

Buying guide

JONAXEL

Storage solution

Care instructions

Wipe clean with a soft cloth dampened in water and mild detergent or soap, if necessary. Wipe dry with a clean cloth.

Safety

Secure It! Prevent tip-over injury. Furniture with included restraints must be secured to the wall according to the assembly instructions.

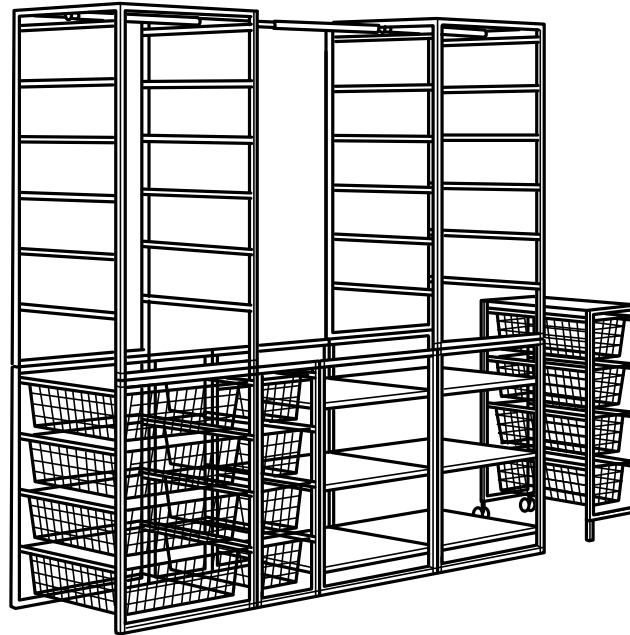

Floor-standing solutions with baskets must be secured to the wall, unless fitted with casters.

Different wall materials require different types of hardware. Use hardware suitable for the walls in your home.

If you have any doubts regarding what kind of walls you have in your home, how much weight they can carry or how to securely attach JONAXEL onto your walls you must contact a specialized hardware for advice.

Good to know

For indoor use only.

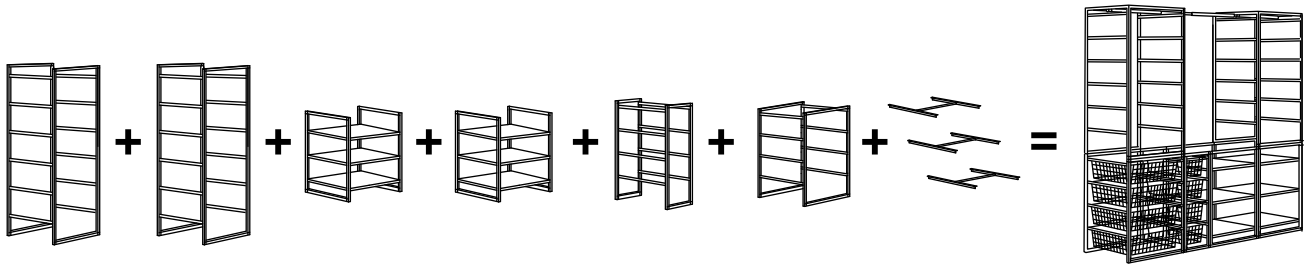

It can be difficult to keep things neat and tidy, no matter if you live small or big. That's why we developed JONAXEL — a storage system that lets you utilize the storage spaces you have in smarter ways. You can easily build a combination that fits exactly your needs and use it almost anywhere indoors, even in humid bathrooms and laundry rooms. What do you want to store?

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

How to plan

When planning for storage in your home, start by asking yourself what you need to store. Do you need somewhere to hang your clothes, store your bed linen or towels? How much space do you have?

Before you start to plan your new storage solution, find out what space you have to work with. Sketch out your working space, taking measurements from the floor to the ceiling and between the walls. Make a note of any window or door that might affect the size of your storage solution, take detailed measurements and make allowances for opening and closing doors. Don't forget to take into account any radiators, pipes, ventilation or other features that could affect your storage solution.

Ready-made or tailor-made?

You can choose one of our ready-made combinations or you can design your own tailor-made JONAXEL storage solution. Start by taking a look at the ready-made combinations included in this buying guide. Our in-store sales staff can help you compile a picking list of your chosen combination to guide you through the Self-Serve area and they can also inform you about other services such as pick-up and home delivery services.

Please note:

You can find a wider selection of JONAXEL combinations on the IKEA website. You can also plan your combinations by using our Planner online or in-store.
