June 2020
ISSUE 73

SMALL BUSINESS

\$150,000 INSTANT ASSET WRITE-OFF

The Threshold amount for each asset is \$150,000 (up from \$30,000)

Eligibility has been expanded to cover businesses with an aggregated turnover of less than \$500 million (up from \$50 million). Extended until the 30th of June

Under instant asset write-off eligible businesses can claim an immediate deduction for the business portion of the cost of an asset in the year the asset is first used, or installed ready for use.

Instant asset write-off can be used for:

multiple assets as long as the cost of each individual asset is less than the relevant threshold
new and second-hand assets.

It cannot be used for assets that are excluded from the simplified depreciation rules.

The instant asset write-off eligibility criteria and threshold have changed over time. You need to check your business's eligibility and apply the correct threshold amount depending on when the asset was purchased, first used or installed ready for use.

STRONGARM

MX-V MAGNETIC DRILL PRESS

- **NO POWER NECESSARY**
- **SUPERIOR PERFORMANCE**
- **SMALLER FOOTPRINT**

Cordless Magnetic Drill Press MX-V with switchable magnet technology (MAGRIG), provides superior holding power, weighs less and with a smaller footprint compared to other magnetic drill presses.

Weighing in at only 7 kgs and a foot print of only 190mm x 80mm the MX-V provides **680kg HOLDING POWER** and is effective on thin and thick metal surfaces. The real surprise is it requires **NO ELECTRICITY.**

Just flip the switch to stick the rig! The rig comes standard with drill collar for popular 1/2" drills including Metabo, Bosch, Milwaukee and DeWalt corded drills. Additional collar available for the DeWalt 20V Cordless drill.

Place the MAGRIG to the safe & lock the MAGRIG in place.

Turn on the drill & slowly rotate the handles to drill into the safe.

When drilling is complete, simply release the lock & remove the MAGRIG
