning September 2019 and running through March 31, 2021.

NOTE: Timing may vary by eligible retailer.
