## COMMENTS

To order more, contact your dealer or visit [JohnDeere.com/SafetyChecklist](http://JohnDeere.com/SafetyChecklist).

If observed condition of a component could affect safe operation, **DO NOT OPERATE**. Follow the company Lockout/Tagout Procedure or refer to the instructions in the Operator's Manual.

The responsible Operator, filling out this checklist, has been adequately trained to both complete the Pre-Operation Safety & Maintenance Inspection and to operate the equipment. The Operator confirms understanding of the safety standards for each component and is capable of properly addressing any observed issues using the correct procedure(s). This checklist is **NOT** intended to replace the Operator's Manual. It is the responsibility of the Operator to have read the Operator's Manual prior to completing this checklist or operating the machine. Individual companies may have their own required checks. Those checks may, or may not, be included in this list. It is the responsibility of the operator to check with the appropriate competent person for details. **For additional information, refer to the Operator's Manual.**
