

PEPPM 2019 Product Line Bid

AWARDED VENDOR AGREEMENT ("Agreement")

BETWEEN

Central Susquehanna Intermediate Unit, Milton, Pennsylvania ("Agency")

AND

EMC Corporation

(Bidder's legal name referred to throughout this Agreement as "Awarded Vendor")

For Product Line:

<u>Boomi, Inc.</u> Manufacturer/Publisher Name	<u>Boomi, Inc.</u> Product Line Description (as per PEPPM Product Line Bid List)
---	---

This Agreement is made and entered into as of the date this Agreement is fully executed by the Awarded Vendor and Agency (the "Effective Date").

Whereas, Agency issued a Request for Bids for PEPPM 2019 Product Line Bid ("RFB"), which RFB is incorporated into this Agreement by reference and made a part hereof;

Whereas, Awarded Vendor submitted a Bid in response to the Agency's RFB for the above referenced Product Line;

Whereas, the Agency notified Awarded Vendor that it was the lowest responsive and responsible bidder for the above-referenced Product Line; and

Whereas, Awarded Vendor executes this Awarded Vendor Agreement to memorialize its acceptance of the terms and conditions of the Contract (as hereinafter defined).

Now, therefore in consideration of the mutual covenants contained herein and other good and valuable consideration, the sufficiency of which is expressly acknowledged by both parties, and intending to be legally bound hereby, the parties mutually agree as follows:

1. Awarded Vendor agrees to furnish products and services for the above-referenced Product Line in accordance with the Contract.

2. Awarded Vendor's legal address is

176 South Street

Hopkinton, Massachusetts 01748

Agency's address is

90 Lawton Lane
Milton, PA 17847

3. The Contract shall commence on January 1, 2019 and end on December 31, 2021. Agency and Awarded Vendor may extend the term of the Contract as set forth in the PEPPM Terms and Conditions.
4. Awarded Vendor agrees to extend its bid prices according to all terms and conditions of the Contract Documents to all LEAs in Pennsylvania that are authorized to purchase the products included in the Awarded Vendor's bid.
5. To the extent that the Awarded Vendor agreed to extend its bid prices to LEAs in states other than Pennsylvania, and/or to other Eligible Entities in Pennsylvania or other states, then Awarded Vendor agrees to extend its bid prices according to all terms and conditions of the Contract Documents to all such other LEAs and Eligible Entities that are authorized to purchase the products included in the Awarded Vendor's bid as set forth in Awarded Vendor's bid.
6. Awarded Vendor agrees to remit the Transaction Fee to the eCommerce Consultant in accordance with the terms and conditions set forth in the Contract.
7. Unless the context otherwise requires, capitalized terms used but not otherwise defined in this Agreement shall have the respective meanings specified in the RFB or other Contract Documents.

IN WITNESS WHEREOF, the parties, intending to be legally bound, have caused their hands and seals to be affixed.

Central Susquehanna Intermediate Unit Request for Bids

PEPPM 2015 Product Line Bid – Pennsylvania Electronic Bid # 527029

For technology equipment, software, services, supplies, furniture, etc.

Bid Due Date: Monday, September 22, 2014 at 3:00 p.m. Eastern Time

I. Introduction and Bid Overview

I.1 Bid Title

PEPPM 2015 Product Line Bid - Pennsylvania

I.2 Program Name & Description

PEPPM (pronounced PEP-um) is a technology bidding and purchasing program established in 1982 for education agencies. PEPPM is a nationally affiliated group of agencies coordinated by the Central Susquehanna Intermediate Unit (CSIU), a regional educational service agency incorporated by Pennsylvania Legislative Act of 1971, in Pennsylvania. PEPPM has conducted this program under the authority of the CSIU's agreement with the Commonwealth of Pennsylvania, Department of Education (PDE) for the past 32 years. The CSIU shall be referred to throughout this request for bids as "AGENCY."

PEPPM is seeking bids on technology equipment, software, services, supplies, furniture, etc. as outlined in this bid packet. Awards will be made by the CSIU Board of Directors for Pennsylvania. This Pennsylvania bid is named the PEPPM 2015 Product Line Bid - Pennsylvania.

I.3 Organization of Bid Terms and Conditions

The terms and conditions (the "PEPPM Terms and Conditions") for this bid are organized as follows:

- I. Introduction and Bid Overview
- II. Definitions
- III. PEPPM Fees
- IV. Bidder Qualifications
- V. Bid Specifications
- VI. Ordering Procedures and Requirements
- VII. Bid Pricing Specifications
- VIII. Bid Procedures and Directions
- IX. Bid Evaluation and Award Process
- X. Post Award Requirements
- XI. Other Terms and Conditions

I.4 Bid Scope

This is a request for bids for lines of branded technology products, including, but not limited to, items such as computer systems, networking and telecommunications equipment, printers, peripherals, cameras, software, televisions, personal digital assistants, storage products, student

management systems, video recorders, computer and library furniture, copiers, and other branded technology products.

The contracts resulting from this request for bids are not exclusive and the AGENCY reserves the right to conduct future competitive bids for the same or similar products that may be contained in this bid. The bid list may also include products that PEPPM may have awarded as part of a PEPPM Catalog bid and will be allowed to co-exist with those awards.

Awards for this bid will be sole awards to the lowest responsive and responsible bidder.

I.5 AGENCY Issuing Request for Bids

Central Susquehanna Intermediate Unit
90 Lawton Lane
Milton, Pennsylvania 17847
Phone: (570) 523-1155
Fax: (570) 522-0577

I.6 Advertisement of This Request for Bids

AGENCY shall advertise this request for bids for three consecutive weeks in Pennsylvania newspapers – THE HARRISBURG PATRIOT, THE SUNBURY DAILY ITEM, and THE MILTON STANDARD JOURNAL according to Pennsylvania bid statutes. In addition, AGENCY may advertise this request for bids in various newspapers around the country. For a complete list of newspapers go to www.peppm.org. Information about the bid shall also be posted on AGENCY's website (www.peppm.org), and posted to other third-party websites deemed appropriate by AGENCY.

I.7 Bid Due Date

The deadline for the receipt of bids is Monday, September 22, 2014 at 3:00 p.m. Eastern Time. Any bid submitted after 3:00 p.m. will be marked late by the electronic bidding system.

I.8 Bid Opening Date

The bid opening date will be Tuesday, September 23, 2014 at 9:00 a.m. Eastern Time. Bid opening will consist of opening the electronic bid form with a computer and projector in a public setting at 90 Lawton Lane, Milton, Pennsylvania.

I.9 Term of Awarded Contract and Extensions

The term of the awarded Contracts shall commence on January 1, 2015 and continue until December 31, 2017 unless terminated, canceled or extended.

AGENCY reserves the right to extend the bid award beyond December 31, 2017 for a period of up to one year. The extension of this bid will be optional upon the mutual agreement of the AGENCY and the Awarded Vendor.

AGENCY reserves the right to offer month-by-month extensions until a new contract is awarded. These month-by-month extensions of the awarded Contract will be optional upon the mutual agreement of the AGENCY and the Awarded Vendor.

AGENCY reserves the right to require a Contract extension fee of \$200.00 for a one-year extension. The Contract extension fee may be prorated by AGENCY for any extensions of more or less than one-year.

I.10 Electronic Bidding Process

Bids from Bidders are being solicited electronically and bids must be returned electronically through the Epylon bidding system. There is no cost for registering or using the Epylon bidding system. Any potential Bidder must have an account and be able to access the Epylon bidding system for the purpose of bidding. The bidding process involves answering questions, selecting which product lines to bid, adding necessary explanatory attachments in electronic form, filling out an approved template for pricing and quotes, then attaching and identifying the template as being your official prices.

The deadline for the receipt of electronic bids is 3:00 p.m. Eastern Time, Monday, September 22, 2014. Any bid submitted after 3:00 p.m. will be marked late by the electronic bidding system.

No paper documents will be accepted through physical submission. Where physical signatures to certain forms are necessary, the documents should be hand-signed and dated, scanned and uploaded to the electronic bid form. These include the:

- Non-Collusion Affidavit
- PEPPM Bid Quote Sheet
- CSIU and Awarded Vendor Agreement
- PEPPM State Selection Form
- PEPPM Ancillary Services Form (Must include if services are offered for consideration of bid protection)

I.11 Extending Contract Awards to Other States

Although PEPPM is specifically bidding for Pennsylvania (and California LEAs in a separate request for bids), it is PEPPM's intent to allow for "piggybacking" by LEAs that wish to participate in other states. It is PEPPM's plan to make these contracts available to any LEA that meets the following conditions:

- The LEA is an eligible PEPPM buyer as defined in Section I.12 of these PEPPM Terms and Conditions;
- The PEPPM Contracts meet the LEAs bidding requirements and are judged to be a good value by the LEA;
- The Awarded Vendor is willing to extend its PEPPM bid prices and Contract terms to LEAs in the LEA's state; and
- The order is processed according to PEPPM ordering procedures.

Bidders interested in selling to LEAs in states with piggybacking provisions or permissible procurement statutes using PEPPM awarded Contracts should "check" the appropriate area of the Question Section and list all intended states using the PEPPM State Selection Form. A signed and dated PEPPM State Selection Form must be scanned and uploaded to the electronic bid form by the Bid Due Date.

The states listed by the Awarded Vendor in the bid response may be amended during the term of the Contract by mutual agreement between the Awarded Vendor and AGENCY. All PEPPM Terms

and Conditions shall apply. If an Awarded Vendor lists a specific state on the PEPPM State Selection Form and meets all other Contract requirements, that vendor will be the Awarded Vendor whose prices are posted on or within the PEPPM and Epylon websites for that specific state. Where there is a different award in Pennsylvania and California for the same product line, the vendor with the lowest pricing determined by PEPPM's market basket procedure will enjoy the benefit of PEPPM web posting for all other states the Bidder has opted to extend their PEPPM Contract pricing to.

Each Bidder must adhere to the PEPPM Terms and Conditions for all transactions through the program regardless of LEA's state. Please be advised that any of the listed states may have further language or conditions listed with this bid that clarifies the ability of LEAs to piggyback other state contracts like PEPPM. Terms and conditions specific to a state may be listed in an addendum and pertain only to the individual states listed. Other state-specific terms and conditions may be determined after the bid and added as an addendum to the CSIU and Awarded Vendor Agreement. Only Contracts held by Awarded Vendors willing to adhere to these additional state-specific terms and conditions will be listed as available in that state. The state-specific terms and conditions must be adhered to in addition to the PEPPM Terms and Conditions.

When state-specific terms and conditions differ from the PEPPM Terms and Conditions, the state-specific terms and conditions shall prevail with regard to the relationship between the Awarded Vendor and the applicable LEA. The absence of any state-specific terms and conditions should not be construed as tacit approval by the state for purchases through the PEPPM program.

Adherence to other state-specific terms and conditions listed only applies if a Bidder has agreed to extend its PEPPM Contract to LEAs in that specific state.

I.12 Legal Authority and Eligible Buying Agencies

This Pennsylvania bid conducted as the PEPPM program is primarily solicited for Pennsylvania LEAs under Pennsylvania statutes and the authority of the AGENCY'S agreement with PDE. It also is the intent that the Contracts under this bid program be made available for use by LEAs in all 50 US states, Washington DC and Puerto Rico, to the fullest extent permitted by law, as the same may be amended from time to time. To the fullest extent permitted by law, as the same may be amended from time to time, eligible LEAs include, without limitation:

- public school districts;
- area vocational technical schools (AVTS units);
- intermediate units;
- BOCES;
- state-approved private schools;
- public libraries;
- non-public schools;
- state-approved charter schools;
- community colleges;
- any new public school districts, AVTS units, intermediate units, BOCES, state-approved private schools, public libraries, non-public schools, state-approved charter schools and community colleges created during the Contract term;
- colleges and universities with the Awarded Vendor's approval;
- county governments, local municipalities, county/municipal authorities, and special districts with the Awarded Vendor's approval;

- state agencies with the Awarded Vendor's approval;
- other non-profit organizations with the Awarded Vendor's approval; and
- any new colleges, universities, county governments, local municipalities, county/municipal authorities, special districts, state agencies and other non-profits created during the Contract term and with the Awarded Vendor's approval.

I.13 Sales Volume

AGENCY does not guarantee any quantity or dollar volume of purchases; however, the issuance of simultaneous invitations for bids in Pennsylvania and California and piggybacking with other states is intended to provide the greatest potential volume of sales across the largest number of eligible LEAs.

AGENCY anticipates considerable activity resulting from this solicitation; however, no commitment of any kind is made concerning quantities actually to be acquired. AGENCY does not guarantee contract usage; usage depends on the actual needs of the LEAs and marketing by the Awarded Vendor.

I.14 Role of Epylon Corporation

The PEPPM program and AGENCY continue to use Epylon Corporation ("Epylon ") to supply the professional expertise to manage certain facets of the procurement processes of Awarded Vendor Contracts. Price lists and ordering instructions based upon the Contracts will be posted on the PEPPM website, located at www.peppm.org for offline purchasing through a fax-based clearinghouse at AGENCY, supported by Epylon. The Contracts will be available for online purchasing on the Epylon website located at www.epylon.com. This method will allow LEAs to access the greatest number of vendors and products and reduce the work required of vendors in responding to multiple bids and promote widespread marketing of Contracts to LEAs. PEPPM may enter LEA purchases into the Epylon system on LEA's behalf.

I.15 Extension of Contracts to Other Eligible Buyers

Although PEPPM is bidding primarily on behalf of K-14 schools and educational agencies as described above, it is the program's intent to extend, where feasible, the bid protections and price discounts to four year colleges and universities, state and county governments, and local municipalities, county/municipal authorities, special districts, state agencies and other non-profit organizations not otherwise prohibited by law.

PEPPM in no way wants to compromise best pricing offered to K-14 schools and educational agencies. However, if state law allows, and if you as a Bidder are willing to sell the awarded items at the same educationally bid discounted prices in accordance with the PEPPM Terms and Conditions and state-specific terms and conditions, you may do so.

Please respond "Yes" to the appropriate area in the Question Section of the electronic bid form if you agree to extend your bid pricing to state and county governments, local municipalities, county/municipal authorities, special districts, state agencies and other non-profit organizations not otherwise prohibited by law. Respond "No" if you do not agree.

Similarly, you may respond "Yes" to the appropriate area in the Question Section of the electronic bid form if you agree to extend your bid pricing to four year colleges and universities. Respond "No" if you do not agree.

Notwithstanding the foregoing, Awarded Vendor shall bear responsibility for all Purchase Orders entered into pursuant to the Contract and is responsible for monitoring whether it is in compliance with the PEPPM Terms and Conditions, state-specific terms and conditions, and applicable law.

I.16 An Overview of PEPPM Services and the Epylon System

PEPPM.org is an internet-based environment for maintaining PEPPM price lists for each Awarded Vendor's products so that information can be easily updated, accessed for online look-up and downloadable for local publication and distribution. This environment will be accessed over the Internet at www.peppm.org. This is the only official site of PEPPM, although Epylon is sanctioned by PEPPM to list PEPPM prices.

All PEPPM eligible LEA users with Internet access should be able to access the PEPPM website and use their browser to view the price lists, ordering instructions and Awarded Vendor and/or designated reseller contacts.

Price list information is available to an online search engine that allows the user to search for particular items across Awarded Vendors using key words, product types, manufacturer and publisher names unless price list information is made available by Awarded Vendor through a punchout to their own website.

Awarded Vendor price list information will be forwarded to Epylon for inclusion in its database for eCommerce access by LEAs. LEAs will have the option to become an Epylon eCommerce client, shopping and buying via electronic commerce. Or, LEAs may fax orders to PEPPM, which will process those orders and transmit them to the Awarded Vendor through the Epylon eCommerce system. It is the intent of PEPPM to transmit all Purchase Orders through the eCommerce system in order to capture line-item data for reports.

A punchout relationship with the PEPPM eCommerce site at www.epylon.com is recommended but not required.

All Awarded Vendors will be required to agree to the Epylon's standard terms and conditions for use of the Epylon system. Epylon's standard terms and conditions for use are posted on the Epylon.com website at www.epylon.com/terms.html. For ease of reference, the Epylon terms and conditions (which shall be referred to as the "Epylon Merchant Agreement") are also set forth as an electronic attachment to Section VI.34 of the request for bids. All Authorized Resellers must agree and at all times remain in compliance with the provisions of the Epylon Merchant Agreement, in addition to all of the PEPPM Terms and Conditions and state-specific terms and conditions.

I.17 AGENCY Withdrawal of Request for Bids

AGENCY has the right to withdraw the request for bids at any time prior to seven (7) days before the Bid Due Date and time. Furthermore, AGENCY reserves the right to reject any or all bids, to waive informalities and technicalities, to reject portions of bids, and to award contracts in a manner consistent with the laws governing the Commonwealth of Pennsylvania.

I.18 AGENCY's Interest in a Contract Resulting from this Request for Bids

Notwithstanding its own consumption, to the extent AGENCY issues this request for bids and any resulting Contracts for the use of eligible LEAs, AGENCY's interests and liability for said use shall be limited to the competitive bidding process performed relating to said Contract and shall not

extend to the products, services, or warranties of the Awarded Vendor or the intended or unintended effects of the goods and services procured therefrom. IN NO EVENT SHALL AGENCY BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, EXEMPLARY, RELIANCE, CONSEQUENTIAL, OR PUNITIVE DAMAGES, LOST PROFITS, OR OTHER BUSINESS INTERRUPTION DAMAGES WHETHER BASED ON BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY OR OTHERWISE. ANY LIABILITY OF AGENCY SHALL BE LIMITED TO DIRECT, ACTUAL DAMAGES ONLY, AND IN NO EVENT SHALL THE AGENCY BE LIABLE FOR DAMAGES IN EXCESS OF THE TRANSACTION FEE IT RECEIVES ON A TRANSACTION. LEAs AND AWARDED VENDORS ACKNOWLEDGE THAT THE LIMITATIONS SET FORTH ABOVE ARE FUNDAMENTAL ELEMENTS OF THE PEPPM PROGRAM AND THE AGENCY WOULD NOT PROVIDE THE PEPPM PROGRAM ABSENT SUCH LIMITATIONS.

I.19 Sole Source of Responsibility

AGENCY desires a “Sole Source of Responsibility” vendor meaning the vendor will take sole responsibility for the performance of delivered products and services. AGENCY also desires a sole source of responsibility with regard to:

- A. **Scope of Products and Services:** AGENCY desires a single provider for the broadest possible scope of the goods and services being bid over the largest possible geographic area and to the largest possible cross-section of AGENCY eligible LEAs.
- B. **Vendor use of Resellers in Sourcing or Delivering Goods and Services:** AGENCY desires a single source of responsibility for products and services bid. Bidder’s may have reseller relationships with organizations and individuals whom are external to the Bidder and may be involved in providing or delivering the goods and services being bid. Vendor assumes all responsibility for the products and actions of any Authorized Reseller.

II. Definitions

Sections II.1 through II.15 deal with descriptions of the program and the definition of terms.

II.1 Electronic Signature

In submitting a bid, the person named as the Bidder’s representative on the electronic bid form declares the understanding that the use of his/her Username and Password constitute his/her electronic signature and that he/she is solely liable for full control and access to the password. Neither the AGENCY nor Epylon have access to the User’s password. By submitting the electronic bid form, he/she declares that he/she has the authority to submit the bid to the AGENCY and to bind his/her company to the Contract and all terms and conditions, final pricing, statements and all commitments submitted to AGENCY.

II.2 AGENCY and PEPPM

The CSIU shall be referred to as the “AGENCY” throughout the PEPPM Terms and Conditions and bidding forms. PEPPM is a national technology bidding and purchasing program administered by the AGENCY.

The AGENCY is a political subdivision of the Commonwealth of Pennsylvania created as an educational services agency. Intermediate units were created by the Pennsylvania legislature under

Act 102 of 1970, Section 901-A of the Pennsylvania Public School Code of 1949, to provide services to school districts. There are twenty-nine (29) intermediate units with school districts being assigned to each one. They began operation on July 1, 1971. Intermediate units are governed by a board of directors whose membership comes from representatives from their member school district board of directors. Act 102 provides that intermediate unit services include curriculum development and instructional improvement, research and planning, instructional materials, continuing professional education, pupil personnel, management services, and state and federal agency liaison, as well as contracting for specialized services, consolidating and letting combined bids for bulk purchases; however, intermediate units are not restricted from providing additional services requested by their local school districts. Intermediate Units, among other things, provide quality education services and save tax money by providing cooperative services that cost each participant less than had they been provided independently. By combining resources, intermediate units can offer services that each school district, individually, could not conduct as economically or effectively. Intermediate units, unlike public school districts, are not empowered to levy taxes. Revenue is received from a variety of sources; state general operating and capital subsidies, state and federal grants, and fees for services provided to other local education agencies, local governments and individuals.

II.3 AGENCY as Bidding Agent

The AGENCY is acting as bidding agent on behalf of all of the eligible LEAs.

II.4 Bidder

“Bidder” is that firm, company, individual, business, partnership, joint venture or other entity which has completed and submitted a response to the request for bids.

II.5 LEA

All of the eligible buyers and buying agencies under this bid and resulting Contracts will be referred to as “LEA” or “LEAs” (local education agencies) throughout this document for the purpose of readability. In an instance where the Bidder has indicated that prices may be extended to other local governments, counties, municipalities, authorities, higher education institutions, special districts, state agencies or other non-profits, the term “LEA” shall also apply to those entities.

II.6 Awarded Vendor

Awarded Vendor is the Bidder declared by the AGENCY to be the lowest responsive and responsible Bidder and has been awarded a contract by the AGENCY’s Board of Directors. Notwithstanding the foregoing, bids which pertain solely to technology related services (e.g. recycling, mobile device insurance) may be awarded to multiple vendors.

II.7 Authorized Reseller

A firm, company, individual, business, partnership, or joint venture, such as dealers, outlets, distributors, value added resellers, etc. that have been designated by the Awarded Vendor to help fulfill the Contract for one or more specific PEPPM product line awards held by the Awarded Vendor. Authorized Reseller responsibilities may include, but are not limited to, marketing activities, providing ancillary services, receipt of orders, fulfillment of orders, invoicing, receipt of payment and paying PEPPM Transaction Fees as determined by the Awarded Vendor. All Authorized Resellers must agree and comply with the provisions of the Epylon Merchant

Agreement, in addition to all of PEPPM Terms and Conditions and state-specific terms and conditions.

II.8 Contract Documents

The contract documents consist of this request for bids, its PEPPM Terms and Conditions, any applicable state-specific terms and conditions, all information incorporated into the electronic bid form by AGENCY or Bidder, the Bidder's responses to Questions, the Bidder's PEPPM Bid Quote Sheet(s), the Bidder's pricing spreadsheet, the Bidder's Non-Collusion Affidavit, the Bidder's PEPPM State Selection Form, the Bidder's Ancillary Services Form, the CSIU and Awarded Vendor Agreement (the "Agreement"), all attachments, exhibits and addenda issued prior to execution of the Agreement and form the "Contract" between AGENCY and the Awarded Vendor during the Contract term, and during any authorized extensions. With regard to a purchase order issued by an LEA to an Awarded Vendor, the contract documents shall include, in addition to those listed above, the purchase order issued by the LEA, Awarded Vendor's performance, payment and maintenance bonds (if applicable), lease financing documents (if applicable) and the prevailing wage rate determination (if applicable), and shall form the "contract" between the LEA and Awarded Vendor, which contract shall be referred to as the "Purchase Order."

II.9 Epylon Corporation

The Epylon Corporation ("Epylon") is a private purchasing services company and has been engaged by AGENCY to help facilitate the bid process and provide a multitude of services including bid development, consulting, eCommerce, marketing, order management, and accounting services. Epylon is an integral service partner in the PEPPM 2015 Product Line Bid and is named numerous times in this request for bids.

II.10 Clarification

As used in this solicitation, "clarification" means communication with a Bidder for the sole purpose of eliminating minor irregularities, informalities or apparent clerical mistakes in the bid. It is achieved by explanation or substantiation, either in response to an inquiry by the AGENCY or as initiated by the Bidder. Clarification does not give the Bidder an opportunity to revise or modify its bid, except to the extent that correction of apparent clerical mistakes results in a revision.

II.11 Discussions

"Discussions" occur, when oral or written communications between AGENCY and the Bidder are conducted for the purpose of providing supplemental information essential for determining the acceptability of a bid. AGENCY will not help a Bidder bring its bid up to the level of other bids through discussions. AGENCY will not disclose technical information pertaining to a competing bid. AGENCY will not indicate to a Bidder a cost or price that it must meet to obtain further consideration, nor will it provide any information about other Bidders' bids or prices. AGENCY is willing to discuss with a Bidder, having a bid in the competitive range, any weaknesses, excesses, or deficiencies in its bid. Discussions do not give the Bidder an opportunity to revise or modify its bid.

II.12 Responsible Bidder

A responsible bidder is a bidder that has submitted a responsive bid and that possesses the capability to fully perform the Contract requirements in all respects and the integrity and reliability to assure

good faith performance. AGENCY must determine a Bidder to be responsible before awarding a contract to Bidder.

II.13 Responsive Bid

A responsive bid is a bid which reasonably and substantially conforms to the mandatory or essential terms, conditions and/or specified requirements for this solicitation. Bids must be responsive to receive award consideration.

II.14 Non-responsive Bid

Any bid that does not reasonably and substantially conform to the mandatory or essential terms, conditions and/or specified requirements for this solicitation shall be considered non-responsive. Bids determined to be non-responsive will not receive award consideration.

II.15 Special Provisions

Bidders are advised that, in the event of receipt of an adequate number of responsive bids, which, in the opinion of the AGENCY, require no clarifications and/or supplementary information, such responsive bids may be evaluated without further discussion or correspondence with Bidders that submitted bids requiring clarifications and/or supplementary information.

Consequently, Bidders should provide complete, thorough bids with their most favorable terms. Should bids require additional clarification and/or supplementary information, Bidders should submit such additional material in a timely manner.

Bids which, after discussion and submission of additional clarification and/or supplementary information, are determined to meet the requirements of this request for bids will be classified as responsive. Bids found not to be responsive will be classified as non-responsive and no further discussion concerning same will be conducted.

III. PEPPM Fees

Sections III.1 through III.6 deal with the fees to be paid by the Bidder or Awarded Vendor.

III.1 PEPPM Bid Evaluation Fee

The AGENCY, as the administrator of the PEPPM 2015 Product Line Bid, requires a non-refundable payment in the amount of \$100 from each Bidder FOR EACH PRODUCT LINE BEING BID to cover the cost of receiving and evaluating the bid. This is a total of \$100 regardless of how many states you choose to bid. One \$100 payment covers your submission to one or more states for each product line bid.

III.2 PEPPM Bid Award Fee

If you are the Awarded Vendor, you will be charged a \$300 PEPPM Bid Award Fee FOR EACH PRODUCT LINE YOU ARE AWARDED. This fee is considered an award fee and will be used by AGENCY to do initial load, maintenance activities and administration of contracts on behalf of PEPPM Awarded Vendors and LEAs.

III.3 Payment of Bid Evaluation and Bid Award Fees

Bid Evaluation and Bid Award Fees will be collected online by way of credit card or by way of electronic debiting of a checking account. A bidder may use a corporate debit card or may provide checking account information for an Automated Clearing House (ACH) transfer of funds. No paper checks will be accepted. See Bid Procedures and Directions Section VIII.15 and VIII.16.

III.4 Transaction Fees

Awarded Vendors shall be required to pay a transaction fee ("Transaction Fee") to AGENCY for all purchases by LEAs made through the awarded Contracts. This applies to all orders, regardless of the method used to submit the order, or the quantity or dollar amount of the order.

Epylon will collect the Transaction Fee on behalf of AGENCY.

By submitting a bid, an Awarded Vendor agrees to Epylon's terms and conditions for Awarded Vendors in the Epylon Merchant Agreement, which is attached to Section VI.34 in the request for bids, and will be bound to the Epylon Merchant Agreement as a part of the terms and conditions of the Agreement between the Awarded Vendor and AGENCY. The Transaction Fee in this Section III.4 is the agreed upon Epylon Marketing Fee contemplated by Section 7 of the Epylon Merchant Agreement.

If the Awarded Vendor utilizes Authorized Resellers, it is responsible for ensuring that these Authorized Resellers agree and comply with the provisions of the Epylon Merchant Agreement, in addition to PEPPM Terms and Conditions and state-specific terms and conditions.

Authorized Resellers will be responsible for paying the Transaction Fee for Authorized Resellers' transactions, unless the Awarded Vendor notifies Epylon of its intent to pay the Transaction Fee on its Authorized Resellers' behalf. Awarded Vendors shall remain responsible for paying the Transaction Fee on behalf of its Authorized Resellers in the event that the Authorized Reseller defaults.

For the purpose of the Pennsylvania PEPPM 2015 Product Line Bid Contracts awarded using this document, the Transaction Fee shall be 1.75% of "Net Sales," which means gross sales less returns and cancelled orders within 30 days, shipping and sales and other taxes (excluding taxes based on net income). This PEPPM Transaction Fee of 1.75% replaces and supersedes any requirement for higher fees in the standard Epylon Merchant Agreement.

Transaction Fees will not be charged to or paid by the LEAs themselves. Awarded Vendor or its designated Authorized Reseller(s) shall not include any additional amount corresponding to the Transaction Fees in the bid responses or awarded Contract prices.

Note:

Failure to pay Transaction Fees on a timely basis will result in suspension or termination of the Awarded Vendor's Contract whether sales were processed directly by the Awarded Vendor or its Authorized Resellers.

III.5 Additional Reseller Fees

Awarded Vendors are eligible to name up to 15 Authorized Resellers per state, per product line to help implement the Contract on behalf of the Awarded Vendor. If the Awarded Vendor requests to

add additional Authorized Resellers beyond its 15 Authorized Resellers, the Awarded Vendor shall be required to pay a set-up fee of \$250 per addition to AGENCY. Fees will be collected by Epylon on behalf of AGENCY.

III.6 Cost of Bid Preparation

The AGENCY will not reimburse the cost of developing, presenting or providing any response to this solicitation.

IV. Bidder Qualifications

Sections IV.1 through IV.13 deal with the qualifications of Bidders and their Authorized Resellers. Evaluation of Bidder's response to questions related to this section will help determine who is both a responsible and responsive Bidder. An essential part of the bid evaluation process is an evaluation to qualify the Bidder being considered as responsible. All bids must contain answers or responses to the information requested in the bid documents. Any Bidder failing to provide the required documentation may be considered non-responsive.

IV.1 Separate Declaration of Non-Collusion

Assuring that prices are arrived at independently and without collusion is so important that this bid requires the Bidder to separately attest under the penalty of perjury that no collusion has taken place.

The Bidder must affirmatively answer "Yes" to the appropriate area in the Question Section or else the bid may not be submitted to AGENCY.

In addition, the Bidder must scan and upload to the electronic bid form a notarized Non-Collusion Affidavit signed by the person in the company who was responsible for the final decision on what prices were submitted as part of the bid.

IV.2 Declaration of Non-Collusion

By submitting a bid, the person named on the electronic bid form declares that he or she has authority to submit the prices bid and that:

- 1) The price(s) and amount of the bid have been arrived at independently and without consultation, communication or agreement with any other contractor, Bidder or potential Bidder.
- 2) Neither the price(s) nor the amount of the bid, and neither the approximate price(s) nor approximate amount of the bid, have been disclosed to any other firm or person who is a Bidder or potential Bidder, and they will not be disclosed before bid opening.
- 3) No attempt has been made or will be made to induce any firm or person to refrain from bidding on the Contract, or to submit a bid higher than the bid, or to submit any intentionally high or noncompetitive bid or other form of complementary bid.
- 4) The bid of Bidder is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive bid.

- 5) Neither he/she, the company, nor any of the company's affiliates, subsidiaries, officers, directors and employees are currently under investigation by any governmental agency and have not in the last four years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract.
- 6) All representations are material and important, and will be relied on by the AGENCY in awarding the Contract(s) for which the bid is submitted.
- 7) Any misstatement is and shall be treated as fraudulent concealment from the AGENCY of the true facts relating to the submission of bids for this Contract.

IV.3 Suspension or Debarment

The Bidder certifies, for itself and all its designated partners, that neither the Bidder, nor any suppliers are under suspension, debarment or otherwise lawfully precluded from participating in any public procurement activity by the AGENCY, LEA or any governmental entity, instrumentality, or authority within the last five years and, if the Bidder cannot so certify, then it agrees to submit a written explanation as an attachment to the electronic bid form of why such certification cannot be made and before proceeding to perform under any Purchase Order issued. Each eligible LEA reserves the right to cancel any Purchase Order without liability if the Bidder cannot so certify and the AGENCY or LEA is not satisfied with the explanation.

IV.4 Overdue Tax Liabilities and Other Agency or LEA Obligations

The Bidder certifies by submission of its bid that it has no overdue tax liabilities or other Agency or LEA obligations, including, but not limited to, unpaid PEPPM Transaction Fees or other fees from previous contracts.

IV.5 Ongoing Responsibility and Notice of Any Change

The Awarded Vendor's informational and disclosure obligations pursuant to all paragraphs in Sections IV and VI are ongoing from and after the effective date of the Contract and any Purchase Order issued through the termination date thereof. Accordingly, the Awarded Vendor shall have an obligation to inform the AGENCY and/or LEA if, at any time during the term of the Contract or any Purchase Order, it, changes its company name, changes its place of business, becomes delinquent in the payment of any taxes, becomes delinquent in the payment of any AGENCY or LEA obligations (including, but not limited to, payment of PEPPM Transaction Fees or other fees), or if it or any of its designated partners are suspended or debarred by the AGENCY and/or LEA, the federal government, or any other state or governmental entity. Such notification shall be made within 15 days of the date of suspension, debarment or delinquency, or change. The Awarded Vendor's status regarding any or all of its PEPPM Contracts may be affected by these changes.

IV.6 Cause for Default

The failure of the Awarded Vendor to notify the AGENCY or LEA of its suspension or debarment by AGENCY or LEA, or any other state or governmental entity, or the federal government shall constitute an event of default of the Contract and/or Purchase Order.

IV.7 Americans With Disabilities Act

Pursuant to federal regulations promulgated under the authority of The Americans With Disabilities Act, 28 C.F.R. § 35.101 et seq., the Awarded Vendor understands and agrees that it shall not cause any individual with a disability to be excluded from participation in the Contract or Purchase Order or from activities provided for under the Contract or Purchase Order on the basis of the disability. As a condition of accepting any Contract or Purchase Order, the Awarded Vendor agrees to comply with the “General Prohibitions Against Discrimination,” 28 C.F.R. § 35.130, and all other regulations promulgated under Title II of The Americans With Disabilities Act which are applicable to all benefits, services, programs, and activities relevant to the Contract.

IV.8 Hold Harmless Regarding ADA

The Awarded Vendor shall be responsible for and agrees to indemnify and hold harmless the AGENCY/LEA from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against AGENCY/LEA as a result of the Awarded Vendor’s failure to comply with the provisions of Section IV.7 above.

IV.9 Covenant Against Contingent Fees

The Awarded Vendor warrants that, no person or selling agency has been employed or retained to solicit or secure the Contract or Purchase Order upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the Awarded Vendor for the purpose of securing business. For breach or violation of this warranty, the AGENCY or LEA, as applicable, shall have the right to terminate the Contract or Purchase Order, as applicable, without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

IV.10 Requirement to Define Partnerships

Bidders must define any and all partnerships they are planning to use in support of the sales associated with this bid. All partnerships can be defined and explained by attaching a document to the appropriate product line in the electronic bid form. Additional partnerships that may occur after a PEPPM bid is awarded must be approved by AGENCY. Include any partnerships that relate to the use of Authorized Resellers and/or other third parties providing installation, maintenance and support services.

IV.11 Authorization for Resellers

Vendors who are awarded a Contract for a specific product line may establish Authorized Resellers. The Authorized Resellers must agree to sell the product at or below the posted pricing that the Awarded Vendor provides to PEPPM, adhere to all terms and conditions of the Contract and pay all Transaction Fees (see Terms and Conditions, Section III.4) unless the Awarded Vendor has agreed to pay all Transaction Fees. If an Authorized Reseller does not pay its Transaction Fees, the Awarded Vendor becomes responsible for the payment of the fees. The Awarded Vendor is responsible for maintaining the Ordering Instructions, which include the list of Authorized Resellers. Additional Authorized Resellers may be added after a PEPPM bid award but must be approved by PEPPM.

IV.12 Bidder Profiling

By answering the questions in the Question Section, Bidders must give satisfactory evidence that they:

- 1) maintain permanent places of business,
- 2) have the capability to satisfactorily and expeditiously furnish the items offered,
- 3) will provide satisfactory customer sales support and service to all LEAs,
- 4) have current relationships with LEAs for verification of customer satisfaction,
- 5) can demonstrate an active network or other acceptable method of service, and
- 6) will serve all LEAs.

IV.13 Historically Under-Utilized Businesses (HUBs)

For the purpose of identifying businesses owned by minorities, women or disabled veterans, the AGENCY requests any minority-owned, women-owned, or disabled-veteran-owned business to identify their status as such so that it can be made known to interested LEAs.

Points will be awarded to Bidders that are identified as a HUB in the bid evaluation process. A HUB may identify itself in its answer to the appropriate area in the Question Section.

V. Bid Specifications

Sections V.1 through V.19 deal with bid specifications for products.

V.1 Product Lines Sought

This bid is for technology products associated with specific types of manufacturer-branded product lines. The product line listed and its associated description is a specification for all products manufactured under that product brand name and type as described. Product lines being bid are listed in the bid announcement attachment and are listed on the electronic bid form.

V.2 New Product Provisions

AGENCY is seeking technology related products manufactured by reliable national manufacturers. The products offered must be considered new by the manufacturer having new serial numbers and be made with new components meeting all manufacturer specifications (realizing that some manufacturers may recycle incidental components).

When bidding equipment, Bidder must ensure that all units must have all manufacturer standard equipment (e.g. units sold under the XYZ, Inc. label must have all XYZ, Inc. standard equipment and features).

Unless otherwise noted in this bid, it is understood and agreed that any item offered or shipped in response to this bid is the same model indicated by its external label and source of manufacture. All components inside the system must be manufacturer approved unless otherwise noted, and therefore eligible for full manufacturer's warranty.

Products held by an Awarded Vendor that have never been sold or leased but were used (e.g. demo equipment) may be sold under the Contract according to the following provisions:

1. The LEA has full knowledge of the length and type of use of the product identified by the vendor on a PEPPM quote submitted with the Purchase Order.
2. The price of the product is below the PEPPM bid price.

V.3 Serial Numbers

Any equipment offered under a Contract must have new serial numbers. Any equipment product lines bid must be for equipment on which the original manufacturer's serial number has not been altered in any way.

V.4 New Technology and Product Additions

New products that become available after the start of the Contract and that are branded as and fall within the description of the product line awarded may be added to the existing Contract. Pricing shall be at or better than the price determined by the bid percent of discount off list or mark up over cost of other similar products.

Awarded Vendors may replace or add products to an existing Contract if the products are equal to or superior to the original products offered, are discounted the same or to a greater degree and if the products meet the requirements of the original solicitation. No products may be added to avoid competitive procurement procedures. The AGENCY may reject any additions or replacements, with or without cause.

V.5 Replacement Parts

Awarded Vendors must, upon request, provide replacement parts (either functional equivalent or a newer version of the same part which performs the same function and is replaceable or interchangeable with the part being replaced), directly or through the manufacturer or a manufacturers' representative, to the LEA and/or the LEA's designed maintenance service provider. Replacement parts must be made available for at least two (2) years after the warranty expiration.

V.6 Proof of Supply

PEPPM assumes that a manufacturer of a bid product line will have access to its own products for selling through the PEPPM Contract and therefore does not need to provide a Proof of Supply Letter as defined in this section.

Dealers, distributors, aggregators, resellers or remarketers, or other approved agents bidding on behalf of a product line for which they are not the manufacturer are asked to show proof of access to the supply of each product line being bid from the manufacturer. This proof should be in the form of a letter, which should be scanned and attached to the electronic bid form alongside the name of each product line being bid. The letter will be evaluated and scored on whether it contains each of the following components:

- 1) Current and dated within the bidding period,
- 2) Addressed specifically to AGENCY or PEPPM,

- 3) Written on manufacturer's letterhead,
- 4) An indication that the Bidder is an authorized dealer, distributor, aggregator, reseller, remarketer, or other approved agent for that equipment,
- 5) History of the Bidder's and the manufacturer's relationship,
- 6) The manufacturer's opinion that the Bidder can provide satisfactory service to all LEAs in those states bid as noted on the PEPPM State Selection Form,
- 7) Indication of what states the Bidder is authorized by the manufacturer to specifically bid to PEPPM,
- 8) Signed by a management employee of the manufacturer who will note in the letter that he/she has the explicit authority to sign this letter on behalf of the manufacturer, and
- 9) Identification of the name, title, and phone number of the senior management person in his/her upward reporting path.

Sample letters exhibiting the necessary characteristics are attached to this section of the request for bids in the file named "PEPPM 2015 Product Line Bid - Proof of Supply Letter Example.pdf."

V.7 Alternative Evidence of Supply

A Proof of Supply Letter as required in Section V.6 above from the manufacturer is the best evidence of a Bidder's access to supply and will be scored higher than alternative sources identified. However, in extreme circumstances or where competitive forces prevent access to a manufacturer letter, a Bidder may submit other written evidence and documentation to substantiate the Bidder's ability to supply and support the bid manufacturer's products as noted above for consideration. Alternative source documentation shall include all of the items listed above regarding the Proof of Supply Letter from the supply source and an explanation of why a letter from the manufacturer was not obtained. The decision of AGENCY in considering a Bidder's alternate submissions and qualifications shall be final.

If not a manufacturer or publisher, a Bidder must describe its product source and the relationships between the Bidder, its distributor and/or the manufacturer. Any alternative documents showing proof of supply MUST be attached to the electronic bid form alongside the name of the corresponding product line to which it applies and is being bid. Attaching one letter from a distributor/aggregator source of products is not recommended for guarantying access to multiple lines of products. If bidding more than one product line, whose source is the same, attaching the letter from the source to each product line being bid is recommended. It is the Bidder's responsibility to provide enough evidence of access to a product line to warrant a PEPPM bid award. A distributor/aggregator source must be able to verify they have permission from the manufacturer to sell their products to you, the Bidder.

V.8 Liens

All materials and services shall be free of all liens.

V.9 Licenses

Awarded Vendors (and their Authorized Resellers, as applicable) shall maintain current status of all federal, state and local licenses, bonds, and permits required for the operation of the business conducted by the Awarded Vendor (and their Authorized Resellers, as applicable).

V.10 Necessary Supplies

Bidders are encouraged to include bid pricing on all related/necessary branded supplies utilized with the product line being bid. Bidder may use variable discounts or markups to address differences in supply items versus equipment pricing.

V.11 Standard Warranty

The Awarded Vendor warrants that all items furnished by the Awarded Vendor, its agents, designated partners and Authorized Resellers shall be free and clear of any defects in material and workmanship and shall conform to the published specifications for such product and Awarded Vendor's representations regarding the functions and uses for which each product is marketed. Bidders bidding on personal computers must provide standard manufacturer's warranty of at least one (1) year (on-site for desktop and server systems). If the standard manufacturer warranty is longer than one year, no deduction to that standard manufacturer warranty will be allowed. Other items must carry the standard warranty. Warranty policy information, including additional costs for extended parts and labor coverage, must be addressed in the bid response and clearly defined for all submitted price lists. The Awarded Vendor shall repair and/or replace any defective item with an item of equivalent or superior quality without any additional cost to any LEA.

V.12 Onsite Warranty Service

Bidders bidding on personal computers and servers must have the capability, either directly or through the manufacturer or a manufacturer's representative, to perform onsite warranty service (warranty is defined as the standard provided by the manufacturer for the period of time indicated in the Contract). Awarded Vendors must perform warranty services at the LEA's site of the equipment in need of such service when requested by the LEA. LEAs are responsible for payment of onsite warranty services which do not fall within the scope of the manufacturer's standard warranty. Manufacturer's "depot service only" products are excluded from this requirement.

V.13 Installation

Products and services shall be installed and/or provided in accordance with the manufacturer's instructions and in accordance with the schedule determined by the AGENCY and/or LEA.

V.14 Direct Relationships with Service Providers for Services other than Onsite Warranty Services

For Bidders bidding personal computers, non-warranty service locations may be a branch or satellite office of the Bidder or manufacturer service and support facilities, or facilities of some other third-party whose relationship the Bidder will maintain to provide the services required within the scope of PEPPM. The Contract may be terminated for default if, at any point during the term of the Contract, the Awarded Vendor fails to maintain these relationships. These relationships may, but are not required to infer ownership and/or franchise relationships, only that an ongoing affirmative business relationship exists. PEPPM reserves the right to inquire into the extent of these business

relationships maintained, and listed herein, by the Bidder up to the extent that the confidentiality is not compromised. The Awarded Vendor is ultimately responsible for the satisfactory and timely completion of all service requirements and activities, and is under a duty to monitor all service performances of the service providers.

V.15 Certifications Related to Personal Computer Lines

It is the AGENCY's intention that at no time will an LEA be "surprised" by a computer's inability to function on a network, run popular software products or in any other way not perform as expected, intended, or is customary to anticipate. Bidders of personal computer lines must maintain the various certifications that the manufacturers have concerning compatibility and compliance with computer and network operating systems and federal safety and communications guidelines.

V.16 Services Related to Products

In preparing responses, Bidders should understand that they will not be specifically required to install, demonstrate or train school personnel in the use of purchased equipment, except where a Bidder is required to provide such services at no additional cost as part of its contractual arrangement with its supplier or manufacturer.

However, if a Bidder can provide ancillary services (either by itself directly or indirectly through a designated service provider) related to the product line being bid and wants to offer those services to LEAs, that Bidder should respond "Yes" to the appropriate area in the Question Section of the electronic bid form and must complete and attach the PEPPM Ancillary Services Form describing what services are available, how they will be provided (either by itself directly or indirectly through one or more designated service providers) and what PEPPM discount(s) will be applied, for the product line being bid with ancillary services. In addition, a signed and dated PEPPM Ancillary Services Form must be scanned and uploaded to the electronic bid form.

Note:

In order to provide bid protection for your ancillary services (e.g. installation), offered directly and/or indirectly, you must submit specific information (i.e. price rates, published price list, PEPPM discount if any, etc.) for AGENCY to be able to determine a "bid price" for your ancillary services. Stating prices will be negotiated is not acceptable, and those ancillary services will not be considered bid protected and may not be offered to LEAs under the Contract.

Submit one PEPPM Ancillary Services Form for each product line being bid with ancillary services. Following are examples of ancillary services that may be submitted that apply to the product line being bid:

- Installation
- Image loading
- Training
- Help desk support
- Engineering
- Analysis and design
- Maintenance
- Asset tag service
- Hard drive removal and retention by the buyer
- Travel

If an Awarded Vendor has chosen to offer ancillary services in conjunction with the bid awarded Contract items it provides to the LEA, the Awarded Vendor and the LEA shall mutually agree upon the scope of the ancillary services to be provided at the PEPPM discounted price.

Any ancillary service price lists provided by the Awarded Vendor must allow the AGENCY and LEA to easily identify bid submitted and approved ancillary services and costs. Bidders are advised to not lower per unit product purchase prices and offer above-market ancillary service prices. AGENCY staff will review the availability and reasonableness of ancillary services and prices to help determine an award.

For Awarded Vendors that offer ancillary services provided indirectly through a designated service provider, the pricing for the services provided by the designated service provider must be at or below the prices provided by the Awarded Vendor as part of their bid. Pricing that is based on “per hour” rates does not determine final cost to the LEA just the rate. Final cost to the LEA will involve mutually agreed upon scope of work to be completed and number of hours involved. Pricing for a specified set of ancillary services at one price in the bid, on the Ancillary Services Form or in the PEPPM posted price list must be offered by the designated service provider at or below the bid proposed discounted price and would be the final cost to the LEA for that set of services.

Note:

It is desired that the award be made to a Bidder who demonstrates evidence that they can provide reasonable and acceptable ancillary services to all LEAs within each state bid for products that require installation, ongoing maintenance or other necessary ancillary services. In these cases, available ancillary services and the presence of prices for those ancillary services will be a factor in the evaluation of bids.

Ancillary services that are identified and priced at the time of the bid using the Ancillary Services Form will be considered PEPPM bid protected ancillary services during the term of the Contract assuming that the prices quoted for the ancillary services are discounted at or below bid identified discounts.

Note:

Bidders are advised that to the extent applicable to an LEA for Purchase Orders which include ancillary services which require the payment of prevailing wages, Bidders are required to include such prevailing wages in their bid pricing for ancillary services at the time of bid submission. Bidders may include two sets of ancillary service pricing with their bids – one for projects which are not subject to the payment of prevailing wages, and one for projects which are subject to the payment of prevailing wages.

V.17 E-rate Program Compliance

Awarded Vendors for product lines covered by the E-rate program will comply with all requirements of the Universal Service program of the Telecommunications Act of 1996, commonly referred to as the E-rate Program, as the same may be amended from time to time. These requirements include but are not limited to registering and receiving a SPIN Number, providing the SPIN Number to PEPPM for publication, document retention, Lowest Corresponding Price (See infra Section VII.19 Most-Favored Nations Clause), and receipt and fulfillment of school and library orders according to E-rate rule and procedures.

V.18 Returned Goods Policy

Bidders must have a policy regarding how they handle the return of goods from LEAs. A document describing the policy must be attached alongside the name of each product line being bid. Please respond to the question in the Question Section that asks whether the Bidder has properly attached the respective Returned Goods Policy for each product line being bid.

V.19 Equivalent Product Lines

E-rate rules require that when specific manufacturers are identified in a procurement, there must be the ability of Bidders to submit bids for equivalent products and/or services. In order to implement this requirement, AGENCY has established the following procedures to ensure that all equivalent products and services will be included in the procurement in addition to the specific manufacturers named in this RFB.

Potential Bidders are invited to request additional E-rate eligible equivalent branded product lines to be added to the RFB.

Such requests must be in writing and submitted by Friday, August 22, 2014 at 1:00 p.m. Eastern Time, and must include at a minimum:

- The name of the branded product line that is proposed to be added, a complete description of the product line to be added, performance and test data, and other information necessary for an evaluation.
- A detailed comparison of the significant qualities of the proposed new product line with those named in the RFB. Significant qualities include attributes such as performance, weight, size, durability, visual effect, and specific features and requirements indicated.
- A list of E-rate eligible LEAs that have purchased the proposed product line equipment and names, addresses and contact persons, if requested.

A proposed new product line will not be considered unless all of the aforesaid requirements have been determined satisfied by the AGENCY. Failure of the potential Bidder to supply the requested information may result in non-approval of any proposed new product line.

If the AGENCY approves a new product line prior to receipt of bids, such approval will be set forth in an addendum. The bid response deadline may be extended to meet any federal or state competitive bidding requirements. Bidders shall not rely upon approvals in any other manner. Any addenda will be posted on www.peppm.org. It is the Bidder's responsibility to check the website to see if additional branded product lines have been added. AGENCY shall not be required to consider any request to add a branded product line that is received by AGENCY after Friday, August 22, 2014 at 1:00 p.m. Eastern Time.

Note:

This section V.19 does not apply to bids which pertain solely to technology related services (e.g. recycling, mobile device insurance), and the AGENCY is under no obligation to review requests for the addition of new product lines which pertain solely to technology related services.

VI. Ordering Procedures and Requirements

Sections VI.1 through VI.35 relate to ordering, the process of handling Purchase Orders, delivery of merchandise, payments, the role of Epylon, etc.

VI.1 Overview of Standard Purchase Order Terms and Conditions

If an award is made to a Bidder, such Awarded Vendor may receive a Purchase Order to furnish the awarded item(s) in accordance with these standard purchase order terms and conditions:

- 1) Any LEA may issue Purchase Orders against the Contract. These constitute the Awarded Vendor's authority to make delivery. All Purchase Orders received by the Awarded Vendor up to and including the expiration date of the Contract term are acceptable and must be shipped in accordance with the delivery time specified in the Contract. If normal delivery time cannot be met, Awarded Vendor must notify LEA. LEA has the option to accept or reject extended delivery time.
- 2) As stated in Section III.4, Awarded Vendors shall be required to pay the Transaction Fee for all purchases by entities made through the awarded Contracts. This applies to all orders, regardless of the method used to submit the order, or the quantity or dollar amount of the order.
- 3) Purchase Orders may be issued through Epylon Awarded Vendor accounts at www.epylon.com or through fax equipment to the following fax number: 800-636-3779. Purchase Orders via Epylon Awarded Vendor accounts will arrive in the Epylon Order inbox, accessed at www.epylon.com through a previously established login with a username and password. Receipt of the electronic or fax transmission of the Purchase Order shall constitute receipt of an order. Purchase Orders received by the Awarded Vendor after 4:00 p.m. (prevailing local time of the Awarded Vendor) will be considered received the following business day.
- 4) Upon receipt of a Purchase Order in the Epylon Purchase Order inbox, the Awarded Vendor shall promptly and properly transmit an acknowledgement in return by filling out any additional Purchase Order information and clicking "submit." Failing to acknowledge Purchase Orders gives LEAs the impression that their Purchase Order has been received by the Awarded Vendor, but that the Purchase Order has not been accepted.
- 5) For Purchase Orders entered into the Epylon eCommerce system specifically by the LEA, the parties agree that no hand-written signature shall be required in order for the Purchase Order to be legally enforceable. To the maximum extent permitted by law, the parties hereby agree to accept a Purchase Order submission or acceptance by a properly authorized user of the Epylon system as any necessary "signature" that may be required by law. Any Purchase Order or acknowledgement, which has been issued by a properly authorized Epylon user shall be deemed for all purposes to have been "signed" and to constitute an "original" when printed from electronic files or records established and maintained in the normal course of business. Neither party shall disclose to any unauthorized person the "signatures" of the other party.
- 6) For Purchase Orders entered into the Epylon eCommerce system specifically by the LEA, the parties agree that no writing shall be required in order to make the Purchase

Order legally binding, notwithstanding contrary requirements in any law. The parties hereby agree not to contest the validity or enforceability of a genuine Purchase Order or acknowledgement issued through Epylon under the provisions of a statute of frauds or any other applicable law relating to whether certain agreements are in writing and signed by the party bound thereby. Any genuine Purchase Order or acknowledgement issued through Epylon, if introduced as evidence on paper in any judicial, arbitration, mediation, or administrative proceedings, will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither party shall contest the admissibility of copies of genuine Purchase Orders or acknowledgments under either the business records exception to the hearsay rule or the best evidence rule on the basis that the Purchase Order or acknowledgement shall be deemed to be genuine for all purposes if: (a) it was received from the Epylon Purchase Order inbox and (b) it is transmitted to the location designated for such documents in the procedure agreed to by the parties.

- 7) Each party will immediately take steps to verify any document that appears to be obviously garbled in transmission or improperly formatted to include retransmission of any such document if necessary.
- 8) Awarded Vendors who receive Purchase Orders directly from LEAs (e.g. directly by fax, mail, or in person), where the Purchase Order is marked as relating to the PEPPM bid and has not first been submitted to the PEPPM purchase order clearinghouse or through the Epylon system, are required to send such Purchase Order to PEPPM for archiving and entry into AGENCY's database.

VI.2 Term of Purchase Order

The term of the Purchase Order shall commence on the date that the Awarded Vendor receives a Purchase Order executed by the LEA and all approvals required by LEA contracting procedures have been obtained (the "Effective Date"). The Purchase Order shall, subject to the other provisions of the Purchase Order, end on the later of: a) complete delivery and acceptance of the awarded item(s); b) the expiration of any specified warranty and maintenance period; c) payment by the LEA for the item(s) received; or d) the expiration date identified in the Purchase Order.

The Awarded Vendor shall not start the performance under the Purchase Order prior to the Effective Date and the LEA shall not be liable to pay the Awarded Vendor for any service or work performed or expenses incurred before the Effective Date. No LEA employee has the authority to verbally direct the shipment of any item(s) or the commencement of any work under the Purchase Order.

VI.3 Ordering, Invoicing and Payment

LEAs will order the items, receive the items from the Awarded Vendor and directly pay the Awarded Vendor upon receipt of invoices.

All invoices are to be sent directly to the purchasing LEA. LEAs will normally pay invoices within thirty (30) days of receipt of order, or in compliance with their board policy on bill payment. The AGENCY will encourage LEAs to arrange for prompt payment where possible and for payments of partial shipments.

VI.4 Awarded Vendor/Authorized Reseller as an Independent Vendor

In performing its obligations under a Purchase Order, the Awarded Vendor/Authorized Reseller will act as an independent vendor and not as an employee or agent of the AGENCY or any LEA.

VI.5 Compliance with Law

Awarded Vendor shall comply with any and all laws, whether local, state, federal or otherwise, applicable to any of the services and/or products to be provided in relation to the Contract. It shall be the Awarded Vendor's responsibility to determine the applicability and requirements of any such laws and to abide by them. Awarded Vendor shall hold AGENCY and LEA harmless for any default or breach of Awarded Vendor in this regard.

The invalidity of any words, phrases, sentences, sections or subsections contained in the Contract or Purchase Order shall not affect the enforceability of the remaining portions of the Contract or Purchase Order or any part thereof, all of which are inserted conditionally on their validity in law. In the event any one or more of the words, phrases, sentences, sections or subsections are found to be invalid or unenforceable, the Contract or Purchase Order shall be read as if such offending provisions had not been inserted, and if such invalidity shall be caused by the length of any period of time set forth in any part hereof, such period of time shall be considered to be reduced or increased, as necessary, to a period which would cure such invalidity.

All applicable laws required to be referenced in this request for bids, its PEPPM Terms and Conditions, any state-specific terms and conditions or other contract documents shall be deemed to be part hereof or thereof, and the Contract and Purchase Order shall be read and enforced as though they were included. Awarded Vendor shall comply with all applicable federal, state, local and industry statutes, regulations, ordinances, codes and standards in the Commonwealth of Pennsylvania and in each state where an LEA is located. The failure to specifically reference or include said matters in any terms or conditions or the contract does not excuse the Awarded Vendor from compliance with same.

Bidder agrees to abide by all applicable state and federal laws and regulations concerning the handling and disclosure of private and confidential information regarding individuals. Bidder agrees to hold the AGENCY and LEA harmless from its unlawful disclosure and/or use of private/confidential information.

VI.6 Environmental Provisions

In performing its obligations under the Purchase Order, the Awarded Vendor shall minimize pollution and shall strictly comply with all applicable environmental laws and regulations.

VI.7 Compensation/Invoices

The Awarded Vendor shall be required to furnish the awarded item(s) at or below the price(s) quoted in the Contract. The Awarded Vendor shall be compensated only for item(s) which are delivered and accepted by the LEA.

Unless otherwise specified, the Awarded Vendor shall send an itemized invoice to the "Bill To" address on the Purchase Order promptly after the item(s) are delivered. The invoice should include only amounts due under the Purchase Order. The Purchase Order number shall be prominently noted on all invoices.

VI.8 Payment

The LEA shall put forth reasonable efforts to make payment by the required payment date. The required payment date is: (a) the date on which payment is due under the terms of the Purchase Order; or (b) thirty (30) days after a proper invoice actually is received at the "Bill To" address, and the Purchase Order items invoiced are received and accepted by the LEA. Payment may be delayed if the payment amount on an invoice is not based upon the price(s) as stated in the Purchase Order and the items actually received.

Payment should not be construed by the Awarded Vendor as acceptance of the items furnished by the Awarded Vendor. The LEA reserves the right to conduct further testing and inspection after payment, but within a reasonable time after delivery, and to reject the item(s) if such post payment testing or inspection discloses a defect or a failure to meet specifications.

The Awarded Vendor agrees that the LEA may deduct the amount of any state tax liability not required by law or other unauthorized obligation of the Awarded Vendor or its subsidiaries to the LEA from any payments due the Awarded Vendor under any Purchase Order with the LEA.

At the discretion of the Awarded Vendor, the LEA may use an LEA purchasing card to pay for the items purchased under the Purchase Order. The LEA(s) purchasing card is similar to a credit card in that there will be a small fee which the Awarded Vendor will be required to pay and the Awarded Vendor will receive payment directly from the card issuer rather than the LEA. Any and all fees related to this type of payment are the responsibility of the Awarded Vendor. In no case will the LEA(s) allow increases in prices to offset credit card fees paid by the Awarded Vendor or any other charges incurred by the Awarded Vendor, unless specifically stated in the terms of the Purchase Order.

VI.9 Taxes

No charge will be allowed for federal, state, or local taxes from which the LEA is exempt. Prices shall be net and shall not include the amount of any such tax. Exemption certificates, if required, will be furnished on forms provided by the Awarded Vendor.

LEAs are exempt from all excise taxes imposed by the Internal Revenue Service and have accordingly registered with or been recognized by the Internal Revenue Service to make tax free purchases.

VI.10 Delivery

All item(s) shall be delivered F.O.B. Destination. Except as otherwise provided in Section VI.14 all items should be delivered within the time period specified on the Purchase Order. In addition to any other remedies, the Purchase Order is subject to termination for failure to deliver as specified. In situations where delivery cannot be made within the time period specified on the Purchase Order, LEA should be notified in writing or by telephone of the delay and of an estimated delivery date.

Delivery will be required to be made to the receiving platform or place designated on each Purchase Order. Direct delivery to buildings must be placed at a point in the building as directed at the place of delivery. Weight, color, count, measure, etc., will be determined at the point of delivery. The Awarded Vendor will be required to furnish proof of delivery upon request from any LEA. All materials and supplies must be securely packed in uniform containers, adequately marked as to

contents, Purchase Order number, and delivered without damage or breakage such units, as are specified.

Any system configuration ordered shall be delivered as a complete system. It will be the responsibility of the Awarded Vendor to stage the equipment delivery so that all components are delivered as a single unit at the same time.

Awarded Vendors receiving Purchase Orders with delivery requirements that cannot be met, have the right to refuse the order. The Awarded Vendor must return the Purchase Order with an explanation of why it was refused within (5) business days of receiving the Purchase Order from the LEA.

VI.11 Title and Risk of Loss

The Awarded Vendor agrees to bear the risk of loss, injury, or destruction of the items ordered prior to receipt of the items by the LEA unless otherwise provided in this document. Such loss, injury, or destruction shall not release the Awarded Vendor from any contractual obligations.

VI.12 Shipping Errors

Awarded Vendor agrees that shipping errors will be at the expense of the Awarded Vendor. For example, if an Awarded Vendor ships a product to an LEA that was not ordered, it is the responsibility of the Awarded Vendor to pay for return mail or shipment, at the convenience of the LEA.

VI.13 Inspection and Rejection

No item(s) received by the LEA shall be deemed accepted until the LEA has had a reasonable opportunity to inspect the item(s). The Awarded Vendor and the LEA agree that a reasonable timeframe to inspect the item(s) shall not exceed thirty (30) calendar days from date of delivery. Any item(s) which is discovered to be defective or fails to conform to the specifications may be rejected upon initial inspection or at any later time if the defects contained in the item(s) or the noncompliance with the specifications were not reasonably ascertainable upon the initial inspection. When a defect or nonconforming item(s) is discovered, the LEA will promptly notify the Awarded Vendor of the defect or nonconformance. It shall thereupon become the duty of the Awarded Vendor to remove rejected item(s) from the premises without expense to the LEA within fifteen (15) days after notification. Rejected item(s) left longer than fifteen (15) days will be regarded as abandoned, and the LEA shall have the right to dispose of them as its own property and shall retain that portion of the proceeds of any sale, which represents the LEAs costs and expenses in regard to the storage and sale of the item(s). Upon notice of rejection, the Awarded Vendor shall immediately replace all such rejected item(s) with others conforming to the specifications and which are not defective. If the Awarded Vendor fails, neglects or refuses to do so, the LEA shall then have the right to procure a corresponding quantity of such item(s), and deduct from any monies due or that may thereafter become due to the Awarded Vendor, the difference between the price stated in the Purchase Order and the actual cost thereof to the LEA.

VI.14 Default

- A. The AGENCY may, subject to the provisions of Section VI.15, Force Majeure, and in addition to its other rights under the Contract, at law or in equity, declare the Awarded Vendor in default by written notice thereof to the Awarded Vendor, and terminate (as

provided in Section VI.17, Termination of Contract) the whole or any part of the Contract (including, without limitation, for one or more states) for any of the following reasons:

- Failure to deliver the awarded item(s) within the time period specified on the Agreement or as otherwise specified;
- Improper delivery;
- Failure to provide an item(s) which is in conformance with the specifications referenced in the request for bids;
- Delivery of a defective item;
- Failure or refusal to remove and replace any item(s) rejected as defective or nonconforming within fifteen (15) days after notification;
- Insolvency or bankruptcy;
- Assignment made for the benefit of creditors;
- Failure to protect, to repair, or to make good any damage or injury to property;
- Breach of any provision of the Contract;
- Failure to adequately perform the services set forth in the Contract and Purchase Orders issued thereunder;
- Failure to make progress in the performance of the Contract and/or giving AGENCY reason to believe that Awarded Vendor will not or cannot perform to the requirements of the Contract;
- Failure to observe any of the terms and conditions of the Contract;
- Failure to pay Transaction Fees;
- Failure to follow the established procedure for Purchase Orders, invoices and receipt of funds as stipulated by the AGENCY and/or LEA;
- Failure to maintain its baseline catalog online;
- Failure to update prices as per Section X.7;
- Non-performance in sales as per Section X.2;
- Failure to meet E-rate Program Compliance requirements including suspension or debarment (See Section V.17 E-Rate Program Compliance); and/or
- Suspension or Debarment occurring during the term of the Contract (See Section IV.3 Suspension or Debarment).

B. The LEA may, subject to the provisions of Section VI.15, Force Majeure, and in addition to its other rights under the Purchase Order, at law or in equity, declare the Awarded Vendor in default by written notice thereof to the Awarded Vendor, and terminate (as provided in Section VI.16.A, Termination of Purchase Order) the whole or any part of the Purchase Order for any of the following reasons:

- Failure to deliver the awarded item(s) within the time period specified on the Purchase Order or as otherwise specified;
- Improper delivery;
- Failure to provide an item(s) which is in conformance with the specifications referenced in the request for bids;
- Delivery of a defective item;
- Failure or refusal to remove and replace any item(s) rejected as defective or nonconforming within fifteen (15) days after notification;
- Insolvency or bankruptcy;
- Assignment made for the benefit of creditors;
- Failure to protect, to repair, or to make good any damage or injury to property;

- Breach of any provision of the Purchase Order;
 - Failure to adequately perform the services set forth in the Purchase Order;
 - Failure to make progress in the performance of the Purchase Order and/or giving LEA reason to believe that Awarded Vendor will not or cannot perform to the requirements of the Purchase Order;
 - Failure to observe any of the terms and conditions of the Purchase Order;
 - Failure to follow the established procedure for Purchase Orders, invoices and receipt of funds as stipulated by the LEA; and/or
 - Suspension or Debarment occurring during the term of the Purchase Order (See Section IV.3 Suspension or Debarment).
- C. In the event that the LEA terminates the Purchase Order in whole or in part as provided in Subparagraph B above, the LEA may procure, upon such terms and in such manner as it determines, any items similar or identical to the items so terminated.
- D. If the Purchase Order is terminated as provided in Subparagraph B above, the LEA, in addition to any other rights provided in this paragraph, may require the Awarded Vendor to transfer title and deliver immediately to the LEA in the manner and to the extent directed by the LEA, any partially manufactured or delivered items as the Awarded Vendor has specifically produced or specifically acquired for the performance of the Purchase Order as has been terminated. Except as provided below, payment for any partially manufactured or delivered items accepted by the LEA shall be in an amount agreed upon by the Awarded Vendor and LEA. The LEA may withhold from amounts otherwise due the Awarded Vendor for any partially manufactured or delivered items, such sum as the LEA reasonably determines to be necessary to protect the LEA against loss due to the Awarded Vendor's default.
- E. The rights and remedies of the AGENCY or LEA provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law, in equity, or under the Contract or Purchase Order.
- F. The AGENCY's or LEA's failure to exercise any rights or remedies provided in this paragraph, at law, in equity, or under the Contract or Purchase Order shall not be construed to be a waiver by the AGENCY or LEA of its rights and remedies in regard to the event of default or any succeeding event of default.
- G. To the extent that an LEA has an administrative dispute resolution process that is mandated by law, the Awarded Vendor agrees to adhere to such process.

VI.15 Force Majeure

Neither party will incur any liability to the other if its performance of any obligation pursuant to the Contract or Purchase Order, as applicable, is prevented or delayed by causes beyond its reasonable control and without the fault or negligence of such party. Causes beyond a party's reasonable control may include, but are not limited to, acts of God or war, changes in controlling law, regulations, orders or the requirements of any governmental entity, severe weather conditions, civil disorders, natural disasters, fire, epidemics and quarantines, general strikes throughout the trade, and freight embargoes.

The Awarded Vendor shall notify the AGENCY regarding obligations pursuant to the Contract or LEA regarding obligations pursuant to the Purchase Order orally within five (5) business days and in writing within ten (10) business days of the date on which the Awarded Vendor becomes aware, or should have reasonably become aware, that such cause would prevent or delay its performance. Such notification shall (i) describe fully such cause(s) and its effect on performance, (ii) state whether performance under the Contract or Purchase Order, as applicable, is prevented or delayed, and (iii) if performance is delayed, state a reasonable estimate of the duration of the delay, if the nature of the force majeure event does not prevent Awarded Vendor from reasonably making such estimation. The Awarded Vendor shall have the burden of proving that such cause(s) delayed or prevented its performance despite its diligent efforts to perform and shall produce within ten (10) business days of AGENCY'S or LEA's written request such supporting documentation as the AGENCY or LEA may reasonably request. After receipt of such notification, the AGENCY or LEA may elect either to cancel the Contract or Purchase Order, as applicable, or to extend the time for performance as reasonably necessary to compensate for the Awarded Vendor's delay.

In the event of a declared emergency by competent governmental authorities, the LEA by notice to the Awarded Vendor, may suspend all or a portion of the Purchase Order.

VI.16 Termination of Purchase Order

The LEA has the right to terminate a Purchase Order for the following reason. Termination shall be effective upon written notice to the Awarded Vendor.

- A. **Termination for Cause:** The LEA shall have the right to terminate a Purchase Order for Awarded Vendor default under Section VI.14, Default, upon written notice to the Awarded Vendor. Notwithstanding any termination for cause, the Awarded Vendor shall be paid for work satisfactorily completed prior to the effective date of the termination, less the LEA's damages due to the Awarded Vendor's default.
- B. **Non-Appropriation:** In the event that the LEA purchasing from the Awarded Vendor or an Authorized Reseller is a state or local agency under laws of the state applicable to such agency (e.g. Pennsylvania State System of Higher Education (PASSHE) members under Pennsylvania law), agency obligation to make payments during any agency fiscal year succeeding the current fiscal year shall be subject to availability and appropriation of funds. When funds (state and/or federal) are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year period, the agency shall have the right to terminate the Purchase Order (including any applicable lease). The Awarded Vendor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the supplies or services delivered under the Purchase Order. Such reimbursement shall not include loss of profit, loss of use of money, or administrative or overhead costs. The reimbursement amount may be paid for any appropriations available for that purpose.

VI.17 Termination of Contract

AGENCY may at any time, upon seven (7) days prior written notice, terminate the Contract for Awarded Vendor default under Section VI.14, Default.

At any time, the AGENCY reserves the right to conduct a review of the Awarded Vendor's performance of Contract responsibilities with the possibility of cancellation of the whole or any part

of this Contract due to failure by the Awarded Vendor to carry out any obligation, term or condition of the Contract. The AGENCY may, but is not obligated to follow the following procedure:

- Step 1 - Issue a warning Letter of Concern outlining the violations and length of time to correct the problem(s).
- Step 2 - Issue a letter of intent to cancel Contract, if the problem(s) is not resolved by a given date.
- Step 3 - Issue letter to cancel Contract.

Upon receipt of the written Letter of Concern, the Awarded Vendor shall have ten (10) business days to provide a satisfactory response to AGENCY detailing how Awarded Vendor intends to address AGENCY's concerns. Failure on the part of the Awarded Vendor to address adequately all issues of concern may result in Contract cancellation.

VI.18 Assignability and Subcontracting

The Contract and Purchase Order shall be binding upon the parties and their respective successors and assigns.

The Awarded Vendor shall not subcontract with any person or entity to perform all or any part of the work to be performed under the Contract or a Purchase Order, without notifying the AGENCY and LEA, as applicable.

The Awarded Vendor may not assign, in whole or in part, the Contract or any Purchase Order or its rights, duties, obligations, or responsibilities thereunder without the prior written consent of the AGENCY and LEA, as applicable.

Notwithstanding the foregoing, the Awarded Vendor may, without the consent of the LEA, assign its rights to payment to be received pursuant to the Purchase Order, provided that the Awarded Vendor provides written notice of such assignment to the LEA together with a written acknowledgement from the assignee that any such payments are subject to all of the terms and conditions of the Purchase Order.

For the purposes of the Contract and Purchase Order, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in the Awarded Vendor provided, however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company.

Any assignment consented to by AGENCY or LEA shall be evidenced by a written assignment agreement executed by the Awarded Vendor and its assignee in which the assignee agrees to be legally bound by all of the terms and conditions of the Contract or Purchase Order, as applicable, and to assume the duties, obligations, and responsibilities being assigned.

A change of name by the Awarded Vendor, following which the Awarded Vendor's federal identification number remains unchanged, shall not be considered to be an assignment hereunder. The Awarded Vendor shall give the AGENCY and any LEAs holding outstanding Purchase Orders written notice of any such change of name.

VI.19 Nondiscrimination/Sexual Harassment Clause

During the term of the Contract and any Purchase Order, the Awarded Vendor agrees as follows:

- A. In the hiring of any employees for the manufacture of supplies, performance of work, or any other activity required under the Contract or any Purchase Order or any subcontract, the Awarded Vendor, designated partner or any person acting on behalf of the Awarded Vendor or designated partner shall not by reason of gender, race, creed, or color discriminate against any citizen of the state within which the award is made who is qualified and available to perform the work to which the employment relates.
- B. Neither the Awarded Vendor nor any designated partner nor any person on their behalf shall in any manner discriminate against or intimidate any employee involved in the manufacture of supplies, the performance of work or any other activity required under the Contract or any Purchase Order on account of gender, race, creed, or color.
- C. The Awarded Vendor and any designated partners shall establish and maintain a written sexual harassment policy and shall inform their employees of the policy. The policy must contain a notice that sexual harassment will not be tolerated and employees who practice it will be disciplined.
- D. The Awarded Vendor shall not discriminate by reason of gender, race, creed, or color against any designated partner or supplier who is qualified to perform the work to which the Contract relates.
- E. The Awarded Vendor and each designated partner shall furnish all necessary employment documents and records to and permit access to its books, records, and accounts by the AGENCY and LEA and appropriate departments of state government for purposes of investigation to ascertain compliance with the provisions of this Nondiscrimination/Sexual Harassment Clause. If the Awarded Vendor or any designated partner does not possess documents or records reflecting the necessary information requested, it shall furnish such information on reporting forms supplied by the AGENCY, LEA or appropriate departments of state government.
- F. The Awarded Vendor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subcontract that specifically is undertaken to support the Contract or any Purchase Order so that such provisions will be binding upon each designated partner.
- G. The AGENCY or LEA may cancel or terminate the Contract or Purchase Order, as applicable, and all money due or to become due under the Purchase Order may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the AGENCY may proceed with debarment or suspension of that Awarded Vendor from the PEPPM program.

VI.20 Hazardous Substances

The Awarded Vendor shall provide information to the LEA about the identity and hazards of hazardous substances supplied or used by the Awarded Vendor in the performance of the Purchase Order. The Awarded Vendor must comply with Act 159 of October 5, 1984, known as the “Worker and Community Right to Know Act” (the “Act”) and the regulations promulgated pursuant thereto at 4 Pa. Code Section 301.1 et seq., and any similar act in other states in which the Awarded Vendor is providing product under the Contract.

- A. Labeling. The Awarded Vendor shall insure that each individual product (as well as the carton, container or package in which the product is shipped) of any of the following substances (as defined by the Act and the regulations) supplied by the Awarded Vendor is clearly labeled, tagged or marked with the information listed in Paragraph (1) through (4):
- 1) Hazardous substances:
 - a) The chemical name or common name,
 - b) A hazard warning, and
 - c) The name, address, and telephone number of the manufacturer.
 - 2) Hazardous mixtures:
 - a) The common name, but if none exists, then the trade name,
 - b) The chemical or common name of special hazardous substances comprising .01% or more of the mixture,
 - c) The chemical or common name of hazardous substances consisting 1.0% or more of the mixture,
 - d) A hazard warning, and
 - e) The name, address, and telephone number of the manufacturer.
 - 3) Single chemicals:
 - a) The chemical name or the common name,
 - b) A hazard warning, if appropriate, and
 - c) The name, address, and telephone number of the manufacturer.
 - 4) Chemical Mixtures:
 - a) The common name, but if none exists, then the trade name,
 - b) A hazard warning, if appropriate,
 - c) The name, address, and telephone number of the manufacturer, and
 - d) The chemical name or common name of either the top five substances by volume or those substances consisting of 5.0% or more of the mixture.

A common name or trade name may be used only if the use of the name more easily or readily identifies the true nature of the hazardous substance, hazardous mixture, single chemical, or mixture involved.

Container labels shall provide a warning as to the specific nature of the hazard arising from the substance in the container.

The hazard warning shall be given in conformity with one of the nationally recognized and accepted systems of providing warnings, and hazard warnings shall be consistent with one or more of the recognized systems throughout the workplace. Examples are:

- NFPA 704, Identification of the Fire Hazards of Materials.
- National Paint and Coatings Association: Hazardous Materials Identification System.
- American Society for Testing and Materials, Safety Alert Pictorial Chart.
- American National Standard Institute, Inc., for the Precautionary Labeling of Hazardous industrial Chemicals.

Labels must be legible and prominently affixed to and displayed on the product and the carton, container, or package so that employees can easily identify the substance or mixture present therein.

- B. **Material Safety Data Sheet.** The Awarded Vendor shall provide Material Safety Data Sheets (MSDS) with the information required by the Act and the regulations for each hazardous substance or hazardous mixture. The LEA must be provided an appropriate MSDS with the initial shipment and with the first shipment after an MSDS is updated or product changed. For any other chemical, the Awarded Vendor shall provide an appropriate MSDS, if the manufacturer, importer, or supplier produces or possesses the MSDS. The Awarded Vendor shall also notify the LEA when a substance or mixture is subject to the provisions of the Act. Material Safety Data Sheets may be attached to the carton, container, or package mailed to the LEA at the time of shipment.

VI.21 Vendor Integrity Provisions

For purposes of the following sections numbered VI.21 through VI.35 only, the following definitions shall apply:

- 1) **Confidential information** means information that is not public knowledge, or available to the public on request, disclosure of which would give an unfair, unethical, or illegal advantage to another desiring to contract with the AGENCY or LEA.
- 2) **Consent** means written permission signed by a duly authorized officer or employee of the AGENCY or LEA, provided that where the material facts have been disclosed, in writing, by prequalification, bid, proposal, or contractual terms, the AGENCY or LEA shall be deemed to have consented by virtue of execution of the Contract or Purchase Order, as applicable.
- 3) **Vendor** means Awarded Vendor or Authorized Reseller who may be an individual or entity that has entered into the Contract or a Purchase Order with an LEA, including directors, officers, partners, managers, key employees and owners of more than a five percent interest.
- 4) **Financial interest** means: a) ownership of more than a five percent interest in any business; or b) holding a position as an officer, director, trustee, partner, employee, or the like, or holding any position of management.

- 5) **Gratuity** means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind.

VI.22 Highest Standards of Integrity

The Vendor shall maintain the highest standards of integrity in the performance of the Contract and Purchase Order and shall take no action in violation of state or federal laws, regulations, or other requirements that govern contracting with the AGENCY or any LEA.

VI.23 Confidential Information

The Vendor shall not disclose to others any confidential information gained by virtue of the Contract or Purchase Order.

VI.24 Pecuniary Benefit

The Vendor shall not, in connection with the Contract or any other agreement with the AGENCY or the Purchase Order or any other agreement with any LEA directly, or indirectly, offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for the decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty by any officer or employee of the AGENCY or any LEA.

VI.25 Giving Gratuities

The Vendor shall not, in connection with the Contract, Purchase Order or any other agreement with the AGENCY or LEA, directly or indirectly, offer, give, or agree or promise to give to anyone any gratuity for the benefit of or at the direction or request of any officer or employee of the AGENCY or any LEA.

VI.26 Accepting Gratuities

Except with the consent of the AGENCY or LEA, neither the Vendor nor anyone in privity with him or her shall accept or agree to accept from, or give or agree to give to, any person, any gratuity from any person in connection with the performance of work under the Contract or a Purchase Order except as provided therein.

VI.27 Supplemental Financial Interests

Except with the consent of the AGENCY or LEA, the Vendor shall not have a financial interest in any other vendor, designated partner, or supplier providing services, labor, or material on this project.

VI.28 Notification of Violations

The Vendor, upon being informed that any violation of these provisions has occurred or may occur, shall immediately notify the AGENCY or LEA in writing.

VI.29 Certification of Non-Violation

The Vendor, by execution of the Agreement and Purchase Order and by the submission of any bills or invoices for payment pursuant thereto, certifies, and represents that he or she has not violated any of these provisions.

VI.30 Cooperation with Authorities

The Vendor, upon the inquiry or request of the appropriate state official of any participating state or any of that official's agents or representatives, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant to the Vendor's integrity or responsibility, as those terms are defined by relevant statutes, regulations, or management directives. Such information may include, but shall not be limited to, the Vendor's business or financial records, documents or files of any type or form which refers to or concerns the Contract or Purchase Order. Such information shall be retained by the Vendor for a period of three years beyond the termination of the Contract or Purchase Order unless a longer period is otherwise provided by law.

VI.31 Rights and Remedies in the Event of Violation

For violation of any of the above provisions, the AGENCY or LEA may terminate the Contract, Purchase Order and any other agreement with the Vendor, claim liquidated damages in an amount equal to the value of anything received in breach of these provisions, claim damages for all expenses incurred in obtaining another vendor to complete performance hereunder, and debar and suspend the Vendor from doing business with the AGENCY or LEA. These rights and remedies are cumulative, and the use or nonuse of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those the AGENCY or LEA may have under law, statute, regulation, or otherwise.

VI.32 Right of Vendor Employee Rejection

Participating LEAs that are school districts, non-public schools, charter or public technology schools reserve the right to reject any person they deem unfit to be permitted on school grounds and in proximity to students. Upon written notice from the participating LEA or AGENCY, the Vendor shall have such persons who are performing services pursuant to the Purchase Order removed from the site immediately. The participating LEA's right to declare such person unfit shall not be limited to the required exclusion of such persons from the provisions of federal and state laws legislated as child protective services.

VI.33 Separation of Employer Responsibilities

It is understood that the Vendor, in performing services and providing products pursuant to the Contract or any Purchase Order, is acting as an independent contractor and is not an agent, servant, partner nor employee of AGENCY or participating LEA. The Vendor has control over the services and products it delivers under the Contract and any Purchase Order, and shall be solely responsible for its own federal, state and local income taxes, salary, social security payments, and any and all other payments incurred by the Vendor in the performance of the Contract and any Purchase Order, as well as adhere to all necessary legal requirements governing employment. None of the benefits provided by AGENCY or participating LEAs to their own employees, including but not limited to retirement benefits, workers' compensation insurance, disability insurance, medical insurance and unemployment insurance, are available from them to the Vendor and/or any and all of the Vendor's

agents, servants and employees. The Vendor has no authority under the Contract or any Purchase Order to assume or create any such obligation or responsibility, expressed or implied, on the behalf or in the name of AGENCY or participating LEAs, or to bind AGENCY or participating LEAs in any way whatsoever.

VI.34 Epylon Merchant Agreement

Awarded Vendors and Authorized Resellers will be bound to the Epylon Merchant Agreement, which is attached to the electronic bid form.

VI.35 Prevailing Wage Rates

To the extent applicable to a Pennsylvania LEA, for Purchase Orders which include ancillary services constituting construction, reconstruction, demolition, alteration and/or repair work other than maintenance work, exceeding \$25,000, in accordance with the Pennsylvania Prevailing Wage Act, approved August 15, 1961, Act No. 442, P.L. 987, as amended by Act 342 of 1963, P.L. 653, 43 P.S. 165-1 *et seq.*, and the regulations issued pursuant thereto, the Prevailing Wage Rates as determined by the Secretary of the Department of Labor and Industry, Prevailing Wage Division of the State of Pennsylvania, for the locality of the work and for each classification of workers needed to perform the Contract shall apply, and workers shall be paid not less than these Prevailing Wage Rates. The provisions of the Act, regulations and the Pennsylvania Prevailing Minimum Wage Rates, as determined by the Secretary of Labor and Industry, are made part of all said Purchase Orders. Further information on implementation of the act, definition of maintenance work and prevailing wage rates may be requested from the Pennsylvania Department of Labor and Industry (800-932-0665 or 717-787-4763). To the extent applicable to an LEA from another state, such state's prevailing wage rate act, regulations and minimum wage rates are made a part of the Purchase Order. When applicable, use Davis-Bacon wage rates for federally assisted projects.

VII. Bid Pricing Specifications

Sections VII.1 through VII.20 provide bid pricing specifications for product lines bid.

VII.1 PEPPM Bid Price Submission Template

For each product line you bid, you must attach a corresponding pricing spreadsheet. Only the PEPPM Bid Price Submission Template in Microsoft Excel format may be used. It may be downloaded once from the bid section indicating which product line(s) are being bid. It may be duplicated as many times as needed for each product line(s) you are bidding.

There are two tabs in the spreadsheet to be completed. One is called the Quote Sheet and contains the PEPPM Bid Quote Sheet, and the other is called Bid Response and contains the PEPPM Bid Price Submission Template, which calculates your final effective bid price for every SKU being offered as part of the bid. A third tab called Instructions contains instructions for completing the other two tabs. Fill out a separate PEPPM Bid Price Submission Template for every product line you are bidding. You must fill out the white columns in the Bid Response tab with information including Manufacturer's SKU Number, Bidder's SKU Number, Product Name, Product Description, list price or cost price, and percent discount or markup. The spreadsheet will automatically calculate the effective bid price based on the percent of discount or markup you place in column H of the spreadsheet. Additional directions are included in the Excel workbook.

VII.2 PEPPM Bid Price Submission Template for Evaluation Only

Please note that the price list used in the PEPPM Bid Price Submission Template is for bid comparison purposes only. PEPPM will NOT post your markup over cost or discount amounts from this Template. Therefore Awarded Vendors will need to submit a post-award price list using the PEPPM Price List Template containing only final PEPPM prices for website posting.

VII.3 Method Used to Determine Bid Pricing

This bid is seeking specifically PEPPM educationally discounted prices for the entire list of offered products. AGENCY is asking Bidders to place bids as a specified markup percent over the applicable cost or as a discount percent off of a specified published list price (i.e. Manufacturer MSRP, National Educational, Web, Catalog, Retail, etc). The AGENCY and its CPA firm will need access to the cost (if markup is used) or list price (if discount is use) data to ensure bid compliance during the Contract period.

VII.4 Identifying List Price or Cost Data

If bidding Discount from List, the name of the published catalog or price list and its effective date used for determining PEPPM bid pricing in the Bid Response tab must be **CLEARLY IDENTIFIED** on the Quote Sheet tab in the PEPPM Bid Price Submission Template. PEPPM, its CPA firm and LEAs will use the designated price list as a basis for verifying the published PEPPM pricing meets the bid discount(s) for the bid evaluation and throughout the term of the Contract. For example, a copy of a designated price list for each item posted April 20th of a Contract year requested in August must be made available upon request.

If bidding Markup over Cost, the Bid Response tab in the PEPPM Bid Price Submission Template must contain the Awarded Vendor cost for each item listed. In addition, a report of cost for each item posted during the term of the Contract must be available upon request from PEPPM during the term of the Contract so that correct bid pricing under the Contract can be verified, e.g. A report of cost for each item posted April 20th of a Contract year requested in August must be made available upon request.

VII.5 Expressing the Percent of Discount or Markup

In column H on the Bid Response tab of the bid template, you must take care to correctly enter the percent of discount or markup in the proper form because the way you enter your discount affects the final effective calculated bid price.

If bidding Discount from List, the percent should be entered as a **NEGATIVE** number, because you are subtracting a percentage from your list price.

If bidding Markup over Cost, you should enter the percent as a **POSITIVE** number because you are adding a percentage to your costs.

If the percent of discount or markup is zero, enter “0” in the cell in column H.

VII.6 Importance of Final Effective Price

It is the Bidder’s responsibility to look at the final effective prices in column I of the Bid Response tab spreadsheet to see that they are calculated correctly. These are your official bid prices. If they

are not correct, then the percent you entered is incorrect, because the spreadsheet automatically calculates the correct effective prices based on your entries.

Prices in column I will be a basis for evaluation for bid awards.

Any inconsistencies in expressing your percent of discount or markup may result in your bid being non-responsive or subject to a reduction in score.

VII.7 Importance of Manufacturer's SKUs

It is important that you provide the correct manufacturer's SKU number without modification for each product you submit as part of the bid. The first phase of the evaluation process uses manufacturer SKU number, after stripping away hyphens, spaces and leading zeros, to compare pricing between competing companies.

Any Bidder created identifiers that changes a manufacturer's SKU must be removed prior to submission. Bidders must make their best efforts to match their "Manufacturer SKUs" to the manufacturer's published SKUs including and/or excluding identifier characters for such things as government or education pricing, country of use, color, or other manufacturer product identifiers. Bidder should note that these requirements are for their PEPPM Bid Price Submission Templates submitted at the time of the bid.

Once an award is made for a product line, the Awarded Vendor will use a different Pricelist Submission Template and these conditions for Manufacturer SKUs will not apply.

Irregularities in listing the manufacturer's SKU numbers in a Bidder's bid proposal may result in a bid determined as non-responsive or in a reduction of your overall bid evaluation score.

VII.8 Extent of Products Offered

Products and prices listed will be used to establish both the extent of a manufacturer's line available from a particular Bidder and the educational bid pricing per item. Although it is not necessary to list all of the products available from a bid product line, the bid evaluation will be affected by the number of items available from a particular Bidder over another.

Bidders must use their best judgment on which and how many items to list for a particular bid product line. When determining which products to submit, it is advised to **provide more, not fewer SKUs** and target education over other channel specific items.

Bidders of more than one product line must put the price list files of each product line bid on a separate template and upload it as an attachment to the corresponding product line being bid.

VII.9 Sort Order and Clear Delineation

Price lists must be clearly defined and sorted by Manufacturer and the Manufacturer SKU Number in ascending order. If price list is divided into standard subgroups, each subgroup must be well defined, easily identified and be sorted by Manufacturer SKU Number in ascending order within the subgroup.

VII.10 Inclusive Pricing

All prices quoted must be FOB Destination, with freight prepaid and included in the unit price. AGENCY will not consider any bids with escalator clauses, unbalanced or irregular features, or other provisions not in accordance with the specifications or bid sheets.

VII.11 Variable Discounts or Markups Within a Product Line

This bid allows you to define categories within a product line, which have varying degrees of discounts or markups. For example, the product line XYZ, may have a 10 percent discount for computers and a 30 percent discount for printers.

Categories must be clearly defined and fit a logical range of similar products. Variable discount percents will be allowed at the category level only.

Note:

Varying discounts per SKU will not be allowed.

When developing categories for variable discount or markup levels, a Bidder must make sure that he/she takes into consideration potential new products that the Bidder may want to add throughout the term of the Contract. New products must clearly fit into one of the established pricing categories at the discount or markup identified for that category or they cannot be added.

If categories for variable discount or markup levels are submitted, the list of categories with associated bid discount or markup **must be listed in the lined section of the Quote Sheet tab** on the PEPPM Bid Submission Template. If there are not enough spaces to list the different discounts or markups for each product line, you must attach a separate Excel bid template with the product line you are bidding. The PEPPM Bid Submission Template must be attached to the corresponding product line being bid.

VII.12 New Product Pricing

The bid pricing structure submitted must also apply to any new products announced and made available through PEPPM during the Contract period. New products and associated supplies added must be priced according to the bid discount or markup pricing structure submitted with bid. Pricing for new products offered at lower discounts or higher markups than was originally bid will not be permitted on PEPPM posted price lists or carry PEPPM bid protection. Bidders using variable discounts or markups across defined categories should be aware that if a new product does not fit into one of their bid defined categories with a same or greater discount/same or lower markup, it will not be allowed on PEPPM posted price lists or as a bid protected product under their Contract.

New products announced by the manufacturer that cannot be posted at or below the Awarded Vendor's bid price structure or that do not fit any of the bid defined categories may be added to the awarded product line by the Awarded Vendor if approved by the AGENCY. Awarded Vendors are required to submit a request to add such product in writing explaining the circumstances that do not allow these products to be posted according to the bid price structure.

Requests can only be made in the second and subsequent years of an award. No adjustments will be considered during the first year of an award. The AGENCY will only consider requests that involve products specifically used by K-14 schools and agencies and have qualities that warrant an

exception to their submitted bid price structure. Requests for adding one or more new products from the awarded product line that do NOT fit the bid price structure must be submitted thirty-days (30) prior to the annual renewal date (January 1 of each Contract year). Justification for any adjustment shall be in writing and be accompanied by appropriate documentation. The AGENCY reserves the right to reject any and all requests for additional products to an Awarded Vendor's product list and corresponding price structure. The new product additions shall apply to the Contract only upon approval and notification from the AGENCY.

VII.13 Pricing for Bundles

Bidders may submit price lists that provide for bundles that may include the bid items and third-party monitors, printers, etc., as long as all items in the bundle are ordered from and invoiced by the Bidder according to a single Purchase Order in which the third-party products are ordered on a one-for-one basis with the bid awarded item. Third-party items may be priced separately for comparison and as an add-on option for a basic bundle.

The third-party items cannot be offered individually and purchased separately (not on a one-for-one basis) from the Awarded Vendor with PEPPM bid protection (e.g. one or more ABC brand monitor(s) cannot be purchased as individual items (not bundled with XYZ computers) by an LEA from a vendor awarded the bid for XYZ computer equipment).

If orders are received by PEPPM containing third-party products from a vendor that is not the Awarded Vendor or an Authorized Reseller of the products, the LEA will be notified that the purchase of the items will not be PEPPM bid protected.

Note:

The question of prices on third-party items is a critical one to the integrity of PEPPM. Any items from a Bidder, on either the main product line being proposed, or a third-party item bundled or separately priced, must be offered at the pricing structure of the main product line under consideration, or better. For example, a Bidder bidding XYZ Computers at a markup of five percent (5%) must offer every item on its price list (XYZ and third-party items) at a markup of five percent (or less).

Bid awarded items bundled with third-party items must represent a greater value than the third-party items themselves (e.g. a bid awarded network interface card CANNOT be bundled with third-party computers to create a complete computer bundle). Software Bidders are not permitted to bundle hardware with a software offering without permission from PEPPM.

VII.14 Unacceptable Pricing Method

Use of the MARGIN pricing method IS NOT acceptable. All pricing submitted must be based either on a discount from list or a markup over cost basis.

VII.15 Allowances for Freight

If bidding markup over cost, the allowance for freight is to be built into either the cost of the product or the markup percent.

If bidding discount from list, the allowance for freight is to be built into the list price of the product or the discount percent.

Freight charges should NEVER be identified separately. Bidders must reflect a shipping allowance into the cost, markup, list or discount as noted above. This means that in all cases the markup percent times the cost should equal the markup amount and the discount percent times the list price should equal the discount amount. Adding the markup amount to cost or subtracting the discount amount from list should equal the final PEPPM price.

VII.16 Minimum Order for Free Shipping

The minimum order qualifying for F.O.B. delivered price via Awarded Vendor's standard shipping method shall be \$500 to the same shipping address. Orders for less than this amount to the same address may be accepted by the Awarded Vendor to ship prepaid with actual shipping charges added to invoice as a separate item. Shipping prices added must be actual documented costs of shipping. Awarded Vendor may charge for expedited, other special shipping circumstances or methods, if requested by the LEA. Shipping from or to the continental United States to or from Hawaii, Alaska or Puerto Rico may also be considered as special shipping. LEA must be notified on quotes if and when a shipping charge will be applied to their cost of purchase.

VII.17 Large Volume Purchase and Voluntary Price Reductions

In lieu of a separate competitive bidding procedure such as a traditional invitation to bid or RFP, the AGENCY reserves the right for LEAs to request Awarded Vendor voluntary price reductions from PEPPM Contract pricing. In the event the voluntary volume price reduction procedure is selected by the LEA, the LEA reserves the right to contact PEPPM Awarded Vendors to determine if a voluntary or volume price reduction would be available based upon the specific quantities and configurations required. The LEA shall obtain a written quotation from the PEPPM Awarded Vendor or Authorized Reseller indicating the volume or voluntary discount pricing and stating that it is an "As per PEPPM YYYY" bid price quote. (YYYY represents the Contract year the quote is issued.)

AGENCY reserves the right to research, conduct and execute electronic reverse auctions and/or requests for quotes or proposals for aggregated numbers of specific products under the Contract with interested and/or selected PEPPM Awarded Vendors in conformance with applicable laws.

In the event, one vendor is the sole Bidder on a particular product line, AGENCY and LEA reserve the right to seek a higher discount or lower markup before or after an award is made.

Bidders are urged to stipulate any additional predetermined discounts according to Bidder-designated criteria on product/price lists in such a way that LEAs can easily identify any additional discounts when they are available.

VII.18 Price Adjustments

Awarded Vendors must agree to appropriately adjust prices to correspond with manufacturer changes during the Contract period should a change from the manufacturer occur in a specific product line. Awarded Vendors must supply proof of such pass-through price changes upon request. Such price changes, along with any new product and/or promotion announcements, will be considered an ongoing part of the Contract. However, the quoted percent mark-up over cost or discount off of list must remain the same as originally quoted as part of the bid submission.

Note:

Awarded Vendor not only must comply with the pricing method originally submitted with their bid but also must make sure that posted PEPPM pricing is market competitive. If at any time throughout the term of the Contract the AGENCY determines that the pricing posted on PEPPM provided by the Awarded Vendor is not compliant with the bid price structure or is found not competitive with general street pricing, the product line award may be terminated if not corrected.

All product and price updates must be posted for LEAs by the AGENCY through the PEPPM or Epylon systems, unless special arrangements for an Awarded Vendor to maintain a custom PEPPM website have been made. Other than specific PEPPM quotations made in response to AGENCY or LEA requests, the PEPPM website (www.peppm.org) and the Epylon eCommerce website (www.epylon.com) must be the official Awarded Vendor and PEPPM bid product/price sources used for all PEPPM bid protected LEA purchases.

Awarded Vendor or manufacturer pages/price lists are not acceptable alternatives, unless the Awarded Vendor has specific written authority from AGENCY to establish Retriever/Punchout relationships with Epylon's eCommerce system or a PEPPM-specific web page environment. Specific quotations to LEAs may be provided according to Section VII.17 (Large Volume Purchase Voluntary Price Reductions) of the PEPPM 2015 Product Line Bid Terms and Conditions. All quotes for PEPPM purchases should have "As per PEPPM YYYY" (YYYY represents the Contract year the quote is issued) notification to assure that the Awarded Vendor is knowingly pricing at or below the PEPPM bid price structure and in accordance with PEPPM Terms and Conditions.

VII.19 Most-Favored Nations Clause

Bidder represents that it will use reasonable commercial efforts to ensure that the prices quoted or charged to any LEA under the Contract do not and will not exceed final prices offered outside the Contract to the LEA or other eligible LEAs under the Contract in each respective state in which LEAs are located for the same or substantially similar items or services for comparable quantities under similar terms and conditions.

If upon discovery during the term of the Contract, the AGENCY verifies that the Awarded Vendor or its Authorized Resellers are offering PEPPM eligible LEAs or similarly situated customers lower prices outside the Contract, the AGENCY reserves the right to terminate the Contract or require the Awarded Vendor or its Authorized Resellers to offer the lower prices that are available outside of the Contract to LEAs or similarly situated customers. Similarly situated customers are non-residential customers that are located in the Awarded Vendor's or Authorized Reseller's geographic service area covered under this Contract.

VII.20 Bid Effective Period

AGENCY requires that a bid response to this solicitation be valid and irrevocable for one-hundred twenty days (120) after opening time and date. Bidder warrants that the bid price structure quoted in their response will be firm for acceptance for a period of not less than one hundred twenty (120) days from the bid opening date.

VIII. Bid Procedures and Directions

Sections VIII.1 through VIII.16 provide directions necessary for submitting a complete, responsive bid.

VIII.1 Bidder Responsibility to Review

Prospective Bidders are bound, not only by the general terms and conditions of this request for bids, but also the directions, specifications, references, and attachments included on the electronic bid form. It is the responsibility of all Bidders to examine the entire bid package, to seek clarification of any item or requirement that may not be clear, and to check all responses for accuracy before submitting a bid. Negligence in preparing a bid confers no right of withdrawal after due time and date.

VIII.2 Questions and Clarifications

Technical questions on how to fill out the electronic bid form, upload or download attachments, or maintain your Epylon account can be directed to the Epylon customer service line at (888) 211-7438 or can be e-mailed to customerservice@epylon.com. For help on completing the bid, follow the Bid Information link at www.peppm.org.

All questions about the request for bids may be submitted in writing to PEPPM Bid Questions, CSIU, 90 Lawton Lane, Milton, PA 17847, by fax to PEPPM Bid Questions (fax number - (570) 522-0577) or by e-mail to bidquestions@peppm.org. All questions and responses will be available on the PEPPM website (www.peppm.org) as Frequently Asked Questions (FAQs). Questions received fewer than seven (7) days prior to Bid Due Date may not be answered.

It is the Bidder's responsibility to check the FAQs list on www.peppm.org before submitting their bid to learn of any clarifications or interpretations related to the bid requirements or procedures that may be addressed.

VIII.3 Ability to Follow Directions

The Bidders' ability to follow the bid preparation instructions set forth in this solicitation will also be considered to be an indicator of the Bidders' ability to follow instructions should they receive an award as a result of this solicitation. Any Contract between the AGENCY and an Awarded Vendor requires the delivery of information and data. The quality of organization and writing reflected in the bid will be considered to be an indication of the quality of organization and writing which would be prevalent if a Contract was awarded. As a result, the bid will be evaluated as a sample of data submission. Subjective judgment on the part of the AGENCY evaluators is implicit in this process.

VIII.4 Receipt and Opening of Bids

Electronically sealed bids for the furnishing, delivering, and installing, where called for, of the services, materials, implements and supplies, as required by the AGENCY for the PEPPM 2015 Product Line Bid, are due at 3:00 p.m. Eastern Time on Monday, September 22, 2014. Bids will be electronically unsealed at 9:00 a.m. Eastern Time on Tuesday, September 23, 2014. Opening will consist of PEPPM staff, in a public setting, clicking on the submitted bids.

Bids shall be opened at the time and place as designated. The name of each Bidder shall be publicly read and recorded in the presence of witnesses.

The AGENCY reserves the right to reject any or all bids not prepared in accordance with these or the following instructions or to waive any such informalities.

VIII.5 Bidder Withdrawal of Bid Proposal

A bid must be complete and final prior to a Bidder clicking the Submit button and sending it to the AGENCY. In the event a Bidder wishes to withdraw a bid, a Bidder can open their submitted electronic bid, scroll to the bottom of the page and click the Retract Response Button prior to the bid opening date.

Note:

This procedure should be used if a submitted bid needs to be changed or retracted.

After the bid has been opened, it may not be withdrawn, and the Bidder must supply awarded products at the bid price and in accordance with the terms and conditions.

VIII.6 Prudence and Forethought in Submission

Although the deadline for bids is 3:00 p.m. Eastern Time on Monday, September 22, 2014, it is in the best interests of Bidders to submit their bids far enough in advance to avoid any hindrances out of the control of the Bidder, Epylon or AGENCY. Such hindrances could include, extremely heavy Internet traffic, phone line disruption, busy circuits, unexpected computer outages or weather-related obstacles. AGENCY assumes no responsibility for hindrances out of its control and admonishes Bidders to submit early to avoid any possibility their bids may be late.

VIII.7 Time for Receiving Bids

Electronic bids received prior to the time of opening will be electronically sealed and securely kept unopened.

VIII.8 Late Bids

Late bids for product lines where other responsive bids have been received shall not be considered.

VIII.9 Errors in Bids

Bidders, and their authorized representatives, are expected to fully inform themselves as to the conditions, requirements, and specifications for submitting bids. The bidding system helps ensure one last thorough examination of the bid by requiring Bidders to review their bids one final time before clicking the Submit button. Bidders are advised to print/save a copy of all bid terms and conditions as well as all bid information submitted as part of the bid.

VIII.10 Public Record

All bids submitted to this PEPPM invitation shall become the property of the AGENCY and will become a matter of public record (except for vendor financial and reference data), available for review, subsequent to the award notification. PEPPM will adhere to the requirements of law on access to records. Those wishing to view the bids may do so by making an appointment.

VIII.11 Protests

Protests shall be filed with the AGENCY, and shall be resolved, in accordance with applicable law. A protest must be in writing and must be filed with the AGENCY. A protest of solicitation must be received at the AGENCY before the solicitation opening date. A protest of a proposed award or of

an award must be filed within ten days after the protester knows or should have known the basis of the protest.

A protest must include:

1. The name, address and telephone number of the protestor;
- 2) The original signature of the protester or its representative;
- 3) Identification of the solicitation;
- 4) A detailed statement of the legal and factual grounds of protest, including copies of any relevant documents; and the form of relief requested.

VIII.12 Validity of Proposal/Bid

AGENCY requires that a bid response to this solicitation be valid and irrevocable for one-hundred twenty (120) days after the bid opening date. Bidder warrants that the bid price structure quoted in their response will be firm for acceptance for a period of not less than one hundred twenty (120) days from the bid opening date.

VIII.13 Exceptions to Terms and Conditions

Any Bidder's exception to the Terms and Conditions may disqualify the bid from consideration at the sole discretion of the AGENCY. Compliance with Terms and Conditions is an important factor in the bid evaluation. Conformance to the Terms and Conditions in the solicitation is worth ten points in the bid evaluation process.

Any exception from requirements indicated herein must be stated, in writing, and included with the electronic bid submittal by entering those exceptions in the response box or by attaching a separate document alongside the relevant "exceptions" question in the Question Section.

Exceptions stipulated in Bidder's response may result in the bid being classified as non-responsive. Language to the effect that the Bidder does not consider this bid to be part of a contractual obligation will result in that Bidder's bid being disqualified. Terms of the request for bids that any Bidder considers particularly unwarranted, and to which that Bidder would have to take significant exception in his bid, should be stated clearly and concisely as exceptions and/or deviations.

VIII.14 Clarity in Response

Responses should be direct, concise, complete, and unambiguous.

VIII.15 Payment of Bid Fees

The AGENCY as the administrator of the PEPPM Bid requires a non-refundable payment in the amount of \$100 from each Bidder FOR EACH PRODUCT LINE BEING BID to cover the cost of receiving and evaluating the bid. One payment of \$100 per product line covers your submission to one or more states for each product line bid.

This fee will be collected inside the Epylon e-bid software module. Set up a valid credit card or checking account number in the profile section of your Epylon account.

If any credit card or checking account is declined, PEPPM reserves the right to disqualify a bid or to take such action necessary to collect all fees due as a result of the submission of the bid and any subsequent awards.

VIII.16 Payment of Award Fees

For every product line you or your company is awarded, a \$300 award fee is charged to do initial load, maintenance activities and administration of your contract(s). This fee may be paid by credit card or checking account. Your credit card or checking account will only be charged this particular fee if you are an Awarded Vendor and the fee will be \$300 per product line awarded. No fee will be charged if you are not an Awarded Vendor.

This fee will be collected inside the Epylon e-bid software module. Set up a valid credit card or checking account number in the profile section of your Epylon account.

IX. Bid Evaluation and Award Process

Sections IX.1 through IX.5 relate to the evaluation procedures of the bid and determination of awards.

IX.1 Award or Rejection of Bids.

PEPPM Contracts will be awarded to the lowest responsive and responsible Bidder for each product line complying with all provisions and limitations, providing the bid prices are reasonable and it is to the interest of the AGENCY and its eligible LEAs to accept them (as determined by the results of the scoring process identified in Section IX.4 below). The AGENCY reserves the right to accept or reject any or all bids. It reserves the right to reject the bid of a Bidder who has previously failed to perform properly or to complete contracts of a similar nature on time, or the bid of a Bidder where investigation shows it is not in a position to acceptably perform the Contract.

Contracts resulting from this request for bids are formed only after the AGENCY Board of Directors approves and the authorized Agency representative signs the applicable AGENCY and Awarded Vendor Agreement document.

IX.2 Qualification for Evaluation

In accordance with accepted standards of competitive sealed bid awards under applicable laws of the state of the AGENCY, competitive sealed bid awards will be made to the lowest responsive and responsible Bidder for each product line.

To qualify for evaluation, a bid must have been submitted on time, and materially satisfy all mandatory requirements identified in this document. All bids must contain answers or responses to the information requested in the electronic bid form and attachments. Any Bidder failing to provide the required documentation may be considered non-responsive. To be considered a responsive bid, the bid must reasonably and substantially conform to all the terms and conditions in the solicitation. Deviations or exceptions stipulated in Bidder response, while possibly necessary in the view of the Bidder, may result in disqualification. Language to the effect that the Bidder does not consider this solicitation to be part of a contractual obligation will result in that Bidder's bid being disqualified.

An essential part of the bid evaluation process is an evaluation to qualify the Bidder being considered as responsible. Bidders will be deemed responsible through a review and evaluation of the submitted bid materials and research performed by AGENCY representatives.

IX.3 Scoring Basis

The award of all bids will be based on the lowest responsive bid from competing Bidders deemed responsible and most capable of serving the LEAs determined through review and evaluation of the submitted bid materials and research performed by AGENCY representatives concerning Bidder capability. Notwithstanding the foregoing, bids which pertain solely to technology related services (e.g. recycling, mobile device insurance) may be awarded to multiple vendors.

The evaluation criteria and points for this solicitation are as follows:

- 1) Acceptance of terms and conditions in the solicitation – 10 points
- 2) Submission of required payments, information and forms (bid completeness) – 10 points
- 3) Bidder supply source – 5 points
- 4) Bidder service capabilities and pricing – 10 points
- 5) Bid prices – 90 points
- 6) Bidder's qualifications – 10 points
- 7) Past performance – 10 points
- 8) Marketing plan – 5 points

(Total points possible – 150)

Bidders should note that price represents 60% of their final score.

IX.4 Past Performance Information (PPI)

PPI is relevant information regarding a Bidder's actions under previously awarded contracts with schools, local, state, or federal agencies. It includes the Bidder's record of conforming to specifications and to standards of good workmanship; the Bidder's history for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Bidder's businesslike concern for the interests of the customer. Bidder's score on these items will be affected by LEA reports of poor performance reported to PEPPM during past contracts held.

Particular attention will be given to responsiveness to bid terms and conditions from previous contracts such as submission of price list updates, vendor contact and ordering instructions, citations from PEPPM's price review process and unpaid PEPPM invoices covering the past three years.

In addition and where no past performance information is available, the reports of references will be used to gauge past performance and responsibility of the Bidder.

IX.5 Timeline for Awards

It is the intent that awards will be made in a timely fashion to become effective January 1, 2015.

X. Post Award Requirements

Sections X.1 through X.15 relate to requirements of both parties after award decisions are made and through the duration of the Contract term.

X.1 Requests for Documents; Audit Provisions

Awarded Vendors shall cooperate with AGENCY's or its designated agent's reasonable requests for information and documentation relating to Purchase Orders under the Contracts.

The Awarded Vendor agrees to maintain records throughout the term of the Contract which will support the prices charged and costs incurred for the Purchase Order in accordance with the bid price structure and provide those records to AGENCY or its representatives upon reasonable request.

Note:

If a Bidder utilized the "Discount from List" price method, the Bidder is responsible for maintaining records of the monthly List Price utilized in calculation of the PEPPM discounted pricing that was provided to PEPPM for posting. If a Bidder utilized the "Markup over Cost" price method, the Bidder is responsible for maintaining records of the monthly cost data utilized in the calculation of their PEPPM pricing that was provided to PEPPM for posting.

The Awarded Vendor shall preserve books, documents, and records that relate to price data for the Purchase Order for a period of three (3) years from date of final payment. Awarded Vendor will cooperate in good faith with reasonable requests for copies of PEPPM related Purchase Orders and/or invoices, resulting contract documents, delivery/purchase orders, invoices or correspondence directly relating to any resulting agreement.

X.2 Minimum Sales

The Awarded Vendor agrees that its presence on PEPPM is not a guarantee of any sales to LEAs and agrees to market its products to LEAs to generate sales. The Awarded Vendor is expected to achieve a minimum of \$5,000 of PEPPM sales per quarter for each awarded product line. Failure to achieve that level may result in the termination of the Awarded Vendor's Contract for that product line at the end of any three-month period.

X.3 Leasing Information

Awarded Vendors may allow LEAs to enter into rental, lease, or lease purchase agreements, providing such agreements are in compliance with AGENCY's state statutes and State Department of Education policies, rules and regulations, as well as any state-specific laws and regulations applicable to LEAs in other states. Bidder agrees that leases will be in compliance with the Uniform Commercial Code for the state in which LEA is from.

AGENCY will not collect lease payments or be involved in the terms and conditions of the lease.

Bidder must indicate in its terms and conditions if the shipping costs for the return of leased or rented equipment are the responsibility of the LEA, and what that cost will be. No sale or assignment of a lease contract to a third party will be made without first informing AGENCY and the LEA of the sale or assignment. If an Awarded Vendor sells or assigns a lease contract to a third party, the cost of return must not be greater than the cost of return to the original Awarded Vendor.

Awarded Vendors providing lease or rental opportunities must submit a file detailing lease arrangements available to LEAs. PEPPM will post the information on the PEPPM website. (Awarded Vendor shall be required to provide such information electronically such as Microsoft Word or Adobe PDF document.) If the Awarded Vendor makes changes to their terms and conditions during the term of the lease contract, the new document must be filed with PEPPM for archiving and posting.

Lease or rental proposals to LEAs under the PEPPM Contract must clearly demonstrate that the base price of the equipment and services in the lease or rental proposal was derived using the PEPPM bid discounted pricing or better. The LEA shall submit a copy of all leasing documents, any associated PEPPM quotes and any other Awarded Vendor required document(s) with a Purchase Order or letter of intent to lease provided on school or agency letterhead and signed.

Awarded Vendor may utilize a state procurement agency approved lease agreement terms and conditions or may substitute its own leasing terms and conditions with the approval of the LEA.

Financing Arrangements:

Any financing arrangements (including lease purchasing arrangements) will be made directly between the Awarded Vendor and a LEA. Financing arrangements may be subject to additional laws, rules and regulations, terms and conditions not described in this document and are subject to separate negotiation with each LEA that is interested in such an arrangement. Each LEA should seek its own legal advice prior to entering into a financing arrangement. All lease arrangements are between the Awarded Vendor and the LEA only.

X.4 Employee Purchase Plans

In preparing responses, Bidders should understand that after a notice of award, each Awarded Vendor will be requested to submit a file describing their employee purchase program (if one exists) specifying procedures to be followed and persons to contact for interested employees. PEPPM will post information for such programs on its website, as a convenience to the Awarded Vendor and LEA, however, AGENCY assumes no obligations or liability with respect to such programs and such programs are outside of the Contract. (Awarded Vendor will be required to provide that information electronically in a Microsoft Word or Adobe PDF document).

X.5 Vendor Contacts and Ordering Instructions

Bidders should understand that FOLLOWING the award of bids, all Awarded Vendors must provide specific "Vendor Contacts and Ordering Instructions" which contain information that describes the ordering procedures participating LEAs must follow when submitting Purchase Orders. That information must contain the ordering address(es), contact person(s), phone number, fax number, e-mail address, etc., return policy, PEPPM's fax number for receipt of Purchase Orders and the link to www.epylon.com for eCommerce ordering. The contact information must be provided for Awarded Vendors and/or any Authorized Resellers. This information needs to be submitted in electronic format (Microsoft Word for Windows or Mac) utilizing the prescribed Vendor Contacts

and Ordering Instructions Template by all Awarded Vendors for each product line awarded in each state.

In addition to your unique instructions, ordering instructions to the LEAs must also contain the following language: "All purchase orders must be faxed to (800) 636-3779 or submitted through www.epylon.com to guarantee bid protection."

A template will be provided to assist Awarded Vendors in preparing the Vendor Contacts and Order Instructions document.

Post award, your Vendor Contacts and Ordering Instructions document must be provided in Microsoft Word format using the required Vendor Contacts and Ordering Instructions Template form and must be e-mailed to peppmdocuments@peppm.org. These documents must be completed and submitted to above email address in order for your account to be activated and post pricing and ordering instructions to allow for the receipt of orders. This file must be clearly identified/labeled by including the title, "Vendor Contacts and Ordering Instructions," Awarded Vendor name, product line bid, and date.

X.6 Submitting Price Lists

In preparing responses, Bidders should understand that following the award of bids, all Awarded Vendors will be required to submit current electronic price lists (for posting) utilizing the PEPPM Price List Template for publication in order to activate your account and to allow for receipt of orders. The AGENCY will publish these price lists for LEA access via the PEPPM website and the Epylon eCommerce system.

In submitting data, Awarded Vendors must populate cells with the data listed below. Much of the information submitted will constitute the line item entries that LEAs will see when they view pricing on either www.peppm.org or www.epylon.com. Awarded Vendors should pay special attention to the way their data reads to ensure best marketing and positioning to LEAs. LEAs will not be able to search for items if product names and descriptive terms are abbreviated. The fields required to be populated may change from time to time as determined by the AGENCY and/or its consultants. Currently, the required fields are:

- Sort Number
- Price Method
- Vendor Stock Keeping Unit (SKU)
- Product Name
- Product Description
- Current Price Per Unit of Measure
- Unit of Measure (UOM)
- Manufacturer Name
- Manufacturer Stock Keeping Unit (SKU)
- Awarded Vendor
- Product UNSPSC Commodity Code

Awarded Vendors are reminded to include any ancillary services and their prices in their price list data as SKUs. All quotes provided by an Awarded Vendor under their PEPPM Contract must reflect the posted or better pricing.

X.7 Updates Must Be Provided

Awarded Vendors must submit updates (via electronic file transfer) on a timely basis (no longer than a five week period) or provide timely confirmation (no longer than a five week period) of current prices via electronic mail to designated PEPPM staff. Product/price lists not updated or confirmed may be removed from PEPPM online and Epylon; therefore, that product line will not be available for LEA's purchasing consideration or PEPPM bid protection. Pricing can change throughout the term of the Contract so long as the prices are within the bid structure that was originally submitted on the quote sheet.

Note:

- Ordering Instructions: need to be submitted on the required Template in Microsoft Word format (all in one file)
- Price Lists: need to be submitted on the required Excel Price List Template.
- All submitted files must be named in the following manner:
company name_product line_date (MMDDYY) e.g. ePlus_Cisco_010115.xls

X.8 Specials and Promotions

In preparing responses, Bidders should understand that Awarded Vendors may submit specials & promotions files for PEPPM online posting:

- Start and stop date of promotion must be included within the promotion itself
- Format needs to be either Microsoft Word or Adobe PDF
- Information should be submitted as one file per product line

X.9 Advertising

Pre-Award Advertising - Bidder shall not advertise or publish information concerning the Contract prior to the award being announced by the AGENCY.

Post-Award Advertising - Once the award is made, the Awarded Vendor may advertise to the LEAs that products/services are available under a PEPPM Contract. Awarded Vendor shall submit all ad copy to the AGENCY for review and approval prior to issuing the advertisement.

AGENCY requires that a marketing flier, brochure, web page or other similar marketing vehicle be developed and distributed by each Awarded Vendor promoting the available PEPPM Contract during the Contract term. This requirement should be part of the Bidder's Marketing Plan as described in Section X.10.

AGENCY may assist in the development of the marketing flier and material (if requested by Awarded Vendor), but in all cases shall have authority to review and approve any marketing materials containing references to the PEPPM program or its awarded Contracts. If a web page is used, the link to it will be made available from the PEPPM website.

Banner Advertising - In preparing responses, Bidders should understand that Awarded Vendors may submit banner advertising to be posted on the PEPPM website. Such submissions need to adhere to the following requirements:

- File size not to exceed 12Kb per image

- Image size not to exceed 450 pixels x 70 pixels
- Maximum of five banner images per product line
- Exact specification will be worked out on an individual basis

X.10 Marketing Plan

AGENCY requires that all Awarded Vendors develop a marketing program to include printed materials, web-based information, e-mails, telemarketing and other methods approved by the AGENCY. All promotional marketing materials must have the prior approval by AGENCY before distribution or posting and must include the PEPPM logo and other Contract information. PEPPM staff will work with all Awarded Vendors and their representatives to jointly market the PEPPM Contracts.

A report of all marketing activity involving PEPPM specific information shall be submitted on an annual basis. Failure to submit a report may result in suspension or termination of some or all PEPPM Contracts held by the Awarded Vendor.

Awarded Vendors may be requested to do joint presentations and/or exhibits with PEPPM staff to promote their products and services available through PEPPM Contracts. Some group presentations may be done in conjunction with other Awarded Vendors. Display exhibits at various statewide conferences are encouraged.

X.11 Catalog Function

Awarded Vendors have the option of using a cXML punch-out solution, whereby buyers log on to Epylon and are sent to the Awarded Vendor's own proprietary website, with Epylon's shopping cart functionality ("Retriever/PunchOut").

The Awarded Vendor choosing Retriever/PunchOut must be able to configure its own proprietary website to Epylon Retriever/PunchOut, according to Epylon's format and specifications, as contained in Epylon Retriever cXML specification document. These specifications may be obtained from Epylon upon the signing Epylon's standard Non-Disclosure Agreement.

X.12 Audit and Inspection Rights

The AGENCY and its CPA firm will need access to cost/list price data to ensure bid compliance during the Contract period. The AGENCY reserves the right to audit the Awarded Vendor for compliance with the published/quoted bid data. Awarded Vendors will be required to routinely submit data for bid compliance upon request.

X.13 Participation in Training and Responding to eQuotes

Awarded Vendors who receive an award for one or more product lines and their Authorized Resellers will be expected to have representative staff participate in either an in-person or online training session on how to use Epylon's Public View software. Awarded Vendors and/or Authorized Resellers are expected to respond in a timely manner to eQuote requests submitted to them through Public View.

X.14 News Release by Vendors

As a matter of policy, PEPPM does not endorse the products or services of an Awarded Vendor. News releases concerning any resultant Contract from this solicitation should not be made by an Awarded Vendor without the prior approval of PEPPM. All proposed news releases should be routed to PEPPM for review and approval.

X.15 Sales Force Training

Awarded Vendor is responsible for the training of its sales force on the use of its PEPPM Contract(s) in making sales under PEPPM's bid protection provisions. PEPPM staff may be available depending on scheduling to assist in training regional or district managers and/or sales personnel.

XI. Other Terms and Conditions

Sections XI.1 through XI.16 relate to miscellaneous legal provisions that are part of the bid and resulting Contract.

XI.1 Ecommerce Partner Contract Termination

In the unlikely event that the contract between AGENCY and its ecommerce partner, Epylon, is terminated by either AGENCY or Epylon, the AGENCY reserves the right to invoke a "Prorated Fee" in lieu of the "Transaction Fee" as originally outlined in Section III.4 above and Item 2 of the Agreement. The intent of this provision is to provide for continuation of the PEPPM program in the event of the termination of the AGENCY and Epylon contract for any reason.

This option will become effective at the discretion of AGENCY upon the termination of the AGENCY and Epylon contract if deemed necessary to continue PEPPM Contracts and services to both Awarded Vendors and LEAs. It may remain in force for the remaining term of this Contract. Awarded Vendors will have the option of continuing their PEPPM Contract under these terms.

In the event that PEPPM establishes a contract with another ecommerce provider or develops its own ecommerce system for publishing Contract information, receiving and processing orders and collecting transaction fees, PEPPM reserves the right to reinstate the original Transaction Fee and terms and conditions at the start of the next full year of the Contract term.

The following is a detailed listing of amended fees and terms and conditions that will be implemented and executed if termination of the AGENCY and Epylon contract occurs and the "Prorated Fee" system is invoked. This section also includes a table showing how the "Prorated Fee" will be calculated for each Awarded Vendor PEPPM Contract.

The Prorated Fee system is defined as follows:

1. The Transaction Fee for all Purchase Orders after the termination date WILL NO LONGER BE IN EFFECT.
2. Each Awarded Vendor will be assessed and invoiced a "Prorated Fee" (See table below) per year for each year of the Contract and extension year (if extended). Prorated fees will be determined by the amount of sales processed through the PEPPM Contract during the last full year of the Contract's term. For new product lines without a full year of spend history, a fixed fee of \$400 will be assessed.

PEPPM Prorated Fee Table

PEPPM Prorated Fee Table		
Minimum Projected Annual Spend Amt.	Maximum Projected Annual Spend Amt.	Prorated Annual Transaction Fee
\$0	\$25,000	\$400
\$25,001	\$50,000	\$438
\$50,001	\$100,000	\$875
\$100,001	\$500,000	\$1,750
\$500,001	\$1,000,000	\$8,750
\$1,000,001	\$5,000,000	\$17,500
\$5,000,001	\$10,000,000	\$87,500
\$10,000,001	\$15,000,000	\$175,000
\$15,000,001	\$20,000,000	\$262,500
\$20,000,001	and greater	\$350,000

3. Arrangements can be made for installment payment of fees in excess of \$1,000 prior to the start of the first full year following the implementation of the Prorated Fee system.
4. Purchase orders will no longer be faxed to PEPPM. All Purchase Orders will be submitted directly to the Awarded Vendor or the Authorized Reseller by the LEA, unless otherwise directed by AGENCY.
5. Awarded Vendor will be required to submit a report of all sales twice per year for each of the remaining years of the Contract.
6. PEPPM will promptly notify all LEAs of this change in procedure should this provision be activated.

XI.2 Bid Document Ownership Rights

The AGENCY or any LEA shall have the authority to reproduce, distribute (within the AGENCY or LEA only), and use any submitted report, data, or material, provided that the AGENCY or any LEA agrees to reproduce the copyright notice and any other legend of ownership on any copies thereof. Any software or modifications and any associated documentation that is designed or developed and delivered to the AGENCY or LEA as part of submission of the bid or performance of the Contract is subject to any licenses which accompany such items or as agreed to by Awarded Vendor and the AGENCY or any LEA. This request for bids, the electronic bid form and all attachments are copyrighted by AGENCY and Epsilon.

XI.3 Patent, Copyright, and Trademark Indemnity

The Bidder warrants that it is the sole owner or author of, or has entered into a suitable legal agreement concerning either: a) the design of the items or the process provided or used in the performance of the Purchase Order which is covered by a patent, copyright, or trademark registration or b) any copyrighted matter in any report document or other material provided to the AGENCY or LEA under the Contract or any Purchase Order. The Awarded Vendor shall defend any suit or proceeding brought against the AGENCY or any LEA on account of any alleged patent,

copyright or trademark infringement in the United States of the item(s) provided or used in the performance of the Contract or any Purchase Order. This is upon condition that the AGENCY or any LEA shall provide prompt notification in writing of such suit or proceeding; full right, authorization and opportunity to conduct the defense thereof; and full information and all reasonable cooperation for the defense of same. As principles of governmental or public law are involved, the AGENCY or any LEA may participate in or choose to conduct and at its own expense, the defense of any such action. If information and assistance are furnished by the AGENCY or any LEA at the Awarded Vendor's written request, it shall be at the Awarded Vendor's expense, but the responsibility for such expense shall be only that within the Awarded Vendor's written authorization.

The Awarded Vendor shall pay all damages, costs, and expenses, including attorney's fees that the Awarded Vendor or the AGENCY or any LEA may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights in any item(s) provided or used in the performance of the Contract or any Purchase Order that a court finally awards. If any of the item(s) provided by the Awarded Vendor are held in such suit or proceeding to constitute infringement and the use is enjoined, the Awarded Vendor shall, at its own expense and at its option, either procure the right to continue use of such infringement item(s), replace them with non-infringement equal performance item(s) or modify them so that they are no longer infringing. If the Awarded Vendor is unable to do any of the preceding, the Awarded Vendor agrees to remove all the equipment or software which is obtained contemporaneously with the infringing item(s), or, at the option of the AGENCY or LEA, only those items of equipment or software which are held to be infringing, and to pay the AGENCY/LEA: 1) any amounts paid by the AGENCY or any LEA towards the item(s) of the product, less straight line depreciation; 2) any license fee paid by the AGENCY or any LEA for the use of any software, less a reasonable amount for the period of usage; and 3) the pro rata portion of any maintenance fee representing the time remaining in any period of maintenance paid for. The obligations of the Awarded Vendor under this section continue without time limit. No costs or expenses shall be incurred for the account of the Awarded Vendor without its written consent.

XI.4 Assignment of Antitrust Claims

The Awarded Vendor and the AGENCY or LEA recognize that in actual economic practice, overcharges by the Awarded Vendor's suppliers under the Contract and resulting from violations of state or federal antitrust laws are in fact borne by the AGENCY or any LEA. As part of the consideration for the award of the Contract or any Purchase Order, and intending to be legally bound, the Awarded Vendor assigns to the AGENCY or any LEA all right, title and interest in and to any claims the Awarded Vendor now has, or may acquire, under state or federal antitrust laws relating to the item(s) which are the subject of the Contract or Purchase Order, to the extent the AGENCY or LEA was actually harmed.

XI.5 Indemnification

To the fullest extent permitted by law, the Awarded Vendor shall indemnify and hold harmless the AGENCY and LEA from and against all claims, damages, losses and expenses, including without limitation attorney's fees and legal costs, arising out of or resulting from the Awarded Vendor's performance of the Contract and Purchase Order, including, without limitation claims, damages, losses or expenses attributable to bodily injury, sickness, disease or death, or to injury to or destruction of property, including loss of use resulting therefrom, caused in whole or in part by acts or omissions or negligence of the Awarded Vendor, its Authorized Reseller, anyone directly or

indirectly employed by them or for anyone for whose acts they may be liable. The indemnification obligations under the Contract and Purchase Order shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Awarded Vendor or Authorized Reseller under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts. Further, nothing in these indemnification provisions are intended to waive or extinguish the immunity protections of AGENCY or LEA, its agents or employees as set forth in the Pennsylvania's Political Subdivision Torts Claims Act or other similar state or federal laws or constitutional provisions. Awarded Vendor's indemnity obligations shall be in addition to any insurance requirements under the Contract or Purchase Order, and shall survive the expiration or earlier termination of the Contract or Purchase Order.

XI.6 Applicable Law

With regard to the relationship between AGENCY and Awarded Vendor and any claims, disputes or other matters arising out of said relationship, the Contract shall be governed by and interpreted and enforced in accordance with the laws of the Commonwealth of Pennsylvania (without regard to any conflict of law provisions). The Awarded Vendor consents to the jurisdiction of any court of the Commonwealth of Pennsylvania and any federal court therein, waiving any claim or defense that such forum is not convenient or proper. The Awarded Vendor agrees that any such court shall have jurisdiction over it, and consents to service of process in any manner authorized by the respective state's law.

With regard to the relationship between an LEA and the Awarded Vendor and any claims, disputes or other matters arising out of said relationship, all LEA Purchase Orders shall be governed by and interpreted and enforced in accordance with the laws of the respective state (without regard to any conflict of law provisions) of the LEA. The Awarded Vendor consents to the jurisdiction of any court of the respective state and any federal courts in those states, waiving any claim or defense that such forum is not convenient or proper. The Awarded Vendor agrees that any such court shall have jurisdiction over it, and consents to service of process in any manner authorized by the respective state's law.

XI.7 Amendments

A bid may be amended by the Bidder up to the Bid Due Date and time.

AGENCY reserves the right to change, modify, add to or remove portions of the request for bids and its terms and conditions at any time prior to five (5) days before the Bid Due Date and time. Such changes will be announced specifically to all potential Bidders having accessed the bid documents and generally to all vendors entered in the PEPPM Vendor Database and the Epylon Registered Vendor List. Such changes will also be posted on the PEPPM website, www.peppm.org.

The Contract will represent the complete agreement between the AGENCY and the Awarded Vendor, superseding any other prior or contemporaneous written or oral agreements. Any changes, corrections, or additions to the Contract shall be in writing in the form of an amendment signed by AGENCY and Awarded Vendor (and Epylon if Epylon is a necessary party).

XI.8 Severability

Should any term of the Contract be rendered unlawful by a court of competent jurisdiction or any legislative act, then the parties shall give effect to the balance of the Contract to the extent possible.

XI.9 Limits of Vendor Liability

The Awarded Vendor's liability to AGENCY under the Contract or any LEA under a Purchase Order shall be limited to the lesser of three million dollars (\$3,000,000) or three times (3x) the total price for the products, software and/or services as shown on the Purchase Order. This limitation will apply, except as otherwise stated in this clause, regardless of the form of action, whether in contract or in tort including negligence. This limitation does not, however, apply to damages for bodily injury or damage to real property or tangible personal property for which the Awarded Vendor is legally liable, nor will the limitation apply to the Awarded Vendor's indemnity of the AGENCY or any LEA for patent, copyright or trademark infringement.

XI.10 Provisions Required by Law

Each and every provision of law and any clause required by law to be in the Contract or any Purchase Order will be read and enforced as though it were included herein and therein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon application of either party the Contract or Purchase Order will forthwith be physically amended to make such insertion or correction.

XI.11 Rights of LEAs

In preparing responses, Bidders should understand that the rights and remedies of the LEA provided above shall not be exclusive and are in addition to any other rights and remedies provided by law, at equity, under the Contract and any Purchase Order.

XI.12 Christian Doctrine

Any clause required by rule or regulation not included in this request for bids, the Contract or Purchase Order will be read as if in this request for bids, the Contract or Purchase Order, whether or not physically included.

XI.13 Nonexclusive Contract

Any Contract resulting from this solicitation shall be awarded with the understanding and agreement that it is for the sole convenience of the AGENCY and eligible LEAs. AGENCY and eligible LEAs reserve the right to obtain like goods and services from another source.

XI.14 Novation

If the Awarded Vendor assigns, sells or transfers substantially all assets or the entire portion of the assets used to perform the Contract, a successor in interest must guarantee to perform all obligations under the Contract and offer awarded products at the same or better pricing determined by the bid discount or markup percent. AGENCY reserves the right to recommend acceptance or rejection of the new party. Confirmation of the acquiring vendor's intent and ability to honor all the obligations under the Contract and to offer awarded products at the same or better pricing determined by the bid discount or markup percent will be documented by signing and submitting a PEPPM Contract Assignment Form. A simple change of the Awarded Vendor's name will not change the contractual obligations of the Awarded Vendor.

XI.15 Insurance

The Awarded Vendor is required to purchase and maintain insurance for the protection of claims for damages because of bodily injury, including personal injury, sickness, disease or death of any of the Awarded Vendor's employees, agents, servants or of any personnel so insurable, for claims of damages due to injury or destruction of tangible property, including loss of use resulting from there from, and from claims arising out of the performance of the Contract or Purchase Order or caused by negligent acts for which the Awarded Vendor is legally liable. The Awarded Vendor must maintain throughout the term of the Contract and throughout the term of any outstanding Purchase Orders with an LEA a minimum of \$1,000,000.00 of occurrence comprehensive general liability insurance (basic and umbrella coverage) covering the services and work contemplated by the Contract and Purchase Order.

The Awarded Vendor is required to purchase and maintain throughout the term of the Contract and throughout the term of any outstanding Purchase Orders with an LEA automobile and truck liability coverage with a minimum combined single limit liability of \$300,000.00.

As requested by the AGENCY or an LEA, the Awarded Vendor must provide a certificate of insurance evidencing all required coverage with at least a thirty (30) day notification period that must be given to the AGENCY and the LEA prior to any policy cancellation. All required insurance must be written on an occurrence basis and maintained with a carrier licensed to conduct business in the Commonwealth of Pennsylvania or the state in which the LEA resides, having a minimum rating of Best A. The AGENCY and LEAs shall be named as additional insureds on all policies of insurance required to be carried by Awarded Vendor under the Contract or Purchase Order.

The Awarded Vendor is required throughout the term of the Contract and through the term of any outstanding Purchase Orders to comply with the Pennsylvania Workmen's Compensation Act of 1951, and any such worker compensation acts from other states in which the LEA resides, and any supplements or amendments thereto, which may have been or may hereafter be passed.

XI.16 Copyright

ELECTRONIC BID FORM QUESTIONS

To be a responsive bidder, you must answer any questions listed below. Some answers may be scored by the issuing agency as part of the bid evaluation process. Responses are limited to 4,000 characters. For longer responses, you may attach a file in the Upload Attachments section and note the file name here. If tagged "Yes" in the required column, the question must be answered in order for you to submit the bid.

Basic Information

In this section, we ask informational questions about your company so we can set up proper accounts if you win a bid.

1 What is your company's legal business name? Required = Yes

EMC Response:

EMC Corporation.

2 Are you doing business under a DBA ("Doing Business As")? Required = Yes

EMC Response:

No.

3 If Yes to Question 2, what is the DBA name? Required = No

EMC Response:

[Left blank]

4 What is the STREET ADDRESS of the physical location of your office headquarters? Required = Yes

EMC Response:

176 South Street

5 What is the CITY of the physical location of your office headquarters? Required = Yes

EMC Response:

Hopkinton

6 What is the STATE of the physical location of your office headquarters? Required = Yes

EMC Response:

Massachusetts

7 What is the ZIP code of the physical location of your office headquarters? Required = Yes

EMC Response:

01748

8 How long has your company been in business? Required = Yes

EMC Response:

Since 1979

9 What is your company's website URL? Required = Yes

EMC Response:

www.dell EMC.com

10 What is the FIRST name of the contact for all questions related to this bid proposal? Required = Yes

EMC Response:

Renee

11 What is the LAST name of the contact for all questions related to this bid proposal? Required = Yes

EMC Response:

Brand

12 What is the bid proposal contact's TITLE? Required = Yes

EMC Response

Sr. Contract Manager

13 What is the bid proposal contact's PHONE number? Required = Yes

EMC Response:

(877) 598-4915

14 What is the bid proposal contact's E-MAIL address? Required = Yes

EMC Response:

Renee.Brand@dell.com

15 What is the bid proposal contact's FAX number?

EMC Response:

(916) 784-3855

16 If you are awarded any contracts as a result of your bid, what is the FIRST name of the Day-to-Day (DTD) contact person responsible for administration of the contract? Required = Yes

EMC Response: Renee

17 If you are awarded any contracts as a result of your bid, what is the LAST name of the Day-to-Day (DTD) contact person responsible for administration of the contract? Required = Yes

EMC Response:

Brand

18 What is the DTD contact's TITLE? Required = Yes

EMC Response:

Sr. Contract Manager

19 What is the DTD contact's ADDRESS? Required = Yes

EMC Response:

3017 Douglas Blvd. Suite 300

20 What is the DTD contact's CITY? Required = Yes

EMC Response:

Roseville

21 What is the DTD contact's STATE? Required = Yes

EMC Response:

CA

22 What is the DTD contact's ZIP code? Required = Yes

EMC Response:

95661

23 What is the DTD contact PHONE number? Required = Yes

EMC Response

(877) 598-4915

24 What is the DTD contact's E-MAIL address? Required = Yes

EMC Response

Renee.Brand@dell.com

25 What is the DTD contact's FAX number? Required = Yes

EMC Response:

(916) 784-3855

26 What is your Federal E-rate SPIN number?

If you do not currently have one, type "none" in the Response Column. Required = Yes

EMC Response:

143049511

27 Who is the company's contact for the Federal E-rate program? If you do not currently have one, type "none" in the Response Column. Required = Yes

EMC Response:

Pamela Kunhart

28 What is the E-rate contact's TITLE? If you do not currently have one, type "none" in the Response Column. Required = Yes

EMC Response:

Manager, Strategic Contracts Program Office, SLED

29 What is the E-rate contact's PHONE number? If you do not currently have one, type "none" in the Response Column. Required = Yes

EMC Response:

(877) 598-4915

30 What is the E-rate contact's E-MAIL address? If you do not currently have one, type "none" in the Response Column. Required = Yes

EMC Response:

Pamela.kunhart@dell.com

31 What is the E-rate contact's FAX number? If you do not currently have one, type "none" in the Response Column.

EMC Response:

(916) 784-3855

32 If you are awarded a contract as a result of your bid submission, who in your company will be the accounting contact for the payment of monthly transaction fees? Required = Yes

EMC Response: Lynda McNiff

33 What is the PHONE number of the accounting contact? Required = Yes

EMC Response:

(916) 774-7161

34 What is the E-MAIL address of the accounting contact? Required = Yes

EMC Response:

Lynda.McNiff@dell.com

35 What is the FAX number of the accounting contact? Required = Yes

EMC Response:

(916) 784-3855

36 To what department should invoices be directed? Required = Yes

EMC Response:

Invoices for EMC Corporation administrative fees should be addressed to State, Local Government, and Education (SLED) Contracts. NOTE: If the products were sold to the Eligible Entity by a Reseller, the invoice should be delivered to the Reseller.

37 What is the address, city, state and zip code to which invoices should be sent? Separate each item with a comma.

EMC Response:

EMC Corporation, Lynda McNiff, 3017 Douglas Blvd, Suite 300 Roseville, CA 95661

38 If you become a PEPPM Awarded Vendor, to whom will you expect POs to be delivered for your awarded product line(s)? Please provide a name and e-mail address separated by a comma.

EMC Response:

POs should be delivered to the appropriate EMC Account Manager or to the Reseller Account Manager for the Partner that is engaged with the customer on the sale.

Dell EMC Account Managers:

Matt Boyd, Matt.Boyd@dell.com

Jason Posner, Jason.Posner@dell.com

39 If your firm is a publicly traded company, please enter your stock symbol. If not, write not applicable. Required = No

EMC Response:

Not applicable.

EMC Response:

<https://www.facebook.com/DellEMC/>

41 What is your company's Twitter handle? If you use multiple accounts, separate each entry with a comma. Required = No

EMC Response:

www.dellemc.com/slg

42 What is the address of your company's LinkedIn page? Required = No

EMC Response

<https://www.linkedin.com/company/dellemc>

43 What is the address of your company's Google+ page? Required = No

EMC Response:

<https://plus.google.com/+dellemc>

44 Please list the addresses of any other pertinent Internet or social media sites for your company here. Separate each address with a comma. Required = No

EMC Response:

None

45 Does your company fall into any of the following categories of a Historically Under-Utilized Business? (HUB). Required=Yes

EMC Response:

[Select from Drop-down. Choices are: Minority-owned, Woman-owned, Woman-owned and Minority-Owned, DVBE, Women-Owned DVBE, Minority-owned DVBE, None of the Above, Decline to State]

None of the above.

Vendor Responsibility Information

In this section we ask questions that ascertain whether the bidding company is a responsible vendor. Answers to questions in this section determine up to 20 points in the evaluation process.

46 Do you have a commercial, permanent place of business? If "No," please attach a letter as a PDF explaining the circumstances.

EMC Response:

Yes.

47 Is your firm currently in bankruptcy proceedings? If "Yes," please attach a letter as a PDF explaining the circumstances.

EMC Response:

[Select from Drop-down. Choices are Yes, No]

No.

48 Do you have any overdue tax liabilities? If "Yes," please attach a letter as a PDF explaining the circumstances.

EMC Response:

[Select from Drop-down. Choices are Yes, No]

No.

49 Do you have any overdue transaction fees from an existing or former PEPPM contract? If Yes, please attach a letter as a PDF explaining the circumstances. Required = Yes

EMC Response:

[Select from Drop-down. Choices are Yes, No]

No

50 Do you certify that you have NOT colluded in the development of your bid and that you are in compliance with Section V.1 of the Terms and Conditions?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes

51 Has your firm been suspended or debarred from any public sector contract? If Yes, please attach a letter as a PDF explaining the circumstances. Required = Yes

EMC Response:

[Select from Drop-down. Choices are Yes, No]

No

52 Do you have a sales structure that will facilitate and promote sales among education agencies?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes

53 Please list the education sales people who would be assigned to the PEPPM contract and their account or territory responsibilities. Use this format: John Doe, Southeastern Pennsylvania. Required = Yes

EMC Response:

Matt Boyd, Western Pennsylvania

Jason Posner, Eastern Pennsylvania

54 Please identify any sales offices that will serve PEPPM. Include address and phone information separated by a comma.

EMC Response:

Conshohocken – 300 Four Falls Corporate Center Suite 700 Conshohocken PA 19428, Phone (610) 834-0471

55 You must provide three references for your company. The reference forms must be filed out and signed by your school customers. Scan all three references into a single PDF file and attach here. Have you attached the document?

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes.

Attached:

56 What is your 2017 total revenue from all K-12 education accounts? Required = Yes

EMC Response:

The K12 Revenue for PEPPM for 2017 was \$56M.

57 What is your 2017 total revenue from all accounts? Required = Yes

EMC Response

EMC Corporation (Dell EMC) was a publicly held corporation until September 7, 2016. On this date, EMC became a wholly owned subsidiary of Dell Technologies Inc., a privately controlled company that reports financial results via SEC filings due to the issuance of publicly traded tracking stock. Reported revenues for Dell Technologies Inc. for 2017 (Fiscal Year End February 2, 2018) was \$78.6 billion up from \$61.6 billion the previous Fiscal Year End February 3, 2017.

58 Describe your system of customer support and service to PEPPM's eligible buying agencies. Attachments are acceptable.

EMC Response:

Please see our attachment: Question 58 - prosupport-enterprise-suite-brochure for a description of our customer support and services available to PEPPM eligible buying agencies.

59 Will customer service be available between 8 a.m. and 8 p.m. Eastern Time? Required = Yes

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes

60 If you have previously held a PEPPM contract, were you in compliance with its Terms and Conditions. If No, please attach a letter of explanation in PDF format.

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

61 Please list your top five education or government clients over the past two years

EMC Response:

- #1 Commonwealth of PA
- #2 Centennial School District
- #3 Great Valley School District
- #4 Upper Darby School District
- #5 Phoenixville Area School District

62 Please list five top education or government CLIENTS over the past two years.

EMC Response:

- #1 Commonwealth of PA
- #2 Centennial School District
- #3 Great Valley School District
- #4 Upper Darby School District
- #5 Phoenixville Area School District

63 My company is a . . . Required = Yes

EMC Response:

[Select from Drop-down. Choices are: Manufacturer, Reseller, Distributor, Wholesaler, Aggregator, Publisher, Other]

Manufacturer.

64. Please list five of your top public agency purchasing CONTRACTS now in force or list any recent large-order fulfillments. Required = Yes

EMC Response:

1. NASPO ValuePoint MNWNC-109 Computer Equipment – 31 States and 8 local and education entities
2. New York OGS (PM20830 IT Umbrella)
3. Texas Department of Information Resources (DIR-TSO-TMP-422)
4. South Carolina State Term Contract (44000004247)
5. Virginia VITA (VA-101112-EMC)

65. Please describe your company structure, organization, ownership, and company history. Attach an organization chart and/or any documentation as a PDF that may be helpful. Required = Yes

EMC Response:

Attached:

Marketing

66. Describe your marketing plan for driving PEPPM education business. You may attached a separate document as a PDF by typing "see attached" in Response Column. (refer to Section X.10. of terms and conditions). Required = Yes

EMC Response:

See Attached.

67 Please write a narrative between 150 and 200 words that describes how your company is unique from your competition and how your customers will benefit by using your company's products and services. If applicable to boost sales, include information about how your company is structured, owned and organized. Write this narrative so that it can be published in complete sentences to potential customers on the PEPPM website and in catalog materials. To assist and attract potential buyers, you may also attach a photograph that is illustrative of your company, employees, or product line. (This narrative and photograph will be used only if you are awarded a contract.)

EMC Response:

EMC Corporation, which brands itself as Dell EMC, is part of a unique family of businesses that provides the essential infrastructure for organizations to build their digital future, transform IT and protect their most important asset, information. The combination created the #1 market leader with an expansive technology portfolio that solves complex problems for customers in the industry's fast-growing areas of hybrid cloud, software defined data center, converged infrastructure, platform-as-a-service, data analytics, mobility and cybersecurity.

With over 30 years of experience, our value is in offering solutions that map to the government customers, which includes the U.S. Federal government and foreign government (both civilian and defense agencies) and state and local governments, provinces, counties, cities, as well as educational institutions around the world. EMC solutions help customers ensure that information is managed efficiently, effectively, and securely. EMC's understanding of government priorities enables us to work as a strategic partner—delivering value and helping achieve critical objectives for our customers.

Today, our storage solutions are helping State and Local Governments and Education (SLED) agencies ensure long-term sustainability, with the potential for reducing cost of ownership.

68. If you are awarded a contract, you will be required to provide product detail information corresponding to each item being sold under your product line contract (Section XII.4). Are you able to provide the descriptive product detail information for each line item you sell?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

69. Your products will have greater visibility and rank higher in search results on PEPPM's website if you have photographs of your products. Will you be able to provide PEPPM with photographs of your products?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

No

70. Can you provide multiple photographic views for each line item under contract, that is, photos showing each of your products from multiple perspectives?

EMC Response

[Select from Drop-down. Choices are Yes, No]

No

71. For each product line contract you may be awarded, will your sales team be able to meet the requirement (Section XII.2) to sell a minimum of \$5,000 of product or services per quarter?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

Required Information Per Product Line

In this section, we help you provide the appropriate attachments so that your bid will be considered responsive. To start, the following questions and checklists refer to attachments that should be placed in the Product Line section above, alongside EACH respective product line you are bidding.

72. Have you placed a check mark in the white box in the Bid column, indicating which of the product lines you are bidding? Required = Yes

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes.

73. Are you the manufacturer for any of the product lines you are bidding? Required = Yes

EMC Response

[Select from Drop-down. Choices are Yes, No]

Yes.

74 If "Yes" to Question 73, then you do not need not prove you have access to a supply of the product line, since you are the manufacturer. If "No" to Question 73 for any product line you are bidding, then, for each of those product line(s), you must attach a manufacturer's letter or other written evidence/documentation, including a narrative of relationships between you, your distributor and/or the manufacturer to each product line you are bidding. As per Section VI.8 of the Terms and Conditions, have you attached each required letter (labeled "Proof of Supply") in PDF format to each respective product line you are bidding?

EMC Response:

[Select from Drop-down. Choices are Yes, where appropriate or No, we are the manufacturer]

Yes, where appropriate

75 Do you offer any services directly or indirectly through third-parties such as installation, consulting, training, repair, etc. in conjunction with hardware or software your company is bidding? If "yes," fill out the Ancillary Services Form showing your PEPPM discounted rate structure for each product line you are bidding. Sign and date the form, and attach as a PDF document alongside each respective product line you are bidding. Have you attached the document (labeled Ancillary Services Form) to each product line? Required = Yes

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

76 To be responsive, your bid must include the warranty provisions you provide for each of the product lines you are bidding or includes a document that links to warranty provisions. (Terms and Conditions Section VI.12). If bidding items where warranty may not apply, make such a statement in a document. Attach as a PDF document alongside each respective product line you are bidding. Have you attached the document (labeled "Warranty Statement") to each product line?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

Attachments:

77 Your bid will be evaluated on the existence of a statement explaining your policy on returned goods (Section VI.17). Please describe your policy on returned goods with enough detail that the information can be published and a buyer can understand if and how goods can be returned. If items cannot be

returned, a statement of explanation still applies. Attach as a PDF document alongside each respective product line you are bidding. Have you attached the document (labeled "Returned Goods") to each product line?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

Attachments.

78 Although PEPPM is specifically bidding for Pennsylvania schools and agencies, it is PEPPM's intent to allow for "piggybacking" by entities (Section III.6) in other states. If you wish to extend your Pennsylvania bid pricing to eligible education agencies in other states, fill out the State Selection Form for each product line you are bidding. Attach the form as a PDF document alongside each respective product line you are bidding. Have you attached the document (labeled "State Selection Form") to each product line?

EMC Response:

[Select from Drop-down. Choices are: Yes, PEPPM State Selection Form is attached to each product line; or No, I am only bidding for sales in Pennsylvania.]

Yes, PEPPM State Selection Form is attached to each product line.

79 PEPPM does not wish to harm in any way the ability of vendors to provide lowest pricing to schools. However, many government agencies would like the ability to buy from PEPPM contracts. If you elect to extend your Pennsylvania PEPPM bid educational prices to government agencies, please check the appropriate box on the State Selection Form for each product line you are bidding. Have you marked the appropriate box on the State Selection Form used in Question 78?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes

80 Many four-year colleges and universities would like the ability to buy from PEPPM contracts. If you elect to extend your Pennsylvania PEPPM bid educational prices to four-year colleges and universities, please check the appropriate box on the State Selection Form for each product line you are bidding. Have you marked the appropriate box on the State Selection Form used in Question 78?

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

81 The Bid Price Submission Template contains a Quote Sheet tab and a Bid Response tab. The Quote Sheet is where your bid discount or markup formulas are recorded. The Bid Response is where you bid pricing is recorded based on the discount or markup formulas on the Quote Sheet. Fill out a separate Bid Price Submission Template for each product line you are bidding. After attaching the respective Excel spreadsheet alongside the corresponding product line you are bidding, you must distinguish your Bid Price Submission Template from any other attachments. Do this by placing a check mark next to your Bid Price Submission Template for the product line and clicking on the "Identify SKU Attachment." It will then

be marked with an asterisk by the eBid system. Have you attached and identified the Excel spreadsheet to each product line?

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes

82 We request that you attach the published Price List or Catalog (preferably in Excel format) used as your Price Basis to determine your PEPPM pricing alongside the name of each product line you are bidding (See letter "K" on the Quote Sheet tab within the Bid Price Submission Template). Have you attached the Price Basis file (labeled "Price Basis") used for calculating PEPPM pricing to each product line?

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes.

Attachments

83 We require a signed Awarded Vendor Agreement for each product line you are bidding. Fill in the product name, description (as it appears on the product line bid list) and company legal address on the first page of the agreement. Sign and date (affix Corporate Seal if appropriate) on the appropriate lines at the end of the agreement. Attach as a PDF document alongside each respective product line you are bidding. Have you attached the document (labeled "Vendor Agreement") to each product line?

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes

Final Steps

In this section, we wrap up the bid. It is time to finish your bid by attesting to its truthfulness, accuracy and your willingness to comply with this bid's Terms and Conditions. Answers to questions in this section determine up to 10 points in the evaluation process.

84 If you are offering leasing terms, have you attached the leasing document in PDF format here (refer to Section XII.7)?

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes.

Attachment

85 Have you checked in the External Notes section below for notices of any bid amendments or changes? Required = Yes

EMC Response

[Select from Drop-down. Choice is Yes]

Yes.

*86 Do you have up-to-date credit card or checking account (ACH) information on file in your User Profile?
Required = Yes*

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes.

87 Have you read all the Terms and Conditions?

EMC Response:

[Select from Drop-down. Choice is Yes]

Yes.

*88 Do you hereby certify your acceptance of the Terms and Conditions that are part of the bid document?
(If "No," your bid may be labeled non-responsive in accordance with Section IX.6)*

EMC Response:

[Select from Drop-down. Choices are Yes, No]

Yes.

89 If you answered "No" to Question 88, please express objections here or attach a document that details your objections.

EMC Response: N/A

90 In submitting this bid form with your electronic signature, do you swear that the answers to the questions herein are true to the best of your knowledge and that you have the authority to submit this bid to the Agency thereby binding your company to the Terms and Conditions, final pricing, statements and all commitments submitted to Agency? (If No, this form must be forwarded to another appropriate company representative who can answer "Yes"). Required = Yes

EMC Response:

Yes.

ProSupport Enterprise Suite

Support that accelerates
your IT transformation

DELLEMC

Comprehensive support for complex environments

The enterprise landscape is changing rapidly, and the pressure to introduce new technologies into your organization while efficiently maintaining existing servers, storage and networking has never been greater. Big Data, virtualization, application modernization, modular infrastructure and cloud computing can result in substantial benefits, but they require an even higher level of expertise. A complex environment means complex processes — and more potential problems. The more you depend on technology, the more important it is to have the right support.

To find time to focus on your business objectives and stay competitive, you need to manage:

- Maintenance costs
- Workload availability
- Multiple hardware and software vendors
- Automated proactive and predictive technologies

Today's complex environments require true enterprise-class support.

Proactive insights from Dell EMC

You're looking for efficiency. Most IT departments spend 80% of their time on routine maintenance and support instead of innovation — a fact that hasn't changed in years.¹ With the right support solution, Dell EMC can help shift more of your focus to where it should be — on your business.

When you're working with multiple vendors to keep your servers, storage and networking up and running, things get difficult very quickly.

With the ProSupport Enterprise Suite, you can get the most out of your investment with the support expertise and insights Dell EMC is known for across the globe. The ProSupport Enterprise Suite doesn't just extend your IT team. It enables you to resolve IT questions and problems in less time.

The ProSupport Enterprise Suite offers:

- Flexibility to choose support based on criticality of specific systems and the complexity of your environment
- A central point of accountability for all your hardware and software issues
- Broad, deep cross-domain experience that goes beyond a single piece of hardware
- Predictive, automated tools and innovative technology
- Consistent experience regardless of where you're located or what language you speak²

“Dell proactively monitors our network and our devices, and they give us a much better response time compared to other providers, thanks to Dell ProSupport.”

— Biju Samuel,
Director of IT,
Cardlytics, United States

Experts.

Why Dell EMC?

Smarter strategies for smarter support.

A strategy that allows you to fearlessly adopt new technology gives you freedom to focus on your business. Having the same enterprise-class support from Dell EMC on all of your platforms, brands and solutions across your infrastructure gives you that freedom.

As managing technology gets harder, Dell EMC support is getting smarter.

Accelerate
with
experts

Focus on your business while Dell EMC experts reduce IT complexity.

- 55,000+ Dell EMC & partner professionals
- 10,000+ certifications in industry-leading hardware, software and solutions
- Deep knowledge of complex, emerging technologies and multivendor environments
- Collaborative assistance with 3rd party technology vendors

Accelerate
with
insights

Improve performance and stability with deep insight and intelligent data.

- SupportAssist and Secure Remote Services (ESRS) automated monitoring and predictive* analysis for issue prevention and optimization
- Personalized relationship with a designated Technology Service Manager with deep knowledge of your business and environment
- Six Command Centers** to proactively monitor field service events
- Twelve Centers of Excellence and Joint Solution Centers deliver in-house collaboration leveraging our alliances with leading application providers

Accelerate
with
ease

Increase productivity with always accessible tailored support.

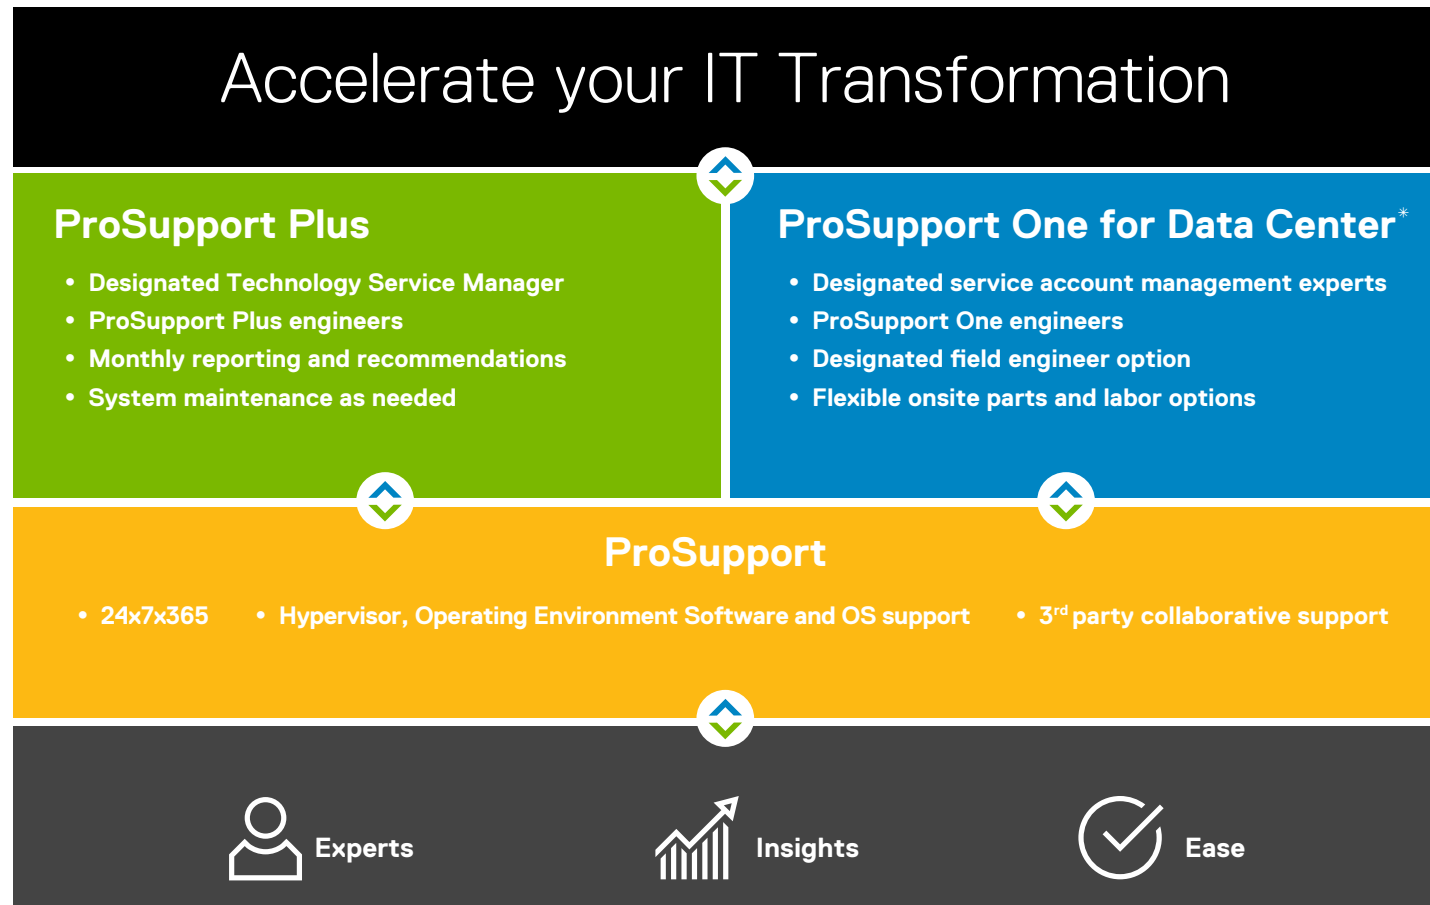

- Support offered in 160+ countries and 50+ languages
- 24x7*** phone, chat, email and social media support
- Consistent single-source support across hardware and software
- 94% customer satisfaction for Dell EMC Support & Deployment services

*SupportAssist predictive analysis failure detection includes server hard drives and backplanes. ESRS enables predictive capabilities and failure detection for enterprise storage, networking and converged infrastructure.

**Command Centers monitor only Dell-branded products.

***Availability and terms of Dell EMC Services vary by region and by product. For more information, contact your Dell EMC sales representative.

ProSupport Enterprise Suite

*ProSupport One is available for legacy Dell-warranted products only.

Enterprise-class support realized.

Built on a foundation of experts, insights and customer ease, our ProSupport Enterprise Suite has the enterprise-class support your organization needs. Select the service that aligns with the criticality of your systems, complexity of your environment and how you allocate your IT resources.

Technology Service Manager:

Your designated Dell EMC support advocate.

- Highly skilled service account management expert who understands the specific IT needs and objectives of your business
- Central point of contact to facilitate service management and escalation resolution
- Personalized recommendations based on your environment, best practices and support trends across all of our customers to help improve productivity and stability

Command Centers*:

Proactive monitoring of field service events across the globe.

- Real-time dispatch monitoring efficiently routes engineers and service parts to your site to speed problem resolution
- Proactive planning and ongoing communication during major events to preempt anything that may affect rapid response
- Crisis management for critical situations ranging from natural disasters to power outages or virus attacks to mobilize and route emergency resources

**Command Centers monitor only Dell-branded products.

“We get mini-storage reports every week, plus our monthly conference calls to review everything in detail. I’ve even received text messages. This is why Dell EMC Storage is the standard for Intuit’s data warehouse workloads. It’s a no-brainer.”

— Alex Lancaster,
Data Engineering Manager,
Intuit, United States

ProSupport

You need unwavering support for hardware and software and a smart way to manage the mix of vendors in your environment. Dell EMC offers a single source with the expertise, know-how and capabilities to make supporting your IT easier.

When you choose ProSupport*, highly trained experts are there around the clock and around the globe to address your IT needs. ProSupport helps you minimize disruptions and maintain a high level of productivity.

When you choose ProSupport, you'll get:

- 24x7x365 access to certified hardware and software experts
- Collaborative support with 3rd party vendors
- Hypervisor, Operating Environment Software and OS support
- Consistent level of support available for Dell EMC hardware, software and solutions
- Onsite parts and labor response options including next business day or four-hour mission critical

“If there’s a problem, each vendor blames the other. We have one point of contact with Dell, and we know that Dell will work with us to fix whatever comes up.”

— Chris Hele,
Senior Technical Support Officer,
North Norfolk District Council, United Kingdom

QUESTION 65 – CORPORATE PROFILE

EMC Corporation History

EMC was founded in Newton, Massachusetts, in 1979 by Dick Egan and Roger Marino. By the late 1980s, EMC sold advanced storage subsystems for minicomputers and solid-state mainframe storage. In 1986 EMC went public on NASDAQ. And then in March 1988, after eight years of profitability, EMC's stock began trading on the New York Stock Exchange.

In late 1990, EMC introduced Symmetrix Integrated Cached Disk Array, which would become the most popular high-end storage system ever developed. EMC created a new storage industry segment, network attached storage (NAS), redefining the market for file servers. With the arrival of SANs in 1998, EMC's approach helped to speed up the conversion of NAS and SAN into the fast-growing market for networked storage. In 1999, EMC seized an opportunity to enlarge its target market while still concentrating on storage by acquiring Data General and its acclaimed CLARiON line. EMC could now help customers consolidate and manage more information.

In 2002, EMC created a new storage category and introduced the first information storage solution designed specifically for fixed, or unchanging, content. In 2003, EMC focused on helping customers get the maximum from their information, at the lowest total cost, at every point in the information life cycle. EMC's ILM strategy became its primary way of assisting customers in solving real-life information management challenges. Through scores of acquisitions during this decade, EMC has taken bold steps into opportunity-rich software markets in backup, archiving, and recovery management; content management; network systems management; and server and desktop virtualization. EMC's acquisition of VMware, the global leader in virtualization solutions from the desktop to the data center, gives EMC, by far, the strongest virtualization portfolio in the IT industry.

EMC's information infrastructure strategy could not be more relevant in a world where digital information has become one of the most important assets in nearly all organizations and where its growth is rapid and relentless. To fully extend the power of information infrastructure, EMC greatly expanded its portfolio of services by building out a 13,000-person-strong global services organization that helps customers deploy and maintain their EMC technologies and solve their information infrastructure challenges.

September 7, 2016 marked a milestone in EMC history. On that day, Dell Technologies announced completion of the acquisition of EMC Corporation, creating a unique family of businesses that provides the essential infrastructure for organizations to build their digital future, transform IT and protect their most important asset, information. This combination creates a \$74 billion market leader with an expansive technology portfolio that solves complex problems for customers in the industry's fast-growing areas of hybrid cloud, software-defined data center, converged infrastructure, platform-as-a-service, data analytics, mobility and cybersecurity.

Dell Technologies serves 98 percent of the Fortune 500 and comprises several market leading businesses. The two largest, and most well-known, are the Dell client solutions business and the Dell EMC infrastructure solutions business – both of which are supported by Dell EMC Services. In addition, Dell Technologies contains Boomi, Pivotal, RSA, SecureWorks, Virtustream and VMware. This unique structure combines the focus and innovation of a startup with the global scale and service of a large enterprise. Dell Technologies' scale will enable it to deliver more innovation and investment in R&D, sales and marketing, services and support and deliver more efficient and cost-effective solutions for customers. Furthermore, while the company will publically report its financial results, it is privately controlled, enabling it to better focus investments on its customer and partner ecosystem over the long term.

Dell Technologies blends Dell's go-to-market strength with small business and mid-market customers and EMC's strength with large enterprises and stands as a market leader in many of the most important and high-growth areas of the \$2 trillion information technology market, including positions as a "Leader" in 20 Gartner Magic Quadrants and a portfolio of more than 20,000 patents and applications.

Market Rankings

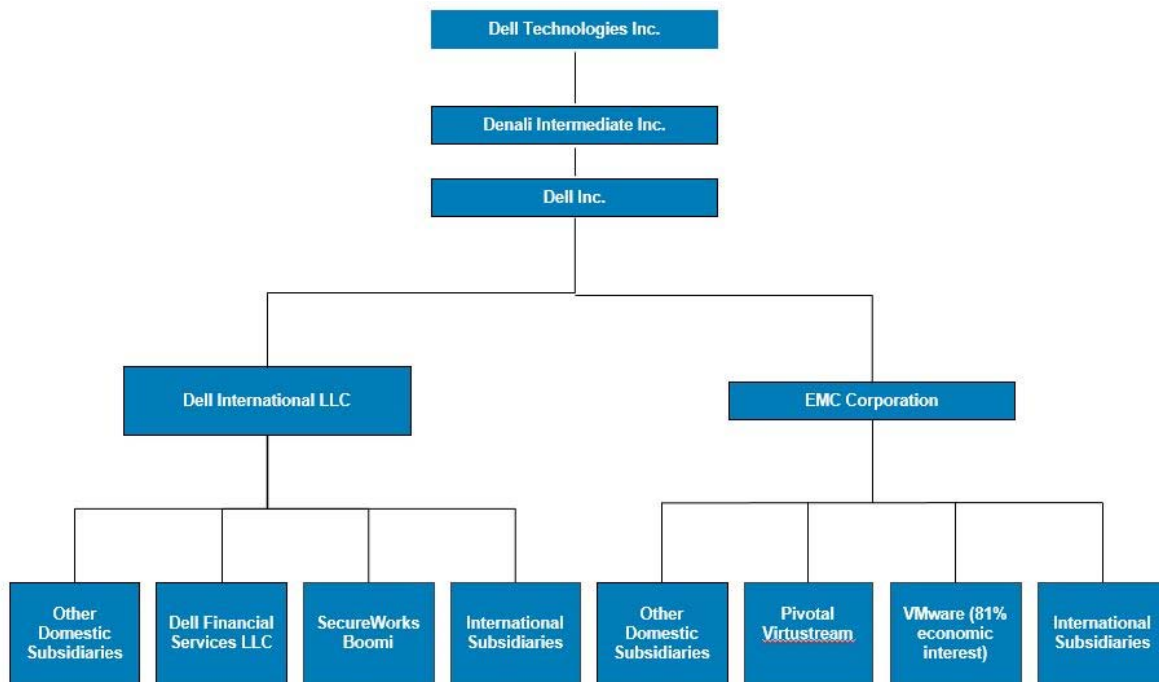

The historic acquisition of EMC Corporation on September 7, 2016 created a unique family of businesses that provides the essential infrastructure for organizations to build their digital future, transform IT and protect their most important asset, information. Dell Technologies becomes the world’s largest privately controlled tech company. The unique corporate structure gives us the flexibility to innovate like a startup and invest in R&D for the long term while offering the trust, service and global scale of a large enterprise.

Dell Technologies, Inc. comprises a unique family of businesses including Dell, Dell EMC, Pivotal, Boomi, RSA, SecureWorks, Virtustream and VMware. Dell Technologies blends Dell’s go-to-market strength with small business and mid-market customers and EMC’s strength with large enterprises. We are the technology leader in 20 Gartner Magic Quadrants.

Organizational Structure

Dell Technologies is a collective force of innovative capabilities trusted all over the world to provide technology solutions and services that accelerate digital transformation. Dell Technologies is the largest privately controlled technology company in the world, which enables it to focus on customers first and foremost. It also gives us the freedom both to invest in R&D for the long term and to incubate high-growth businesses in emerging areas. Our unique structure enables us to be agile and innovate like a start-up while offering the trust, service and global scale of a large enterprise.

The figure that follows illustrates the organizational structure of Dell Technologies family of companies.

Leadership Team

Reporting to Michael Dell, Chairman and CEO of Dell Technologies, are:

- **Jeremy Burton**, Chief Marketing Officer, responsible for brand, events, marketing analytics, digital and communications.
- **Jeff Clarke**, Vice Chairman, Products & Operations.
- **Mike Cote**, President and CEO, SecureWorks.
- **Allison Dew**, Chief Marketing Officer
- **Howard Elias**, President, Dell Services, Digital and IT, supporting customers across the Client Solutions and Infrastructure Solutions Groups. He oversees technology and deployment services, consulting services, global support services, education services, global Centers of Excellence, the IT organization, Dell Commerce Services, and Virtustream.
- **Pat Gelsinger**, CEO, VMware
- **Marius Haas**, President & Chief Commercial Officer, Dell EMC He is responsible for the global go-to-market organization, delivering innovative and practical solutions to commercial customers, and has responsibility for Dell channel partners, as well as public and federal institutions worldwide.
- **Rob Mee**, CEO, Pivotal
- **Steve Price**, Chief Human Resources Officer.
- **Karen Quintos**, Chief Customer Officer
- **Rory Read**, Chief Operating Executive, Dell. In this role, Rory applies his executive leadership strength and operational expertise to critical areas of our business driving key transformational objectives. This includes our strategic go-to-market transformation, operations planning and execution for our Infrastructure Solutions Group (ISG), the integration of the historic combination of Dell and EMC, and Dell Boomi's hyper-growth expansion phase.
- **Rich Rothberg**, General Counsel.
- **Bill Scannell**, President, Global Enterprise Sales & Customer Operations, Dell EMC
- **Tom Sweet**, Chief Financial Officer.
- **Bask Iyer**, Chief Information Officer, Dell and VMware

EMC Corporation (AKA “Dell EMC”)

EMC Corporation, which brands itself as Dell EMC, is part of a unique family of businesses that provides the essential infrastructure for organizations to build their digital future, transform IT and protect their most important asset, information. The combination created the #1 market leader with an expansive technology portfolio that solves complex problems for customers in the industry's fast-growing areas of hybrid cloud, software defined data center, converged infrastructure, platform-as-a-service, data analytics, mobility and cybersecurity.

Dell EMC serves a key role in providing the essential infrastructure for organizations to build their digital future, transform IT, and protect their most important asset - information. Dell EMC enables our enterprise customers' IT and digital business transformation. Specifically, we enable our

Our Differentiators

- Market Share Leader in 20 Gartner Magic Quadrants
- Unique Family of Businesses gives customers choice
- Technology Innovator & Leader
- World's largest privately controlled tech company
- Unique, agile business structure

customers through trusted hybrid cloud and big-data solutions, built upon a modern data center infrastructure that incorporates industry-leading converged infrastructure, servers, storage, and cybersecurity technologies.

With over 30 years of experience, our value is in offering solutions that map to the government customers, which includes the U.S. Federal government and foreign government (both civilian and defense agencies) and state and local governments, provinces, counties, cities, as well as educational institutions around the world. EMC solutions help customers ensure that information is managed efficiently, effectively, and securely. EMC's understanding of government priorities enables us to work as a strategic partner—delivering value, and helping achieve critical objectives for our customers.

We empower agencies to meet today's challenges head on. Our tactical storage, data protection, and trust solutions are proven, scalable, secure, and easy to deploy and own. Today, our storage solutions are helping State and Local Governments and Education (SLED) agencies ensure long-term sustainability, with the potential for reducing cost of ownership.

DELL EMC CLIENT BASE

Dell EMC does not divulge the total number of customers; however, our customers include:

- 86% of the Forbes 2000 Companies
- 90% of the Business Week 50 Companies
- 97% of the S&P Global 100 Companies
- 95% of Fortune 500 Financial Services Companies
- 95% of the Top 25 U.S. Banks
- 98% of the Top 500 ranked of the Forbes 2000 index
- 99% of the Top 200 ranked of the Forbes 2000 index
- 100% of the Top 100 ranked of the Forbes 2000 index
- The World's Top 10 Telecommunications Companies
- The World's Top 10 Pharmaceutical Companies
- Manufacturers
- Healthcare Institutions
- Life Sciences Organizations
- Airlines
- Transportation Companies
- Educational Institutions
- Regional and National Government Agencies

Below is a list of some of our largest public agency customers:

- State of New York
- New York City
- State of Texas
- State of California
- State of Florida
- State of Michigan
- Commonwealth of Massachusetts

- State of North Carolina
- State of South Carolina
- State of Arizona

DELL EMC PUBLIC SECTOR

Dell EMC helps a wide range of public sector organizations—local and national, small and large, around the world—transform government with innovative information infrastructure services and technology.

Dell EMC helps customers leverage information assets, improve interfaces with constituencies, increase operational efficiency, reduce costs, ensure data security and regulatory compliance, and strengthen functional capabilities. Some of the public sector solutions we offer include:

- **Defense, Civilian and Intelligence Solutions** - Leverage Dell EMC's information storage and management systems to deploy solutions that can be configured to meet requirements for the highest government levels for security, reliability, and scalability.
- **Education Solutions** - Leverage affordable and effective information management capabilities for colleges, universities, K-12 education, e-Learning, students, faculty, and research institutions.
- **Public Health Solutions** - Deliver public health services in a timely, efficient, and cost-effective manner—serving more citizens despite increasingly complex delivery systems.
- **Public Safety and Justice Solutions** - Integrate, modernize, and automate your operations to improve citizen services. Respond quickly to any information-related public safety or judicial challenge.
- **Revenue, Finance, and Taxation Solutions** - Protect and share financial data, and optimize the design and implementation of your organization's tax, treasury, assessor, and other finance systems.
- **Social/Human Services and Benefits Solutions** - Deliver high-quality and citizen-based responsiveness in a cost-effective manner. Consolidate, modernize, and streamline important functions to effectively transform your IT infrastructure.
- **Transportation, Planning, and the Environment Solutions** - Establish and enforce clear policies and efficient processes for addressing data-intensive challenges related to transportation systems, government planning requirements, and environmental management.

GLOBAL PRESENCE

Dell EMC employs approximately 72,000 people worldwide. EMC employee retention rates specific for employees that may be associated with the services related to the RFP over the last two (2) years are approximately 85% 2016 and 2017.

We are represented by approximately 400 sales offices and scores of partners in 86 countries around the world. We have the world's largest sales and service force focused on information infrastructure, and we work closely with a global network of technology, outsourcing, systems integration, service, and distribution partners.

DELL EMC

EMC Corporation Marketing Plan For PEPPM 2019

EMC will market the PEPPM contract via a series of communications and activities throughout the year, including:

- Press Release to announce the Award
- PEPPM will be included in all contracts presentations and marketing material.
- PEPPM will be promoted on signage at Pennsylvania Public Sector events:
 - Pennsylvania Digital Government Summit
 - NASTD East
 - We will promote PEPPM in any/all other events that we do in Pennsylvania
- Train EMC Resellers on the contract
- Post information about the PEPPM contract onto EMC's Internal SLED Portal for employee reference

RE: *EMC as Authorized Dell Boomi reseller/dealer*

Attn: Jared Lehman
Manager

Dear Mr. Lehman:

Boomi, Inc. is pleased to be part of the PEPPM 2019 Product Line Bid. This letter certifies that EMC Corporation, a Dell subsidiary, is an authorized Boomi, Inc. education reseller/dealer in good standing for the state(s) of any of the United States and its territories. I understand that PEPPM is a national technology bidding and purchasing program.

Dell and its subsidiaries have been successfully marketing and selling the Boomi line of integration services in the state(s) of any of the United States and its territories for over five years. I am confident that EMC Corporation will do an excellent job of representing and marketing the Boomi services as defined in our PEPPM bid proposal.

As an officer of Boomi, Inc. I have the authority to write this letter. I look forward to a mutually successful relationship working with PEPPM through EMC Corporation.

If you have any questions, please do not hesitate to let me know. Christopher_Port@Dell.com

Sincerely,

Christopher Port

Attn: Jared Lehman, Manager

Dear Mr. Lehman,

RSA Security LLC (RSA) is pleased to be part of the PEPPM 2019 Product Line Bid. This letter certifies that Dell EMC is an RSA authorized education reseller/dealer in good standing for the state of Pennsylvania. I understand that PEPPM is a national technology bidding and purchasing program.

Dell EMC is a partner of RSA and has been successfully marketing and selling the RSA line of IT Security products and services in the state of Pennsylvania for over 8 years now. I am confident that Dell EMC will do an excellent job of representing and marketing the RSA IT Security products as defined in our PEPPM bid proposal.

As the Director of Public Sector Programs for RSA, I have the authority to write this letter. My direct supervisor is Joe Welsh, Vice President of Public Sector Sales, and he can be reached at (301) 938-7608.

RSA looks forward to a mutually successful relationship working with PEPPM through Dell EMC. If you have any questions, please do not hesitate to contact me at (469) 855-5658.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jon L. Goodwin', is written over a faint, light-colored background. The signature is fluid and cursive.

Jon L. Goodwin
Director, Programs
RSA Public Sector Sales

PEPPM
PEPPM 2019 Product Line Bid

ATTN: PEPPM

Ref: PEPPM 2019 Product Line Request for Bids.
Subject: Authorization of EMC Corporation

Dear PEPPM,

Virtustream, Inc., a wholly-owned subsidiary of EMC Corporation (“EMC”), is pleased to be part of the PEPPM 2019 Product Line Bid of EMC. EMC will be including Virtustream’s cloud services in the Request to Bid that will be submitted to PEPPM. This letter certifies that EMC is authorized to resell the Virtustream’s cloud services identified in the Request to Bid throughout the United States. I understand that PEPPM is a national technology bidding and purchasing program that Virtustream is pleased to participate in through EMC.

EMC is in the unique position to market and sell Virtustream’s cloud services, as set forth in and defined in our portion of the PEPPM bid proposal.

As Senior Legal Director of Virtustream, Inc., I have the authority to write this letter. My direct supervisor is Ryan Fitzgerald, Senior Managing Legal Director, phone: 774.803.5629.

We look forward to a mutually successful relationship working with PEPPM through EMC. If you have any questions, please do not hesitate to call.

Sincerely,

Wayne Arden

In order to provide bid protection for your ancillary services (i.e. installation), provided directly and/or indirectly, you must provide specific information (i.e. price rates, published price list, etc.) for us to be able to determine a "bid price" for your services. Stating prices will be negotiated is not acceptable, and those services will not be considered bid protected. Additional optional information regarding services can be attached to this Form with the Product Line you are bidding.

EMC Corporation

Warranty Statement for Boomi Services

Per ebid Question no. 76, this document states the warranty for Boomi SaaS services and Professional Services.

WARRANTY

A. Evaluation Use. If an Order indicates that the Boomi Services are to be used by Customer for evaluation purposes, or if access to the Boomi Services is otherwise obtained from Boomi for evaluation purposes, such as a free trial or a proof of concept, Customer will be granted a right to use the Boomi Services solely for Customer's own non-production, internal evaluation purposes (an "Evaluation Right"). Each Evaluation Right will be granted for an evaluation period of up to thirty (30) days (subject to Boomi's right to terminate the Evaluation Right in Boomi's sole discretion at any time) from the date of delivery of the credentials need to access the applicable Boomi Services, plus any extensions granted by Boomi in writing (the "Evaluation Period"). There is no fee for an Evaluation Right during the Evaluation Period, however, Customer is responsible for any fees which may be associated with usage beyond the scope permitted herein. Notwithstanding anything otherwise set forth in this Agreement, Customer understands and agrees that Evaluation Rights are provided "AS IS" and that Boomi does not provide warranties or Support Services for Evaluation Rights.

B. Warranties and Remedies. (a) Warranties & Remedies. Boomi warrants that, during the term of an Order, the applicable Boomi Services will (i) substantially conform to the applicable Documentation (the "Operational Warranty"); and (ii) be available twenty-four hours a day, seven days a week as described in the Boomi SLA at www.boomi.com/sla except for scheduled maintenance, the installation of updates, and factors beyond the reasonable control of Boomi (the "Availability Warranty"). Customer's sole and exclusive remedy and Boomi's sole obligation for any breach of the Operational Warranty or Availability Warranty will be for Boomi to provide a fix or reasonably accepted workaround for the Boomi Services and for Boomi to provide Service Level Credits as defined at www.boomi.com/sla.

Boomi will process the Personal Data for the purposes of performing its obligations and complying with its rights under this Agreement and any applicable Orders, subject to the following: Customer hereby confirms that it has the right to transfer the Personal Data to Boomi, and (ii) agrees that Personal Data may be sent to Boomi's third-party service providers and therefore authorizes Boomi to appoint and use Subprocessors where necessary for the provision of the Boomi Services. Customer understands that when Customer configures Boomi Services to move data from one point to another, that Customer is responsible to ensure that Customer is rightfully integrating data among connected systems, whether Customer transmits data outside of a particular cloud or system, outside of a particular geography, or otherwise. Customers are responsible to set applicable purge data settings and to configure Boomi Services in a manner that best fits Customer's security needs. "Personal Data" means any information or data that is submitted by Customer to the Boomi Services during this Agreement, and relates to an identified or identifiable natural person or data considered to be personal data as defined under Privacy Laws, and which is received, accessed and/or processed by Boomi in the capacity of "processor" acting on behalf of Customer, as "controller", in connection with the performance of the Boomi Services under this Agreement. "Privacy Laws" means any applicable law, statute, directive or regulation regarding privacy, data protection, and/or the processing of Personal Data to which Boomi and/or the Customer are subject and which is applicable to the parties' data protection obligations under this Agreement.

(b) Warranty Disclaimer. THE EXPRESS WARRANTIES AND REMEDIES SET FORTH IN THIS SECTION ARE THE ONLY WARRANTIES AND REMEDIES RECOVERABLE. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, ALL OTHER WARRANTIES OR REMEDIES ARE EXCLUDED, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, AND ANY WARRANTIES ARISING FROM USAGE OF TRADE OR COURSE OF DEALING OR PERFORMANCE. BOOMI DOES NOT WARRANT THAT THE BOOMI SERVICES WILL BE UNINTERRUPTED, MALWARE FREE, OR ERROR-FREE.

(c) High-Risk Disclaimer. CUSTOMER UNDERSTANDS AND AGREES THAT THE BOOMI SERVICES ARE NOT FAULTTOLERANT AND ARE NOT DESIGNED OR INTENDED FOR USE IN ANY HIGH-RISK OR HAZARDOUS ENVIRONMENT, INCLUDING WITHOUT LIMITATION, THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION, AIR TRAFFIC CONTROL, LIFE SUPPORT MACHINES, WEAPONS SYSTEMS, OR ANY OTHER APPLICATION WHERE THE FAILURE OR MALFUNCTION OF ANY PRODUCT CAN REASONABLY BE EXPECTED TO RESULT IN DEATH, PERSONAL INJURY, SEVERE PROPERTY DAMAGE OR SEVERE ENVIRONMENTAL

HARM (A “HIGH RISK ENVIRONMENT”). ACCORDINGLY, (I) CUSTOMER SHOULD NOT USE THE BOOMI SERVICES IN A HIGH-RISK ENVIRONMENT, (II) ANY USE OF THE BOOMI SERVICES BY CUSTOMER IN A HIGH-RISK ENVIRONMENT IS AT CUSTOMER’S OWN RISK, (III) BOOMI, ITS AFFILIATES AND SUPPLIERS WILL NOT BE LIABLE TO CUSTOMER IN ANY WAY FOR USE OF THE BOOMI SERVICES IN A HIGH-RISK ENVIRONMENT, AND (IV) BOOMI MAKES NO WARRANTIES OR ASSURANCES, EXPRESS OR IMPLIED, REGARDING USE OF THE BOOMI SERVICES IN A HIGH-RISK ENVIRONMENT.

C. Professional Services Warranty. For any consulting, training, or configuration services rather than SaaS or cloud services, or Boomi, the following warranty shall apply: **(a) Performance.** Boomi warrants that the Professional Services shall be performed in a workmanlike, manner and with professional diligence and skill and that the Project Deliverables shall substantially conform to their descriptions in the Fixed Price SO and shall be consistent with applicable Boomi product manuals or Documentation. As Customer’s exclusive remedy and Boomi’s sole obligation for any and all breaches of the foregoing warranty, Boomi shall, at its option and expense, either re-perform any nonconforming Professional Services reported to Boomi, in writing, by Customer within thirty (30) days of the performance of the Professional Services or refund the fees paid for such nonconforming Professional Services. **(b) Right to Perform.** Boomi warrants that it has all necessary licenses and permits required to perform the Professional Services., Customer’s sole and exclusive remedy, and Boomi’s entire liability for any breach of the warranty in the preceding sentence, shall be for Boomi to perform its obligations under the INFRINGEMENT INDEMNITY Section of the Agreement. THE EXPRESS WARRANTIES AND REMEDIES IN THIS SECTION 5 ARE THE ONLY WARRANTIES AND REMEDIES PROVIDED IN CONNECTION WITH THE SERVICES, DELIVERABLES AND ACTIVITIES COVERED BY THIS ADDENDUM. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, ALL OTHER WARRANTIES OR REMEDIES ARE EXCLUDED, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR PARTICULAR PURPOSE, OR ANY WARRANTY ARISING FROM TRADE USAGE OR COURSE OF DEALING OR PERFORMANCE.

EMC Corporation

Warranty Statement for Dell EMC

Per ebid Question no. 76, this document contains the warranty statement for Dell EMC products and related services.

WARRANTY

A. Equipment and Software Media. EMC warrants that (i) Equipment, and Equipment upgrades installed into Equipment, when purchased from EMC and operated with normal usage and regular recommended service; and (ii) the physical media, if any, on which software is provided by EMC, shall be free from material defects in materials and workmanship, and perform substantially in accordance with Documentation provided for Equipment or the physical media until the expiration of the warranty period. Unless otherwise noted on the Product Notice or EMC quote, the warranty coverage for the microcode, firmware or operating system software that enables Equipment to perform as described in its Documentation shall be no less than that which applies to such Equipment. To the extent specified in the Product Notice (as defined in Section J below), Support Services in the form of the Support Option noted on the Product Notice are included free of charge during the Equipment warranty period. EMC reserves the right to charge for Support Services performed outside the time frames of the applicable Support Option as a Time and Materials Service. In some cases, a Support Option upgrade during the Equipment warranty period may also be available by separate purchase.

B. Equipment and Software Media Warranty Duration. Unless otherwise stated on the EMC quote, the warranty period from EMC for Products shall be as set forth at the Product Notice. Equipment warranty commences upon Delivery. Equipment upgrades are warranted in the same manner as the Equipment in which the upgrades are installed from Delivery of the upgrade until the end of the warranty period for the Equipment into which the upgrades are installed. The warranty for physical media for Software provided by EMC, if any, is ninety (90) days and commences upon Delivery. Support Services (including Support Option upgrades, if applicable) for Equipment are provided during the warranty period. Renewals of Equipment related Support Services shall commence and expire in accordance with the dates on the applicable EMC quote. Support Services for hardware upgrades installed into Equipment are coterminous with the Support Services that are then in effect for the Equipment into which such upgrades are installed.

C. Equipment and Software Media Warranty Remedies. EMC's entire liability and Customer's exclusive remedies under the Equipment and physical media for Software warranties described in this Section shall be for EMC, at its option, to remedy the non-compliance or to replace the affected Product, and if EMC is unable to effect such within a reasonable time, then EMC shall refund the amount paid by Customer for the affected Product as depreciated on a straight-line basis over a five (5) year period, upon return of such Product to EMC. All replaced Products or portions thereof shall be returned to and become the property of EMC. If such replacement is not so returned, Customer shall pay EMC's then current spare parts price therefore. EMC shall have no liability hereunder after expiration of the applicable warranty period.

D. Software Warranty, Duration and Remedy. EMC warrants to Customer that the Software will, for a period of ninety (90) days following Delivery or notice of availability for electronic download ("Warranty Period"), substantially conform to the applicable Documentation, provided that the Software: (i) has been properly installed and used at all times in accordance with the applicable Documentation; and (ii) has not been modified or added to by persons other than EMC or its authorized representative. EMC will, at its own expense and as its sole obligation and Customer's exclusive remedy for any breach of this warranty, either replace that Software or correct any reproducible error in that Software reported to EMC by Customer in writing during the Warranty Period. If EMC determines that it is unable to correct the error or replace the Software, EMC will refund to Customer the amount paid by Customer for that Software, in which case the license for that Software will terminate. Software related Support Services that are ordered at the same time as the license for such Software shall commence on the date of shipment of the physical media or electronic availability of the Software and continue for the period specified on the EMC quote. Renewals of Software related Support Services shall commence and expire in accordance with the dates on the applicable EMC quote.

E. Professional Services Warranty and Remedy. EMC shall perform Professional Services in a workmanlike manner in accordance with generally accepted industry standards. Customer must notify EMC of any failure to so perform within ten (10) days after the performance of the applicable portion of Professional Services. EMC's entire liability and Customer's sole remedy for EMC's failure to so perform shall be for EMC to, at its option, (i) correct such failure; and/or (ii) terminate the applicable SOW and refund that portion of any fees received that correspond to such failure to perform. The foregoing warranty is predicated on EMC's reservation of all intellectual property rights in the Professional Services that it has not expressly granted to Customer

pursuant to a statement of work, and any work product associated with the Professional Services shall not be a “work made for hire” under applicable law.

F. Support Services Warranty and Remedy. EMC shall perform the labor portion of Support Services in a workmanlike manner in accordance with generally accepted industry standards. Customer shall notify EMC of any failure to so perform as soon as reasonably possible, and in no event more than ten (10) days after the date on which such failure first occurs. A replacement part receives the remainder of the warranty or Support Services coverage applicable to the Product containing the replacement part. Customer’s exclusive remedy and EMC’s entire liability under the foregoing warranties for Support Services shall be for EMC to, at its option, (i) use reasonable efforts to (a) re-perform the deficient labor services within a reasonable time, or (b) replace any replacement parts which become defective during the remainder of the warranty or Support Services coverage applicable to the Product containing the replacement part, or sixty (60) days after installation thereof, whichever occurs later; and (ii) if, after reasonable efforts, EMC is not able correct such deficiencies, then Customer has the right to terminate for breach. If Customer terminates for EMC’s breach, Customer’s sole and exclusive remedy and EMC’s sole and exclusive obligation shall be to either issue a credit for use against current or future purchases of Products or Support Services or grant a refund (as selected by Customer) for that portion of any pre-paid Support Service fee that corresponds to the period between the effective date of the termination for breach and the end of the then current Support Services period. If Customer wishes to re-instate Support Services for a Product that is not then currently covered thereby, such re-instatement shall be subject to a certification at EMC’s then current Time and Materials Service rates and conditions. Once so certified, Support Services shall commence upon payment to EMC of (i) the charge for the above described Time and Materials Service; (ii) the amount EMC would have normally charged had Support Services been in effect during the period of the lapse or discontinuation; and (iii) the charge for the next twelve (12) months of the newly commenced Support Services.

G. Exclusions. Warranty does not cover problems that arise from (i) accident or neglect by Customer or any third party; (ii) any third party items or services with which the Product is used or other causes beyond EMC’s control; (iii) installation, operation or use not in accordance with EMC’s instructions or the applicable Documentation; (iv) use in an environment, in a manner or for a purpose for which the Product was not designed; (v) modification, alteration or repair by anyone other than EMC or its authorized representatives; or (vi) in case of Equipment only, causes not attributable to normal wear and tear. EMC has no obligation whatsoever for Software installed or used beyond the licensed use, for Equipment which was moved from the Installation Site without EMC’s consent or whose original identification marks have been altered or removed. Except to the extent that Support Services are independent of the Equipment’s location, EMC will have no obligation to provide Support Services with respect to Equipment that is outside the EMC Service Area. Support Services are subject to EMC’s then-current “End-of-Service-Life” policy for the respective Product. Support Services do not apply to any Software other than the current and the immediately prior Software Release. EMC shall have no obligation to provide Support Services for Software problems that cannot be reproduced at EMC’s facility or via remote access to Customer’s facility. Support Services do not include the supply of Equipment upgrades, if any, needed to utilize new features or functionality in a Software Release.

H. Disclaimer of Warranty. EXCEPT AS EXPRESSLY STATED HEREIN, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, WITH REGARD TO PRODUCTS, SERVICES OR ANY OTHER ITEMS OR MATTERS ARISING HEREUNDER, EMC (INCLUDING ITS SUPPLIERS) MAKES NO OTHER EXPRESS WARRANTIES, WRITTEN OR ORAL, AND DISCLAIMS ALL IMPLIED WARRANTIES. IN SO FAR AS PERMITTED UNDER APPLICABLE LAW, ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE. EMC AND ITS SUPPLIERS DO NOT WARRANT THAT THE SOFTWARE WILL OPERATE UNINTERRUPTED OR THAT IT WILL BE FREE FROM DEFECTS OR THAT IT WILL MEET CUSTOMER’S REQUIREMENTS.

I. Warranty Dependencies. The foregoing warranties are predicated upon the following Support Services requirements:

(i) Change of Equipment Location or Configuration. Customer may change the Installation Site or configuration of a Product under Support Services by EMC only after written notice to EMC. If the new location is in a different country, such move is subject to EMC’s prior written approval. Customer shall promptly notify EMC of any changes to the configuration, or movement of Equipment by anyone other than EMC. EMC reserves the right to inspect and evaluate the changes in configuration or location of affected Equipment at EMC’s then current Time and Materials Service terms, conditions and rates. Additional charges, if any, related to changes in configuration or location of Equipment shall apply from the date the change took place.

(ii) Data Security. Customer is fully responsible for the permanent erasure, of all information, including without limitation all personally identifiable and other protected information placed on, and by use of a method that does not cause damage to, any replaced parts or any other items that Customer provides to EMC for repair, trade-in, or disposal, before such items are returned to EMC, and for all costs associated with such erasure (descriptions and charges associated with EMC’s then currently offered

data erasure services are available on request). EMC is not responsible for any information contained on such items notwithstanding anything to the contrary herein.

J. Product Notice. References herein to the “Product Notice” shall mean the Product and Services related information posted at the applicable EMC website at the time of the EMC quote, currently located at http://www.emc.com/products/warranty_maintenance/index.jsp. The Product Notice informs Customer of product-specific use rights and restrictions, unit of measure (if any), warranty periods, warranty upgrades and maintenance (support) terms. The terms of the Product Notice shall be deemed to be incorporated into and made a part of the EMC quote and related Customer purchase order. Each Product Notice is dated and is archived when it is superseded by a newer version. EMC shall not change any Product Notice retroactively with regard to any Products listed on an EMC quote issued prior to the date of the applicable Product Notice. Upon request, EMC shall, without undue delay provide a copy of the applicable Product Notice and/or attach it to the relevant EMC quote. For informational purposes, excerpts of the Product Notice have been included on the following pages.

EMC LIMITED WARRANTY

The following chart lists the service features of Limited Warranty provided under EMC’s standard warranty and/or maintenance terms.

Limited Warranty is available for EMC® Equipment which is identified on [the EMC Product Warranty and Maintenance Table](#) as including Limited Warranty during the applicable warranty period.

SERVICE FEATURE	DESCRIPTION	LIMITED SUPPORT—COVERAGE DETAILS
GLOBAL TECHNICAL SUPPORT	<p>Customer may contact EMC by telephone or web interface on a 24X7 basis to report an Equipment or Software problem and provide input for initial assessment of Severity Level*.</p> <p>EMC provides (i) a response by remote means based on the Severity Level of the problem; or, (ii) when deemed necessary by EMC Onsite Response as described below.</p>	<p>Included for Equipment only.</p> <p>Initial response objective, based upon Severity Level, within the following time period after receipt of Customer contact:</p> <p>Severity Level 1: Two local business hours; on a 9x5 basis</p> <p>Severity Level 2: Four local business hours; on a 9x5 basis</p> <p>Severity Level 3: Eight local business hours; on a 9x5 basis</p> <p>Severity Level 4: 12 local business hours; on a 9x5 basis</p>
ONSITE RESPONSE	<p>EMC sends authorized personnel to installation site to work on the problem after EMC has isolated the problem and deemed Onsite Response necessary.</p>	<p>Not included.</p> <p>Available for purchase under EMC's then-current, standard time and materials terms, conditions, and pricing.</p>
REPLACEMENT PARTS DELIVERY	<p>EMC provides replacement parts when deemed necessary by EMC.</p>	<p>Included.</p> <p>Replacement parts will be shipped to Customer for next local business day delivery of replacement parts.</p> <p>Local country shipment cut-off times may impact the same day/next local business day delivery of replacement parts.</p> <p>Installation of all replacement parts is the responsibility of the Customer.</p> <p>Customer is responsible for returning all replaced parts to a facility designated by EMC.</p>
RIGHTS TO NEW RELEASES OF SOFTWARE	<p>EMC provides the rights to new Software Releases as made generally available by EMC</p>	<p>Not included.</p>

INSTALLATION OF SOFTWARE RELEASES	EMC will perform the installation of new Software Releases.	Not included. Customer will perform the installation of new Software Releases (including, Software that is not classified by EMC as Equipment operating environment Software as well as Software which EMC determines is Equipment operating environment Software).
24X7 REMOTE MONITORING AND REPAIR	Certain EMC products will automatically and independently contact EMC to provide input to assist EMC in problem determination. EMC will remotely access products if necessary for additional diagnostics and to provide remote support.	Not included.
24X7 ACCESS TO ONLINE SUPPORT TOOLS	Customers who have properly registered have access on a 24x7 basis to EMC's web-based knowledge and self-help customer support tools via the EMC Online Support site.	Included.

*Severity Levels:

- **Severity 1—Critical:** a severe problem preventing customer or workgroup from performing critical business functions.
- **Severity 2—High:** the customer or workgroup able to perform job function, but performance of job function degraded or severely limited.
- **Severity 3—Medium:** the customer or workgroup performance of job function is largely unaffected.
- **Severity 4—Request:** minimal system impact; includes feature requests and other non-critical questions.

The warranty periods and support options (“EMC Support Information”) on this website apply (i) only between EMC and those organizations that procure the applicable products and/or maintenance under a contract directly with EMC (the “EMC Customer”); and (ii) only to those products or support options ordered by the EMC Customer at the time that the EMC Support Information is current. EMC may change the EMC Support Information at any time. The EMC Customer will be notified of any change in the EMC Support Information in the manner stated in the then current product ordering and/or maintenance related agreement between EMC and the EMC Customer, but any such change shall not apply to products or support options ordered by the EMC Customer prior to the date of such change.

EMC will have no obligation to provide Support Services with respect to Equipment that is outside the EMC Service Area. “EMC Service Area” means a location that is within (i) a one hundred (100) drivable miles radius of an EMC service location; and (ii) the same country as the EMC service location, unless otherwise defined in your governing agreement with EMC, in which case the definition in the governing agreement prevails.

Products or services obtained from any EMC reseller are governed solely by the agreement between the purchaser and the reseller. That agreement may provide terms that are the same as the EMC Support Information on this website. The

reseller may make arrangements with EMC to perform warranty and/or maintenance services for the purchaser on behalf of the reseller. Please contact the reseller or the local EMC sales representative for additional information on EMC's performance of warranty and maintenance services on Products obtained from a reseller.

EMC PRODUCT WARRANTY AND MAINTENANCE TABLE

The table below sets forth EMC® product-specific warranty and maintenance terms and information. Each product identified as equipment also includes its related operating system, operating environment or microcode (also defined in many contracts as “Core Software”), if any, unless the table indicates that such operating system is licensed as a separate product. Any EMC software that is licensed as a separate product and is not specifically identified on this table is governed by the terms stated in the row entitled “software.”

EMC recommends that you locate products on the following table by simultaneously pressing the “Control” key and the letter “f” key to activate the “Find” feature, and then typing in the name of the applicable product.

Additional information about available Support Options as well as other important information can be found by clicking the link found [here](#).

Notice: In accordance with widely used business practices in the IT industry and in support of EMC’s worldwide sustainability and recycling initiatives, Equipment may contain components that are (i) previously unused; or (ii) re-manufactured to contain the most current updates, meet all relevant test specifications and be functionally equivalent to previously unused components. Spare, upgrade and/or replacement components may be re-manufactured. EMC warranty terms apply equally to all components. For information on EMC’s recycling and sustainability efforts please [click here](#).

*** Customer Replaceable Units (CRUs):**

CRUs are specific assemblies, components, or individual parts of designated EMC equipment that the Customer is authorized by EMC to self-replace. In the event of a failure or technical issue, the Customer may remove and replace a CRU by using EMC-provided diagnostic tools and/or documentation. Assemblies or components not designated as CRUs must be serviced and/or replaced by EMC or an EMC authorized service partner.

** Additional service features are included as part of a purchase of a renewal of an Enhanced, Premium, ProSupport, ProSupport Mission Critical and ProSupport Plus Support Option maintenance contract after May 31, 2018 for this Product; provided, that Customer has activated and maintains the currently supported version(s) of ESRS software during the applicable renewal term. These additional service features are specified in the applicable Support Option Service Description that can be found by clicking the link found [here](#).

¹ Enhanced and/or Premium Support Option, as applicable, is only available as part of a purchase of a renewal of an existing Enhanced and/or Premium Support Option maintenance contract.

RSA Security LLC

Warranty Statement for RSA Security LLC

Per ebid Question no. 76, this document contains the warranty statement for RSA Security products and related services.

WARRANTY

1. PRODUCTS

A. Equipment. RSA warrants that Equipment, and Equipment upgrades installed into Equipment, when purchased from RSA and operated with normal usage and regular recommended service, shall be free from material defects in materials and workmanship, and perform substantially in accordance with Documentation provided for Equipment until the expiration of the warranty period. Unless otherwise noted on the Product Notice or RSA quote, the warranty coverage for the microcode, firmware or operating system software that enables Equipment to perform as described in its Documentation shall be no less than that which applies to such Equipment. To the extent specified in the Product Notice, Support Services in the form of the Support Option noted on the Product Notice are included free of charge during the Equipment warranty period. In some cases, a Support Option upgrade during the Equipment warranty period may be available separate purchase.

B. Software. RSA warrants that Software will substantially conform to the applicable Documentation for such Software and that any physical media provided by RSA will be free from manufacturing defects in materials and workmanship until the expiration of the warranty period. RSA does not warrant that the operation of Software shall be uninterrupted or error free, that all defects can be corrected, or that Software meets Customer's requirements, except if expressly warranted by RSA in its quote. Support Services for Software are available for separate purchase and the Support Options are identified at the Product Notice.

C. Duration. Unless otherwise stated on the RSA quote, the warranty period from RSA for Products shall be as set forth at the Product Notice. Equipment warranty commences upon Delivery. Software warranty commences upon Delivery of the media or the date Customer is notified of electronic availability, as applicable. Equipment upgrades are warranted from Delivery until the end of the warranty period for the Equipment into which such upgrades are installed.

D. Customer Remedies. RSA's entire liability and Customer's exclusive remedies under the warranties described in this Section shall be for RSA, at its option, to remedy the non-compliance or to replace the affected Product, and if RSA is unable to effect such within a reasonable time, then RSA shall refund the amount paid by Customer for the affected Product as depreciated on a straight line basis over a five (5) year period, upon return of such Product to RSA. All replaced Products or portions thereof shall be returned to and become the property of RSA. If such replacement is not so returned, Customer shall pay RSA's then current spare parts price therefore. RSA shall have no liability hereunder after expiration of the applicable warranty period.

E. Exclusions. Warranty does not cover problems that arise from (i) accident or neglect by Customer or any third party; (ii) any third party items or services with which the Product is used or other causes beyond RSA's control; (iii) installation, operation or use not in accordance with RSA's instructions or the applicable Documentation; (iv) use in an environment, in a manner or for a purpose for which the Product was not designed; (v) modification, alteration or repair by anyone other than RSA or its authorized representatives; or (vi) in case of Equipment only, causes not attributable to normal wear and tear. RSA has no obligation whatsoever for Software installed or used beyond the licensed use, for Equipment which was moved from the Installation Site without RSA's consent or whose original identification marks have been altered or removed.

2. PROFESSIONAL SERVICES

A. Professional Services. RSA shall perform Professional Services in a workmanlike manner in accordance with generally accepted industry standards. Customer must notify RSA of any failure to so perform within ten (10) days after the performance of the applicable portion of Professional Services.

B. Customer Remedies. RSA's entire liability and Customer's sole remedy for RSA's failure to so perform shall be for RSA to, at its option, (i) correct such failure; and/or (ii) terminate the applicable SOW and refund that portion of any fees received that correspond to such failure to perform.

3. MAINTENANCE SERVICES

RSA warrants that Maintenance Services shall be performed in a workmanlike manner consistent with generally accepted industry standards. Customer must notify RSA of any such warranty failure within ten (10) days from the date of performance of such Maintenance Services. Notwithstanding anything to the contrary contained herein, RSA does not warrant or represent that all Errors, whether in Software or Hardware, can or will be corrected. RSA's entire liability and Customer's exclusive remedy under the foregoing warranty shall be for RSA to use reasonable efforts to (i) re-perform the deficient services within a reasonable time, or (ii) replace any replacement parts which become defective during a period in which the Product containing the replacement part is covered by warranty or Maintenance Services, or sixty (60) days after installation thereof, whichever occurs later. If, after reasonable efforts, RSA is not able to correct such deficiencies then Customer has the right to terminate for breach in accordance with Section 9(B) herein.

4. PRODUCT NOTICE. References herein to the "Product Notice" shall mean the Product and Services related information posted at the applicable RSA website at the time of the RSA quote, currently located at <http://www.emc.com/collateral/hardware/warranty-maintenance/rsa-warranty-replacement-parts.pdf> For informational purposes, the warranty related portions of the Product Notice have been included on the following pages.

5. NO FURTHER WARRANTIES. EXCEPT AS EXPRESSLY STATED HEREIN, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, WITH REGARD TO PRODUCTS, SERVICES OR ANY OTHER ITEMS OR MATTERS ARISING HEREUNDER, RSA (INCLUDING ITS SUPPLIERS) MAKES NO OTHER EXPRESS WARRANTIES, WRITTEN OR ORAL, AND DISCLAIMS ALL IMPLIED WARRANTIES. INsofar AS PERMITTED UNDER APPLICABLE LAW, ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE.

Question 76 - Warranty Statement from Virtustream, Inc.

Virtustream represents and warrants that all Services shall be provided in a professional and workmanlike manner in accordance with generally accepted industry standards for the cloud hosting services industry.

Question 77 - Returned Good Statement from Boomi, Inc.

Boomi services are cloud services with no disks or hardware to be delivered. As a cloud service sold over time, there are no “returns” or shipping. An order can be terminated for material breach, but otherwise orders are not to be terminated for convenience of buyer.

EMC Corporation Returned Goods Statement for Dell EMC

Per ebid Question no. 77, this document contains the returned goods statement for Dell EMC products.

RETURNED GOODS POLICY

EMC strives to make sure the customer requirements are thoroughly understood prior to order execution. Should a Product be defective or damaged, the policy and procedures in EMC's Warranty Statement will govern. Please refer to question 76 attachment "EMC Corporation Warranty Statement for Dell EMC".

**RSA Security LLC (“RSA”)
Returned Goods Statement for RSA**

Per ebid Question no. 77, this document contains the returned goods statement for RSA products.

RETURNED GOODS POLICY

The policy and procedures related to performance of RSA’s Products and Services are set forth in the **RSA Warranty Statement** (question 76 attachment).

Question 77 - Returned Good Statement from Virtustream, Inc.

Virtustream services are cloud services only with no disks, software or hardware products to be delivered. As a cloud service sold over time, there are no “returns” or shipping that is associated with such services. An order can be terminated for material breach, but otherwise orders are not to be terminated for convenience of buyer.

PEPPM Bid Quote Sheet

My firm proposes -- after careful review, understanding and acceptance of all bid Terms and Conditions, plus instructions and specifications -- to supply the equipment and/or materials noted on Bid Response tab of this spreadsheet according to the bid price structure and at the final prices noted below (subject to further adjustments by manufacturers during the award period) to any eligible agency in any jurisdictions that are specified in the bid during the contract term specified in the bid Terms and Conditions.

Effective Date of the Catalog or Price List >	August 31, 2018	L.
---	-----------------	-----------

NOTE: If certain subcategories of SKUs are being bid at variable percent mark-ups or discounts, you must clearly identify the subcategory grouping, the applicable percent and the method for determining the final effective bid price. If applicable, you may designate up to 30 subcategories in the spaces below. When completing the Bid Response Tab you must enter the same corresponding discounts in column H so that the final prices are correctly calculated.

	Clearly Defined Subcategories for Variable Mark-Up or	Percent	Mark-Up or Discount
