CONCESSION REQUIREMENTS

1. Small retail food stores will not need to be licensed by this department if they only handle the following food items:
 - a. Pre-packaged nonperishable foods
 - b. A pot of coffee for the employees and customers
2. Establishments preparing only non-potentially hazardous foods will be licensed as "Concession".
 - a. Popcorn
 - b. Sno-cones
 - c. Dispenser drinks

Concessions will be required to have the following:

1. A three-compartment sink with drain-boards on either side, located in the food preparation area.
2. A hand wash sink, conveniently located and easily accessible to employees at all times.
3. Adequate restroom facilities, that include a hand wash sink with hot and cold running water, self-closing devices on the doors, and mechanically vented to the outside.
4. A mop sink, or curbed can wash area, with hot and cold running water.
5. Walls, floors, and ceilings must be smooth and easy to clean, with no unnecessarily exposed pipes or conduit.
6. Bright lights with shielded bulbs in the food preparation, utensil washing, and storage room areas.
7. Only single service articles can be used.
