

# 2021 Specialty Vehicle Manufacturer (SVM) Policies and Procedures Manual

GENERAL MOTORS FLEET  
SPECIAL VEHICLE MANUFACTURER

---

## Overview

This SVM Policies and Procedures Manual (the “Manual”) includes the policies and procedures applicable to the SVM Program, including the necessary internet reference material, contact listing, and useful forms. This Manual replaces any prior publication(s).

When referred to a web site, be sure to review all Terms and Conditions to ensure compliance.

## Incomplete Vehicle Sale Guidance

Please review this information and report deliveries pursuant to the applicable vocations listed below. Vehicle reporting should be in accordance with the Dealer Sales Allowance and Incentive Manual, U.S. Sales, Service and Marketing (SSM) guidelines. Please reference that manual for further details.

### **Bus/Ambulance:**

The GM Dealer should report deliveries of incomplete vehicles originally ordered by Bus and Ambulance SVMs in GM's Order Workbench – Deliver Vehicle (OWB-DV) system at the time of incomplete vehicle sale. If the end user is not known, the GM Dealer will report the incomplete vehicle as a fleet sale (035) and add code XFE to the delivery to avoid SFE incentive charge backs and audits. Fleet deliveries to SVMs may use the SVM bailment FAN 858926. Once the end user is known, the unit will be re-delivered and OWB-DV will be updated with the correct information and delivery type.

### **Recreational Vehicles (RV):**

Within ten days of the vehicle arriving at the SVM, the GM Dealer should report the incomplete vehicle sale in GM's OWB-DV system. Since the end user is not known, the GM Dealer must deliver the incomplete vehicle as a small business sale (018) to the applicable RV SVM. Delivery will always remain as a small business sale (018). No changes are to be made to the sales date or delivery code. These vehicles will be sold by RV distributors to RV retail customers.

### **Commercial:**

If GM Dealers are flooring incomplete vehicles that have been re-invoiced to GM Dealers inventory by SVMs, GM Dealer has not transferred title nor received payment for the vehicles based on the General Motors Dealer Sales Allowance and Incentive Manual, then carrying the vehicles in GM Dealer inventory is acceptable. Delivery information including delivery type will be determined by the ultimate end user.

### **Mobility:**

The GM Dealer should report deliveries of vehicles originally ordered by Mobility SVMs in GM's Order Workbench – Deliver Vehicle (OWB-DV) system at the time of vehicle sale. Since the end user is not known, the GM Dealer must deliver the incomplete vehicle as a small business sale (018) to the applicable Mobility SVM. Delivery will always remain as a small business sale (018). No changes are to be made to the sales date or delivery code. These vehicles will be sold by Mobility distributor's to Mobility retail customers.

### **Medium Duty Assistance Program (MDAP)**

The GM Dealer is required to report deliveries of incomplete vehicles originally ordered by MDAP Upfitters in GM's OWB-DV system at the time of incomplete vehicle sale. If the end user is not known, the GM Dealer will report the incomplete vehicle as a fleet sale (035) and add code XFE to the delivery to avoid SFE incentive charge backs and audits. Fleet deliveries to MDAP Upfitters will use the assigned MDAP GM Fleet Account Number (FAN). Once the end user is known, the MDAP Upfitter will notify the releasing Dealer and provide the necessary end-user information. It is GM's policy that ALL Medium Duty end users are required to establish a GM FAN regardless of company size. If the end user does not have a GM fleet account number, the Dealer will be required to apply for a GM FAN. It is the Dealer's responsibility to update ALL OWB-DV records by re-reporting the unit with the secondary GM FAN information. The record must maintain the original 035 fleet delivery type as well as the original delivery date. If required, a delayed warranty start can be submitted once the OWB-DV record has been updated. The secondary end-user information on the revised OWB-DV record and the end-user information on the delayed warranty start information MUST match to be considered for processing.

## Fleet Tools User ID/Password

As an SVM you must have access to GM Fleet Tools located at <https://www.gmfleet.com/fleet-tools.html>.

**For new users please click on the link below and complete the required fields. Email your completed form to your SVM Account Manager.**

SVM ID Request  
Form Protected.xlsx

GM security procedures require that each user obtain their own unique ID/password.

CREATE COMPLEX PASSWORDS that are difficult to guess by not using common words, phrases, family member names or birthdates.

KEEP YOUR PASSWORDS AND LOGIN CREDENTIALS SECRET even to trusted co-workers and administrative assistants. Do not post your password near your computer.

**For current users needing assistance with your SVM User ID/Password:**

- Click “Forgot Password” and answer the security questions you created when you signed up.
- If you still require assistance, please contact your SVM Account Manager

**IMPORTANT: Passwords expire after 60 days. Make sure you are logging in on a regular basis to eliminate the risk of being locked out.**

### SAMPLE OF ITEMS FOUND ON FLEET TOOLS

**Order Workbench** - System used by dealers to place vehicle orders; manage inventory; and report vehicle deliveries (sales).

**Online Order Guide** - Dealer Order Guide for standard equipment, packages, optional equipment, and technical information.

**GM Pricing** - Pricing for GM vehicles.

**BARS Reprint Request** - Allows reprinting of GM Billing and Accounts Receivable System.

**Special Info Reporting (SIR)** - System allows dealers the ability to submit requests for specific vehicles by model and model year. In turn the system allows SVMs the ability to invoice (via BARS) dealers for the requested vehicle.

**GM Exchange Reports Mailbox** - Allows users to view their GM reports (invoices, warranty, delivery confirmations, incentive memos, etc.). Primarily for use by business office and management teams.

### SVM Forms

The form(s) are used to apply for and request daily business transactions with the SVM group. Form(s) should be completed and emailed to the SVM group at SVM.mailbox@gm.com. If you have any questions or concerns regarding the form(s), please contact the Fleet Action Center at 800.353.3867 or email SVM.mailbox@gm.com.

(Please complete the form(s) electronically. Faxed or hand-written form(s) will not be accepted.)

Click this link for the forms: [SVM Forms](#)

Forms	Descriptions
Fleet Release	Used prior to building on chassis. SVM can elect to remove or add certain codes like VQ, BID numbers, CAP codes, etc.
Non-Upfit Release	Used when releasing chassis to dealer without an upfit
Bus SVM Mobility Enrollment	Used for enrolling chassis into the SVM mobility program
SVM Demonstration Enrollment	Used to secure prior approval from GM before upfitting a unit to be placed into demo service (See demo program for details)
General Motors SVM Demonstration Dealer Operators Report	Used for each demonstration and retain in the deal jacket (Demo Enrollment must be completed, approved, and provided to dealer. See demo program for details)
Lender Approval to Pre-Build on SVM Pool Chassis	Used by SVM's lending institution approving pre-built chassis
Pre-Build Notification	Used to notify GM of the vehicle(s) being built on prior to release (Lender Approval to Pre-Build on SVM Pool Chassis must be approved prior to submitting this form)
Request for Credit Rebill	Used when moving units from a dealer back into SVM inventory. <b>*Please note the dealer needs to write "VOID" on the COV and scan/email to the SVM mailbox.</b>
SVM Scrapped, Lost or Stolen Vehicle	Used to notify GM of lost or stolen vehicles in SVM inventory
SVM Vehicle Movement Request	Used when requesting movement of unit by SVM or between SVMs

SVM Business Information Update	Used by SVM each calendar year to notify GM of any changes to their business (sample Appendix E)
Ship Through Application	Used by upfitter to request a ship through location

Several of the forms require electronic signature. Below is a step by step process on how to sign the form(s).

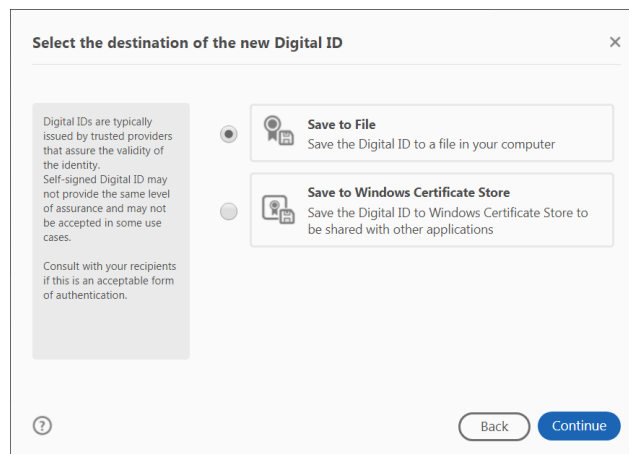

1. Click on the box next to the “X”

2. Select “Create a new Digital ID”

3. Select “Save to File”

4. Enter your name and email address

**Create a self-signed Digital ID** ✕

Enter the identity information to be used for creating the self-signed Digital ID.

Digital IDs that are self-signed by individuals do not provide the assurance that the identity information is valid. For this reason they may not be accepted in some use cases.

?

Organizational Unit	<input type="text" value="Enter Organizational Unit..."/>
Organization Name	<input type="text" value="Enter Organization Name..."/>
Email Address	<input type="text" value="Enter Email..."/>
Country/Region	<input type="text" value="US - UNITED STATES"/>
Key Algorithm	<input type="text" value="2048-bit RSA"/>
Use Digital ID for	<input type="text" value="Digital Signatures"/>

5. Enter a password

**Apply a password to protect the Digital ID:**

**Confirm the password:**

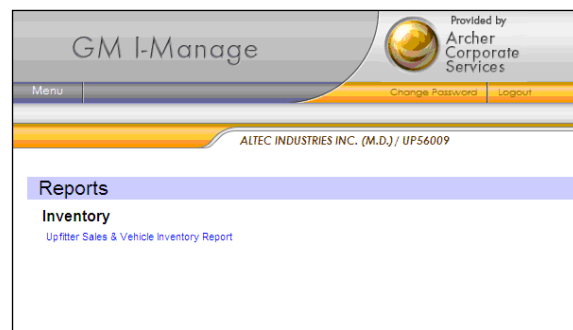

## GM I-Manage

The GM I-Manage site houses important SVM reports. The reports will provide the SVM with sales and inventory data. Also, included is overage information along with dealer and customer data. Issues accessing the application contact your SVM Account Manager.

To enter the site, click on this link: [gmi-manage](#)

Sign-in Menu (you will enter your User ID  
"UP59\*\*\* or UP56\*\*\* and password)

Select Upfitter Sales & Vehicle Inventory  
Report

Use “Report Name” drop down to select report desired.

Drop down will list only four reports – choose from dropdown

After selection of report – upfitter ID and area fields may default. If not, use upfitter ID drop down box to select location.

If the report selected offers options, the dropdowns will populate – (see area dropdown) Some select upfitters can report on other upfitters. Their upfitter ID field will not default but will force them to select what upfitter to report.

Select Date. Report data is provided monthly. The report will run the reports as they would look on that date.

Example: If a file is loaded on 8/5/2019 and another on 9/2/2019. If the user, enters 9/2 or later, user will see 9/2 data. If user enters a date between 8/5 and 9/1, user will see 8/5 data. If user enters 8/4 or earlier, the reports will be empty.

All reports come in either PDF or Excel.

## Vehicle Ordering– Ambulance, Bus, Commercial, and Personal Use

As referenced in Article 3.1 of the Specialty Vehicle Manufacturer Converters Agreement (the “Agreement”). “SVM will submit orders to GM for Vehicles electronically or in such other manner as may be specified by GM.”

Please visit [GM Fleet Tools](#) and select Order Workbench for ordering vehicles.

Order Types:

TSC – SVC Commercial

TSP – SVC Commercial Priority Stock

FRC – SVC Fleet Commercial (bona fide fleet orders, example, CAP/BID)

TSR – Personal Use Stock

TSD – Special Secondary Dealer Code Orders – Recreational Vehicles

Order vehicles using drop down boxes, selecting MY, Division, Distribution entity, etc.

## Replacement of Damaged Vehicle Labels and Documents

As stated in part in Article 8.4 of the Agreement, “Even if not required by law, SVM will affix a properly located Information Label, consistent with Federal Motor Vehicle Safety Standards, to each End Product for either an altered or completed vehicle, according to the specifications established by the National Highway Traffic Safety Administration.” SVM is responsible for ensuring the compliance of each End Product with FMVSS and other applicable regulations as well as the requirements of the Federal Motor Vehicle Safety Act. SVM is responsible for certifying the compliance of such End Product with the FMVSS and other applicable laws and regulations, as necessary.

If a vehicle label is damaged and you need a replacement, you must:

- 1 Send a request for replacement of the damaged vehicle label to the Upfitter Integration website, [Upfitter Integration](#).
- 2 Include the 17- digit VIN and the label name and your upfitter codes in the request.  
(Upfitter codes: 13-59xxx, BAC xxxxxx or 48-56xxx, BAC xxxxxx)
- 3 E-mail a copy of your request confirmation to your SVM account manager with a picture of the damaged label.

- GVWR 10,000 lbs or less.
- Requires protective cover application.
- Must be lettered in block CAPITAL letters and numerals not less than 2.4mm high.
- See [www.ntea.com](http://www.ntea.com) for more details.

**A Mercury Label must be installed on vehicles being sold in the following states:**

- **Vermont**
- **Maine**
- **Connecticut**
- **Maryland**
- **New York**
- **Rhode Island**
- **Louisiana**
- **Massachusetts**
- **Minnesota**

## How to View Recall and Field Actions

Order Workbench and the Vehicle Locator System will display all field actions and recall notices to SVM's for vehicles in stock. Once a recall / field action is known by an SVM, they are responsible to address the issue before moving the vehicle. If the vehicle is designated to go to a Dealer, the Dealer must close the action before being able to report the delivery.

Below will outline the process to view recall and field actions for units in SVM inventory.

In order to view Recalls / Field Action notifications in OWB, users must enter the OWB Main Page.

Order Workbench is a process-based website that supports vehicle ordering activities – everything from completing consensus to configuring vehicles to delivering vehicles. It is designed to give you quick access to the tools and information you need to make informed decisions and complete tasks – in other words, to make it easier to do business with GM.

Row Num	Field Action	Order #
1	!	WM2
2		WPB

This is an example of Blue Explanation Point meaning a Service related Recall.

In order to view Field Action (Recall) notifications in Locator users must enter the OWB Main Page.

Order Workbench is a process-based website that supports vehicle ordering activities – everything from completing consensus to configuring vehicles to delivering vehicles. It is designed to give you quick access to the tools and information you need to make informed decisions and complete tasks – in other words, to make it easier to do business with GM.

Along with the other information displayed on this screen, there are Red and Blue arrows for each vehicle. Clicking on the Red arrows will display the VIN details of a specific vehicle and safety and/or service related Recalls / Field Action together.

The Blue Arrows mean that the specific vehicle does not have any open Recalls / Field Actions and will display only the VIN details of a vehicle.

The area highlighted in **Yellow** represents Recalls / Field Actions that are Service related.

- AU3: Power Door Locks

The area highlighted in **Red** represents Recalls / Field Actions that are Safety related.

## Required Actions

Once a Recall / Field Action is known by an SVM, they are responsible to address the Recall / Field Action before moving the vehicle to another non-retail source.

If the vehicle is designated to go to a Dealer, the Dealer must close the Recall / Field Action before being able to report the delivery.

## New Vehicle Alterations and Incomplete Vehicle Letter

The New Vehicle Alterations and Incomplete Vehicle Letter provides further information on SVM responsibility and requirements for certifying and labeling a new motor vehicle relative to its compliance with applicable FMVSS. This information is relevant to all new vehicles on which SVM will perform further work, or a new vehicle that the SVM “alters” (as defined in the Federal Motor Vehicle Safety Act and applicable regulations) between the time it is certified as a completed vehicle by GM, and the time that it is delivered to the first retail, fleet, or commercial customer.

The policy and letter can be found by following the steps below.

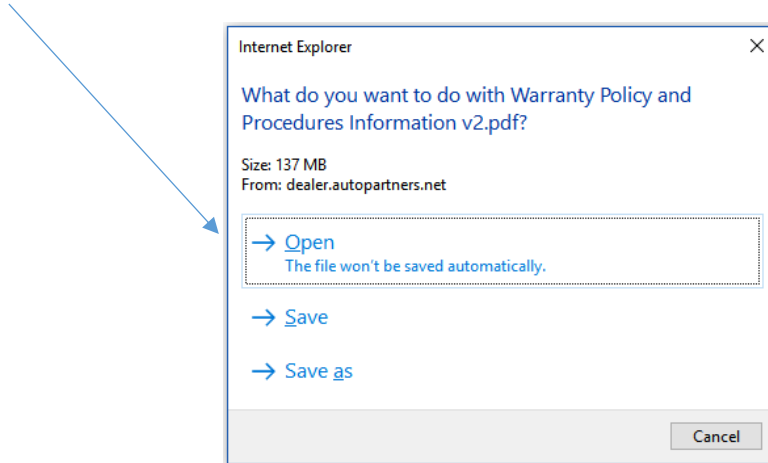

Click this link: [Service Policies & Procedures Manual](#)  
Once at the site: Click

Click

Click (You may have to enter your name, BAC, and accept terms of use.)

Select Table of Contents section:

[1.2.1.7 - Non-General Motors Parts & Equipment and Original Equipment](#)

**Additional Information:**

**Incomplete Vehicles** – Identified on the GM vehicle order by the primary RPO code VXT which will show on the GM Price Label as “INCOMPLETE VEHICLE”.

**Complete / Altered Vehicles** - Identified on the GM vehicle order by the primary RPO code “ALP” which will show on the GM Price Label stating a complete or “ALTERED VEHICLE”.

See the Service Policies and Procedure Manual for further details.

**Coachbuilders Only - Eligible Vehicles and Conversion Limitations**

As published with each Document for Incomplete Vehicle (IVD), stipulations regarding final chassis length, GVW limitations, and other technical information are noted and must be strictly adhered to.

Note: Option Code B05 (Armoring Package) is restricted to government orders only and is NOT available for dealer ordering. (Eliminate no armored XT5)

Other requirements/restrictions for the short stretch livery (W30), limousine (V4U) and hearse (B9Q) chassis include:

- No changes to A-pillar inclination/angle
- No changes to air bag locations
- No changes to suspension geometry

- Completed vehicle must be reflashed due to wheelbase change; software available through your Cadillac dealer
- CMCs cannot export any vehicles outside of the U.S. or Puerto Rico. All export sales requests (excluding Canada) must be forwarded to International Fleet Sales (IFS). IFS will coordinate the GM review and, if approved by GM, CMCs will then sell their completed vehicle to IFS. IFS must be the exporter of record.

### Delayed Warranty Start

General Motors offers extensions to the start of the new vehicle limited warranty date and/or mileage in select scenarios. Service agents are to submit the Delayed Warranty Start Form to request this extension. See Appendix A for example.

The form must be submitted electronically to [delayedwarrantystart@gm.com](mailto:delayedwarrantystart@gm.com). Use of the form located in this section must be used by all requesting GM and non-GM entities with active Business Associate Codes (BAC). GM reserves the right to approve or reject any such request at its sole discretion.

## Disclosure of Vehicle Modification / Use or Sale of Non-GM Parts and Accessories and Sale of Non-GM Service Contracts

As a reminder, Article 8.5 of the Agreement provides that: "If a SVM modifies a new motor vehicle, or installs any equipment, accessory, recycled part or part not supplied by General Motors, SVM will disclose this fact on the purchase order and bill of sale, indicating that the modification, equipment, accessory or part is not warranted by General Motors or, in the case of a service contract, the coverage is not provided by General Motors or an affiliate." The SVM must comply with this requirement.

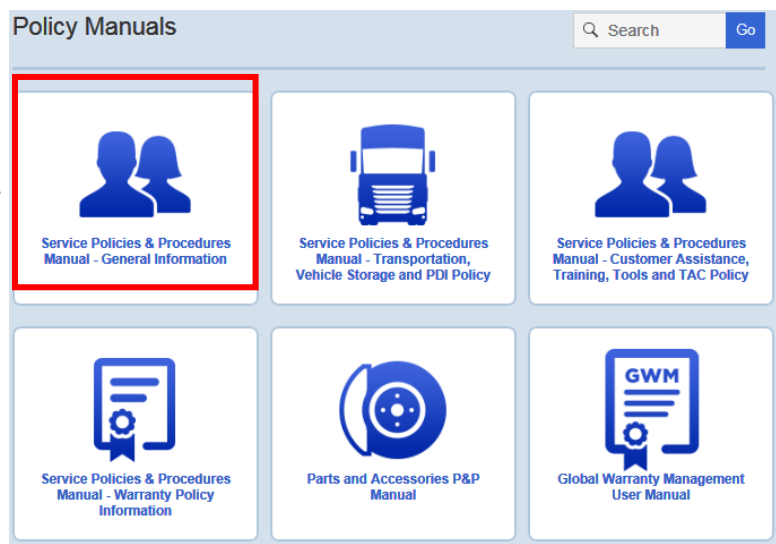

See below for an explanation of the process and copy of the customer acknowledgement form. (Excluding Cadillac Master Coachbuilders see Appendix E for customer acknowledgement form)

## Vehicle Delivery / Care of Vehicle and Storage

As referenced in Article 4.1 of the Agreement, “Upon receipt of Vehicles, SVM will inspect each Vehicle for damage or a shortage of parts and SVM will accept custody of, and execute an appropriate receipt for each Vehicle. SVM agrees to resolve any damage or warranty claims in accordance with the GM Service Policies and Procedures Manual.” The manual can be found at the link below.

Section 4.2 of the Agreement says in part, “SVM will keep and maintain each Vehicle delivered to it in safe storage (including, as appropriate, in a defined area enclosed by an adequate fence and protected by security personnel to the extent appropriate in that vicinity)”. The Section goes on to say, “SVM must ensure that Vehicles do not deteriorate from a like new condition in appearance or quality during the period of SVM's control, and GM retains the right to inspect SVM's storage areas upon reasonable notice.”

See Appendix C for examples of forms.

Appendix C (Insurance Certificate)

### CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)  
**06/13/2019**

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

**IMPORTANT:** If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

**Appendix E (Cadillac Master Coachbuilder Customer Acknowledgement form)**

**MASTER COACHBUILDER  
CMC DISCLOSURE OF NON-GM PRODUCTS  
CUSTOMER ACKNOWLEDGEMENT FORM**

(A copy of this signed FORM must be kept in the Customer New Vehicle Sale or Customer Service file).

The consumer (buyer/lessee) acknowledges:

1. They are purchasing a completed vehicle by an end product manufacturer other than General Motors LLC (“GM”), and that the vehicle contains Non-GM Vehicle Options and Modifications, and that the vehicle has been completed from its original “chassis” build as produced by GM. Examples include, but not limited to:
  - a. Cadillac XT5 Limo (V4U Option)
  - b. Cadillac XT5 Funeral Hearse (B9Q Option)
2. This vehicle has been modified from its original “chassis” build as produced by GM by a third party Cadillac Master Coachbuilder (CMC) / Manufacturer and may contain non-GM components installed that will not be covered under the GM New Vehicle Limited Warranty.
3. It is the responsibility of the CMC/Manufacturer to certify their vehicle, not GM, and to ensure that any vehicle modifications or alterations are installed in compliance with any applicable federal, state or local laws.
4. The CMC/Manufacturer is solely responsible for all warranties on the body or equipment they install and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. A copy of the CMC/ Manufacturer’s Third Party Warranty has been provided.
5. GM is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such CMC/Manufacturer.
6. GM takes no responsibility for these alterations of modifications, or for any impact these modifications may have on the safety, performance or durability of the vehicle. It is not GM’s responsibility to provide any applicable warranty on these components.
