Information in this document is provided solely to enable system and software implementers to use Freescal Semiconductor products. There are no express or implied copyright licenses granted hereunder to design or fabricate any integrated circuits or integrated circuits based on the information in this document. Freescal Semiconductor reserves the right to make changes without further notice to any products herein. Freescal Semiconductor makes no warranty, representation or guarantee regarding the suitability of its products for any particular purpose, nor does Freescal Semiconductor assume any liability arising out of the application or use of any product or circuit, and specifically disclaims any and all liability, including without limitation consequential or incidental damages. "Typical" parameters which may be provided in Freescal Semiconductor data sheets and/or specifications can and do vary in different applications and actual performance may vary over time. All operating parameters, including "Typicals" must be validated for each customer application by customer's technical experts. Freescal Semiconductor does not convey any license under its patent rights nor the rights of others. Freescal Semiconductor products are not designed, intended, or authorized for use as components in systems intended for surgical implant into the body, or other applications intended to support or sustain life, or for any other application in which the failure of the Freescal Semiconductor product could create a situation where personal injury or death may occur. Should Buyer purchase or use Freescal Semiconductor products for any such unintended or unauthorized application, Buyer shall indemnify and hold Freescal Semiconductor and its officers, employees, subsidiaries, affiliates, and distributors harmless against all claims, costs, damages, and expenses, and reasonable attorney fees arising out of, directly or indirectly, any claim of personal injury or death associated with such unintended or unauthorized use, even if such claim alleges that Freescal Semiconductor was negligent regarding the design or manufacture of the part.
