

BUILDING BETTER SCIENCE

ACADEMIA PROGRAMS AT AGILENT

The Measure of Confidence

Agilent Technologies

AGILENT IN ACADEMIA: DRIVEN TO CONNECT

Agilent is uniquely able to supply innovative technology for research and reliable solutions for multi-user environments. Agilent's Academia Programs and tools are excellent resources for helping researchers create innovative results and teachers prepare their students to drive the future of science.

BY SUPPORTING NEW PROFESSORS

SECURE YOUR HPLC/GC/MSD WITH THREE YEARS STANDARD WARRANTY

Research conducted in academic institutions has the greatest impact in driving the future of science. The Agilent **New Professor Program** provides a warm welcome and continuous support for newly appointed professors around the world.

The program contributes to building a strong foundation for the next generation of scientific researchers. Participating professors gain access to best-in-class and affordable technologies and opportunities to develop scientific partnerships with a trusted partner for their long-term success.

BY PROVIDING TEACHING RESOURCES

ENHANCE YOUR CURRICULA WITH FREE TRAINING MATERIALS

Agilent's Tomorrow's Scientists Program provides teaching staff with high-quality educational presentations, images, and technical videos for teaching purposes at no cost.

A wide range of materials is available in all major languages, with a focus on the areas of chromatography, mass spectrometry, spectroscopy, and electrophoresis.

"Agilent Academia Resources offers excellent slides that add high value to my course presentations. Explanation of the theoretical background and nice illustrations using examples from Academia Resources give students insight into the fascinating world of instrumental analyses."

PROF. DR. MARIA KRISTINA PARR, INSTITUTE OF PHARMACY, PHARMACEUTICAL ANALYSIS,
FREIE UNIVERSITÄT BERLIN, GERMANY

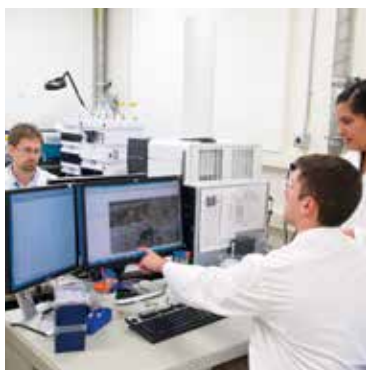

BY EXPANDING EDUCATIONAL OPPORTUNITIES

FREE ACCESS TO THE WORLD'S LARGEST E-LEARNING WEBSITE FOR ANALYTICAL CHEMISTRY

As a special offer to all university students and staff, Agilent provides five years of free access to **CHROMacademy** – the world's largest e-Learning website for analytical scientists. CHROMacademy is packed with practical information to help students improve their scientific skills and understanding of the challenging world of liquid and gas chromatography, mass spectrometry, and more. The CHROMacademy website offers e-Learning modules, application notes, webcasts, quick guides, troubleshooting tips, and much more.

“CHROMacademy is one of the most useful online resources for separation sciences and spectrometry. I recommend it as additional content to my undergraduate students, and it is intensively used by our Masters and PhD students – especially those from other scientific fields – to refresh and extend their analytical chemistry background.”

PROF. DR. STEPHAN HANN, DIVISION OF ANALYTICAL CHEMISTRY,
UNIVERSITY OF NATURAL RESOURCES AND LIFE SCIENCES, VIENNA, AUSTRIA

BY OFFERING AFFORDABLE SOLUTIONS

GET EXCELLENT TECHNOLOGIES IN YOUR LAB OR CLASSROOM

Get reliable, industry-leading technologies into your lab and classroom by planning your investment around quality instrument solutions from Agilent. Learn more about our **Easy Choice** offers, **pre-owned**, and **demo instrument** products for cost effective solutions.

Various self-maintenance tools represent a great approach for those facing challenging maintenance budgets, guiding users through troubleshooting steps to repair their instrument.
